No Traffic Deaths Occur in Pennington County in 9 Months

Fifteen of Minnesota's 87 counties entered the final quarter of the year boasting death free records in the campaign against traffic fatalities, according to figures released today by the state highway department. This compares with only four counties with clean records for the similar period of 1951.

These counties helped very materially, says the department, in the state attaining its improved traffic fatality record so far this year. The lives "saved" this year by these 15 counties, as compared with their records for the first nine months of last year, total 26 and helped bring the current year's 9-month toll to 78 below that for the similar period of 1951.

Kanabec county leads the field in achieving a death-free record this year. It had eight fatalities during the first nine months of last year. Honors for continuous good records are shared by Big Stone, Cook and Pennington counties, all of which have tied last year's perfect records for the first three quarters of the year.

Although their records are marred by traffic deaths, several other counties are making very noteworthy contributions to the campaign to save lives on Minnesota's streets and highways. Stearns county, for example, has had only three death in the nine-month period, whereas it had 15 fatalities during the similar period of last year. St. Louis county cut its toll from 53 to 27, Aitkin from 14 to 5 and Ramsey from 25 to 22.

Counties whose records so far this year are poorer than they were in 1951 include Dakota with 11 as against 3 last year, Koochiching 8 and 3, Blue Earth 12 and 8 and Hennepin 49 and 45.

Group Asks Adoption of Amendment No. 2

The Governor's advisory committee on constitutional revision in co-operation with both political parties and leading farm, labor and professional organizations, has, for the past two years, vigorously supported the calling of a constitutional convention to consider a revision of our present constitution, which contains many obsolete, inflexible and antiquated provisions.

Objections to the calling of such a convention have been based upon the fact that our present constitution does not explicitly provide that a revision of the constitution adopted by such a convention shall be submitted to the voters for final approval and that Legislators are disqualified, under our present constitution, from being delegates to such a constitutional convention.

The 1951 Session of the Minnesota legislature voted to submit to the people of this state an amendment to our Constitution which would remove these objections. It is known as Amendment No 2 and provides, in effect, that any revised constitution shall be submitted to the people of this state for their approval or rejection at the next general election held not less than ninety days after the adoption of the revision. Three-fifths of the voters who vote upon the question of revision shall be required to ratify it. Further, the prohibition against legislators being delegates to the constitutional convention is removed.

Amendment No. 2, to be voted upon at the November 4th election, thus provides for democracy in action. No person can, in good conscience, oppose it. It does not call a constitutional convention.

It is important to note that a majority of all persons voting at the November 4th election must vote affirmatively upon Amendment No. 2 in order for it to be adopted. The Governor's advisory committee calls upon the people of this state to vote "Yes" on Amendment No. 2, since failure to vote is, in effect, a vote against the amendment.

Evangelist Billy Graham to Speak in St. Paul Oct. 25

Billy Graham, noted evangelist returns to the Twin City area this coming Saturday and Sunday, October 25 and 26, for two mass meetings in the Minnesota state fair grounds Hippodrome Building, which is expected to draw capacity crowds of 16,000 to each service.

The 33-year old preacher will speak on Saturday night at 7:30 o'clock in a meeting sponsored by Minneapolis and North Central Youth for Christ. On Sunday afternoon at 2:30 o'clock the service will be sponsored by a committee of Twin City pastors headed by Rev. Tenner Thompson of the Minnehaha Lutheran Church in Minneapolis.

The Sunday afternoon meeting will be preceded by the airing of Graham's Hour of Decision radio program over the American Broadcasting Company network at 2:30 o'clock.

N. W. School Plans to Observe Turkey Day October 30th

Valley Growers Invited to View Results of Past Year's Trials with Birds

Turkey growers of the Red River Valley will observe Turkey Day at the Northwest School and Experiment Station, Crookston, on Thursday, October 30. The program will begin at 1:30 p. m. in the school auditorium.

The results of feeding trials with turkeys, over the three-year period of 1950-52, will be summarized and distributed.

Dr. H. J. Sloan, chief of the division of poultry husbandry, University Farm, St. Paul, will speak on feeding breeding flocks and growing turkeys. Experiences in breeding turkeys for better performance will be discussed by Dr. Robert Shoffner, also from the poultry division at University Farm, specialist in poultry diseases, will discuss turkey diseases and modern methods of combatting them.

A. M. Pilkey, poultry husbandryman at the Northwest School and Experiment Station, will conduct the tour of the turkey feeding trials and give the results of turkey feeding rations on the production of market turkeys. Four lots of 100 turkeys each have been used in the feeding trials each year, with four lots of 50 turkeys each used in the blackhead control projects.

A general invitation is extended to all turkey growers and other poultrymen to attend the meeting and tour.

5,115 Licenses Revoked in 1952

Motorists violating safe driving rules have fared very poorly at the hands of the courts during the first nine months of this year, according to a report of drivers license revocations and suspensions issued by the Minnesota Highway Department. It shows that revocations and suspensions issued by the Minnesota Highway Department. It shows that revocations increased from 3,460 last year to 5,115 during the first nine months of this year, a rise of 1,460. Suspensions jumped from 12,599 to 13,386, an increase of 887. Conviction of drunken driving charges led to 4,808 revocations, while violation of the safety and financial responsibility laws brought suspension to 7,965 motorists.

STRANDQUIST

The school carnival which was held on Friday evening brought a record crowd and was financially successful. The hall was so jammed with people there was barely standing room for the late comers. The program was well planned & the little folks pleased the audience with their performance. Don Peterson, school sports and athletic coach, who was master of ceremonies added wit and humor to the program. Game stands and refreshment counters were busy all night and everyone especially the youngsters enjoyed themselves. At 12 o'clock the crowning of the queen was in order and Miss Maxine Sczepanski, freshman candidate was crowned by Miss Julia Chwialkowski, last year's queen. This is the 5th year in succession that the candidate of the freshman class has been crowned queen.

ELECT
A. W. OLSON
STATE REPRESENTATIVE
65th District

If you wish to vote for your favorite candidate, you can vote for one candidate instead of two. It is not compulsory to vote for two candidates because the two receiving the highest vote are elected.

I do not wish to be elected as your State Representative just to be a chair warmer or a sleeping beauty. I want to be your servant to battle for real democracy. I live on my farm and have had farm experience. I am also a student in economics. I promise all you people in my district one thing, ACTION, if I am elected as your State Representative; if you will give me the privilege of serving you. I trust that you will remember me on November 4, 1952. Thank you!

A. W. Olson, Sr.

Strandquist . .

By Mrs. Oscar A. Johnson, Strandquist Phone [illegible]

Mr. and Mrs. Dalbert Grandstrand are the parents of a baby girl, born Monday October 13, at the Warren hospital. Ardis Joy is her name.

Those who helped Marlys Settin celebrate her birthday at her home on Friday of last week were Carol and Grace Renstrom, Corrienne Anderson, Kay Kleinwachter, Linda and Allan Frei and Mrs. Vernon Frei. Linda remained to spend the weekend with Marlys.

Mr. and Mrs. Franky Borowicz Jr., of Argyle and Mr. and Mrs. Conrad Stallock and Jerry Lee of Karlstad helped Jimmy Stallock celebrate his 8th birthday at his home here on Sunday afternoon.

Mr. and Mrs. Oscar Johnson were luncheon guests at the Fritz Peterson home at Strathcona late Wednesday afternoon, on their return from Thief River Falls. Mrs. Peterson had entertained homemakers Club at her home during the afternoon and the members had all practiced on individual salads as their project. Mrs. Ole Roppe was the lucky winner of both the door prize and the spud peeling contest prize.

Mrs. Clara Elseth and Mr. and Mrs. Ray Solmonson and daughter of Warren were Sunday afternoon visitors at the home of Mr. and Mrs. P. E. Sihlberg.

Mr. and Mrs. Martin Myszkowski and grandson Hugh Nelson, visited with great grandpa, St. Bonazewski at Stephen Sunday afternoon.

Lila Torkelson and Mrs. Ed Carlson attended the bridal shower for Marian Lindholm at Kennedy on Saturday.

Mrs. Lang Gund and baby returned home from Roseau on Friday evening. Mr. and Mrs. George Gund brought them home and they remained here with the Gunds until Sunday.

Mr. and Mrs. Howard Rood of Holt and Mr. and Mrs. Albert Stromlund and family were dinner guests on Sunday at the Jonas Stromlund home. The Roods also visited at the Lang Gund home during the afternoon and evening.

Mr. and Mrs. Arvid Wikstrom of Holt visited with their mother and other relatives here in Strandquist on Sunday. In the evening, they, in the company of Mr. and Mrs. Wm. Wikstrom visited with Emanuel and Alfred Nelson at their farm home.

Mrs. Leroy Anderson and son Gene were Sunday afternoon visitors at the Russell Johnson home in Stephen.

Mrs. Ed Stennes entertained the Sunshine Club at her home on Thursday evening with most of the members present. Sewing was the main project during the evening after which the lunch was served.

Mrs. E. R. Anderson and Harold, Mr. and Mrs. Willard Renstrom and family and Erick Renstrom were luncheon guests at the Art Anderson farm home on Sunday.

Mrs. Henry Schey and Dulpha Johnson were dinner guests on Sunday at the Wm. Ostrand farm home. They spent the afternoon visiting with Mrs. Carrie Blom at the Victor Lefrooth home.

Mr. and Mrs. George Henrickson and Gene spent Sunday afternoon visiting with Grandma Henrickson out on the farm. In the evening they visited at the Wm. Ostrand home.

Mr. and Mrs. Marvin Boen and children of Karlstad visited at the Andrew Boen's Friday and in the evening they were supper guests at the Inger Gustafson home.

Jean, Irene and Ione Klegstad went to Thief River Falls Monday morning to do some shopping. Pete Stromberg took them down in his car.

Mr. and Mrs. Nels Nelson and Mr. and Mrs. Kenneth Nelson and children of Middle River and Mr. and Mrs. Martin Myzkowski helped Eddie Nelson celebrate his birthday at his home here on Sunday.

Mr. and Mrs. Paul Kihlstadius and girls, and Mr. and Mrs. Odin Olson from Skime and Mr. and Mrs. Douglas Thune and Ella Thun were Sunday afternoon visitors at the Lang Gund home. Mr. and Mrs. Howard Rood of Holt spent both the afternoon and evening at the Gund home.

Mr. and Mrs. Oscar Johnson enjoyed a chicken supper at the Oscar Stamnes home in Halma on Sunday evening. The Stamnes have build a new home on their old foundation this summer after selling their place at Kennedy. They had first lived in Halma for many years, where Oscar was manager of the local creamery, but after he began working in Kennedy they moved their house there also. A year ago they sold that house and built a new one, but have now sold that too, and are back in Halma again.

Mr. and Mrs. Ansel Hanson and family of Thief River Falls and Mrs. Art Wayne of Holt were Sunday afternoon visitors at the Elmer Henrickson home.

Mr. and Mrs. Maurice Paulson and children of Enderlin, N. D. spent last week at the Otto Paulson home. Mr. and Mrs. Alton Henrickson and Barry of Baker, N. D. were weekend guests there.

Cpl. Earl G. Rasmussen, son of Mr. and Mrs. Rasmus Rasmussen of Karlstad and Arlene Mehmet, daughter of Mrs. Clara Mehmet of East Detroit, Mich., were united in marriage on Oct. 9, in a single ring ceremony at the home of Rev. E. C. Peterson of St. Peters Lutheran church in East Detroit. The bride wore a gray suit, with a corsage of red roses. She was attended by her sister, Mrs. Larry Brunette.

The groom was attended by Larry Brunette, brother-in-law of the bride.

After the ceremony a reception was held at the home of the bride's Mother, Clara Mehmet. Cpl. and Mrs. Rasmussen will make their home in Hempstead, New York, where Cpl. Rasmussen is stationed at the Mitchel Air Force Base. We all wish the newly weds a happy and successful married life.

Political Roundup

By Arthur Naftalin

The election fever is at a high in Minnesota as the 1952 campaign enters the 10-day home-stretch. The election is only one week from next Tuesday, and Minnesota—in the view of most observers—remains in the nip-and-tuck category.

National and local observers are greatly puzzled over the trends in the Presidential contest. There appears to be a wide area of indecision on the part of the voters, and while opinion polls continue to give General Eisenhower a lead over Governor Stevenson, predictions of the likely outcome range all the way from an Eisenhower landslide to a Stevenson landslide.

It is not unlikely that Minnesota's 11 electoral votes may be a crucial factor in determining the outcome. If the election is close, as most observers insist it will be, this state may hold the margin of votes that will decide the victor.

Magazine Says State Could Decide Outcome

On every side one finds dopesters who have worked out various combinations of electoral votes showing how Stevenson can't lose or how Eisenhower will have the necessary votes.

The magazine Business Week, for example, gives all the Southern states and all the border states, except Maryland, to Stevenson, plus Massachusetts and Rhode Island. These, together with New York (which is held doubtful but leaning towards Stevenson), would give Stevenson 259 electoral votes of the 266 he needs to win.

A state like Minnesota, the magazine adds, could with its 11 votes decide the outcome in Stevenson's favor. Minnesota has voted Democratic in the last four Presidential elections.

Freeman Calls Anderson 'Inner Circle Captive'

The contest for Governor was warming up last week as Orville Freeman, the Democratic-Farmer-Labor nominee, leveled a strong blast at his Republican opponent, C. Elmer Anderson. Freeman said the Governor was backed by an "inner clique" made up of a "group of selfish and powerful men."

Freeman charged that behind the Governor's policy of "silence" in the campaign were backers who favor a sales tax, a favorable tax structure for the iron ore mining companies, and exploitation of state-owned lands and forests. He said they also oppose an improved mental health program, penal reform, and youth conservation.

Governor Defends GOP Record as 'Progressive'

Governor Anderson has done a minimum of campaigning in this election. He did, however, take note of the Freeman blast by issuing a statement in which he said, "The fundamental issue in this campaign is whether we continue the sound, honest, progressive government of the Republican administration or go back to the 'Minnesota mess' we had prior to 1939.

"Meeting with people in all parts of the state, I will continue to discuss our problems and their solutions from a constructive viewpoint, speaking on the record of Republican achievements for the good of all Minnesotans."

Congressional Contests Promise Warm Windup

Several of the contests for Congress are commanding increased attention as the campaign windup approaches. In the seventh district, the DFL nominee, James Youngdale, was disavowed last week by district and state DFL party leaders who charged that he was not deserving of party support because, in their view, he has been "a consistent and vociferous defender of the Communist party line."

Youngdale immediately replied with an attack on the party leaders, calling their tactics "rule or ruin." He said the disavowal was "an attempt by a handful of political bosses to dictate to the people of the seventh district."

1st and 8th Districts Held Safe for GOP, DFL

Of Minnesota's nine Congressional seats, eight of them have been held at one time or another since 1934 (the first election under the last apportionment) by either Republicans, Democrats, Farmer-Laborites, or DFL'ers. The only district that has never switched is the First, where August Andresen has been the incumbent since the new First was created in 1934.

Andresen is opposed by George Alfson of Harmony, a Fillmore county farmer. This district is counted as "safe" Republican territory. On the DFL side, the district that that Party counts as safe is the Eighth, where John Blatnik is completing his third term. He is opposed by Ernest Orchard of Duluth.

Landslide Vote Could Spring Many Surprises

Minnesota is an unusually close state. This is reflected in the possible outcome of the Congressional races. A landslide Eisenhower vote could win for the Republicans all districts, with the poorest GOP chances in the Eighth and the Fourth, where DFL incumbent Gene McCarthy is conceded a strong edge. Similarly, a landslide Stevenson vote could win for the DFL all districts, with the poorest DFL chances in the First and Second.

PAID ADVERTISEMENT—Prepared by the Association for Amendment No. 5; Frank White, Marshall, Minnesota, chairman, and Hjalmar Peterson, Askov, Minnesota, secretary, and paid for at regular advertising rates by the group or individual sponsors as indicated below.

Who Said—"We Do Not Use the Rural Roads"?

Some Minnesota citizens, primarily of larger cities and opposed to Amendment No. 5, have argued that they did not wish to pay for roads "they never use."

How can a person live in Minnesota and not use part of that hundred thousand mile system of rural roads? Here are some facts.

• • •

More than 940,000 people of Minnesota, nearly a million and about a third of the population of the state, do not live in villages and cities. These people live in strictly rural areas, primarily upon farms.

To these citizens rural roads are vitally necessary. Without roads they could not live on farms, operate resorts, help to harvest timber, sell anything in a nearby market, take anything by motor vehicle to their homes or lay a wheel on the trunk highways that take them to large centers of population to trade or work.

Minnesota could not be Minnesota without secondary and rural roads and the better those highways the stronger the economic and social life of nearly a million people.

• • •

There are 750 smaller villages and cities in Minnesota, not including the three metropolitan cities. This large number of communities has a population of nearly 1,100,000 people, more than a third of Minnesota's total.

How does the average small community in Minnesota support itself? The answer to that question is very simple and very obvious. Minnesota communities are sustained, primarily by trade with those who live in the areas which they serve. These are the farmers and others who live on rural roads, sell on rural roads and go to nearby markets and return on secondary and rural roads. Without such roads there would be no basis for the support of most of the more than a million people who live in small communities and trading centers in Minnesota.

When Amendment No. 5 makes for better rural highways, it helps the communities dependent upon rural and agricultural activities. It makes a better market for many commodities which communities sell and promises greater stability to villages and cities.

In addition, Amendment 5 offers to smaller communities their share of ten per cent of motor license fees for the improvement of village and city streets. For the first time those of outlying Minnesota who have paid motor license fees will see the color of their own money.

• • •

Sensible citizens do not disparage the trunk highways and their vital importance to all in Minnesota. However the trunk highway system, 12,000 miles in length, cannot perform the service discharged by 100,000 miles of rural highways.

The milk which cities consume, the meat which they eat, the cereals and the vegetables which they demand originate, primarily, upon rural highways. The retail trade which builds great city stores comes, in large part, from rural Minnesota and smaller cities and communities. The great wholesale trade and much of the manufacturing activities of larger cities are built upon the purchases of those people in rural areas and in small communities whose dependence for the dollars they spend is upon secondary and rural highways.

Close down Minnesota's rural highways for a day and the large cities would be the first to demand that they be reopened. Make them better and everyone in Minnesota, no matter where he may live, will do more and have more.

Help Your Community, Your County, and Your State by Strengthening the Highway System of Minnesota—

AMENDMENT NO. 5

Shall the constitution, Article XVI, Section 3, be amended so as to provide for apportionment of the excise tax on motor vehicles so that 65 per cent be paid into the trunk highway sinking fund, ten per cent be apportioned to cities, villages, and boroughs in proportion to population, and 25 per cent be apportioned to counties according to the following computation: One-half in the ratio which the rural population of the county bears to the total rural population of the state. One-half in the ratio which the total mileage of county and township roads bears to the total mileage of all the county and township roads in the state.

A-2c Vernon Sevre at Greenland Air Base

It was revealed today that A-2c Vernon K. Sevre, son of Mr. and Mrs. Gene Sevre, Rt. 5, city, is stationed at the vast new top-of-the-world Thule Air Base in Greenland. His assignment as Air Transportation Specialist, specializing in loading and off-loading aircraft in Arctic regions, has until now been cloaked in the secrecy which has protected the building of this vital outpost in the air defense of the United States.

Multi-million dollar Thule Air Base is the farthest north of all Air Force installations, a scant 930 icy miles from the North Pole. In two short summers it has mushroomed from a rough, rocky airstrip with a dozen shacks to a giant all-year airhead, with weather-tight barracks, hot and cold running water, electric lights, and other "normal" comforts of life which are totally unexpected in this ice-locked land of numbing cold.

Commanded by Colonel Robert W. Humphreys of Wayne, Pennsylvania, the men of the Air Force here maintain their unending vigil, standing guard through the long winter night when temperatures drop to a mind-numbing 40 below zero and gales spring up without warning, hurtling ferociously across the base with speeds as high as 150 miles an hour.

Under these conditions, just staying alive becomes a major problem. If caught outside, men strive to find the ropes which are strung along all roads to serve as life lines to the nearest buildings, so they may fight their way to safety against the deadly whip of the Arctic wind which can freeze exposed skin in 30 seconds.

These are the conditions at a site which was selected because of the comparative "mildness" of the weather! On the bleak Ice Cap itself, temperatures drop to 80 and 90 below zero, and winds go up to 200 miles an hour or more.

This Northeast Air Command defense bastion is located on the West Coast of Greenland, a Danish colony, and is the product of a joint military agreement between Denmark and the United States under the North Atlantic Treaty Organization. Strategically situated on the polar air lanes, the control of which will be a major prize in any future war, it serves as a primary support for the defense of the free nations of the Western Hemisphere.

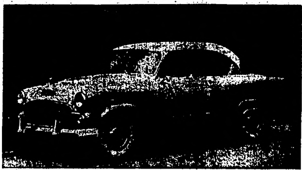
V-Eight Engine Powers 1953 Dodge Coronet Hardtop



This smartly-styled Dodge Diplomat, a hardtop, is one of the sleek, new models in the 1953 line. It is powered by a new 140-horsepower Red Ram V-Eight engine which develops its high efficiency on regular grades of fuel. A new compactness makes it one of the most maneuverable cars on the road. It is being offered with a choice of four different drives—Gyro-Torque, Gyro-Matic, automatic overdrive or standard. It is now on display in dealers' showrooms.

Wisconsin Central Names New Chief

Arthur E. Mueller to Succeed Francis Higgins

Francis Higgins will be replaced as president of Wisconsin Central Airlines automatically as a result of approval of the contract between Purdue Research Foundation and the airline, it was announced today by Donald A. Duff, executive vice president and general manager of the company. In his stead Arthur E. A. Mueller, chairman of the board of directors, will assume the presidency.

The switch in the top management position results from a stipulation placed in the agreement by Purdue University interests and became automatically effective upon CAB approval issued Friday.

Although Higgins will no longer be identified with active management of the company, he will continue as a member of the board of directors, it was said.

Under the new organization setup the Company will transfer its headquarters and main operating base to the Twin Cities effective November 1 at which point the administrative office will be located. Concurrent with the change of headquarters location, the Company will change its name to North Central Airline, Inc., Duff reported.

R. L. Falls Girl Dies of Injuries

Eileen Grenier Succumbs Following Auto Accident

Eileen Grenier, daughter of Mr. and Mrs. Eugene J. Grenier of Red Lake Falls, died at St. Francis hospital, Crookston, Oct. 15, of injuries she suffered in an automobile accident in which she was involved Tuesday, Oct. 7.

Miss Grenier suffered a fracture of the pelvis and the left leg and other injuries when the Grenier car, driven by LeRoy Fournier, rolled over on S. A. Road No. 1, about 10 miles northwest of Red Lake Falls.

Eileen's condition since the accident was critical and she was given numerous blood transfusions by her relatives and friends.

Eileen was born June 3, 1935 in Louisville township and attended rural school to the eighth grade with the exception of two years when she attended St. Joseph's academy at Crookston.

Survivors include her parents, two sisters, Mrs. Harold Weber of Crookston and Mrs. Abe Magnan of Minneapolis and two brothers Donald of this city and John of Minneapolis.

Postmaster Cites Time Limits for Overseas Mailing

In anticipation of the increased mailings of parcel-post packages to foreign countries during the forthcoming holiday season, and owing to the long sea transit frequently involved in the transmission of parcels by surface means as well as customs inspection and other formalities in the countries of destination, mailings should be made as soon as possible, said Postmaster R. J. Dryden. Senders can be reasonably certain that parcels mailed not later than the dates shown below will reach their destination before Christmas:

South and Central America, Nov. 22; Europe, Nov. 15; Africa and Near East, Nov. 1.

Northwest School Homecoming to Be Saturday, Oct. 25

Football Contest with Aggie Team from Morris Will Feature Program

Homecoming at the Northwest School of Agriculture, Crookston, will be held on Saturday, October 25. The agricultural school conference football title will be at stake when the West Central Aggies from Morris clash with the Northwest Aggies on Homecoming Day at 2:00 p. m.

Festivities will start with the torchlight parade, bonfire, and "Pep-Fest" on Friday evening, October 24. The Homecoming Day program will start on Saturday with the judging of dormitory decorations at 10:30 a. m., followed by a program in the school auditorium at 10:45 a. m.

The banquet for the football teams will be held at 6:00 p. m., followed by the Homecoming dance and party in the evening.

Between halves of the football game, the Homecoming Queen will be presented to the crowd. The queen will be officially crowned and the attendants will be named at the Homecoming dance in the evening.

Pheasant Season Opens October 25

Safety Council Warns Hunters to Be Careful

With the opening of pheasant, Hungarian partridge and quail seasons on October 25, and the deer season on November 15; officials of the Minnesota Safety Council warn hunters that they will have to be more careful with firearms or last year's accident records will be broken.

During the 1951 grouse season 4 were killed and 16 injured; 3 duck hunters were killed and 11 injured; 1 pheasant hunter killed and 31 injured; and 3 deer hunters killed and 20 injured.

With the grouse and duck season now under way there have been 3 deaths caused by grouse hunting and 1 duck hunter shot. Two of the deaths caused by grouse hunters were small girls, who were shot and killed by "unloaded" guns left by grouse hunters. One grouse hunter shot himself and the duck hunter's death was self-caused.

"The records show that 9 of the 16 grouse hunting accidents and four duck hunting accidents involved young people under 18 years of age," Carl W. Moen, secretary of the firearms and water safety section, said today.

Leaders Council Plans 4-H Program

Projects Are Arranged by Committee Thursday

The program planning committee of the Pennington county 4-H leaders council met Thursday afternoon, October 16, to map the county program for the coming year.

The committee consisted of Ray Parnow of Kratka, Mrs. George Breznay of Mavie, Mrs. I. J. Russell of Steiner, Mrs. Adam Lendobeja of Smiley and Mrs. Carl Finstad of Rocksbury. They outlined the projects to be given special emphasis for 1953 and discussed special events and club goals.

Topics for discussion at council meetings include livestock judging, home furnishing, farm mechanics, clothing, garden, poultry, bread, food preparation, dairy and livestock feeding and fitting. Special events will be the same as last year with the addition of a dress revue in July.

The regular next council meeting will be held Monday evening at 8 p. m. in the Civic and Commerce room of the city Auditorium.

AIRPORT NEWS

The sealer is being poured on the runway now, so that it can be used for landing. The actual hard-surfacing will not be done until next spring.

William G. Clark and H. J. Hackman from Indianapolis, Indiana, flew in on Wednesday in a Beech Bonanza. They were met here by Quillo Rohman and H. B. Forsgren from Mayville, N. D. who joined them on a hunting trip in the Baudette area.

Raymond G. Dieterichs and Harry Fordyce flew up from Fairmont in a Cessna on Saturday to spend the weekend hunting in this vicinity.

Ben Sowored from Fergus Falls, flying a Cessna 140, was here on business last Saturday.

Mr. and Mrs. Chris Sorros of St. Louis, Missouri, flew in with a Waco N last week and were visiting friends at Thief Lake. While there, his ship developed mechanical trouble, so he brought it to the airport for repairs. Mr. Sarros had a Cessna 120 brought up from Bemidji, in which he flew to St. Louis on Sunday. He plans to return later this week to get his Waco.

William P. Wilker and Al Warnes from Chicago, arrived Saturday evening in an Ercoupe. They flew from here to Lake Bronson where they spent the weekend, leaving for Chicago on Monday.

Joe Zimmerman of St. Paul and Nick Saymoville, Jr., from Minneapolis, flying a Piper Pacer, stopped at the airport Sunday on their way to Minneapolis from Baudette.

S. D. Sheldon flew down from International Falls in a Navion Sunday and visited at the Vern Thompson home.

John Ball, with the fish and game division of the conservation department was flying out of here last week. He was using a 125 Cub on a seeding project in the Mud Lake area.

John Parker from Warroad, also with the fish and game division of the conservation department, was at the airport Monday on his way to Fergus Falls. He was flying a 125 Cub.

Chris Kierk and Red Bergland flew over the Mud Lake area on Monday to check on the fire situation there. Chris reported that the fire was south of ditch 20 and going west toward Elm Lake. He stated that quite a large area had been burned over, but that there appeared to be no farms threatened at that time.

Water Supply

Shasta Lake, the vast reservoir behind Shasta Dam, contains when full one trillion, 449 billion gallons of water, or 9,606 gallons for every man, woman and child in the United States.

Butter Churn Stand

If you are lucky to find an old butter churn, sandpaper it clean and give it a coat or two of thinned fresh shellac. It will make a most attractive umbrella stand worthy of any home.

MEMORY LANE

WICKER CHAIR

Remember when a wicker chair, of the straight or rocking variety, reposed in nearly every home? It looked a little frivolous among the more sturdy furniture, but there it stood, curlicues and all. Sooner or later, some of the reeds would snap or the seat sag; then it would be relegated to the attic. Remember?

Paving T. H. 75 Nearly Finished

Paving of Highway 75 from Crookston to a point north of Euclid, is nearing completion, according to a report by highway engineers.

Flagmen were taken off the road October 11. Construction, however, is not yet complete, with widening strips still to be laid in Euclid and on the approaches to the bridge a mile north of the junction near Crookston.

The extra strip is to be 82 feet wide. Traffic passing over the road after flagmen are removed will be strictly at the driver's risk, engineers warned.

Doings of week at Rosewood

Ardis Anderson, Rosewood, Minn. Phone 707-R

St. Paull Lutheran church at Bertha was the scene of a candlelight wedding Saturday evening, Oct. 11, when Patricia Ruth Miller, daughter of Mr. and Mrs. Kermit L. Miler of Bertha and Donald Raymond Twert, son of Mr. and Mrs. Peter Tvedt of Newfolden were united in marriage. Rev. A. J. Kretzschmer officiated at the double ring ceremony.

The bride, given in marriage by her father, wore an ivory satin gown. The bodice was fashioned with a peter pan collar and buttoned down the front. Long sleeves tapered to a point over her hands. The fingertip veil was held in place by a Juliet hat fashioned of lace from the bride's great grandmother's wedding dress. She also carried a lace handkerchief which belonged to her great aunt, Mrs. E. Kalanquin, who made the entire wedding ensemble. Her bouquet was of white roses and 'mums centered with an orchid.

She was attended by her sister, Josephine, as maid of honor. The bridesmaids were Mrs. Warren Truax, cousin of the bride, and Miss Marlys Tvedt of Fargo, N. D., sister of the groom. They wore similar dresses in yellow and blue moire taffeta. They had little ruffled hats and mitts to match. Their bouquets were colonial style of bronze and yellow 'mums. Each wore rhinestone earrings and necklace, gift of the bride.

The flower girl, Maureen Jacobs of Motley, cousin of the bride, wore a floor length yellow moire taffeta dress. She scattered yellow rose petals down the aisle. Her gift from the bride was a gold bracelet. The groom was attended by his friend Robert Urban of Minneapolis, Eddie Rosenberg Jr., of Bertha and Dean Sausele of St. Peter, uncle and cousin of the bride respectively, were ushers.

Steven Babcock, friend of the bride was the ring bearer. He carried the ring on a satin pillow. Kent Miller, brother of the bride and Steven Rosenberg, cousin of the bride were the candlelighters.

The bride's mother wore a gold wool dress trimmed with brown velvet with brown accessories. The bride's maternal grandmother, wore a navy blue crepe dress with blue accessories.

Miss Barbara Sundquis of Bertha friend of the bride was the organist. She played a twenty minute prelude of wedding music and the traditional marches. She accompanied Mrs. Vaughn Hokanson, also of Bertha who sang "O Perfect Love," "Tonight O Lord, We At Thy Altar Stand" and "The Lord's Prayer."

The reception was held in the church parlors for 150 guests. Mrs. William Sausele, aunt of the bride and Mrs. Irwin Tvedt sister-in-law of the groom poured. Miss Esther Pittman cut and served the wedding cake.

Waitresses were Misses Maureen and Roberta Wendorf, Loraine Hubreide, Joanne Orr and Cheryl Cook. Miss Pearl Hubreide had charge of the guest book. Miss Marian Rosenberg and Miss Joyce Tvedt had charge of gifts.

For going away the bride wore a gold velveteen dress with black accessories and an orchid corsage. They left for the North Shore Drive.

The bride graduated from the class of '51 in Bertha. She has been employed at Gamble Skogmo, Inc. in Minneapolis. The groom graduated from Newfolden high school in 1946, served two years with the U. S. Navy, and graduated from the School of Business of the U. of M. Class of 1952. They will make their home in Minneapolis where the groom will be employed with Peat, Marwick, Mitchell and Co.

Tea Topers

Inhabitants of Tibet are estimated to drink an average of more than thirty cups of tea a day.

The Truth

No matter how cluttered your neighbor's garage, there's always room for one mower . . . especially if it happens to be yours.

Traffic Volume Down Last Month

Although traffic volumes on Minnesota's trunk highways declined slightly during September, they were still ahead of those recorded in September of 1951, according to the state highway department. Data obtained by automatic traffic recorders at 27 rural locations on the trunk highway system revealed that traffic volumes dropped under the previous month's volumes, but were 1.8 per cent above the September 1951 figures. The department explains that this is a seasonal reduction in travel coming after the close of the heavy summer traffic.

ON SPEAKING TERMS WITH "LADY-LUCK"

An Isanti news item about a burglary resulted in a camera apparently discarded by the thief being returned to the owner.—A Faribault barber was handicapped in expressing his feelings when a stringer with 18 fish broke away—his companion was a minister. But the cleric smiled, put a large hook on his line, tossed it overboard, and reeled in the stringer intact.—A man fined $9 for careless driving in Grand Rapids reported to police that the justice had given him $101 instead of $11 in change. Since he had his fiancee along, the justice married 'em without a fee.—After 30 years of play, Helmer Olson, Albert Lea, held in September a perfect cribbage hand.

Pasture Planning

One of the big things right now is to be sure that land will be available to seed to winter pasture crops.

when the MERRY-GO-ROUND breaks down...

Whoopee! It's fun while it lasts!

But what about tomorrow when the bankroll's flat?

Maybe the boss will come through with another raise. What then? He'll have to raise prices again to keep from going broke. Other bosses will, too. Remember how soon living costs caught up with the last raise? We just go 'round and 'round in a dizzy whirl that is cheapening our dollars. The word for that is *inflation.*

Let's call a halt before the merry-go-round breaks down—before our dollars become worthless.

It's time to face these two serious facts:

1. Inflation threatens every single working man from the sweeper to the boss.
2. Political leaders can't stop this reckless spending—unless they have popular support.

How do they get popular support? From *you!* That's the only place they *can* get it.

Now is the time to stop and think—and on Election Day, Nov. 4th, act

$2,500,000 Netted from Federal Tax on Fishing Tackle

Receipts for the fiscal year ending June 30, this year, from the excise tax on sport fishing tackle amount to $2,508,527, which amount is $66,384 less than last year. Under the provisions of the Dingell-Johnson Act of August 9, 1950, these revenues are earmarked for federal aid to State fishery projects.

Three states, Minnesota, Michigan and California receive the maximum amount of 5 per cent of the fund, or $125,426 each.

Prior to passage of the Dingell-Johnson Act, sportsmen purchasing fishing tackle have been paying an excise tax of ten per cent which went into the general fund of the U. S. Treasury. Now it is put to work for him by the states. Each state received a portion of this money based upon size of the state and number of fishing licenses sold.

BRING OUT THE FULL BEAUTY OF WOOD PANELED ROOMS
Firzite
Here's How to Get a Perfect Finish on Fir Plywood and Other Soft Woods and Beautiful Effects on Hardwoods
Use FIRZITE as a pre-sealer. It tames the wild grain because it tightly seals the wood pores. You virtually eliminate checking and grain raising. FIRZITE makes an excellent undercoat for paint or enamel.
If you want a blond or pickled effect on either soft or hardwoods use white (or tinted) FIRZITE. Buy clear or white FIRZITE in pints, quarts, gallons or 5-gallon cans.
Here's How to Bring Out the Rich Natural Beauty of Fine Decorative Woods
Satinlac
Use SATINLAC to preserve and enhance the charm of all woods. It is easily brushed or sprayed, provides a durable, attractive finish.
And remember, Age cannot darken or yellow the lustrous, sleek finish you get with SATINLAC.
Buy SATINLAC in pints, quarts, gallons or 5-gallon cans.
Let us help you on your wood-finishing problems. Ask for our leaflet, "How to Use Firzite and Satinlac".

From where I sit ... by Joe Marsh

Wonder How Miss Gilbert Is in "History"?

By now I guess you've heard about the spelling errors in the kids' report cards this week.

A typical card looked like this:

Arithmetic..........B
Geography..........B-
Spelling..........C
Grammer..........B

I don't know if Miss Gilbert, the principal, actually wrote those cards, but she took full responsibility. This morning I hear she got up in the Assembly Hall—before all the students—and started writing GRAMMAR with two "a's" on the blackboard 100 times!

From where I sit, I'll bet this makes her even more popular with the students. It's nice to see an expert admit she occasionally makes a mistake. Too many so-called "experts" claim they're never wrong on such subjects as what you or I ought to eat . . . what we should wear . . ., whether we should enjoy beer or buttermilk. A really wise person never claims to "know all the answers" all the time.

Hot Campaign for President Ends Tuesday

State of Minnesota Is Battleground for Contending Parties

Voters of this community and others thruout the nation will go to the polls next Tuesday, November 4, to elect a new president of the United States to succeed Harry Truman, as well as to register their choice of candidates for various state and local offices.

Overshadowing all other contests is the race for the presidency between Dwight D. Eisenhower, Republican aspirant, and Governor Adlai Stevenson of Illinois, Democratic candidate.

Principal GOP targets in the campaign are the corruption brought to light in the present administration, and the alleged mis-handling of the situation in Korea, as well as the necessity of getting the tremendous federal debt under control.

The Democrats, on the other hand, claim that their opponents have failed to submit a constructive program, and they call attention to the depression that started during the Hoover administration.

The state of Minnesota has been one of he most hotly contested battlegrounds of the presidential campaign. Both Eisenhower and Stevenson have spoken in the state, the former three times and the latter two, while Richard Nixon, Ike's running mate, visited Minnesota last week, and President Truman spoke at Hibbing last night.

This state, which nationally has voted Democratic since 1932, this year is considered as doubtful, owing to the excellent write-in vote Eisenhower received in the September primary election.

Cooking School in City Auditorium Opens Friday 1:30

Event to Be Sponsored by Red Lake Electric Co-op, Diamond Furniture Co.

Lutefesk and lefsa!

These are just two of the Scandinavian foods that will be featured among the dozens of festive menu suggestions at the Rural Electric Cooking School to be staged Friday afternoon, October 31, at 1:30 in the municipal Auditorium.

Housewives who find themselves puzzled over "something new" to attract jaded appetites will find all the answers at the cooking school, which is placing special emphasis on festive foods.

Coffee and doughnuts are "on the house" and those attending may win one of the four brand new electric ranges that will be given away during the cooking school series.

The cooking school is sponsored by the Red Lake Electric Cooperative, together with the Diamond Furniture Co. of this city.

C. & C. to Meet in Elks Club Tonight

Discussion of Amendment No. 5 to Feature Session

Members of the Civic and Commerce association, at a dinner meeting this evening (Wednesday) at 6:30 in the Elks club rooms, will hear a discussion of the merits and disadvantages of the proposed Amendment No. 5 to be voted on in the election November 4.

Sharing in the discussion will be Charles Christianson of Roseau, a leading advocate of the amendment, and W. E. Dahlquist, who opposes its enactment.

Special guests at tonight's meeting will be the chairmen and clerks of the various township boards in Pennington county, Secretary Glenn Carlson announced.

Completing the program will be the showing of a motion picture, "The Magic Key," dealing with advertising and its contribution to the nation's present high standard of living.

3 Parties, Parade in Halloween Festival to Be He[illegible] Here Friday

For the 13th consecutive year (who's superstitious?) the annual community Halloween festival will be held Friday, October 31, in Thief River Falls under sponsorship of the Lions club. Children of neighboring communities also are invited to join in the fun, said Ernest Johnson, general chairman of the event. Mel Peterson is co-chairman.

The festival will open with a costume party in the arena at 2:30 for little folks of pre-school age and thru the fourth grade. Prizes will be awarded for the most original costumes, and there will be games and treats. Pre-school children should be accompanied by a parent, it was announced by James Parkins, committee chairman.

Spooks, goblins and witches will be rampant in the costume parade for children of grades 5 to 8, which will get under way at the arena at 7:15. Headed by the Lincoln high school band, the Marching Majorettes and the fire truck, the procession will move up Main av. to Third st., then east to Horace av., south to Second st. and back to the arena, where games will be played, following which the crowd will attend a free movie show in the Falls theatre.

Concluding the evening's festivities will be a teen-age dance for high school students in the Auditorium, with an orchestra providing music for dancing.

Prize winners in the highly successful Halloween window painting contest will be revealed Friday, it was announced by Glenn Carlson, secretary of the Civic and Commerce association, which sponsored the event in cooperation with the Lions club.

To Issue [illegible]nt Voters [illegible]s on Sunday Morning

County Auditor C. W. Rodekuhr stated today that his office will be open Sunday morning from 9 o'clock until noon to issue absent voters' ballots to citizens who will be absent from their polling places on election day Tuesday, November 4. Nearly 200 ballots had been issued up to Monday afternoon, including about 50 to men in service.

McLeod Again Named Head of RRV Dairymen

1952 Honor Dairymen Announced at Annual Convention in Moorhead

Stuart McLeod, for nearly 25 years president of the Red River Valley Dairymens association, was reelected to that office at the organization's 49th annual convention last Thursday in Moorhead.

Nearly 600 persons attended a banquet Thursday evening in the Frederick-Martin Hotel, at which L. H. Conlon served as toastmaster. C. L. Cole, superintendent of the experiment station at Grand Rapids, paid tribute to the 1952 Honor Dairymen representing the various creameries in the district.

Included among those honored were Mr. and Mrs. Elmer Geske, T. R. Falls Co-op. Creamery; Mr. and Mrs. Harold Matzke, T. R. Mitteness Tells Lions Club about TRF Dairy Group

Members of the Lions club at their luncheon meeting last Wednesday noon in the Rex Cafe heard a discussion by County Agent Ray Mitteness of the recently organized Thief River Falls Dairy club and its mode of operation.

He explained that the club serves as a volunteer cow testing association, and is designed to improve the quality and quantity of the milk output.

In the business session Dr. W. P. Kaisler, chairman in charge of arrangements for the appearance here Octobe 23 of Prince Zogi, magician, outlined final plans. Ernest Johnson, general chairman of the community Halloween festival, discussed details of the event.

Fire Department Summoned Four Times Past Week

Damage estimated at $50 resulted from a fire Saturday night that developed in the garage at the Isaac Sauve home, 316 Kendall av. S. The blaze was put out by local firemen, who surmised that the blaze may have had its origin in a grass fire.

Sunday afternoon the department was called to the Gunhild Evenson home, 322 Crocker av. N. to attend to a flooded oil stove, no damage resulting.

Grass fires fetched the firemen to the north end of the Northrop school grounds Thursday, and south of the city limits Friday morning.

Area Girl Scout Rally Here Nov. 1

Members from Thruout Council Area Invited

A council-wide rally for Girl Scouts in the seventh, eighth, and ninth grades will be held in the city Auditorium on Saturday November 1 starting at 1 o'clock and closing at 4. Girl Scouts and their leaders from Ada, Argyle, Fosston, Hallock, Holt, Lake Bronson, McIntosh, Red Lake Falls, Roseau, Stephen, Thief River Falls, Warren, and Warroad have been invited.

The afternoon will be spent on Girl Scout songs, games, relays, and folk dancing. Knot tying and lashing will also be taught. Slide films of the council camp site in Itasca State Park will be shown. Refreshments will be served through the courtesy of the Thief River Falls association. All eligible Girl Scouts are urged to be present.

Council Denies Salvation Army Building Permit

The city council at an adjourned session last Thursday evening conducted a hearing on the application of the Salvation Army for a non-conforming building permit for an addition to the present Evangelical Free church edifice on Horace av. to be used for living quarters for the staff. Following a discussion of the matter, the application was rejected by a three to two vote of the council, Alderman Tom Fuller being absent from the meeting.

Long Dry Spell Continues Here

Except for a few snow flurries Monday, the past week was marked by a continuation of the protracted drouth that has prevailed in this area the past two months or more. As a result, many wells are reported as drying up. Temperatures the past week ranged from highs of 67 and 66 last Thursday and Friday to a low reading of 10 above zero Tuesday morning.

More Than 3,000 Treated to Free Pancakes Friday

Featuring the successful Campaign Days sales promotion sponsored by local merchants was the serving of pancakes and coffee Friday in the Auditorium to approximately 3,000 persons from thruout the trade area. Glenn Carlson, secretary of the Civic and Commerce association, stated that, with a large group of women assisting, more than 7,000 pancakes were served, in addition to many gallons of coffee.

Darlene Lee Is Queen of Lincoln Homecoming Event

Elaborate Coronation Ceremony Is Slated at High School Wednesday

Lincoln high school homecoming festivities last Wednesday were acclaimed as an outstanding success, altho marred by the decisive 30 to 7 defeat of the Prowler football team by the Green Wave of East Grand Forks.

Highlighting the day was an assembly program in the afternoon, at which Darlene Lee, daughter of Mr. and Mrs. Wilbur K. Lee, was crowned homecoming queen by Bill Maruska and Roger Dorn, co-captains of the football team.

Named attendants to the queen were Patricia Berg and Shirley Balvin, seniors; Linda Wold and Devera Borchert, juniors; and Marion Koglin and Cherry Johnson, sophomores.

The program also included selections by the high school mixed chorus, a solo by Muriel Copp and the senior class prophecy by Barbara Bishop.

Preceding the football game in the evening, an elaborate parade thru the business district was staged, headed by the Lincoln school band, and including a dozen attractive floats, with the queen and her attendants also participating.

The band also performed between the halves of the game, and Queen Darlene and her attendants were introduced. The festivities concluded with a well attended dance in the gymnasium.

Audience Enjoys First Program in Concert Series

A responsive audience of more than 400 members of the Northwest Concert association gave evidence that it thoroly enjoyed the first concert in the winter series presented in the Lincoln high school auditorium Tuesday evening by Mana-Zucca, widely known composer and pianist, together with Valerie Lamoree, soprano, and Fernand Martel, baritone. The group presented an appealing program made up of Mana-Zucca's compositions.

Date of Start of Air Service Still Pending

December Earliest Date Scheduled Service Can Begin, Mayor Is Advised

The work of applying a priming coat to the main runway at the Thief River Falls airport was completed recently by Oscar Schenkey of Middle River, but, due to the imminent arrival of cold weather, the laying of the mat will be deferred until next spring, City Engineer Douglas Stewart stated this week.

Engineers affiliated with the state aeronautics commission have indicated they are prepared to approve the runway for use of Wisconsin Central Airlines in the event the airline elects to start service this fall to this city on the run from the Twin Cities to Grand Forks.

With Mr. Duff, executive director of the airline, in the hospital, the date on which service will be inaugurated is indefinite, said Mayor Harry E. Simons.

The mayor, however, said he had been advised by R. J. Ceronsky, director of operations, that the earliest date on which scheduled service could start was sometime in December, and that daytime service only would be provided until such time as the airport runway lighting system has been installed.

In a letter received Monday by Mayor Simons, L. W. Schroeder, state commissioner of aeronautics, advised him that future plans of the airline are temporarily in abeyance pending the transfer of the company's headquarters this week-end from Madison, Wisconsin, to Minneapolis.

Schroeder also stated he had been advised by Frank Buttomer, vice president of the airline in charge of traffic and sales, that he would try to persuade the cities of Thief River Falls and Fergus Falls to accept scheduled service starting March 1, 1953, rather than in December of this year.

Prince Zogi Show Pleases Audience

Spectators Mystified by His Feats of Magic

An audience of approximately 400 persons gave evidence by its applause that it thoroly enjoyed the magic show presented in the Auditorium last Thursday evening by Prince Zogi. His appearance here was sponsored by the local Lions club.

Prince Zogi completely mystified the crowd with his stunts featuring the disappearance and materialization of various objects.

Perhaps his most hair raising stunt was one in which he tied his assistant in a sack and locked her in a trunk which was trussed with rope. When the trunk was opened a few seconds later by members of the audience, it was found to contain the person of Prince Zogi himself.

Lincoln Homecoming Queen and Her Attendants

Shown seated above is Miss Darlene Lee, attractive Lincoln high school senior, who last Wednesday was crowned queen of the annual homecoming festivities.

Pictured with Darlene is her retinue of attendants, all garbed in white gowns, including, left to right, Marion Koglin, Linda Wold, Patricia Berg, Shirley Balvin, Devera Borchert and Cherry Johnson.

Junior attendants were little Linda Skjod daughter of Ralph Skjod, Lincoln football coach, and John Weigelt, son of Mr. and Mrs. Walter Weigelt.

HEAVY VOTE IN PROSPECT IN GENERAL ELECTION TUESDAY

Voters Here Not Required to Register in Election Nov. 4

To clear up confusion relating to requirements for voters in the general election next Tuesday, November 4, County Auditor C. W. Rodekuhr today emphasized the fact that it is unnecessary for voters either in the city of Thief River Falls or Pennington county to register in advance of the election, this being required only in the larger cities.

The only requirements are that a voter be 21 years or older, and that he be a resident of the state for the past six months and of his voting precinct for 30 days.

In the rural areas of the county, polls will be open from 9 a. m. to 8 p. m., while in the city of Thief River Falls residents of all four wards will vote in the Auditorium between the hours of 7 a. m. and 8 p. m.

Local Contests Only for Legislative Posts and Rural Co. Commissioners

Minnesota voters have been hearing more about the presidential race than the campaign for state and local offices in recent weeks, but when they go to the polls next Tuesday, November 4, they will be confronted by a lengthy ballot listing state offices to be filled, as well as a short county ballot and one listing five constitutional amendments to be voted on.

A total of 5,800 votes were cast in Pennington county in 1948, and the outlook is for a substantial increase this year.

Starting off the state ballot are the names of GOP Senator Edward J. Thye, seeking reelection, and his DFL opponent, Wm. E. Carlson, both of whom have conducted energetic campaigns.

Republican Governor C. Elmer Anderson, completing his first term after having served for many years as lieutenant governor, is opposed by Orville L. Freeman, while Ancher Nelson of Hutchinson is the GOP aspirant for lieutenant governor against Arthur Hansen of Ulen, DFL.

Mrs. Mike Holm is seeking to succeed her late husband in the office of secretary of state, which she is now filling by appointment, and she is opposed by Koscie H. Marsh of St. Paul, DFL. Val Bjornson, GOP state treasurer, is seeking reelction against John E. O'Hara, DFL, of St. Paul.

J. A. A. Burnquist, GOP attorney general for many years, is opposed for reelection by Allan L. Johnson of Wayzata. Frank T. Gallagher, incumbent associate justice of the state supreme court, is seeking reelection against E. Luther Melin of Minneapolis. Also to be elected are two members of the railroad and warehouse commission, Ewald W. Lund of Duluth being the incumbent member seeking reelection.

Harold C. Hagen, GOP representative in Congress, is competing for reelection against Curtiss T. Olson of Roseau, DFL aspirant.

In the 65th legislative district, embracing Pennington, Red Lake, and Clearwater counties, Walter E. Day of Bagley and Mrs. Coya Knutson of Oklee; the two incumbents, are seeking reelection against Adolph W. Olson Sr. of Shevlin.

In Marshall county, the two candidates for representative are Roy E. Wiseth of the Goodridge community, former president of the Minnesota Farmers Union, and Richard W. Fitzsimons, Argyle farmer.

Each of the three incumbent Pennington county commissioners from the rural districts has an opponent in the election. In the first district, Odin C. Hanson, incumbent, is opposed by Frank Race, Paul Roy, seeking reelection in the third district, is opposed by Carl R. Anderson, while in the fifth district Glenn Tass, incumbent, is opposed by Bert K. Johnson.

Herman A. Kjos is unopposed for reelection to the office of judge of probate, and Henry Storhaug, clerk of court, is the only candidate for that office.

Plans for Financing Addition to Hospital Progress Past Week

The matter of arranging financing to permit an early start on construction of the projected large addition to Northwestern Hospital made substantial progress during the past week as the result of two related developments.

In the first step, the city council at a special meeting October 20, acting under authorization given it by voters of the city in an election last year, voted to make $200,000 of future liquor store profits available to the hospital association thru certificates of indebtedness to be issued as needed. The pledge was made conditional on the approval of the project by federal authorities to qualify for a federal grant to aid in financing construction.

With this assurance, a delegation consisting of Judge Paul A. Lundgren and Frank A. Rinkel, representing the hospital association, and E. O. Peterson and George W. Werstlein, local bankers, arranged in St. Paul last Thursday for a $200,000 loan to be made by the First National bank of that city with the two local banks participating.

The loan, which is conditional on a federal grant of about $420,000 being made available, will be retired as rapidly as pledges made in the hospital fund drive last fall are paid up.

Mr. Rinkel, treasurer of the association, stated that an application for a grant of $420,000, or 45 per cent of the estimated cost of the project, has been filed, and that approval is anticipated at an early date. Congressional action to make more money available for hospital construction is expected next spring. The local project, he added, has a high priority and arranging for a loan at this time will insure ability to qualify for the grant when it is available.

Community Chest Drive Is Still Far Short of Its Goal

Solicitors Covering Business District Urged to Report by November 3

The Community Chest drive, which opened last week in Pennington County, was characterized by splendid cooperation among women solicitors who conducted the residential drive. Chest officials joined in expressing appreciation for the excellent turnout, hard work, and success of this part of the drive.

Wednesday morning the drive in the business section got under way. James Parkins general chairman and James Dryden city chairman, both urged solicitors to turn in all pledge cards, cash, etc. by Monday, Nov. 3 so that an accurate count can be made. The chest office is located in the city council chamber in the city Auditorium.

Last Friday evening, the rural drive, under Don Lawrence, got off to a good start with a kick-off supper. The chest goal for 1952 is $11,394 and eight agencies benefit thru this combined drive.

Rural Youth Unit to Meet Nov. 5th

The Pennington County Rural Youth group will hold its November meeting in the Civic and Commerce room on Wednesday, November 5th, at 8 p. m. The topic will be wild life conservation. Following the program there will be recreation and lunch. All young rural folks between 18 and 35 interested are invited to attend.

District Meeting of Grocers Held

State Secretary speaks to Nearly 100 Oct. 21

Nearly 100 grocers from this section of the state attended a district meeting of the Minnesota Retail Grocers association October 21 in the Elks club rooms.

Earl Altnow, executive secretary of the association, was the principal speaker, while an address also was given by a representative of Griggs Cooper & Co. of St. Paul. Completing the program was the showing of a motion picture dealing with the handling of fresh fruits and produce.

Lunch was supplied to the group by the Thief River Grocery Co.

Oslo Star Route to Leave Earlier

Effective Saturday, November 1, the star route serving towns between Thief River Falls and Oslo will depart from this city at 6:30 a. m. instead of 6:45 as at present, Postmaster R. J. Dryden stated this week. He added that the route will be covered each day except Sunday with the exception of eight holidays.

Senior Class to Give "Our Town" November 4 and 5

Thornton Wilder's play "Our Town" will be presented by the Lincoln high school senior class in the Lincoln auditorium Tuesday and Wednesday, November 4 and 5, at 8:00 o'clock. "Our Town," which won a Pulitzer Prize for drama, is the first play of its kind ever to be presented at Lincoln high school. The play is under the direction of Miss Patricia Hoffman.

Last Half '51 Tax Due Before Nov. 1

County Treasurer A. R. Johnsrud this week reminded Pennington county taxpayers that the last half of 1951 real estate taxes is due and payable before November 1. A penalty is added to delinquent payments.

Caroline Aspelin, Joseph E. Hansen Married Saturday

Baskets of assorted fall flowers provided a beautiful setting for the wedding of Caroline Aspelin and Joseph E. Hansen at the First Lutheran Church at eight o'clock Saturday evening. The bride is the daughter of A. O. Aspelin of Thief River Falls, and the groom is a son of Mrs. Edward Hansen of Inverness, Montana. Rev. Carl F. Johnson performed the single ring ceremony in the presence of one hundred relatives and friends.

Mrs. Lowell Nesse of Grand Forks was at the organ for a prelude of nuptial music and also provided the accompaniment for Marvin Sandberg of Holt as he sang "O Perfect Love" before the ceremony and "Crown With Thy Benediction" after the exchange of vows.

As Lohengrin's Wedding March was played, the bride proceeded to the altar on the arm of her father, by whom she was given in marriage. She wore a bridal gown of white satin with net yoke, beading on the bodice, and skirt extending into a full length train. She wore a fingertip veil and carried a shower bouquet of red Better Times roses, feathered carnations and white 'mums. Petals of pink silk from a flower which her mother had carried at her wedding, were pinned to the brides' handkerchief. Her only jewelry was a two-strand pearl necklace, gift of the groom.

Mrs. Iver Larson of Thief River Falls, sister of the groom, was matron of honor. She wore a floor length gown of pale green satin, a tiara of yellow 'mums, and carried a shower bouquet of tangerine roses and bronze and yellow pompons.

R. Oscar Hendrickson of Moorhead, cousin of the bride, was best man and the ushers were Lowell Nesse of Grand Forks and Marvin Larson of Karlstad.

The mother of the groom was attired in a black crepe dress accented with a corsage of gardenias and red garnet roses.

Light green and white were the colors used in decorating the church parlors for the reception, with Bethany Circle of the First Lutheran Cuhrch in charge of the serving. Tall candles and a beautiful wedding cake centered the bridal table at which thirty guests were seated.

Mrs. Anne Johnson cut the wedding cake and Mrs. Esther Rolland of Grand Forks and Mrs. C. W. Mattson of this city poured, Mrs. James Thorstad had charge of the guest book and the gift table was arranged by Mrs. Hans Stensgaard and Mrs. Oscar Bakke. Mrs. Henry Hansen of Joplin, Montana, was in charge of the corsages and boutonnieres.

The bride was a teller at the Marshall County State Bank for several years and for the past year has been employed at the Northern State Bank in Thief River Falls. Mr. Hansen is engaged in grain farming at Inverness, Montana, and is also a rural mail carrier. The newlyweds will be at home at Inverness after November 15.

Arlyce Prigge Becomes Bride of Milton Myrum

Miss Arlyce Joy Prigge, daughter of Mrs. Charles Prigge of Oklee, and Milton L. Myrum, son of Mrs. Gunda Myrum, also of Oklee, exchanged marriage vows in a double ring ceremony at Oak Park Lutheran Church on Sunday afternoon, October 26. Rev. Halvard Lie officiated.

The bride wore a gown of white satin, with long sleeves and floor length skirt. She wore a fingertip veil and carried a colonial bouquet of Better Times roses surrounded by feathered carnations and tied with streamers and love knots. Miss Marjorie Prigge attended her sister as maid of honor in an orchid formal and carried a colonial bouquet of yellow roses surrounded by lavendar 'mums and yellow pompons. Lloyd K. Myrum, brother of the groom, was best man.

A reception at the home of the bride's mother following the ceremony, with 20 guests in attendance. Mrs. Thomas Landowski, aunt of the bride, cut the wedding cake, and Mrs. Gilbert Burstad, aunt of the groom, poured. Assisting hostesses were Mrs. Lewis Mandt, Mrs. Uggerud, and Mrs. Herb Wagner.

Miss Darlene Berg is Engaged to Loren Thoreson

Mr. and Mrs. Albert Berg of Grygla announce the engagement of their daughter, Darlene Yvonne, to Loren A. Thoreson, son of Mr. and Mrs. Alfred Thoreson of Goodridge. The wedding date has not been set.

Beverly Stenvik, Duran Kirschman Wed on Saturday

Bouquets of assorted 'mums graced the altar of Trinity Lutheran Church for the wedding ceremony which at three o'clock on Saturday afternoon united in marriage Miss Beverly Ann Stenvik, daughter of Mr. and Mrs. Harold Stenvik of Thief River Falls, and Duran Kirschman, son of Mr. and Mrs. Earl Kirschman of Red Lake Falls. Rev. G. S. Thompson prompted the exchange of vows in a double ring ceremony.

Mrs. Art Hamilton of Thief River Falls played the organ prelude, and preceding the ceremony, Rev. Ernest Norquist of Red Lake Falls sang "The Lord's Prayer" and "Because". As the couple knelt for the benediction, Rev. Norquist sang "O Perfect Love."

The bride, given in marriage by her father, was lovely in a gown of bridal satin, designed with panel of lace extending at the front of the gown from neckline to hem, Peter Pan collar, long sleeves edged with nylon pointed over the hand, and full skirt with train. A crown of seed pearls secured her fingertip veil of illusion net edged with lace. The bride carried a shower bouquet of red roses with garlands of feathered carnations tied with satin streamers and love knots. Her only jewelry was a gold locket belonging to her mother.

Attired in a formal gown of lime green taffeta, Miss Stenvik attended her sister as maid of honor. She wore gauntlets and a headband to match her gown and carried a fan bouquet of roses and 'mums with a background of lime green net, and tied with gold and green streamers.

Miss Vivian Kirschman, sister of the groom, was bridesmaid. She wore a gown of gold taffeta, styled identically with that of the maid of honor, wore gauntlets and a headband to match her gown and carried a similar fan bouquet.

Best man was Ernest Vatthauer, friend of the groom, and the groom's other attendant was Arnold Keim of Red Lake Falls. Chester Solberg, brother-in-law of the bride, and Francis Schmitz, brother-in-law of the groom, served as ushers. The groom and the other gentlemen of the bridal party wore white carnations in their lapels.

Mothers of the bride and groom wore blue suits with black accessories and each had a corsage of roses and assorted 'mums.

Approximately 125 wedding guests were entertained in the church parlors by the parents of the bride. Tall lighted tapers provided illumination for each table and the bridal table was centered with an arrangement of fresh flowers at either side of the three tiered wedding cake topped with bride and groom figurines. Mrs. Florence Stenvik, aunt of the bride, was in charge of the reception, and the waitresses were Adeline and Yvonne Stenvik. Mrs. Virgil Sunsdahl cut the wedding cake and also poured the coffee. Mrs. Chester Solberg and Mrs. Francis Schmitz arranged the gift table and Marcella Haugen registered the guests.

As the couple left on their wedding trip, the new Mrs. Kirschman was wearing a purple wool dress, with brown accessories and the corsage from her bouquet. They will return in a week to make their home on the groom's farm near Red Lake Falls. Since her graduation from Lincoln High School this spring the bride has been employed as bookkeeper at the local Paint and Glass Supply.

Grygla Couple Observe 50th Anniversary

Mr. and Mrs. Walter R. Dougherty of Grygla observed the fiftieth anniversary of their marriage with open house at their home on October 19. Many friends and neighbors called during the afternoon to offer congratulations and extend their best wishes to the couple.

The home was gayly decorated with gold streamers and a bouquet of garden flowers, brought by Mrs. Albin Dahl of Goodridge, was the centerpiece for the serving table. The three-tiered wedding cake iced in white and topped with gold bride and groom figurines, was cut by Mrs. Harland Lee and Mrs. John Rustvold, close friends of the couple. Mrs. Ordean Anderson had charge of the guest book and Mrs. Orville Dahl and Mrs. Ray Dougherty poured. Lunch was served by the Northwood Ladies Aid.

On October 22, 1902, Mr. Dougherty claimed as his bride Miss Mary Ingebretson of Fertile. They resided near Hawley until 1911 when they homesteaded near Grygla. They have nine children, thirteen grandchildren, and four great grandchildren. The children are Mrs. Roy (Florence) Melick of San Gabriel, Calif.; Mrs. Maurice (Delia) Fish of Seattle; Mrs. Ted (Violet) Argeles of Seattle; Mrs. Matt (Hazel) Wallwert of Seattle; Miss Delores of Seattle; Miss Margaret of Fergus Falls; Mrs. Wm. (Faye) Humphreys of Knoxville, Tenn.; Lloyd and Ray at home.

Miss Arlene Hovet Plans November Wedding

Mr. and Mrs. George Hovet of Goodridge announce the engagement of their daughter, Arlene Mae, of South Milwaukee, Wisconsin, to Willie Lee Fox of St. Helena, Kentucky. The wedding will take place on November 22.

Betty Jean Matzke To Wed Ardell Liden

Mr. and Mrs. Harold G. Matzke announce the recent engagement of their daughter, Betty Jean, to Ardell W. Liden, son of Mr. and Mrs. Oscar Liden of Thief River Falls. The date for the wedding has not been set.

Local Man is Married at Morris Oct. 18

Marriage vows were exchanged by Miss Beverly Grossman, daughter of Mr. and Mrs. William Grossman of Hancock and Roland R. Rainford, son of Mr. C. R. Rainford of Billings, Montana and Mrs. A. Romsland of Thief River Falls, in the Church of the Assumption in Morris at ten o'clock Saturday morning, October 18th. The double ring ceremony was performed by Father Raymond C. Jacques, followed by the nuptial mass. Yellow, orchid and white chrysanthemums provided the floral setting for the event.

The organist, Mrs. A. J. Giesen, played the Lohengren wedding march for the processional and Mendelssohn's march for the recessional. Miss La Don Dushabek of Minneapolis sang the following selections: "Our Father," Schubert's "Ave Maria," "Panis Angelicus," and "Oh Lord, I am Not Worthy."

The bride, given in marriage by her father, wore a gown of ivory satin with brocaded fitted bodice, tiny self covered buttons down the front, a mandarin collar, and long sleeves which extended to points over the wrists. The full gathered skirt with lace insert down the front, flowed gracefully into a long train. She wore a fingertip veil of silk illusion net, attached to a coronet of pearls, and carried a Colonial bouquet of white chrysanthemums and pompons, tied with ivory satin ribbons. She also carried a pearl rosary, that formerly belonged to her Grandmother Grossman.

The bride was attended by her sisters, Miss Corinne Grossman as maid of honor, and Miss Sharon Grossman as bridesmaid. They wore identically styled floor length gowns of nylon net over taffeta, with fitted lace jackets and lace hats. Corinne's dress and hat were yellow and Sharon's were orchid. Their Colonial bouquets were yellow and orchid chrysanthemums, tied with matching ribbons, and they carried pearl rosaries, gifts from the bride.

Attending the groom as best man, was Bruce Hall of Thief River Falls, and Shun Sakuma of Minneapolis was the other attendant. The ushers were Primus Grossman of Minneapolis and Lyle Tollerud of Fergus Falls and the U. S. Navy. They, together with the groom and the father of the bride, wore white jackets and black trousers and white carnation boutonnieres.

The bride's mother wore a purple velvet suit and hat with black velvet accessories, and her corsage was yellow roses and white 'mums. The groom's mother wore a beige suit with brown accessories and her corsage was bronze roses and white 'mums. His grandmother Mrs. Andrew Kifel of Aberdeen, S. D., was dressed in brown.

The reception dinner was given by the bride's parents in the church parlors to 75 guests. A color scheme of orchid, yellow and white was carried out in the decorations. The bridal table was centered with a three-tiered wedding cake, topped with a miniature bride and groom.

The wedding cake was cut by Mrs. Wilbur Bon of Minneapolis, aunt of the bride. The waitresses were Mrs. William Schmidgall of Hancock, Mrs. Harry Barth of Cedar, Mrs. Dale Lynch of Hopkins, and the Misses Joyce Geraghty and Carolyn Broghammer of Minneapolis. They received yellow aprons as gifts from the bride. Mrs. R. J. Kohlstat and Miss Doris Drayna of Minneapolis, were in charge of the gifts and gift book, respectively.

For going away, the bride wore a blue knit dress, that she had knit herself, and black accessories. The couple went to Billings, Montana on their wedding trip.

The bride is a graduate of the Hancock high school and The College of Medical Technology in Minneapolis. She is employed in Minneapolis. The groom is a graduate of the Thief River Falls high school and the Gale Institute, Minneapolis. At the present time, he is serving in the U. S. Navy.

Marlene Bowman, Earl Besaw, Jr. Exchange Vows

In a double ring ceremony at the Center for Continuation Study Chapel, University of Minnesota, at 8 o'clock on Saturday evening, September 27, marriage vows were exchanged by Marlene Marie Bowman, daughter of Mr. and Mrs. Charles L. Bowman of Thief River Falls and Earl George Besaw, Jr. of Kaukauna, Wisconsin. Seventy-five guests were in attendance. The service was read by Rev. Arnt L. Halvorson of Hope Lutheran church before an altar graced with ferns and floral bouquets and lighted candelabra.

As the guests assembled, a prelude of nuptial music was played by Mrs. Richard Dubbe. Marge Sampson sang "Because" before the ceremony and "The Lord's Prayer" during the benediction.

Escorted to the altar and given in marriage by Roman Radniecki, brother-in-law, the bride wore a street length dress of cocoa brown with matching accessories. Her corsage was a white orchid and her only jewelry was a string of pearls, gift of the groom.

Matron of Honor was Mrs. Roman Radniecki of Beaver Bay, a sister of the bride, who wore a moss green dress trimmed in black velvet with black accessories. Her corsage was a lavender orchid.

Andrew Moen of Minneapolis was best man. Donald Kratz of Minneapolis ushered.

The bride's mother was attired in a black dress with peach trim and peach and black accessories. She wore a corsage of salmon colored roses and baby mums.

Following the ceremony a reception was held in the Continuation Center lounge which was decorated with floral bouquets consisting of chrysanthemums, gladiolas, roses and ferns. Centerpiece for the bridal table was a three tier wedding cake topped with a miniature bride and groom.

Miss Donna Schakel of Pella, Iowa, poured coffee and Miss Marty McDermitt of Duluth served punch. Marion Geving of Thief River Falls was in charge of the guest book.

The newlyweds left on their wedding trip immediately after the reception stopping first at Kaukauna, Wisconsin, and then continuing through northern Wisconsin. They are now at home at 3409 Minnehaha Avenue, Minneapolis, Minnesota.

Nuptial Vows Exchanged in Double Ceremony

Our Redeemers Lutheran Church at Badger was the scene of a double wedding on Sunday, October 19, at three-thirty o'clock. Exchanging marriage vows were Miss Beatrice Forst, daughter of Mrs. Arthur Forst of Strathcona, and Godfred Svir, son of Mr. and Mrs. Eddie Svir of Badger; also Miss Frances Raichl, daughter of Mr. and Mrs. John Raichl of Strathcona, and Johnnie Forst, son of Mr. and Mrs. John Forst, also of Strathcona.

Mrs. Gilman Paulson presided at the organ for a prelude of nuptial music, and Miss Lois Hagen was the accompanist for a trio composed of Mrs. Stanley Roadfeldt, Mrs. Leonard Swart, and Miss Helen Burkee, who sang "O Perfect Love," "Crown With Thy Benediction," and "Bless This House."

Rev. G. S. Thompson prompted the exchange of vows for the former couple. The bride wore a gown of white satin with overskirt of lace, & a fingertip veil. Yellow roses, carnations & stephanotis made up the bridal bouquet. Attending the bride was Miss Vivian Svir, sister of the groom, who wore a yellow gown and carried a bouquet of mixed flowers. Karen Torfin of Thief River Falls was flower girl and Eugene Forst served as ring bearer. Dennis Forst, brother of the bride, was best man.

Rev. V. Mostrom officiated at the Raichl-Forst ceremony. The bridal gown of white satin was styled with lace bodice, long sleeves, Peter Pan collar, and floor length skirt. The bride wore a fingertip veil and carried a bouquet of yellow roses, carnations, and stephanotis. Miss Barbara Svir, niece of the bride, was maid of honor. She wore an orchid gown and carried a mixed bouquet. Helen Ellefson, wearing a yellow formal, was ring bearer. Lubert Forst attended his brother as best man

Parents of the two brides entertained 350 wedding guests at a reception in the church parlors. Among those present were the following from Thief River Falls: Mr. and Mrs. John Hynek and Joe, Mr. and Mrs. Lester Nordhagen, Mr. and Mrs. Virgil Lappegaard, and Mrs. Libbie Gordon.

Mr. and Mrs. Svir are making their home in Thief River Falls where Mr. Svir is employed by the Pennington County highway department. Mrs. Svir is continuing her work as saleslady at the local Montgomery Ward store. Mr. and Mrs. Forst are making their home on their farm at Strathcona.

GIRL SCOUT NOTES

At the regular monthly meeting of the Thief River Falls Girl Scout association, Miss Doris Peterson was chosen president; Mrs. H. O. Chommie, vice president; Mrs. Frank Clinton, secretary; and Mrs. Fred Mittelstadt, treasurer. Leaders, assistant leaders, troop committee members, and interested adults are members of this association.

The group discussed the forthcoming calendar sale scheduled for November 14-28. It was also decided to serve refreshments at the junior high rally in this city on Saturday, November 1 in the city auditorium. Dates for the next meetings were fixed at November 24 and January 5, 1953.

A craft session followed at which Miss Stella Tostenson displayed several crafts suitable for Brownie, Intermediate, and senior girls.

Former City Resident Dies in California

Word has been received that Otis J. Dokken, former resident of this community, passed away October 20 in North Sacramento, Calif.

Mr. Dokken retired from the Soo Line in September 1931 and moved to California where his sons reside. Mr. Dokken was born in Mason City, Ia., in 1881 and came to Thief River Falls as a young man. He married Miss Jeannette Wilson in 1911. Mr. and Mrs. Dokken were the parents of four children: Wilson M. and James W. both of Sacramento, Calif., and Nyal and Corlan of Washington, D. C.

Mr. Dokken was a member of Trinity Luteran Church, Thief River Falls, for a number of years, and was a member of the Lutheran Church of the Good Shepherd of Sacramento. Pastor R. Aga, a former resident of Thief River Falls officiated at the funeral. The pallbearers were: Mr. Hardy Bothun and Mr. H. G. Husby (both one time Thief River Falls resident) Mr. Melvin Helmer and Mr. Norman Anderson both from Fargo, N. D., and the two sons, Wilson and James.

Services For Mrs. Otto Haack Hed at Grygla

Mrs. Otto Haack passed away October 24 at St. Paul, where she had made her home with her daughter, Mrs. Louise Bower, for the past six years. Rosary was said at the Gulbranson Chapel at eight o'clock Monday evening and funeral services were conducted at ten o'clock the following morning by Rev. Keough Patnode at the Catholic Church at Grygla.

Mrs. Haack was born at Beaver Falls, Minnesota, December 11, 1870, the daughter of Mr. and Mrs. Joseph Kartak. The family later moved to Redwood Falls. On February 22, 1895, she married Otto Haack at Marshall, Minn. They farmed in that community until 1914 when they moved to a farm near Grygla. They remained there until the death of Mr. Haack in 1933, and since that time Mrs. Haack had made her home with her children.

Surviving are three daughters and four sons: Mrs. Alice Hall and Mrs. Hattie Olson of Minneapolis; Mrs. Louise Bower of St. Paul; Otto Jr. of Wadena; Bennie of St. Paul, Leonard and Francis of Grygla. Thirteen grandchildren and 4 great grandchildren also remain.

Services For Tyler Wold to Be Held Thursday

Funeral services for Tyler A. Wold are scheduled for two o'clock Thursday afternoon at Sateradal Church. Rev. J. O. Jacobsen will have charge of the service at the Gulbranson Chapel at one o'clock and Rev. J. Helland will conduct the services at the church. Mr. Wold was 75 years of age at the time of his death on October 25.

Mr. Wold was born in Stavanger, Norway, January 19, 1877, and came with his parents to the United States in 1880. They settled in Becker county and later moved to Fosston where they homesteaded in Eden township. In 1900 they homesteaded in Agder township where they farmed until they moved to Thief River Falls in 1920.

He is survived by two sisters and three brothers: Mrs. Inga Larson of Trail; Mrs. Victor Trochman; Ingvald and Adolph Wold of Thief River Falls; and Selmer of Trail.

Mrs. Lappegaard, Norden Pioneer, is Laid to Rest

Mrs. Mary Lappegaard, a resident of Norden township for the past 69 years, passed away at a local hospital on October 23. She was 82 years of age. Funeral services were conducted at the Gulbranson Chapel at two o'clock Monday afternoon, with Rev. J. O. Jacobsen in charge.

Mrs. Lappegaard was born in Gulbransdalen, Norway, April 16, 1870. She came with her parents to the United States in 1883 and they homesteaded in Norden township.

She was employed in Crookston for a number of years before she married Ole Lappegaard in 1887. They established their home on a farm in Norden township and lived there until Mr. Lappegaards' death in 1938. For the past twelve years, Mrs. Lappegaard had been nearly blind.

The survivors include three daughters and six sons: Mrs. Henry Carlson, Mrs. Clarence Dicken, Otto, Henry, and Clarence Lappegaard of Thief River Falls; Mrs. Pete Mellem of Newfolden; Albert of Rosewood; Olaf of Minneapolis; and Edwin of South Bend, Kansas. A sister, Mrs. Thea Nygaard of Brainerd, and a brother, Peter Myrom of Seattle, also survive, as well as 31 grandchildren and 40 great-grandchildren. Besides her husband, she is preceded in death by a son, Hans, and a daughter, Mabel.

Former Agent of YCC Is Sentenced at Little Falls

A former Youth Conservation Commission agent began serving a reformatory sentence last week after pleading guilty at Little Falls to a statutory charge involving a Pennington County youth, age 16.

The former agent Donald M. Rafftery, pleaded guilty to the charge when he appeared last Wednesday before District Judge W. F. Rogosheske.

Judge Rogosheske imposed an indeterminate sentence to the state reformatory at St. Cloud. Rafftery was taken to St. Cloud by sheriff's office personnel.

Rafftery was picked up in Little Falls and admitted the offense, reportedly committed in that city.

Confirmation of Six Adults Slated at Trinity Sunday

Dedication of Parish Education Building Is Scheduled November 23

Confirmation of a class of six adults will take place at the 10:30 A. M. service next Sunday at Trinity Lutheran church. Holy Communion will also be celebrated at the service.

The rite of confirmation is administered at the close of a period of instruction during which the teachings of the Christian church have been the subject of the studies.

"Final stages of the work on the new parish education building at the church, as well as the extensive remodeling and repair of the church building, are being pushed as rapidly as possible," it was stated by the Rev. G. S. Thompson, pastor of the church.

He announced that Sunday, November 23rd, has been set for the dedication of the new building and a new memorial artglass chancel window. Dr. J. A. Aasgaard, president of the Evangelical Lutheran Church, will perform the dedicatory rite. Former pastors of the congregation will also be present to assist in the services.

Local Vocational Teachers Taking Three-day Course

Professor Harold T. Widdowson of the University of Minnesota is conducting a three-day training session in this city today thru Friday for vocational teachers of the local schools and for prospective teachers coming from the trades. C. W. Pope, director of the area vocational school, stated that the pre-service group will meet at the school each day from 4 to 6 p. m., while the in-service group will meet from 7 to 10 p. m. in Lincoln high school.

Rev. Thompson Is Board Member of Concordia Corp.

Seven directors of the Concordia College corporation were elected at the annual meeting on the Concordia campus at Moorhead last week.

Elected were Rev. G. S. Thompson of Thief River Falls; Rev. E. G. Stolan of Little Falls, Dr. David O. Berge of Roseau; and E. R. Johnson, Fergus Falls from the northern Minnesota district; E. T. Paulson of Fargo and Robert Borstad of Minot, from the North Dakota district, and Rev. Norman Benson of Scobey, Mont., from the Montana district. They were elected for six year terms.

Sales of Defense Bonds up in State

Total of $42,200,000 Sold to Date This Year

U. S. Defense Bond sales in Minnesota during September continued an upward trend for the fourth consecutive month.

Series E and H dollar volume last month was $4,569,000 compared to $3,671,000 a year ago, a gain of almost 25 per cent. Series H bonds which were first introduced to the market last June, made up less than 10 per cent of the total.

Cumulative sales for 1952 were $42,230,000 as compared to $41,035,000, a net gain of $1,195,000 or about 3 per cent over the same period in 1951.

Nationally, sales of E and H bonds during September came to $290 million as compared to $229 million a year ago. This was a gain of approximately 26.6 per cent.

Defense Bond sales for Pennington county, in the Series E and H category amounted to $17,358 during September. No last year's figures for comparison were available because of the bond drive which was in progress at that time. During the 1951 campaign county sales were handled on a weekly basis.

C. & C. Staff Issues Halloween Paints and Brushes

The Civic and Comerce office in the Auditorium was a busy place last Thursday and Friday when the staff distributed paints and brushes to nearly 300 children participating in the highly successful Halloween window painting project. Facing the camera in background are Mrs. Hazel Maves, assistant to Glenn Carlson, C. & C. secretary, center, and Wayne Gunderson, right. Members of the Lions club, co-sponsors of the contest, also assisted in issuing materials.

District Parley of PTA Slated at East Grand Forks

The 16th district of the Minnesota Congress of Parents and Teachers will hold its fall conference at the high school in East Grand Forks on Saturday, November 1. Registration will be at nine o'clock and adjournment at four o'clock. Twenty five delegates from Thief River Falls are expected to represent the local PTA groups.

Gary Smith of Lincoln High School will take part in a round table discussion, the topic being "The Community in Adolescence Guidance."

Mission Parley in City Next Week

Local Covenant and Free Churches to Participate

Mission Covenant and Evangelical Free churches of this city will join in the Valley-wide missionary conference with services here next week and over Nov. 9. Monday, Wednesday and Friday nights, next week, are in the Covenant church while Tuesday, Thursday and Nov. 9th evening services are in the Free church.

Mildred Olson, Unalakleet, Alaska, speaks Monday night; Geraldine McRoberts, Venezuela, South America, Tuesday; Robert Verme, Japan, Wednesday; H. E. Sodergren, Minneapolis preacher who is the Free church's district superintendent in this area, Thursday; and a worker from Fort Frances, Ontario, Friday.

Next Sunday night, 7:45, Pastor Daniel K. Ost, McAllen, Texas, with the Christian Fellowship Union, representing work among Mexicans in Texas and Mexico will speak in a joint service of the Free and Covenant churches in the latter church on First and Markley.

Clarence W. Pope Heads State Unit

C. W. Pope, director of the Thief River Falls area vocational school, was elected president of the Minnesota Trade and Industrial association, one of the larger subdivisions of the Minnesota Vocational association, at its annual meeting in St. Paul last week, in conjunction with the state teachers convention.

The group meets each Thursday at the First Methodist church in Bemidji. Marilyn, a senior at BSTC, also represented the Foundation at the state planning conference in Minneapolis October 20 and 21.

PUBLIC OPINION

Editor Times—

I would like to add a postscript to the letter of Ordean Anderson which appeared in your paper two weeks ago.

It is little wonder that we on the farms do not welcome the deluge of hunters. Yesterday two of these rugged sportsmen flushed a bird out of the grove surrounding our house — an achievement about equal to shooting chickens in a henhouse, since we never disturb these birds ourselves. They are unafraid and it is not uncommon for them to come up and scratch in the straw banking around the house in winter.

At any rate, these two huntsmen were blasting merrily away in our backyard. Less than an hour earlier our little daughter had been playing along these same woods. They hadn't "noticed" that it was posted, altho they were within 50 feet of a NO HUNTING sign—and called my attention to the fact that there were not additional signs every 30 rods. (There had been. But some earlier sportsmen had artfully legalized their hunting by removing the signs.) We farmers have other things to do than go out tacking up signs every day.

I wonder what kind of a reception we would receive if we were to tramp all over their yards and start shooting amongst THEIR children.

I have the auto license number of these two offenders and am saving it until I have a larger collection.

Indignantly yours,
Mrs. Ray Hector,
Grygla, Minn.

Editor Times:

There is no need for, nor any likelihood of any raise in auto license fee or gas tax, nor will the State highway system be financially starved if Amendment No. 5 is passed as is being ballyhooed by enemies of this Amendment.

In 1949 the Legislature increased motor vehicle and gasoline taxes intending that the secondary roads would receive a larger division of these funds. We will feel that we have been deceived if, now in 1952 Amendment No. 5 should be defeated.

The principal source of revenue for County and Township roads are now primarily maintained by County and Township property taxes, but within the limits of reasonable taxation it is almost impossible to build and maintain our rural road system to take care of present day traffic.

Farming has changed completely from the horse age. The farmer is almost completely dependent upon the automobile and truck. Agriculture, rural trade, and rural education should not be retarded by mud and snow bound roads.

Amendment No. 5 provides a fine lift for rural roads and city streets alike. Minnesota folks both urban and rural are dependent on each other and have everything to gain and nothing to lose, and should all vote YES on Amendment No. 5.

HALVOR R. OFHUS,
Brooks, Minn.

'53 Chrysler Cars Shown Thursday at Bishop Auto Co.

Attractive Body Lines Feature New Models Now Going on Display Here

Chryslers for 1953 feature entirely new and beautiful body styling with long, low lines which emphasize the length and width of the cars. The new models go on display Thursday at the Bishop Auto Co., in this city.

"These cars, we know, will set the new highway fashion for 1953," reports J. A. O'Malley, vice president and general sales manager, Chrysler Division, Chrysler Corporation.

"The new, sleek bodies in combination with proven engineering advances such as the revolutionary 180-horsepower V-8 Chrysler FirePower engine, full-time power steering, fluid torque drive, power brakes and Oriflow shock absorbers make these the finest, most luxurious cars Chrysler has ever produced.

"In addition, this year Chrysler introduces a 12-volt electrical system designed to meet the higher electrical loads imposed by the increasing use of new electrically operated equipment."

The 1953 Chrysler will be offer in six models with a total of twenty body styles. The lines this year are the Windsor, Windsor DeLuxe, New Yorker, New Yorker DeLuxe, all on an 125½ inch wheelbase; Custom Imperial with a wheelbase of 133½ inches and the Crown Imperial line with a wheelbase of 145½ inches.

The Windsor is available in six passenger sedan, club coupe, Town and Country wagon and 8-passenger sedan models; the Windsor Deluxe in a choice of six passenger sedan, special Newport club coupe and convertible coupe models. New Yorker models are available in six-passenger sedan, club coupe, special Newport club coupe, Town and Country wagon and 8-passenger sedan; and New Yorker DeLuxe models are available in six-passenger sedan, special Newport club coupe and convertible coupes.

The Custom Imperial is available in six-passenger sedan and four-door Town limousine models. The Crown Imperial is available in either the 8-passenger sedan or the limousine model.

Junior Red Cross to Stage Membership Drive November 1-15

The Junior Red Cross membership campaign in the schools of Pennington county has been set for November 1 to 15, it was announced today by Mrs. Robert Nick, who has succeeded Mrs. Ted Mills as chairman of the junior organization.

Mrs. Edith Sandum has been appointed rural chairman and Mrs. Ray P. Jude heads the drive in the Thief River Falls schools.

Junior Red Cross, a division of the International Red Cross, is the largest youth organization in the world, numbering 20 million members in most countries of the globe. President Woodrow Wilson invited the school children to join the American Red Cross as a junior membership and to contribute their work toward humanitarian goals.

Enrollment in Junior Red Cross is carried on in public, private and parochial schools. No individual fee is required, and no one is ever excluded because of inability to give money toward group enrollment. Children are encouraged to earn their contributions. The primary emphasis is upon service to others.

Junior Red Cross performs many services, local, national and international. They supply comfort and recreational articles for local hospitals, children's homes, veteran's hospitals and service men over seas. They are organized into fire and disaster brigades to assist in case of local needs.

The organization aids in the rehabilitation of students in foreign lands by sending school supplies, soft toys and by exchanging art work and correspondence albums with students in schools of other lands.

Two years ago the U. S. Office of Education formally recognized the American Junior Red Cross as the best channel through which students in the United States can assist in the educational rehabilitation of children abroad.

Honor Dairymen Are Announced at Moorhead Nov. 23

(Continued from page 1)

ery; Mr. and Mrs. Bergman Folden, Holt, Newfolden Co-op. Creamery; Mr. and Mrs. Charley Lessard, Brooks, Oklee Co-op. Creamery; Mr. and Mrs. Carl M. Lund, Gully; Mr. and Mrs. Basil Stavenes, Grygla; and Mr. and Mrs. W. E. Waltonen, Middle River.

Announcement also was made at the banquet of winners in the men's and ladies' butter judging contests, while Myron W. Clark, state commissioner of agriculture, reported on the winners of the association's butter contest.

Principal speakers at the afternoon session were Mr. Cole and John Brandt, president of Land O'Lakes Creameries, Minneapolis.

Brandt said, "The procedure that dairymen must follow if dairy products are to maintain *a dominant position in the human diet* so far as consumer preference is concerned is not one of adoption of prohibitive legislation against the manufacture and sale of a substitute product but one of a positive nature requiring proper identification."

He called for an aggressive, forward-looking research and merchandising program in order "to place dairy products in a position where they will receive acceptance as a truly nutritious, indispensible and healthful food."

The oleomargarine tax was cited by Brandt as a failure that "was its own undoing." He described prohibitive legislation or compromising taxation against substitutes for dairy products as "only temporary expedients bound to fail in the long run."

Roadside Weed Mowing Is Urged

A special effort to complete mowing of roadside weeds and brush before heavy snowfall, especially on township roads, was urged today at University Farm by Sig Bjerken, supervisor of weed control, Minnesota state department of agriculture.

He pointed out that roadside mowing will make snow removal easier this coming winter and thereby help keep roads open for school buses, trucks and the general public.

Bjerken urged everyone to assist county and township boards in getting this job done.

Educators Elect Moorhead Man at St. Paul Meeting

Dr. Joseph Kise Named President of Minnesota Education Association

Nearly 15,000 teachers and other school staff members attended the biennial convention of the Minnesota Education association in St. Paul last Thursday and Friday. The huge gathering taxed the resources of the capital city to the limit.

At the concluding session of the MEA, delegate assembly, which preceded the convention, Dr. Joseph Kise, Moorhead, was elected president of the association, succeeding Supt. Morris Bye of Anoka who presided over convention sessions. Harold Larson, Excelsior principal, was named vice president.

Dr. Kise, chairman of the division of social studies at Moorhead state teachers college, is a past department commander of the American Legion.

Principal speaker at the Friday evening session was Quentin Reynolds, noted news analyst, who discussed the world situation.

The delegate assembly, governing body of the state teachers group, voted to ask for an increase of $30 per pupil unit in state aid, from the present $70 to $100.

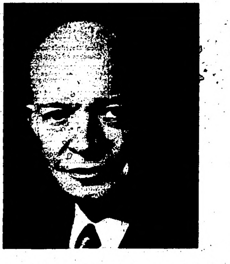
A Message for Americans from Gen. Eisenhower



"Once before I had the honor and duty of leading a crusade for human courage and dignity—in Europe during World War II. That crusade was not won by generals and admirals, but by the blood and effort of American GI's and all the other forces which fought for Freedom. Now, in 1952, a different call to duty has honored me—as Republican nominee for President of the United States.

"This time the effort is civilian, not military. But again the crusade will be won, not by me or by political leaders, but by everyday Americans who value their national heritage and are willing to go to the polls and protect it.

"This Is A Crusade To:

- *Sweep out of the government the corruption and the scandal which brought us this dishonor at home and disrespect abroad,*
- *Banish the subversives and incompetants who have crucified both public service and good public servants,*
- *Build a strong economy not based on war,*
- *Save our great, free nation from the reckless policies which are leading America down the road to bankruptcy, Socialism and possibly World War III*

"America needs you in this civilian crusade.

"I hope that you, too, believe the time has come for a complete change in our national leadership, a change which will result in courage, integrity, and faith in American Government.

"I Invite Your Support November 4.

Green Wave Engulfs Prowlers 30 to 7 in Homecoming Contest

Coach Harold Sullivan's East Grand Forks football team, with fullback Ron Jeffrey doing the pitching and end Darrel Winlaw doing the receiving, and with left halfback Howie Stallmo piling up yardage on sweeps around the flanks, defeated the Prowlers, 30 to 7, in a district game played on the local field Wednesday night. The game, which was the season's finale for the Prowlers, and their Homecoming game, gave coach Ralph Skjod's squad a record of three wins and four losses.

East Grand Forks, defending the east goal, received the game-opening kick-off and in eight plays had registered a touchdown. A well-executed pass, from Jeffrey to Winlaw, which carried from mid-field to the locals' 10-yard line, was the big factor in the Wave's touchdown drive. From the 10, Stallmo, after losing six yards at left end, came back to sweep right end to the 2, and then Jeffrey pounded over the guard for the td.

The Prowlers, putting together five consecutive first downs, drove from their own 38-yard line, after Mike Hajostek had made a 22-yard return of the kickoff, to the East Grand Forks' 7-yard line, with first down and goal to go. Dick Kruse gained three yards on a plunge into line; Hajostek tried tackle and gained a couple of yards, driving to the 2-yard line. Hajostek was held for no-gain at left tackle; and on a fourth down play, Sid Vraa, on a sneak at center, was stopped on the 1-foot line.

After the Prowlers, opening the second period, had their second sustained drive stopped by the Green Wave, Coach Sullivan's team, with Stallmo doing some fine end-running, carried to the Prowler 5-yard line. Stallmo was thrown for a five-yard loss at left end, but on the next play, Jeffrey found Winlaw with a pass into the end zone, and the Green Wave held a 12 to 0. Stallmo's kick for the conversion point was blocked, as was his try after the first East Grand Forks tally.

Injuries hampered the Prowlers in the second half, with the locals losing quarterback Sid Vraa early in the third period. And Mike Hajostek, who shifted from left halfback to quarterback, left the game because of a leg injury late in the third period.

East Grand Forks racked up their third touchdown when Jeffrey, from the Prowlers' 42-yard line, fired a pass to Winlaw, who made the catch on the 20-yard line and scampered for the touchdown. Stallmo's placement kick was below the uprights. The Green Wave added a second touchdown in the period when Stallmo, after being instrumental in carrying the ball to the locals' 3-yard line, skirted right end for the td. East Grand Forks' Jim Carney plunged through the line for the point, but the play was nullified and a clipping penalty assessed against the East Siders. A pass, from Jeffrey to Winlaw, failed by inches to add the conversion point.

A recovery of a Prowler fumble by Jim Cash on the locals' 31-yard line, set up East Grand Forks' final touchdown. On the first play from scrimmage in the fourth period, reserve halfback Floyd Sye circled left end for the score.

The Prowlers avoided a calcimining by scoring their lone touchdown midway in the final period. A blocked fourth-down kick gave the locals the ball on the East Grand Forks 44-yard line. Duane Prestby broke through right tackle for a 31-yard gain. Bob Helgeland, who played a stand-out game, and Wayne Kotaska ran for a first-down on the 1-yard line. Larry Gilbertson, playing at quarterback, sneaked through center for the score, and Helgeland, on a hand-off, slid through the line for the point, bringing the game score to 30 to 7 for the Green Wave.

The summary:

CLEARWATER LUTHERAN CHURCH FESTIVAL SUNDAY

The Clearwater Lutheran church will hold its annual harvest festival Sunday, Nov. 2, at 2 p. m. The speaker will be a pastor from Concordia college. Ladies aid will serve lunch.

Keeping Score with "Huck" Olson

A Rebuilding Season in Prospect

With the football Prowlers losing such sturdy boys as Rog Dorn, Bill Maruska, Duane Lawrence, Mike Hajostek, Cal Vraa, LeRoy Aasland, Larry Gilbertson, and Wayne Kotaska by graduation from the squad that closed its season by losing to East Grand Forks last Wednesday night, the losses are considerable. But the turnover isn't nearly as great as last year when, except for Rog, Bill, and Mike, the entire squad bade Lincoln high fond adieu.

Next year's backfield prospects are adequate, with Sid Vraa, Bob Helgeland, Duane Prestby, Sambo Kruse, Lyle Guttu, and Darryl Durgin returning. Guttu, who missed the last four games on this year's schedule because of an ankle injury, is expected to bolster the Prowlers running attack next season. The ankle, though, continues to be troublesome, and it hasn't responded to treatment as expected.

With Dorn and Maruska missing, both of whom have been line bulwarks for the past several years, it is evident that head coach Ralph Skjod and assistant Bob Nick will be facing a line-building problem. And the prospects coming up from Quent Jones' and George Bale's juniors do not have the bulk to fit into the jerseys of Rog or Bill.

Incidentally, with a number of "home" games on the 1953 schedule, it is hoped that the lighting system of Lincoln field will be renovated.

Hockey Notes

About the only thing that can be observed on the senior hockey horizon is the opening date of play in the Northwest Hockey league. The circuit, which is now a definite six-team loop, with Hallock being certified as a league member, will begin its schedule on Dec. 21st.

On that date, Dec. 21st, the Thieves will play the Grand Forks Redwings at Grand Forks. The home opener is billed for Dec. 28th, with the league-playoff champions, the Roseau Cloverleafs, providing the opposition.

The local team make-up is still somewhat nebulous, but there is a director's meeting slated for this evening, and a team representative will make a trip to Winnipeg this weekend for the purpose of interviewing the "imports." Murray Balagus, the smooth-skating and play-making center-ice player, is the only one of last year's group of "imports" that has been "nailed down" for this season.

There had been some discussion that a Jack McGill, a resident of Detroit Lakes and who is a goalie with professional experience, having played with St. Paul, would be available to assist the Thieves veteran netminder, Greek Swanson. McGill, though, apparently wants a major league salary.

No Game: Sack up the Guns

The complaints of the hunters, who made the trek to the southern part of the state to open the pheasant season, are numerous and bitter. Ev Amundgaard stated the consensus of the hunters when he said that the corn fields were either picked, or plowed, or posted. Ev's party, hunting around Breckenridge, had intended to spend the weekend around there, but after their experiences on Saturday afternoon, they returned here.

And if you have a couple of hours to spare, Fred Mittelstadt will give you enlightening explanation of the hunting experiences of his group as they explored the side-roads and byways around Tracy. Our opinion is that Fred is on the verge of a nervous breakdown, suffering from No Hunting and No Trespassing shock. There are plenty of fellows with such symptoms.

For the Record

When Michigan defeated Minnesota, by a 21 to 0 score, on Saturday afternoon, Phil LeGault and Alex Campbell landed those "fish" they had on the hook. On a cents-per-pound basis, Phil and Alex realized about ten cents per pound on the outcome of the Wolverine vs. Gopher game.

With Michigan State due to enter the Minnesota schedule next year, Phil and Alex contend that will give the local boys two chances of getting "revenge," for Phil and Alex will back the Spartans, too. Such kindness is killing, for with Michigan State rated as the nation's number one team, and with the prospects of another national contender for next year, Phil and Alex should give long odds.

Noted Wrestlers Will Meet in City Auditorium

"Hard Boiled" Haggerty, a colorful 253-pound wrestler, vs. Pete Manganoff; and Otto Kuss of Pine City vs. Tiny Mills of Camrose, Alberta, will feature the wrestling program that will be held at the City Auditorium on Thursday night, November 6th.

As an added, and special, attraction, two of the nation's top-ranking lady wrestlers, Miss Carol Cook and Miss Mars Bennett, will engage in a bout. Miss Cook, listed as weighing 135 pounds, is from Toledo, Ohio; while Miss Bennett, at 140 pounds, is from Detroit, Michigan.

Tree Planting Stock Available in Spring

Minnesota state forestry officials announced today, that about 15,000,000 trees will be available for planting next spring and private land owners and organizations wishing to secure stock should make application at once.

Application forms, price lists and general information are now in the hands of the county agricultural agents, PMA chairmen, state forestry offices and farm foresters.

The tree planting stock is grown at the Badoura state nursery, near Akeley and the General Andrews tree nursery near Willow River. About 12,000,000 conifer trees, such as pine, spruce and fir, and 3,000,000 decidious trees, such as elm, ash, and maple will be ready for distribution next spring. The conifers will cost $10 a thousand and the decidious trees, $8 per thousand. The tree stock will be shipped express collect next spring starting about the second week of April, depending upon the weather.

Individuals and groups interested in planting are urged to contact one of the agencies listed above, or the Division of Forestry, State Office Bldg. St. Paul. Requests for stock will be approved in the order that they are received.

U. S. Legion Makes Appointments

Eighteen Minnesota Legionnaires have been appointed members of National American Legion commissions, committees and boards for 1952-1953, according to word received today by Minnesota Commander Milton G. Boock, Lake City.

The appointments, made by National Commander Lewis K. Gough, include Oscar Lewis, Bagley, area "D" rehabilitation commission; and Cyril Propera, Baudette, education of orphans of veterans committee.

Check Lights for Winter Driving

Longer hours of darkness make good lighting on your car more important than ever, says the Minnesota Safety Council. Every motorist should have the lighting equipment on his car checked now to see that all lights are in perfect working order. Failure to do so may result in a needless accident to you or to someone else. A complete check today can very easily avert a mishap tomorrow.

Urge Adoption of Amendment No. 2

Simplified Revision of State Constitution

The voters of Minnesota will be called upon at the November 4th election to consider a constitutional amendment which is designated as Amendment No. 2.

For many years efforts have been made to call a constitutional convention to revise the state constitution, which contains many obsolete and inflexible provisions. The principal objection which have been made against the calling of such a convention have been that it is not clear that the voters of this state would have an opportunity to pass upon any revised constitution adopted by such a convention and that members of our state legislature are disqualified by the constitution from being delegates to a constitional convention.

The purpose of Amendment No. 2 is to remove these objections. It provides as follows:

(a) Any revised constitution adopted at a Constitutional Convention shall be submitted to the people for their approval or rejection.

(b) Legislators may be delegates to the Constitutional Convention.

(c) Three-fifths of those voting on the question of the revision are required to ratify it.

Amendment No. 2 is neither partisan nor controversial. It merely clarifies a situation which was formerly in doubt and does not provide for the calling of such a convention.

UNITE BEHIND IKE

In a close election contest the result may very well depend on the developments of the closing days, but unless there is some entirely unexpected explosion most of the voters will probably express themselves Tuesday as they think today. And for the first time in a long time we are going to be able to go to bed election night without too much concern about the outcome. Whether it be Ike or Adlai, we are going to have a better man at the head of our government than we have had for many years.

Our preference is Eisenhower and he is our first choice for several reasons.

We believe Eisenhower will do a better job of our No. 1 problem, cleaning house at home. Before our government can command respect among its neighbors it needs a scrubbing down. It needs a wash rather than a whitewash, and some sections of it need a slow march through delousing chambers. Stevenson has recognized this need too, and probably would make a serious effort to do a thorough job. The big-city political machines have too much control over the organization he would inherit however and he would run into road blocks at every turn. This job calls for a new broom.

The buying power of the American dollar is a problem of increasing concern to all of us. It properly is a campaign issue. In recent weeks there has been a temporary increase in the dollar's buying power, mainly at the cost of the American farmer. But concessions that have been made to steel and that are being made behind the scenes this week to coal justify a fear that the dollar is on the skids again.

We have heard brave talk about holding the line on wages and prices but the facts all point to a deliberate policy of inflation by the present administration to maintain the semblance of prosperity. Not once has the present administration held the line under pressure and it is not going to be easy for any future administration to hold that line. We believe however that we will have a more honest attempt to keep the dollar from dropping lower in buying power under a completely new administration that is free to make its own decisions.

Getting along with our neighbors in this little world of ours is by all odds our big long range problem. We don't want to fight all of the world's battles however and we don't want to keep on paying all the world's bills. Our first responsibility in a sound good-neighbor program is to keep our own economy strong. And if we don't work out a satisfactory arrangement with the people who inhabit the rest of this planet and agree on a few rules and regulations and a police force to maintain law and order then it isn't going to make much difference what we do here at home.

No American has been closer to the international problem than Eisenhower. He has done a tremendous job in getting men and nations, divided by prejudices and conflicting interests, to work together. Time and again he has proven his qualities of leadership. He is personally popular among the people of other countries just as he is personally popular here at home. We think he is best equipped to do a job in this field.

And we believe too that no administration can be successful in restoring good government here at home or building good government internationally without a revival of basic and traditional ideals. Both of our major parties are suffering from a lack of character and a lack of vitality. Both are heavily encumbered with embarrassing liabilities.

We like Eisenhower however because he personally is not in a political rut. He comes into the arena as a free agent. His political strength is not in the following of one partisan group. He is the candidate of a cross-section of voters that is broader than party lines. We like him because we believe he would serve more as a national leader than the leader of a party in power.

We prefer Eisenhower because we believe it would be easier for the country and the world to "Unite Behind Ike."

GOOD ADVICE BUT LATE

Says the St. Paul Pioneer Press:

"The Minnesota Taxpayers association has sent a timely letter to candidates for the Legislature reminding them that state expenditures cannot continue at present levels unless finance practices are changed or more tax money is provided. A shortage of 22 million dollars is threatened for the next biennium."

To which we agree wholeheartedly in everything except the "timeliness" of the Association's letter. By our reckoning it comes two, four and six years late, at which times its wise leadership might have made it possible to adopt practices that would have averted the present difficulty.

There were those serving in the last three legislative sessions who urged that surpluses should be treated as savings, to be applied on debts or set aside for permanent improvements, reducing future debts. Practical and honest Ed Thye, when Governor, insisted that the 1945 Legislature set aside 5 million dollars of the state's surplus for a future mental health building program. These 5 millions later rebuilt the institution at Rochester.

In the years that followed however, when the emphasis was on spending, any appeal for sound financing was a voice in the wilderness. If, during the Youngdahl regime, we had used our surpluses wisely, balancing expenditures for current needs with current income, we would now be in a much stronger position financially. The metropolitan press and the taxpayers' association could have been very helful at that time.

Amendments 3 and 4

There is no organized opposition to proposed Constitutional amendment No. 3 and it does have the support of the State Bar Association and other agencies. Its purpose is to remove language in the Constitution that discriminates against the Indian. Maybe it was necessary a hundred years ago. It has no place in the Minnesota Constitution of the present day. You can vote "Yes" to No. 3 with assurance.

Proposed amendment No. 4 has to do with our Probate Courts, established by our Constitution, back in the days when most of the state was unorganized territory, to have jurisdiction over estates of deceased persons and persons under guardianship "but no other jurisdiction except as prescribed by this Constitution." The proposed amendment would give authority to the Legislature, by a two-thirds vote, to establish qualifications for Judges and extend their authority. This amendment is essential to progress in this field and should have your favorable vote.

There is confusion about this business of registering in order to be eligible to vote. The registration requirement does not apply to the rural areas or to the smaller cities and villages. It hurts us to admit that ours is not a large city. Nevertheless it is a fact so do not worry your pretty head about registering. Vote as you please, but vote Tuesday.

Lawyers do have a special interest in our courts and when the members of the State Bar Association conduct a poll among their members and express their preference of candidates for top offices their recommendations are deserving of notice. For this reason we are glad to call attention to a recent bar poll in which the lawyers of the state voted 2,108 to 153 in favor of the re-election of Associate Justice Frank T. Gallagher. The Pennington County bar is unanimous in supporting him. So that's that. We like Gallagher.

Backing up the axiom that farmers must have more than merely a good cause to hold their own in this day of organized action and pressure groups, County Farm Bureaus throughout Minnesota are staging a concerted drive to increase their membership.

Most of the 86 county units have held "kick-off" meetings although plans vary in some counties, due to local harvesting conditions, said A. H. Gredvig, director of organization. An estimated 5,000 volunteers are participating in the roundup of old and new members.

The Farm Bureau policies for the coming year, now being worked out at the annual meetings of the County Farm Bureaus, will be formally adopted at the 34th annual convention of the County Farm Bureau, to be held in St. Paul, November 17-19. At these county meetings, 86 County Farm Bureaus will choose the official voting delegates to represent them at the state convention.

"Best Seller" that's too good to miss

YES, this is a RIVIERA. Sleek and swift-lined, like a convertible. Solid-topped like a sedan. Six-passenger roomy—and just about the smartest number that's made its bow in years.

And how folks love it. The day it was first displayed, orders started rolling in.

The rest of the industry took a look—and decided to make a carbon copy.

Over the years, these "hard top" jobs have spread to every price range—including the big-volume, lower-priced three.

But this Buick version has forged ahead in popularity—and today it's the "best seller" in the whole "hard top" field—bar none.

What's the reason?

Well, it is—as you can see—a smoothie to look at and a smoothie to drive.

It's a Buick—with Buick's famous Fireball 8 Engine—Buick's marvel Million Dollar Ride—Buick's exclusive Dynaflow Drive*—Buick room—Buick's Power Steering†—Buick comfort, Buick style—and Buick durability.

And when it comes to price—you will find out this: What you pay for a SPECIAL, a SUPER or a ROADMASTER RIVIERA will shine by comparison with the price tag of anything in their fields.

Isn't that enough to make you want to try out a RIVIERA today?

*Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series. †Optional at extra cost on Roadmaster and Super only.*

STATE REPRESENTATIVES

for the 65th Legislative District

PENNINGTON, RED LAKE AND CLEARWATER COUNTIES

Candidates for Re-election

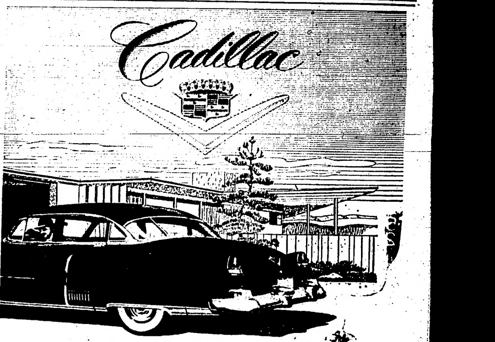
VOTE FOR TWO

MRS. COYA KNUTSON

WALTER E. DAY

Again we are seeking the support of the voters of the 65th District at the coming election on Nov. 4th. We appreciate very much your help in times past. If elected we are prepared to give our undivided attention to the work of the coming session, starting Jan. 1st, and to make it our first duty, to endeavor to secure any needed legislation for this district and to protect its interests; and to serve the State faithfully and fairly to the best of our ability.

POLITICAL ADVERTISING: Prepared and paid for by above candidates in their own behalf.



Wonderful Way to Start the Day!

Well, there he goes, backing out into the challenge of an October morning—and there's no denying that he's off to a wonderful start.

You see, he's at the wheel of a Golden Anniversary Cadillac—and there's no greater lift to the spirits than the deep-throated whisper of a Cadillac engine.

It says inspiring things to the man at the wheel.

It tells him, first of all, that life must have gone rather nicely—to take him from where he was—to a place where he owns and enjoys a beautiful Cadillac. Pretty good precedent for a good day today!

It tells him, too—that wherever he drives in the day's activities—the Cadillac crest will pave the way for the respect of the people he encounters.

Yes—he feels pretty good as he turns into the highway, touches his toe to the sensitive throttle, and heads into the adventure of another day.

The miles go softly by . . . the occasional tick-tick of the electric clock reminds him that he's ahead of time for his first appointment . . . and he settles back—relaxed and at ease. Nice, nice going!

Many men have told us that the drive to work in a Cadillac is the finest part of the day. Their heads are clear and their minds at ease as they roll serenely along—a wonderful time to think and plan.

Of course, this is only an *extra* value that comes with a Cadillac: comes in addition to comfort and safety—and dependability and long life—and all the other wonderful things that make this magnificent car the Standard of the World.

Why not come in and see us—and arrange to enjoy them all yourself?

We'd be happy to see you—any time.

ORDINANCE NO. 263

An Ordinance to Provide for Establishment of a Department of Sanitation, and to Provide for the Control, Collection, and Disposition of Garbage within the City of Thief River Falls, Minnesota, to Provide Charges Therefore, and the Method of Collecting the same, and to Fix Penalties.

The City Council of the City of Thief River Falls do hereby ordain as follows:

Section 1. There is hereby established a Department of Sanitation in the City of Thief River Falls, which shall be charged with the responsibility of carrying out the provisions of this Ordinance, and which shall supervise the garbage collection system.

Section 2. Garbage, as the term is used in this Ordinance, shall include all of the accumulations of household waste matter including dry kitchen refuse matter, vegetable and fruit refuse, and all tin cans.

Section 3. Each property owner or occupant who has an exterior garbage container shall use such service and shall furnish and keep, at a reasonable place, one or more suitable metal garbage cans equipped with close fitting tops of a capacity of not less than 15 nor more than 30 gallons each. Covers shall be kept on said cans at all times. No such garbage cans shall be placed under the eaves of any garage or other buildings except in case of an absolute necessity and in case of such necessity, a fixed and permanent roof or shelter shall be placed over said garbage can.

Section 4. All kitchen garbage shall be drained of excess water and shall be wrapped in paper before being placed in said garbage cans. Tin cans and glass bottles shall also be placed in the garbage can.

Section 5. All garbage from the entire City of Thief River Falls residential area shall be collected by the City as frequently as it is necessary to maintain and preserve the health of the community, except that this ordinance shall not require the collection of garbage where the streets or alleys are in a temporary condition which makes it impossible to do so, and in case of the failure to collect such garbage, such failures shall not relieve the owner of the premises from the duty to dispose of such garbage.

Section 6. The garbage collector shall keep a continuous record of parties providing such garbage containers and shall provide a copy of such list to the City Clerk. The garbage collector shall notify the City Clerk of any changes occurring during any month prior to the 1st day of the succeeding month.

Section 7. The City Clerk shall charge a fee of fifty cents (50c) per month for each container for such service to each person on the list furnished to him and shall bill such charge monthly in the same manner as the charges for electrical service in said city.

Section 8. If the service charge so established, is not paid when due, such sum may be recovered by the City of Thief River Falls in an action at law against the owner or occupant receiving such service.

Section 9. The Head of the Sanitation Department may prescribe reasonable rules and regulations in connection with the preparation, handling, and disposing of garbage and if he shall discover a condition existing upon any property within said city indicating that garbage is left on the premises or not properly disposed of, he may direct that the owner or occupant of said property furnish and provide a garbage container as heretofore described and direct said party to use said garbage collection service.

Section 10. Violations of this ordinance including all directions of the Head of the Sanitation Department shall be punished by a fine of not to exceed twenty-five dollars ($25.00) or by imprisonment for not to exceed ten days (10) for each offense.

Section 11. This ordinance shall be in effect from and after the 1st day of November, 1952.

ORDINANCE NO. 264

An Ordinance Authorizing the Street Commissioner to Restrict or Prohibit Trucks on Streets in the City of Thief River Falls, Minnesota.

The City Council of the City of Thief River Falls do hereby Ordain as follows:

SECTION 1. That Section Eight of Ordinance No. Two hundred two entitled "An Ordinance Regulating the Use of Highways Within the City of Thief River Falls, and Imposing Penalties for the Violation Thereof" is hereby amended to read as follows:

Section 8. USE OF STREETS—No person shall drive, and no person shall permit or suffer to be driven or operated, over the public streets of this municipality, any vehicle having a gross weight upon any wheel or axle of the vehicle exceeding the following:

1. When the vehicle is equipped with pneumatic tires and with axles spaced eight feet or more apart, 9,000 pounds on a wheel or 18,000 pounds on an axle.

2. No vehicle equipped with pneumatic tires and with axles spaced less than 8 feet apart and driven on any street shall have a maximum wheelweight unladen or with load in excess of 6,000 pounds, or an axle weight in excess of 12,000 pounds.

3. When a vehicle is equipped with solid rubber or cushion tires, 80 per cent of the weight permitted for wheels on vehicles equipped with pneumatic tires.

4. No vehicle, the wheels of which have iron or other metal lugs, shall be operated or driven upon any street within the City of Thief River Falls, unless, first, such lugs are removed before entering upon any such street, or second, in the event such lugs are not removed, that planking of sufficient width and strength to fully protect the surface of the street shall be placed underneath the wheels of such vehicle. Provided, however, that tractors having protective metal bands over the lugs fully protecting the streets, shall be construed as complying with the provisions of this paragraph.

5. Special permit may be granted by the Street Commissioner or Superintendent of Police to move heavier vehicles upon application and for good cause shown.

6. The Street Commissioner may, with the approval of the Council, prohibit trucks or vehicles with lugs or cleats from using any streets as designated by him in the City of Thief River Falls. A truck within a meaning hereof, shall mean a motor vehicle with a rated capacity of one ton or over. When the Street Commissioner shall determine to restrict a street from truck travel, he shall erect signs on such street and approaches as will give reasonable notice of such restriction.

SECTION 2. The Ordinance shall be in effect from and after its approval and publication.

Passed October 14, 1952.

Safety Leader Asks Sane Halloween Fun

Spooks, ghosts and goblins are not the only ones who will be around Friday night in their annual Halloween outings, says the Minnesota Safety Council. Death, injury and accidents will be on hand to spoil the fun of those who are not careful.

Every Halloween, says the Safety Council, is marred by unnecessary accidents caused when celebrators forget that "death takes no holiday" and do things they would never think of doing on any other day or night of the entire year.

Halloween can be fun for all concerned if the celebration is kept within sane bounds. Dances, parties and other similar forms of recreation, in keeping with the idea of the holiday, can be sources of great joy and pleasure to all who participate, plan or direct them. But, says the Safety Council, acts of vandalism can lead to serious accident or death.

"One of the chief head-aches connected with Halloween", said Arthur V. Rohweder, president of the Minnesota Safety Council, "is the placing of obstructions on streets and highways by unthinking celebrators. An innocent motorist, totally unaware of such an obstacle in the roadway, can be seriously injured or killed. Too often, however, that does not end the unpleasantness, for law suits are often filed as a result of this type of accident."

Rohweder urged everyone to participate in good, wholesome fun on Halloween, particularly in organized parties sponsored by clubs or civic groups. These parties will give youngsters an outlet for their natural love of fun and at the same time, will so occupy them that they will not engage in dangerous acts of rowdyism and destruction.

Halloween Theme Will Feature 1952 U. M. Homecoming

Graduates to Witness Gopher-Iowa Football Game Saturday, Nov. 1

Alumni and friends of the University of Minnesota from all over the state will see a Halloween Homecoming when they come to the Twin Cities this weekend for the Minnesota-Iowa game. A round of festivities—including the traditional Varsity show, pep fest, bonfire and several dances—will precede the Gopher-Hawkeye tussle in Memorial stadium on Saturday afternoon.

This year's slogan, "Haunt the Hawkeyes," will set the theme for house decorations, the Homecoming parade and displays around the campus. Homecoming buttons are orange and black, showing a gopher putting on a fierce-looking Halloween mask.

Friday will be the big day for Homecoming activities. The annual parade—featuring more than 30 floats—will wind thru the Minneapolis loop at 11 a. m.

Following registration at 1 p. m. in the lobby of Coffman Memorial Union, alumni are invited to an open house in Cooke hall where they'll have a chance to tour athletic department facilities, to meet Athletic Director Ike Armstrong and other University sports officials. A quick look at the "Golden Gophers" in their pre-game practice is scheduled at 4 p. m. Movies of Minnesota's great football teams will be shown in the Union ballroom at 4:30 p. m.

During the afternoon, classes in the college of science, literature and the arts, the institute of technology, and the medical and business schools will be open to alumni.

Two performances of the Varsity show will be staged in Northrup Memorial auditorium Friday evening—6 and 8 p. m. The Alumni King will be presented at the second show. A torchlight parade, pep fest with Coach Wes Fesler and his staff, bonfire and dance will follow.

The Homecoming Queen, crowned at a "Coronation Revue" on the St. Paul campus Wednesday evening (Oct. 29), will reign at the special events and at Saturday's game. Homecoming will end with the annual dance in Coffman Memorial Union Saturday night.

Postage on Small Game Reports Is Paid by State

Hunters will have a hard time finding excuses for not having sent in small game report cards this year. The 1952 cards carry the "return postage guaranteed" frank, so all the hunter has to do is check the number and species of waterfowl taken and the number, and species of upland game and the county where bagged, and drop the card in the nearest mailbox.

Hunters are required by law to report on their take of game on or before January 31, 1953.

Those nimrods who purchased licenses but did not, for some reason or other, get out to hunt, should return the report card marked "did not hunt."

Big game report cards must also be returned on or before January 31, 1953, but these require that two cents postage be affixed.

To be safe, hunters should return their report cards just as soon as they have completed their hunting.

Committee Urges Rejection Nov. 4 of Amendment No 1

Statewide Citizens Group Says Proposal Imperils Trust Funds

Should Amendment No. 1 be adopted by Minnesota voters at the general election November 4, the door will be opened for raiding the Minnesota state trust funds by "distressed" municipalities and school districts, according to a statement issued today by the Citizens Committee on Amendment No. 1.

This Amendment would change the rules governing the amount the state's various governmental subdivisions may borrow from the state's permanent trust funds. At present the law provides the top limit of 15% of the assessed valuation. The amendment would make it 10% of the full and true valuation. Thus a municipality that could only borrow $45,000 from the state's trust funds could, if Amendment No. 1 passes, borrow $100,000.

These state trust funds—set aside in sacred trust by the people—have up to now been invested solely in gilt-edged bonds and securities. They should not now be dissipated through constitutional provisions that open the door to undesirable investment risk, says the committee.

You've heard of these famous feeds over the radio . . . you've read about them in your state farm paper.

Now they're here! Now you can find out for yourself how Booster Feeds, Super-treated with Archer Boostryn, will increase your dairy, poultry or hog income . . . just as they have for other farmers.

We're proud to announce that we are now the local dealer for Booster Feeds.

Have you wondered how Booster Feeds can boost production so much? To begin with, Booster Feeds are Super-treated with amazing Archer Boostryn.

And here's another thing that really sets Booster Feeds apart from other feeds. Booster Feeds are manufactured by Archer-Daniels-Midland, a company that produces all of the basic ingredients of a mixed feed—linseed meal, soybean meal, alfalfa meal and others. ADM has developed special processes for producing acknowledged top quality in all of these meals. It controls the quality of all of the ingredients used in its feed. Thus, when this firm promises quality feed, it delivers a quality feed.

To boost your farm income . . . come in and get acquainted with Booster Feeds.

"Huh?"

Did you know that the name of Yucatan, the Mexican state, literally means, "Huh?" or more politely, "What did you say?" The name came into being when the Spanish explorers asked the natives the name of their land. The puzzled Indians responded with their word for, "I don't understand you." The Spanish took this to be the name of the country, and it stuck.

What Makes A Good Man Bad?
READ WHAT DEMOCRATIC LEADERS SAID ABOUT EISENHOWER:

HUBERT H. HUMPHREY
Speaking before the Women's National Democratic Club in Washington, D. C., Senator Humphrey said: "Eisenhower's inspired leadership of the North Atlantic Treaty Organization will go down in history as one of the great achievements of our time. We should not complain that he is a member of the opposition party. Instead we should thank God we have got him." (Minneapolis Star, March 28th, 1952)
On the occasion of Eisenhower's speech outlining European Anti-Communist Defense Humphrey said: "Thank God we have General Eisenhower. His speech proved that he is not only a great General but also a great humanitarian." (Minneapolis Star, Feb. 1, 1951)

FRANKLIN D. ROOSEVELT, JR.
Asked if he thought President Truman, if nominated could be elected, Roosevelt replied: "I will answer that question this way. I feel that the great need of the country is to be unified by a great and proved leader. General Eisenhower will furnish that leadership which all Americans so desperately seek." (N. Y. Times, March 27th, 1948)

PRESIDENT TRUMAN
"General, there is nothing that you may want that I won't try to help you get. That definitely and specifically includes the presidency in 1948." (CRUSADE IN EUROPE, Garden City, Doubleday & Co., 1948, Pp. 443-444.)
Asked at his press conference on August 9th, 1951, whether his statement applied in 1952 as well as 1948, Mr. Truman said it certainly did. He said he was just as fond of General Eisenhower as he could be. (W. H. Lawrence, N. Y. Times, Aug. 10, 1951)
On November 8th, 1951 Arthur Krock, chief of the New York Times Washington Bureau wrote the following in a front page news story: "During the visit of General of the Army Dwight Eisenhower to Washington this week, President Truman offered to support him as a Presidential candidate in 1952, repeating a similar offer with respect to 1948 that he had made to the General at the Potsdam Conference in 1945. General Eisenhower did not accept the new offer, which necessarily concerned only the Democratic nomination." (N. Y. Times, November 8th, 1951, Arthur Krock)

JAMES ROOSEVELT
"It is up to the Democratic party to enable the people of this country to have the opportunity of voting for Dwight Eisenhower as national candidate unfettered in these days of international crisis by the normal traffic of partisan politics." (U. P. N. Y. Times, July 6, 1948)

SEN. JOHN SPARKMAN
In a radio address from Washington, D. C. July 4th, 1948, Sparkman said: "We believe that you, General Eisenhower, more than any other American, are especially equipped to give us the leadership this nation and these times demand." (N. Y. Herald Tribune, July 5, 1948)

GOV. ADLAI STEVENSON
"I do not see how General Eisenhower's nomination could be anything other than reassuring in foreign quarters, at least in the key area of Western Europe. The General's patently genuine devotion to the principle of building up the strength of Western Europe to resist aggression and his services in the pursuit of that objective have won him the good will of everybody in Europe, except perhaps the Communists." (U. S. News and World Report, April 25th, 1951 p. 51)

Watches His Belt-Line

HE'S NOT ON A DIET—Elmer Reed's job is to keep his eye on this big belt conveyor that pours 450 tons of ore concentrates an hour into a transfer chute at an iron mine near Bovey, Minnesota. In the background is one of Minnesota's 64 concentrating plants which help to meet the nation's needs for iron ore. With the good ore reserves decreasing, Minnesota's iron mining industry is doing everything it can to continue supplying ore to America—seeking to expand low-grade ore and taconite production. If successful, there will be an ore supply for generations to come—with increasing prosperity for all Minnesota. A fair deal for Minnesota's iron mining industry means a good deal for you.

Room To Grow In

The tiny shoes no longer fit. They're so small even Sonny asks incredulously, "Did I ever wear these. Were my feet that small?" So mother had them bronzed and now they are book ends.

The overall with its handy down-the-front zipper that helped to make it easy for a three-year-old to be independent—it no longer fits. So mother put it away for the day when the baby would be big enough to wear it.

Daddy's out on the front side walk trying to help Sonny master the skill of riding a two wheel bicycle. He's too big now for a tricycle, his knees touch the handle bars. The tricycle can go up to the attic now along with the crib, the high chair, and the toidey seat. Sonny is growing like a weed, nothing fits any more.

There was a time when Sonny was little and he couldn't handle things too well so mother got in the habit of saying, "Careful Sonny, don't touch!" He's bigger now—but mother still says it.

Mother used to let Sonny put the silver on the table for dinner—"he can't break that you know." That was a good task for a small child but Sonny's bigger now. Sometimes it seems like mother hasn't noticed how he's grown. He's still just laying silver—under protest.

"Mrs. Jones is having a b-a-b-y," says mother to a neighbor as Sonny stands by.

"Where's she going to get it?" asks Sonny.

"Get what," comes mother's curious question.

"The baby," says Sonny impatiently, "the b-a-b-y!"

And mother replies in a shocked tone, "Sonny, you're too young to know about those things—someday when you get older."

Put the words away mother. Like the bronzed shoes, the tricycle and the highchair, Sonnys' too big for them now. He needs room to grow in, bigger responsibilities, honest answers to his questions. And maybe he should be called William or Bill, that's REAL manly.

Better Late Than Never

"A nice sort of welcome!" said the father visiting his son at a boarding school. "I am hardly out of the train when you ask me for money." "Well, dad, you must admit the train was twenty minutes late."

Toll Roads

Fourteen privately owned toll roads still exist in the United States most of them access roads to mountain tops or seashore resorts. Their total length is 41½ miles.

. . . it might pay you well to switch to SURGE milkers.

● Extra milk from faster milking does pay off in dollars and cents. SURE SURGE milking pays off in healthier udders, less work and greater convenience. Easier cleaning pays off in quality milk.

● It will cost you some money to switch to a Surge.

● It may very easily cost you much more to do without one.

● It costs nothing to have your Surge Service Dealer show you a new Surge.

Cast Announced for Senior Play Nov. 4-5

Lincoln high school seniors have chosen "Our Town," a Pulitzer prize drama by Thornton Wilder, for their class play and are nearing the conclusion of rehearsals for the presentation Tuesday and Wednesday, November 4 and 5, in the high school auditorium.

The play, under the direction of Miss Patricia Hoffman, drama coach, and Marilyn Weigelt, student director, is unusual in that it has very little scenery or props and much acting is done in pantomine. The plot is introduced by the stage manager (Bob Simenson) who is the spirit of the town, Grover's Corners, New Hampshire, a typical small town around the turn of the century. In "Our Town" Thornton Wilder reveals his interest in human values and their actions, especially of the Gibbs and Webb families.

Act I tells of the town's past and future and the usual routine of a day in the life of the Gibbses and Webbs. Act II is about the love affair and marriage of Emily Webb (Georgia Gulrud) and George Gibbs (Cal Vraa). In act III, a few years later, Emily dies, but is allowed to return to life temporarily where she learns that life in the past should never be relived.

Others in the cast include; Dr. Gibbs (John Thorstad), Rebecca Gibbs (Lois Hanson), Wally Webb (Wayne Kotaska), Librarian Willard (Barbara Bjorkman), Sam Craig (Roger Dorn), Joe Stoddard (Gaylen Ose), Mrs. Soames (Lila Hanson), Woman in balcony (Delores Heaton), Woman in the auditorium (Fern Mathson), Lady in the box (Dorothy Gilbertson).

People of the town are Joan Lindquist, Darlene Lee, Shirley Balvin, Aleta Adams, and Duane Lawrence. Others are: Marlys Elofson, Margaret Troland, Edvina Nolo, Mary Ann Borchert, Muriel Copp, and Barbara Bishop.

Head usher is Mavis Kaushagen and Phyllis Anderson is head of ticket sales with Miss McNellis as faculty advisor. In charge of stage crews are Duane Lawrence, construction; Dorothy Gilbertson, properties; Bob Johnson, lighting; and Fern Mathson and Delores Heaton, sound; Barbara Bishop heads the costume committee and Ilene Pearson is in charge of make-up. Publicity is being handled by Marlys Elofson and Mary Ann Borchert.

Those having any black umbrellas around the house will please contact the school as we are in desperate need of 22, said Miss Hoffman.

Paging Father

Teacher was giving a lesson on the weather idiosyncrasies of March. "What is it," she asked, "that comes in like a lion and goes out like a lamb?" And little Julia, in the back row, replied, "Father."

Rural Arts Show Set for 'U' of M.

Event Slated Jan. 13-16 at "U" Farm in St. Paul

The new library building on the St. Paul campus of the University of Minnesota will be the scene of a rural arts show January 13-16.

J. O. Christianson, director of agricultural short courses at the University, announced today that the show, to be held in connection with the formal dedication of the new building, will take place during the 51st annual Farm and Home week on the St. Paul campus.

Exhibits in the show will be original work of all types of painting, sculpture and wood carving. Anyone living in Minnesota towns or rural areas may enter, according to Harold Ostvold, St. Paul campus librarian and chairman of the committee on arrangements.

There will be no limit to the number of entries allowed from a single artist. The best work will be selected for exhibit, and the artists will be given certificates of exhibition.

Aaron Bohrod, artist in residence at the University of Wisconsin and internationally known painter of the midwest rural scene, and Mrs. Ruth Stalle, widely known in Wisconsin for her work with rural artists, will be on the St. Paul campus during the show to discuss problems of rural artists.

Those interested in exhibiting in the Rural Arts Show may obtain additional information and entry blanks by writing the office of agricultural short courses, University Farm, St. Paul.

3-year-old Boy Discharged from San Last Sunday

A happy scene took place in the lobby at Oakland Park Sanatorium Sunday forenoon, when little 3-year-old Ruben Stenseng of Clearbrook, who has been a patient there since last May, took leave of Dr. and Mrs. Borreson, Miss Esther Larson, Supt. of Nurses, and nurses and patients.

Camera shots were taken of Ruben, with his parents, Mr. and Mrs. R. Stenseng and his three brothers, Russell, "Gobby" and Danny, also with the group of the Sanatorium.

Ruben has been a wonderful little fellow-patient and a "Sunbeam" for all, during his stay, therefore, will be greatly missed, but everyone at the "San" was happy to see that he could join his family circle again.

Long Range Prediction

Better knowledge of the moods of weather may one day lead to seasonal, yearly, and perhaps even forecasts a decade ahead, the weather scientists believe.

Local Eisenhower Headquarters in City Is Busy Spot

Through the efforts of over sixty women volunteer workers, thousands of pieces of Eisenhower campaign material have been mailed to the rural districts of Pennington county, from headquarters in Thief River Falls. Similar material will be distributed in the city this week.

The workers have also given out quantities of pins and stickers and informative literature to the hundreds of persons who called at the trailer house headquarters situated between the Pennington Hotel and the J. & B. Drug Store.

Headquarters will be open every afternoon and on Friday evening through November 3rd. Anyone interested is invited to drop in and visit, ask questions, and get whatever material they want.

Citizens for Eisenhower urge everyone to get out and vote on November 4th.

MEMORY LANE

THE OLD KITCHEN CLOCK

Remember when the tick of a clock, cheerful as the checkered table cloth itself, was heard in the kitchen? Mother always wound the clock just before putting out the cat, which was the signal for retiring. Now, an electric clock that neither ticks nor needs winding replaces it. The kitchen seems lonely and still without the old clock. Remember?

What the Passage of Amendment No. 5 Will Mean to Your County

At the general election on November 4, 1952, the following Constitutional Amendment No. 5 will be submitted to the voters of Minnesota:

Shall the constitution, Article XVI, Section 3 be amended so as to provide for apportionment of the excise tax on motor vehicles so that 65 per cent be paid into the trunk highway sinking fund, ten per cent be apportioned to cities, villages, and boroughs in proportion to population, and 25 per cent be apportioned to counties according to the following computation: One-half in the ratio which the rural population of the county bears to the total rural population of the state. One-half in the ratio which the total mileage of county and township roads bears to the total mileage of all the county and township roads in the state.

In the fiscal year ending June 30, 1951, the motor vehicle tax for the entire State of Minnesota amounted to $25,215,000.

Passage of Amendment No. 5 would mean that, on the basis of 1951 collections, the counties would receive $6,300,000 for the construction, maintenance, and snow plowing of rural roads.

The sum of approximately $2,500,000 would be divided among incorporated villages and cities, which amounts to about $1.25 per person.

Based on Motor Vehicle Tax Collections of 1951
PENNINGTON COUNTY — POPULATION 12,965
WILL GET

	Population	Amount	
On the basis of rural population of 5,619		$ 17,700	
On the basis of rural road mileage of 1,082		34,083	
Total for Pennington County rural roads		$ 51,783	$ 51,783
Villages and Cities	Population	Amount	
St. Hilaire	276	345	
Goodridge	144	$ 180	
Thief River Falls	6,928	8,658	
Total for Villages and Cities	7,348	$ 9,183	9,183
GRAND TOTAL FOR PENNINGTON COUNTY RURAL ROADS AND MUNICIPAL STREETS			$ 60,966

Estimated receipts for the county are for one year only.

The whole plan must be judged not merely by its return in one year, but by the repeated and accumulated returns over the many years ahead.

Adoption of Amendment No. 5 will mean that 35 per cent of the motor vehicle tax will become available for the 108,000 miles of local roads and streets in Minnesota—highways used by all motor vehicles. Nearly two-thirds, or 65 per cent, of the motor vehicle tax will still be available for construction and maintenance of the 12,000 miles of state-trunk highways.

ELECT
A. W. OLSON
STATE REPRESENTATIVE
65th District

If you wish to vote for your favorite candidate, you can vote for one candidate instead of two. It is not compulsory to vote for two candidates because the two receiving the highest vote are elected.

I do not wish to be elected as your State Representative just to be a chair warmer or a sleeping beauty. I want to be your servant to battle for real democracy. I live on my farm and have had farm experience. I am also a student in economics. I promise all you people in my district one thing, ACTION, if I am elected as your State Representative; if you will give me the privilege of serving you. I trust that you will remember me on November 4, 1952. Thank you!

Neat Woman

A tailored cape dress is just the thing for the woman who likes the neatness a suit gives but still prefers a dress. Boldly buttoned and worn with a tie, these are ideal fashion for business or club days.

It takes 500 pounds of sugar to produce the explosives to fire one round from a modern battleship's sixteen-inch gun.

The by-products from an acre of sugar beets prepared as livestock feed will produce at least 300 pounds of meat.

The Branches That Strengthen the Trunk . . .

The trunk of a tree cannot live without the branches. The branches cannot live without the trunk.

That which is true in nature is true in modern highway systems. The Minnesota trunk highway system of 12,000 miles would be virtually useless without the 100,000 miles of rural roads.

• • •

The hope of a stronger trunk highway system in Minnesota rests directly upon the continued development of the outlying road system.

Agriculture has become mechanized. Dairy products, cattle and grain go to market in motor trucks. Rural education requires the school bus. Virtually every farm family owns an automobile.

• • •

In the last six yeas the number of motor vehicles in Minnesota has increased by nearly fifty per cent and the use of gasoline has doubled.

This has had a very obvious effect upon highway user revenues. The following table gives the facts.

THE AMOUNT AND DISTRIBUTION OF HIGHWAY USER REVENUES IN MINNESOTA

Fiscal Year	Total License Fees and Gasoline Taxes	Amount to Trunk Highways	For County and Rural Roads
1947	33,438,000	25,825,000	7,613,000
1948	37,256,000	29,119,000	8,137,000
1949	41,221,000	32,544,000	8,677,000
1950	55,216,000	43,918,000	11,298,000
1951	61,658,000	49,510,000	12,148,000

The period covered by these figures are years in which secondary and rural roads have made some progress to meet the vastly increased use of the truck, school bus and automobile. This progress has been financed by increased gasoline tax revenues, of which counties receive one third, and by greatly increased property taxes by counties and townships.

While improved rural roads have encouraged larger motor vehicle ownership and gasoline consumption, the trunk highways have received all of the license fees and two-thirds of the gasoline taxes.

In the years from 1947 through 1951 the income of the Minnesota trunk highway system increased from 25.8 millions to 49.5 million dollars. This was an increase of 24 million dollars. Part of this increase came from a larger number of motor vehicles and a larger use of motor fuel. In 1949, in anticipation of the passage of a constitutional amendment giving to rural roads a larger share of the gasoline tax the legislature raised both the license fees and the gasoline tax. The amendment was defeated but the increased taxes remained. Those who expected help for rural roads got only higher taxes.

While the trunk highway revenues increased by 24 millions, the county and rural highways have received an increase of less than five million dollars from highway user funds.

• • •

Build and improve the secondary roads, to stimulate the use of motor vehicles and gasoline, and taxes from these sources will increase. The trunk highways will still get, after the readjustment proposed in the amendment, substantially two-thirds of the taxes coming from the increased use of motor vehicle transportation made possible, in large part, by encouragement of rural motor vehicle use in Minnesota.

To stengthen the branches means a stronger trunk.

Help Your Community, Your County, and Your State by Strengthening the Highway System of Minnesota—

AMENDMENT NO. 5

Shall the constitution, Article XVI, Section 3 be amended so as to provide for apportionment of the excise tax on motor vehicles so that 65 per cent be paid into the trunk highway sinking fund, ten per cent be apportioned to cities, villages, and boroughs in proportion to population, and 25% be apportioned to counties according to the following computation: One half in the ratio which the rural population of the county bears to the total rural population of the state. One-half in the ratio which the total mileage of county and township roads bears to the total mileage of all the county and township roads in the state.

Korea Veteran Killed in Auto Upset Nov. 1st

Del Rey Loven, 21, Loses Life as Car Rolls over South of St. Hilaire

Del Rey Loven, 21, a veteran of the Korean war, was killed almost instantly near midnight Saturday when the car in which he was riding went out of control and rolled over several times, the car landing in the ditch almost completely demolished.

The fatal accident occurred about four and one-half miles south of St. Hilaire on Highway 32 in Red Lake county, the highway patrol reported. The car was traveling north at the time.

The young man was rushed to a local hospital, but was dead on arrival. His brother, William, a passenger in the car with him, escaped with severe bruises.

Del Rey Loven was born at Thief River Falls December 5, 1930. He lived at Middle River until 1942 when he came with his parents to Thief River Falls. Following his graduation from Lincoln high school in 1948 he was employed by Thief River Grocery until he enlisted in the army on Dec. 5, 1949. After many months of service in Korea he received his honorable discharge on Dec. 3, 1951. At the time of his death he was employed by the Soo Line Railroad.

Those who remain to mourn his death are his parents, Mr. and Mrs. Einar Loven, and one brother, William, all of Thief River Falls.

The body is reposing at the McElwee Funeral Home until Thursday morning, when funeral services will be conducted by Rev. G. S. Thompson at Trinity Lutheran church at eleven o'clock. The remains will be laid to rest in the Tabitha cemetery at Hallock. Full military honors will be accorded the deceased by the American Legion and the Veterans of Foreign Wars, of which he was a member.

TRF Production Credit Assn. Will Meet November 13

Annual Meeting to Open with Turkey Dinner at 12:15 in St. Bernards

The 18th annual meeting of shareholders in the Thief River Falls Production Credit association will be held Thursday afternoon, November 13, in the St. Bernards church parlors.

Robert J. Lund, secretary-manager, stated that more than 400 persons are expected to attend the meeting, which will open with a turkey dinner to be served starting at 12:15. Adjournment is scheduled for 3 p. m.

D. E. Ostby, president, will conduct the program, which will include a report on the past years' operations by Mr. Lund, and other reports by Paul Roy, assistant secretary-treasurer, and E. H. Pomerenke, member of the executive committee.

Other business to be transacted will include the election of two directors from Pennington county for three-year terms. Mr. Pomerenke, incumbent, and Tormod Christianson have been nominated for one of the offices to be filled, and Alfred Longren, incumbent, and Richard Mosbeck, Route 3, Red Lake Falls, are nominees for the other post.

Rural Youth Will Hear Robley Hunt

Robley Hunt, director of the Mud Lake game refuge, will speak at the Pennington County Rural Youth meeting this evening, November 5th, at 8 p. m. in the Civic & Commerce room in Thief River Falls. He will discuss the topic, wild life conservation, and also will show slides of the Mud Lake reserve. Following the program, there will be recreation and lunch. All interested rural youth are invited to attend.

2,000 Children Were Guests at Halloween Parties Last Friday

An estimated 2,000 youngsters from Thief River Falls and the surrounding area were entertained last Friday at three separate parties comprising the 13th annual community Halloween festival sponsored again this year by the Lions club.

That the parties aided greatly in eliminating any destructive activities on the part of the children was attested by Police Chief Ken Judy.

The largest gathering of nearly 1,000 little folks attended the afternoon party in the arena for preschool children and pupils thru the fourth grade. Ice cream bars, apples and balloons were distributed. Jim Parkins had charge of arrangements, assisted by a group of Lions and Mrs. Verna Solheim.

More than 500 children, many of them in costume, participated in a parade thru the business district at 7 o'clock, headed by the Lincoln high school band, a fire truck and the police car. Returning to the arena, the costumes were judged and the children were treated to ice cream bars.

The group then adjourned to the Falls theatre for a late movie show, following which candy bars were distributed. The prize-winning costumes are pictured elsewhere in this issue of the Times.

Teen-agers of the high school classes, numbering more than 400 were guests at a dance in the Auditorium, for which orchestra music was supplied thru the courtesy of the local automobile dealers' association. Paper hats and noisemakers enlivened the festive scene. Door prizes were won by Dick Eastvold, Ronald Buen, Janice Thieling and Donna Davidson, Holt.

Only One Act of Major Vandalism Halloween Night

Al Christofferson Home Smeared with Stevenson Name in Shoe Polish

Aside from the tipping over of a few outdoor toilets and garbage cans, only one major act of vandalism occurred in the city Halloween night, according to reports reaching Police Chief Ken Judy.

The recently painted home of Al Christofferson, Pennington county Republican chairman, was defaced Friday evening sometime between the hours of 8 and 10 by miscreants who, using liquid shoe polish, painted the name Stevenson on three sides of the house as well as on Christofferson's car.

Efforts to remove the writing have been unsuccessful, and it will be necessary to repaint the house, Christofferson stated. Police are seeking the perpetrators of the act.

Chief Judy, who had a half-dozen extra police on duty, reported that no damage resulted in the downtown district, and he attributed this record in large measure to the Halloween festival and window painting contest arranged for local children.

500 at Cooking School Friday in City Auditorium

Suggestions as to holiday food items were given to 500 persons who assembled in the Auditorium last Friday afternoon for a cooking school sponsored by the Red Lake Electric cooperative and the Diamond Furniture Co. of this city. Betty Clagg, widely known home economist, served as demonstrator. Those in attendance were treated to coffee and doughnuts, and in addition were given chances to win one of several electric ranges to be awarded December 15 at the close of the current series of schools.

Legion Post Will Offer 2 Programs on Armistice Day

Chommie to Speak at High School Tuesday Morning and at Evening Banquet

Sponsored by the local American Legion post, an Armistice Day program commemorating the 34th anniversary of the end of the first World War will be presented before the Lincoln high school student body next Tuesday morning, November 11, at 11 o'clock.

H. O. Chommie, the speaker for the occasion and an officer in the war, will be the speaker, and will be introduced by Gordon Sohre, post commander. Mr. Chommie will discuss the various armistices that have occurred since the Revolutionary War.

Legionnaires also will observe the occasion with a banquet in the club rooms Tuesday evening at 6:30, to be served by members of the auxiliary unit.

Kern Olson will serve as master of ceremonies, and will present Mr. Chommie as the speaker, in addition to which several musical numbers will be presented. The evening will close with dancing.

Local Agencies Help to Get out the Vote Tuesday

Several local agencies played a part in getting out the vote in Thief River Falls Tuesday, Election Day. The Junior Chamber of Commerce offered free rides to the polls, while local Girl Scouts offered a free baby-sitting service to mothers. Boy Scouts in this city, together with others thruout the nation, hung Liberty Bell voting reminders on the doors of all local homes on the eve of Election Day.

Fair Association to Meet Thursday

Annual Meeting to Be In Civic and Commerce Room

The annual meeting of the Pennington County Agricultural society, sponsor of the county fair, will be held in the Civic and Commerce room in the Auditorium Thursday evening, November 6, at 8 p. m., Frank Hardisty, president, announced today.

Secretary J. M. Roche will submit a report covering the financial outcome of the 1952 fair, and plans will be discussed for the 1953 event.

Principal business to be transacted at the meeting will be the election of three members of the board of directors. Expiring at this time are terms of Bill Ekstrand, L. A. Ihle and Vernon Copp.

Window Decorating Prizes Are Awarded by Civic & Commerce

Winners of prizes ranging from $1 to $6 in the Halloween window painting contest for Thief River Falls school children were announced this week by the Civic and Commerce association, which sponsored the event in cooperation with the Lions club.

Nearly 300 children, working in teams of two or three, painted more than 100 windows in the business district, and observers agreed that many of the paintings were of remarkably high quality. The windows were divided into four classes, according to age of the contestants.

Winners in Class A, fourth and fifth grades, include: First, Julie Brown, Kathleen Hamilton and Mary Rustad, B. & W. Supermarket; second, Karin Larson, Bonnie Gessner and Bonnie Burrell, Popplers; third, Linda McKibben, Ruby St. Martin, Diana Wold and Marie Nelson, Scherer Paint Co. Honorable mention was given windows at the Ace Store, Ole's Northern Supply and Robertson Lumber Co.

Class B, sixth and seventh grades: First, Mary Baumann, Carole Ewing and Rosalie Fonnest, Ben Franklin store; second, Karen Aaseby, Karen Ekstrand and Karen Buoen, Ace Store; third, Nan Peterson, Bonnie Brown and Susan Forkenbrock, First Federal.

Class C, eighth and ninth grades: First, Patricia Clinton and Monnie Poland, Diamond Furniture Co.; second, Florence St. Martin and Glenda Gausen, the Larson Co.; and third, Betty Armstrong, Judy Gilthvedt and Gay Freed, B & W Supermarket.

Class D, 11th and 12th grades: Third, Mary Havel, Charlie's Tire Service.

Five County Men Inducted Nov. 19

Five Pennington county young men are being summoned to report at Fargo Wednesday, November 19, for final induction into the armed services, it was announced this week at the local selective service office. Six others are being ordered to report November 18 for pre-induction physical examinations.

Stores to Be Open on Armistice Day; P. O. Will Close

With no city-wide program scheduled in observance of Armistice Day next Tuesday, November 11, stores in Thief River Falls will remain open all day as usual, it was announced today. Local banks, however, will close for the day, as will public offices and the postoffice. Postmaster R. J. Dryden stated that there will be no mail deliveries Tuesday either in the city or on the rural routes.

Purebred Sale on Wednesday Totals $17,730

Northern Minnesota Stock Sale Is Biggest of Four Held to Date

The Northern Minnesota Purebred Livestock Breeders' association sale set a new record Wednesday, October 29, when 62 head of cattle sold for a total of $17,730. This was the largest sale of any held since the event began 4 years ago. The average per head was below a year ago when markets were considerably higher than at the present time.

A new top was set when the reserve champion Hereford bull consigned by Eddie Gronseth of Rothsay sold to Leif Sunwall of Homestead, Montana for $990. The champion Hereford, consigned by Henry Spielman of Twin Valley, sold to Theodore Wendh of Mahnomen at $730. Top breed average went to polled Herefords which was $405, with beef Shorthorn females next at $373.

Buyers were very conscious of quality and although averages were low the top quality animals in each breed sold well.

Several local breeders made a very good showing in the morning show which was judged by R. E. Baumgarten of Durbin, N. Dak., and Frank Forbes of Warren. Silas Hanson of Thief River Falls had the 3rd place Hereford female which later sold at $500 to Paul Billberg of Wannaska. This was the top selling female of the sale. Delmar Hagen of Gatzke showed the champion Hereford female.

Champion and top selling Shorthorn bull was consigned by Emil Sanders of Goodridge. This was an outstanding individual showing a lot of type and quality and according to the judge was easily the top Shorthorn bull. James Muzzy of Thief River Falls showed both champions in the Holstein classes. He also consigned the top-selling bull which sold to Edwin L. Swanson of Thief River Falls. Reserve champion Holstein female was entered by Mordy Morrison of Goodridge.

At the association annual meeting held on Thursday, October 28, Silas Hanson was reelected president for 1953 with Otto Schroder, East Grand Forks, vice president; Ray Milteness, Thief River Falls, secretary, and James Muzzy, Thief River Falls, treasurer.

DWIGHT D. EISENHOWER RICHARD M. NIXON

Carrying nearly 40 states in the election Tuesday, Dwight D. Eisenhower, Republican, was swept into the presidency by an electoral vote of landslide proportions. Taking office with him next January will be Richard M. Nixon, vice president.

Carl Anderson Edges out Roy for Co. Board

The most notable result of the voting in Pennington county Tuesday was the defeat of Paul Roy, for nearly 20 years county commissioner from the third district, by Carl R. Anderson, former county AAA chairman and active in DFL political circles. The vote was 399 for Anderson and 393 for Roy, a margin of only six votes.

In the first district, with five out of eight precincts reporting, Odin C. Hanson was leading Frank Race by the apparently decisive margin of 555 to 200. In the fifth district, with six of seven precincts reporting, Glenn Tasa snowed under his opponent, Bert K. Johnson, 500 to 91.

With 17 out of 27 precincts reporting, Walter F. Day received 1,106 votes, for representative, with 1,147 for Mrs. Coya Knutson and 505 for A. W. Olson Sr. Two are to be elected from a three-county area including also Red Lake and Clearwater.

Harold C. Hagen led Curtis Olson in the race for Ninth district congressman, the vote being 896 to 818. Probate Judge Herman A. Kjos and Clerk of Court Henry Storhaug were reelected without opposition.

The vote in Thief River Falls for state offices had not been tabulated in the county auditor's office as the Times went to press. In the 13 rural precincts reporting, DFL candidates led for all offices.

In Thief River Falls, an all time record was set Tuesday, when more than 3,100 ballots were cast, compared to the previous record of 2,900.

With 18 of 27 precincts reporting, Eisenhower led Stevenson, in Pennington county by a margin of 2,354 to 2,227. This tally, however, includes all four wards in Thief River Falls, which usually vote Republican, and the small lead for Ike may be overcome when the remaining rural precincts are heard from.

Schools to Note Education Week

Open House Scheduled During Week of Nov. 9

Public schools of Thief River Falls again will join in the observance of American Education Week, scheduled for November 9 to 15, Supt. W. G. Claffy stated today.

He said that parents are invited to visit the classes attended by their children according to the following schedule: Tuesday afternoon, Washington school; Wednesday, Northrop; and Thursday, Knox. Light refreshments will be served at each school on the afternoon of the day designated.

Parents are urged to visit classes at Lincoln junior-senior high school any afternoon during the coming week.

Fitzsimons Holds Early Lead over Roy E. Wiseth

With only 26 out of 60 precincts tabulated late this morning, Richard Fitzsimons of Argyle was leading Roy E. Wiseth of Goodridge for the Marshall county post in the state legislature by a margin of 1,831 to 1,608.

However, when the returns from the eastern part of the county are tabulated, it appears that Wiseth should overcome his opponent's lead.

O. C. Tofiner, former Marshall county sheriff, was leading Arnold A. Trost, incumbent, for the office of judge of probate in Marshall county. With 36 precincts tabulated, Tofiner was ahead 2,583 to 2,260.

Pennington Board Gives Ditch Job to Hedeen at $2,232

After considering three bids on a project calling for the repair of County Ditch 55 in Deer Park township, the Pennington county board at its November session Tuesday awarded the job to Clifford Hedeen on his low bid of $2,232.92. The other two bids ranged as high as $2,800. Other business transacted by the board was largely routine in nature.

The unprecedented dry spell of the past two months or more continued this week, with no rain or snow falling in this locality. The KTRF weather station reported that only .97 inch of precipitation has been recorded since September 1. Of this total, only .08 inch fell in October.

GOP Aspirant Has Margin of over 5,000,000

Leads Dem Opponent by 442 Electoral Votes to 89 for Stevenson

Dwight D. Eisenhower this morning led his opponent for the presidency, Adlai Stevenson, by a margin of 26,000,000 to 21,000,000 and carried a total of 38 states in the Republican column, assuring a smashing GOP victory in the national election for the first time since 1928.

Shortly after midnight last night, at 12:45, Governor Stevenson at Springfield, Illinois, conceded the election to Ike and wished him a successful administration. A short time later Eisenhower acknowledged his victory from campaign headquarters in the Hotel Commodore, New York City.

In carrying 38 of the 48 states, the GOP candidate piled up a lead of 442 electoral votes, with 89 for Stevenson. The margin of victory confounded the pollsters, who, while revealing a Republican leaning, had refused to commit themselves as to the outcome, basing their reluctance on the large number of "undecided" votes, and on the bad guess they made in 1948 in forecasting the election of Dewey over Truman.

Eisenhower cracked the solid Democratic south for the first time since 1928, carrying the states of Florida, Texas and Virginia, and coming close to victory in several others.

In the wake of the Eisenhower sweep, returns this morning indicated a strong possibility that the Republicans would gain sufficient additional seats in the house and senate to give them working control of both houses of Congress. Numerous contests, however, were still undecided when the Times went to press.

It was indicated this morning that Minnesota had swung over to the GOP ticket nationally for the first time since 1928.

At 9:30 this morning Ike led

9 Counties Share in Polio Meeting Here Wednesday

National Foundation's 1953 Fund Campaign Is Discussed by Leaders

Fifty persons from nine Northwestern Minnesota counties attended a district meeting in the Rex Cafe last Wednesday evening to discuss plans for the 1953 financial campaign to be conducted thruout the nation next January in behalf of the National Foundation for Infantile Paralysis.

Counties represented included Pennington, Kittson, Roseau, Lake of the Woods, Marshall, Red Lake, Polk, Beltrami and Clearwater. Principal speaker was Larry H. Rieder of St. Cloud, northern Minnesota representative of the national foundation. He discussed the need for a successful campaign in January due to the 1952 epidemic in which more than 3,500 cases of polio have been reported in Minnesota alone. He also showed movies relating to the drive.

Alvin Christofferson, who conducted the successful 1952 campaign in Pennington county, was appointed area adviser to assist the chapters in arranging their fund raising drives.

M. C. Gulbranson, chairman of the local polio chapter, also spoke briefly.

Park Board Plants Trees on Parkway

The Thief River Falls park board last week completed the planting of 75 trees, supplied by the state highway department, in the Boy Scout park and along the East Third st. parkway. Roy Barzen, president of the board, stated that the varieties planted include spruce, elm, weeping birch and flowering crab.

Neighbors Held Bee for Ailing Farmer

Henry Becker, Goodridge farmer, has been unable to work since September when he suffered a heart attack. Good neighbors moved in on Wednesday of last week therefore and did a big one day's work in Becker's fields, getting them ready for next year's crops. Thirteen tractors plowed 115 acres and three tractors disced 45 acres.

Pictured above during the noon dinner recess at the Becker home are, left to right, Engvold Geving, Orin Rambeck, Gordon Pittman, Lloyd Wiseth, Glen Poppenhagen, Albert Wilkens, Henry Becker, Harold Einarson, Albert Fiskevold, Clarence Peters, Halvor Torgrimson, Robert Wiseth, Melvin Wilkens, Roy Anderson, James Larson (driving Axel Sund's tractor), Herbert Zinter, Lloyd Wilkens and Otto Zinter.

Served Lunch

Mrs. Becker and her daughter Doris had help in the kitchen too. Cooks and waitresses pictured here are, left to right, Doris Becker, Mrs. Lloyd Wilkens, Mrs. Henry Becker, Mrs. Lloyd Wiseth, Mrs. Roy Anderson, Alice Arnevik and Mrs. Harold Einerson. Also listed as a helper is Bonnie Wilkens, in front at left.

Marriage Vows Exchanged at Erie October 26

The Ecklund Lutheran church at Erie was the scene of a beautiful wedding at two o'clock Sunday afternoon, October 26, when Amber Nell Halvorson, daughter of Mrs. P. C. Halvorson of Goodridge, and Milton M. Sandsmark, son of Mrs. Martin Sandsmark of Grygla, were united in marriage. The double ring ceremony was performed by Rev. O. O. Bjorgan before an altar decked with baskets of chrysanthemums, potted plants, and lighted candelabra.

Before the ceremony Mrs. Roy Jensen of Thief River Falls, wearing a formal of ice blue satin, sang "Always" and, as the couple knelt for the benediction, she sang "O Perfect Love." The organ accompaniment was played by Mrs. Richard Marquis.

As the traditional Bridal March from Lohengrin was played the bride approached the altar on the arm of her twin brother, Earl Halvorson, who gave her in marriage. She wore a gown of white satin styled with net yoke, edged with Chantilly lace accentuated with seed pearls in a rose design taken from her mother's wedding dress. The long tapered sleeves came to a point over the hand and the skirt extended into a train. Her veil was arranged under a crown of pearls with matching lace. She carried a bouquet of pink Talisman roses and white carnations with a spray of ivy. Her only jewelry was a pair of rhinestone earrings, a gift from the groom.

Miss Phyllis Berry of St. Paul attended her sister as maid of honor. She wore a gown of pale green satin and carried a fan bouquet of pink roses and yellow baby 'mums.

Best man was Roy Sandsmark of Grygla, brother of the groom, and the ushers were Lester Halvorson of Grand Forks, brother of the bride, and Leonard Baasen of Grygla, brother-in-law of the groom. All wore business suits and white carnations in their lapels.

For the wedding of her daughter, Mrs. Halvorson wore a plum colored suit with black accessories and a corsage of red roses and pink carnations. The mother of the groom was attired in a dark gray dress with black accessories and a corsage of pink roses and white carnations.

Following the ceremony the guests were entertained at a reception in the dining hall. Vases of fresh flowers decorated the room and the bridal table was centered with a three-tiered wedding cake iced in pink and white and topped with miniature bride and groom. Mrs. Ernest Swanson and Mrs. Frank Krbechek were in charge of the gift table, Mrs. Lester Halvorson cut the wedding cake, and Mrs. Malcolm Stucy poured. Mrs. Alfred Sorenson, sister of the groom, registered the guests. During the reception Nancy Stucy of Oklee played several accordian solos.

Mr. and Mrs. Sandsmark left for a two weeks motor trip to southern Minnesota, Montana, and the Black Hills. The bride's traveling outfit consisted of a suit of dubonnet wine with black accessories and a corsage of yellow carnations. The couple will make their home at Grygla where Mr. Sandsmark, a graduate of Master's mechanics school in Fargo, is employed by the International Harvester Co.

Guests from a distance attending the wedding included Mr. and Mrs. Abbie Jaranson and family, Mr. and Mrs. Clarence Gulseth and family of Blackduck; Mr. and Mrs. Jerome Olstad, Mr. and Mrs. J. P. Swanson and family, Clara, Ida and Thea Swanson of Shelly; Mr. and Mrs. M. G. Thoreson of Moorhead; Mr. and Mrs. Gordon Kaecher and family of Fargo; Phyllis Berry of St. Paul; Mr. and Mrs. Lester Halvorson of Grand Forks; Mrs. Alfred Mock and Debra of Wycoff, Minn.

Hospital Staff Auxiliary Meets at Dan Greene Home

The Northwestern Hospital staff auxiliary met at the home of Mrs. Dan Greene on Monday evening. The evening was devoted to planning of the library cards and listing of donated books. Marion Eckstein, Chas. Anderson Married Oct. 24

Before an altar lighted with candelabra and banked with fallen palms, Miss Marion Verdeen Eckstein, daughter of Mr. and Mrs. Fred Eckstein of Red Lake Falls, and Charles T. Anderson, son of Mr. and Mrs. Axel Anderson of Thief River Falls, repeated their marriage vows at the Immanuel Lutheran Church at Wylie on October 24. The double ring ceremony took place at seven-thirty o'clock with Rev. Im. Bade officiating.

Mrs. Im. Bade was at the organ for a program of nuptial selections as the guests were ushered to their seats by Eldon Harbott and Virgil Eckstein. Before the ceremony, Mrs. John Ulrich of Red Lake Falls sang "Bless This House" and, while the couple knelt for the benediction "The Lord's Prayer."

Escorted to the altar and given in marriage by her brother, Ro*bert Eckstein, the bride was* lovely in a gown of white bridal satin, designed with net yoke with wid lace edging, snug bodice closed at the back with tiny satin-covered buttons, three tiers of lace at hipline, and full skirt extending into full length train. Her fingertip veil fell from a crown of seed pearls and sequins and she carried red baby roses and white baby 'mums over a white prayer book. Her jewelry consisted of a gold cross given her by her grandmother, and a pair of heart-shaped gold earrings, gift of the groom.

Miss Mary Eckstein, cousin of the bride, was maid of honor. She wore a pink taffeta formal with net yoke, short puffed sleeves, and hoop skirt, with a shoulder length veil in matching pink. She carried a basket of white daisy 'mums. Bridesmaids were Barbara Harbott, Janice Harbott, and Magdalene Hesse. The Misses Harbott wore gowns of net in nile green and lavendar, respectively, with matching shoulder length veils, and Miss Hesse's gown was an aqua formal with bolero style jacket of net and headband to match. Each carried a basket of assorted 'mums. Their gifts from the bride were earrings with rhinestone centers to match their gowns.

Flower girls were Kay Becker, wearing a gown of yellow dotted swiss, and Carol Anderson in a gown of blue organdy. They carried muffs of blue and yellow, respectively, with corsages of assorted 'mums attached and wore pearl necklaces with bracelets to match, gifts from the bride.

Best man was Vernon Mossestad of Thief River Falls, close friend of the groom, and the groomsmen were James Gaven, Woodrow Almquist, and Roger Eckstein. They wore business suits with white carnation boutonnieres and tie clasps which were gifts of the groom.

The mothers of the bride and groom were attired in black dresses, with accessories also in black, and wore corsages of yellow roses and white feathered carnations.

For the reception the church parlors were decorated with streamers to harmonize with the colors of the gowns worn by the bride's attendants. Lighted candles centered each of the serving tables and the bride's table held a two tiered wedding cake topped with bride and groom figurines. Waitresses who served the bridal table were Mrs. James Gaven, sister of the bride, and Mrs. Woodrow Almquist. Other waitresses were Mrs. Otto Eckstein, Mrs. Joe Draeger, Mrs. Ronald Tollefson, Mrs. Glen Leach, Mrs. August Eckstein, Miss Ruth Hesse and Miss Cheri Ann Leach. Mrs. Otto Eckstein cut the wedding cake, Mrs. Lloyd Hogenson had charge of the guest book, and Mrs. Anton Paulson poured. Pictures were taken by Albert Harbott during the ceremony and reception.

Following a wedding trip to Winnipeg, Mr. and Mrs. Anderson have returned to make their home at 322 St. Paul Ave. So., Thief River Falls. For traveling the bride wore a red suit with black accessories and the corsage which she carried during the ceremony. The bride is continuing her work as bookkeeper at Wilson Bros. and the groom is employed by City Cab.

Out of town guests at the wedding were Mr. and Mrs. Tony Paulson of Climax, Mr. and Mrs. Morris Anderson of Fisher, Mr. and Mrs. Gust Peterson, Robert and Elmer Anderson of Viking, and Mr. and Mrs. August Eckstein of Mahnomen.

A. E. Baird, Soo Line Roadmaster, Retires

More than 125 associates of A. E. Baird assembled in the VFW hall last Friday evening to pay tribute to him and Mrs. Baird on the occasion of his retirement, effective November 1, from his position as Soo Line roadmaster, which post he has filled for 35 years, including the past 16 years in Thief River Falls on the line from Glenwood to Noyes.

E. P. Hackert, division engineer on the Soo Line, presided over the program as master of ceremonies, and called on numerous friends for brief testimonials, following which, in behalf of the assemblage, he presented Mr. Baird with a complete set of golf clubs in addition to a bag and caddie cart. On the humorous side, he also was given a wheelbarrow.

Mrs. Baird was presented with an orchid corsage and a $25 check in lieu of other gifts.

Mr. Baird started working for the Soo Line in Paynesville in 1909, being employed with a section gang until May, 1911, when he was promoted to section foreman at Watkins. In 1912 he was transferred to Belgrade, where he remained until 1917 when he was appointed roadmaster with headquarters at Flaxton, N. D. He remained there until 1936 with the exception of three years when he served as supervisor of equipment in Minneapolis.

Baird has lived in Thief River Falls since 1936, and he announced, following his retirement, that he and Mrs. Baird plan to continue their residence in this city.

Soo Line Roadmaster Retires

A. E. Baird, Soo Line roadmaster for 35 years, including the last 16 years, in Thief River Falls is pictured above with Mrs. Baird and E. A. Hameski, division superintendent here, left, at a banquet given last Friday evening by Mr. Baird's associates, honoring him on the occasion of his retirement November 1. The enjoyable affair was arranged by L. V. Gothe, assistant roadmaster; E. P. Hackert, division engineer; and A. W. Appelquist, section foreman.

Services For K. Norgaaren Held Friday

Funeral services for Knute Norgaaren, whose death occurred at a local hospital on October 29, were held at two o'clock Friday afternoon at the McElwee Funeral Home. Rev. E. Sabo conducted the final rites and committed the remains to their last resting place in Greenwood cemetery.

Knute Torgrimson Norgaaren was born in Satesdal, Norway, *January 29, 1868. After coming to* the United States he first established his residence at Fisher and later moved to Cloverleaf township where he has made his home for the past 48 years.

Torgrim O. Lidiveit of Fosston, nephew of the deceased, is the only surviving relative in this country.

Death Claims VeVea Baby in Minneapolis

Janice Kay VeVea, baby daughter of Mr. and Mrs. Clifford VeVea of Thief River Falls, passed away at the Granger Convalescent Home in Minneapolis Saturday, November 1st, at the age of three months and four days. Funeral services were held at the McElwee Funeral Home Tuesday afternoon, with Rev. Carl F. Johnson officiating. Burial was made in Greenwood cemetery.

She is survived by her parents, Mr. and Mrs. Clifford VeVea, a half-brother Clifton, and the paternal grandparents, Mr. and Mrs. Louis VeVea of this city.

Car Damaged by Blaze Yesterday

Hits Highway Sign and Punctures Gasoline Tank

A car driven by Edward Wojciechowski of Greenbush was badly damaged by fire in a freak accident Tuesday at 1:30 a. m. at the intersection of Pine av. and East Third st. The car in some manner went out of control and went over the curb, colliding with a highway sign which in turn punctured the gas tank, and the car caught fire.

The fire department was delayed in reaching the scene by a long freight train on the Soo Line and had to go down to Nora st. to get across the track.

The driver of the car was brought into municipal court Tuesday on a charge of having no drivers license in his possession, and he was fined $10 and $4 costs.

Firemen were called out last Wednesday evening at 8:30 when a blaze developed in a pile of old railroad ties on the Soo Line right-of-way near the roundhouse and the Consumers Co-op Oil Co. bulk station. The fire was

Amendment 5 Discussion Is C. & C. Feature

Session Wednesday Also Told of Need for New Salvation Army Home

Approximately 100 members of the Civic and Commerce association and their guests, chairmen and clerks of town boards of Pennington county, participated in a C. and C. dinner meeting last Wednesday evening in the Elks club rooms.

Featuring the program was a discussion of the controversial Amendment No. 5, voted on in Tuesday's election, the purpose of which is to divert 35 per cent of motor vehicle license revenues from the trunk highway system to the counties and municipalities.

The affirmative side of the argument was upheld by Charles Christianson of Roseau, member of the statewide committee advocating passage of the amendment, while W. E. Dahlquist took the negative side.

Christianson pointed out that 41 states give local roads a share of motor vehicle license revenues, averaging 40 per cent for the nation, and that this year $52,000,000 is being spent on trunk highways in Minnesota, compared to only $13,000,000 on rural roads, while trunk routes are only 10 per cent of the total mileage in the state.

Dahlquist countered by stating that most states allocate all gas tax funds to trunk highways, while in Minnesota one-third of the receipts from this source is turned over to the counties. He added that Minnesota has a proportionately larger trunk highway system than most other states. He proposed that each county set up a long-range road improvement program so that available funds will be expended more efficiently.

At the start of the meeting, Waldie Christensen, member of the Salvation Army advisory board, was given an opportunity to present the need of the agency for new headquarters in Thief River Falls, the present old structure being in process of condemnation by the state fire marshal.

Christensen said an estimated $25,000 will be required to provide new quarters of which Salvation Army headquarters will provide $12,000, in addition to which the present site should be salable at $3,000, leaving approximately $10,000 to be raised in Thief River Falls and surrounding area.

Members of the C. & C., asked for an expression of opinion on the matter, voted to refer it to the board of directors for study.

Completing the program was the showing of a colored movie, "The Magic Key," issued by the National Chamber of Commerce to show the value of advertising in building a higher standard of living.

Job Office Staff Attends Meeting in St. Paul Today

Local Office to Remain Open While 3 Members of Staff Attend Workshop

R. S. Eldevik, manager of the Thief River Falls office of the state employment service, accompanied by staff members, Gordon Nohre and Robert DuChamp, left Tuesday for St. Paul, to attend the annual three day conference of the division of employment and security, which starts today.

The meeting will be essentially a "workshop" and will deal with matters of policy and procedure relating to employment service functions and the payment of unemployment insurance benefits. Special panels concerned with veteran employment matters will be under the direction of Robert Hutchison, veteran employment representative for Minnesota.

While in St. Paul, members of the Thief River Falls staff will have an opportunity to hear Ewan Clague, commissioner of the bureau of labor statistics in Washington; Senator Humphrey, Gov. Anderson and State Treasurer Val Bjornson, as well as a key note address by Victor Christgau, the division's director, who will outline the increased responsibilities of the state agency in the year that lies ahead.

Dr. J. O. Christianson, superintendent of the Minnesota school of agriculture, will be guest speaker at the division's annual dinner, at the Lowry Hotel, Wednesday evening.

The local office will be open full time as usual, with J. K. Stadum in charge.

Further details will be announced by Oen next week.

Preparation of Poultry Topic of Leaders' Session

The preparation of poultry for cooking, canning and freezing was discussed at five leader training meetings held at Thief River Falls last week. Over fifty leaders attended the poultry meetings which were conducted by the Home Agent, Sylvia Olson.

Leaders brought in poultry which was drawn and trussed for roasting and others which were prepared for freezing by using the cutaway method. Homemakers prefer the cutaway method as it saves freezer space by cutting away the bony framework, facilitates packaging, lessens space at the table and gives a wider range of cooking methods.

GOP Aspirant for President Piles up Huge Margin

(Continued from page 1)

Stevenson in Minnesota 395,000 to 314,000, while Senator Thye led Carlson 342,000 to 288,000 and Governor Anderson led Freeman 340,000 to 300,000. The GOP was also in the lead for all other offices except the post on the railroad and warehouse commission sought by Oscar Lund.

With 180 precincts reporting in the Ninth district, Rep. Hagen was leading Curtiss Olson 12,620 to 9,500, with the final outcome still in doubt.

Amendment No. 5 was reported this morning as defeated by a margin of two to one, the larger cities having voted strongly against the proposal.

Kenneth Pearson Gets New Post in Road Department

The establishment of a new position, that of roving maintenance engineer, has been announced by the Minnesota department of highways. The roving engineer will be available throughout the state to assist resident engineers during peak loads and to act for the district engineer during periods of his absence for reasons of sick or annual leave, or vacancies.

First appointment to this position is Kenneth V. Pearson, a veteran of 30 years service with the department in all branches of the construction field. Mr. Pearson has been serving as assistant to District Three engineer, Henry Pabst, Bemidji, a position he has held since July 1, 1952.

He is a graduate of Crookston high school and studied engineering at the University of Minnesota. A veteran of W. W. II he served three years with the Navy.

His first location will be at Willmar, where he will receive his indoctrination by temporarily filling the vacancy caused by the promotion of district maintenance engineer, Clayton A. Swanson to district engineer at Rochester.

Grapplers to Tangle Here Thursday Night

A new wrestling "villain" will be unveiled at the Auditorium on Thursday night when Hard Boiled Haggerty tangles with Pete Maganoff in the final event of the three-event program promoted by the Interstate Sports Promoters.

The main event will find Otto Kuss, a top-flight wrestler from Pine City, Minn., meeting Canada's huge 274-pound Tiny Mills. As an added attraction, the promoters will feature a pair of lady wrestlers, with Mars Bennett of Detroit, Mich., meeting Carol Cook of Toledo, Ohio.

In a recent match in the Twin Cities, Hard Boiled Haggerty lost to Tiny Mills by a decision, with Otto Kuss being the referee. The loss so infuriated Haggerty that he attacked the referee, and the result was that the wrestling commissioner levied a $250. fine on Haggerty and put the hard-boiled grappler on probation. On Thursday night, Haggerty will be appearing on the same program with Kuss.

The first match on Thursday night's bill is scheduled to begin at 8:30 p. m.

Turkey with Four Legs on Display at Land O'Lakes

On display at the Thief River Falls Land O'Lakes poultry plant is a 17-pound turkey hen boasting no less than four legs. The hen, brought in last Wednesday by Roy Klove of Oklee, has, in addition to the conventionally placed set of legs, a third one between the other two, and a fourth attached to its left thigh. The bird is normal in other respects, according to Morris Howick of the local plant.

Amendments Are Topic at Rotary

The five proposed amendments to the state constitution which were voted on in the November 4 election were the topic at the Rotary club meeting Monday noon in the Rex Cafe. W. E. Dahlquist led the discussion.

CLEARWATER CHURCH SETS ANNUAL MEETING NOV. 12

The annual meeting of the congregation of the Clearwater church of the St. Hilaire parish will be held at the church Wednesday evening, November 12, at 8 o'clock. The ladies aid will serve lunch following the meeting, with Mrs. Wallace Evenson and Mrs. Lester Evenson as hostesses.

Homemakers to Study Lampshade Making Nov. 12-25

Seven Workshops to Be Held in Auditorium in Thief River Falls

Pennington County homemakers will be making lampshades at workshops conducted by Sylvia L. Olson, county home agent. Seven work shops will be held at the city Auditorium in Thief River Falls beginning November 12th, and two will be held at the First Lutheran church parlors at Goodridge November 21st and 25th.

Lampshades have two purposes, said Mrs. Olson: first, to direct and spread out light, and second, to provide a decorative shape, size, color, and material.

Select a shade that is broad enough at its base to spread light over a wide area. The bottom diameter of a shade should be a little greater than the height of the lamp base, not including the fixture. The top of the shade should be wide enough to direct about a third of the light upward to contribute to the general illumination of the room.

The covering of the lampshade should be dense enough so you cannot see the bulb and do not feel a glare. On the other hand, lampshades that have dark covers should have white linings to reflect all possible light.

Keeping Score with "Huck" Olson

The Letter of the Law

With an attractive 19-game schedule in prospect, and against top-notch competition, coach Bob Nick is anxious to get his rangy 1952-53 Prowler basketball squad on the floor. But the local mentor has to "mark time" until Monday, November 10th, when state high school basketball practice becomes official. A regulation, new this year, by the state high school league, prohibits basketball, hockey, or wrestling squads to engage in practice sessions before the second Monday in November. That's what the law says, and that's when coach Nick will call the roll for the first Prowler practice.

The schedule, which opens here on Dec. 2nd, with Fertile providing the competition, is a "toughie," for it includes such teams as Grand Forks Central, Detroit Lakes, Fargo Central, and Moorhead as well as the region's and district's ranking clubs. With seven of last year's ten-man Prowler tournament squad being lost through graduation, it's understandable why Bob is anxious to organize his varsity.

About the only certainties for the approaching basketball season is that the Bemidji Lumberjacks will resume their leadership in district 29 affairs, and that the Halstad Pirates won't be able to develop another "team of destiny" and win the regional title.

The Bemidji fans undoubtedly cherish the record made by Coach Red Wilson's football Lumberjacks this fall, but even while they were cheering the success of the gridders, the fans were willing to discuss the basketball prospects. Bemidji's "true love" is basketball, and they believe that the presence of Larry Shaskey, a transfer from Grand Forks, will "make" the Lumberjack team. Shaskey, who was a valued member of the football team, will join such players as Jim Lawrence, Don Phelps, Jim Parker, and Harold Drescher on the cage squad. Bemidji will bear watching.

A Vote of Thanks—

Provision should have been made at Tuesday's election whereby the hunters up here could have cast a "vote of thanks" to the ruffed grouse for "saving" the season that is grinding to a dismal end. If it hadn't been for the "partridge," and that bird was subjected to terrific pressure, the howls and groans of the upland-bird and duck hunters would have been thunderous.

The duck hunting has been most irregular, with very few "shoots" being reported. Some of the boys had exceptional shooting along the Red Lake river in the Reservation, and limits were common. But to hunt up there a special permit was necessary, and an Indian guide was required.

Thief and Mud lakes haven't had the rafts of ducks that they floated in previous years, but that may be because of the late-season drouth. And this dry spell has extended up into southern Manitoba, with the result that we haven't been getting any of the "feeders" from up there.

The die-hards still believe that a blue-bill flight may materialize one of these days, and that event could happen. We have some excellent blue-bill shooting here, and in the lakes to the south, along about Armistice Day, and it could be that the northern blue-bills are still on the lakes in Canada waiting for the first blizzard to drive them down into the states. Let's hope so.

Miscellany

The "big time" wrestlers will be with us on Thursday night, with a professional program, headlined by bad-man Hard Boiled Haggerty, at the Auditorium. The grapplers do provide plenty of entertainment, and we'll long remember the fracas in the Arena ring a number of years ago when Abe King Kong Kashey nearly started a riot. Local fans, with the late Judge Andy Bottelson in the fore-front, took exception to Kashey's rough-house tactics and went after the "bad man" with chairs and clubs. Kashey had to obtain police protection.

—That the Grand Forks Redwings expect to "soar" high this season is evident by the prospective roster that was published this week. Coach and player, Tod Thurston, will have Russ and Prince Johnson, Wendy Feist, Jimmy Williams, Ralph Engelstad as his locals, and that gives the Redwings a championship nucleus, for the Johnsons, Feist, and Williams played with the Crookston Pirates when that club won the *national senior hockey title. In* addition, the Redwings will have several "imports," and will have the pick of the University of North Dakota freshmen. It is reported, too, that Pat Finnegan will wind-up in a Redwing uniform.—Dispatches out of Minneapolis reveal that Danny McKinnon, the big defenseman from Williams, who played at North Dakota and Sioux Falls, has been signed as player-coach of the Minneapolis Millers this season. Dan, who is well known up here, succeeds Johnny Mariucci, who moves up to take charge of the University of Minnesota hockey squad.

Portion of Mud Lake Refuge to Be Open to Deer Hunters Nov. 15

Seventeen thousand acres located in the south and east portions of the Mud Lake national wildlife refuge will again be opened for rifle hunting of deer during the regular state open season of November 15-23 this year, it was announced Thursday by Robley Hunt, supervisor.

Although fires have burned over 8,000 acres of the area to be opened it is expected that hunters should have very near the same success as in 1949 and 1951—during which years the same areas were opened within the refuge.

The deer population should be equal to 1951, although the fires have resulted in abnormal movements and activities. Unburned "islands" of cover remain within the burned area, and will no doubt be utilized by the deer for food and cover

Deer range adjacent to the south and southeast refuge boundaries has also burned off, but deer will no doubt be found in the wetter marsh areas that escaped the fire.

All persons hunting within the Mud Lake Refuge must check in and out of the checking stations, and must otherwise observe all state and refuge regulations pertaining to the special season, Hunt said.

All hunters entering the refuge will be provided a map and sheet of regulations applying.

A number of moose were killed during the 1951 season, and one hunter sustained a very serious gun wound. Hunters are cautioned that great care should be taken to make certain of the target.

Number of State Park Visitors Hits 2,255,000 in 1952

Itasca State Park Takes Top Rank in Minnesota with 476,500 Visitors

About 2,255,000 Minnesota people and visitors from every state in the nation and many foreign lands crowded the 62 Minnesota state parks during the 1952 season, E. E. Fiero, director, division of state parks, said today.

This is 450,000 more than last year and sets a new high total. Attendance at four parks account for nearly one half of the total, but several new areas, such as Kilen Woods, Jackson County, and William O'Brien on St. Croix River proved to be popular with the people seeking recreation.

Itasca Park was again the leader in number of visitors, 467,500; Interstate, 296,500; Gooseberry 180,000 and Jay Cooke, 127,500. Other popular parks were Lake Bronson, 79,500; Minneopa, 79,500 and Whitewater 51,000.

The gross receipts from refectories, bathing beaches, boat rentals, camp grounds and cabin rentals is estimated to be slightly more than 1951. Park officials believe that vacationers were inclined to stay longer in the state park camp grounds and for shorter periods in the park cabins and Itasca Lodge. Both cabin and camp ground facilities were taxed to capacity. Park officials have decided to restrict the camping period to a maximum of two weeks next summer in an effort to accomodate more visitors

Traffic Crashes Kill 50 in October

Fatalities for First Ten Months Aggregate 417

Traffic accidents during October on Minnesota's streets, rural roads and trunk highways resulted in 50 fatalities, according to a preliminary report issued today by the state highway department. It is expected, however, that this figure will be raised when final reports from several additional accidents are received and verified

Last month's toll is considerably below that charged against drivers in October of last year, when 64 deaths were reported. The total fatalities for the first 10 months of the this year stand at 417, as compared with 505 for the similar period of 1951.

Accidents in which only one motor vehicle was involved led all types of mishaps during the month They resulted in 24 fatalities. The terse description of most of these was "Ran off road," indicating that the driver was probably driving too fast for conditions and did not have his car under control. Only one death resulted from a collision with a railroad train at a grade crossing.

Collisions between two motor vehicles brought death to 15 motorists. Only one of these accidents resulted in multiple deaths. Twelve of these collisions occurred on rural roads or highways, with only two occurring in incorporated municipalities of the state.

Pedestrian accidents resulted in 11 deaths during the month, bringing to 81 the number of walkers killed in the state during the first 10 months of this year. Last year, during the similar period, there were 103 such fatalities. Four of the victims were under nine years of age, while another four were more than 50 years old.

Dry Spell Calls for Watering of Trees and Shrubs

The extended dry spell this fall necessitates heavy watering of shrubs and trees around the home if they are to go through the winter months without injury, according to the American Association of Nurserymen. Especially evergreens require several thorough soakings. Evergreens require water all winter long.

Long established shrubs can stand lack of water better than those planted within the last two years, but all evergreens should have several complete soakings with water at weekly intervals for the next month or so, even though there may be frost in the ground. Light rains will not solve the problem. It would take about three solid days of rain to give shrubs sufficient water to last into the winter months.

Shrubs and trees that have lost their leaves likewise should be watered as root activity continues after the leaves have fallen.

The heat value of one ton of bituminous coal equals that of 4½ barrels of crude petroleum.

ELECTION REFORMS

Now that another national election is out and over, and the shortcomings of our election procedure are still fresh in our memories, serious consideration should be given to possible changes that would be beneficial. One thing on which there seems to be general agreement is that the campaign just ended has extended over too long a period of time. There would be general support now, we are sure, for reducing the time.

This could be accomplished by holding the national conventions at a later date. September conventions, like our September primary here in Minnesota, would do the trick.

With the modern facilities for communication and broadcast and the addition of television to bring speakers before vast audiences personally, there is no reason why a national campaign should extend over a period of more than a few weeks.

And there should be a more realistic approach to the problem of campaign financing. This, however, is not a simple problem.

We know that our present laws dealing with this subject are generally ignored. In any contest where a campaign is necessary the present limits on spending are far from adequate.

Here in Minnesota the limits that may be spent "by or on behalf of any candidate" in a campaign "for nomination and election" are ridiculously low. The limit for governor is $7,000; for other state offices $3,500; for state senator $600, and for representatives $400. These figures are to cover the cost of both a primary and a general campaign and anyone who knows anything about present campaign costs will agree that these limits are unreasonable. The important thing, after all, is not the amount of money that is spent. The important thing is how it is spent.

And so it is too with contributions. Large or small, they are not evil unless they are made for improper purposes or considerations.

Any changes, it would seem, should be toward less emphasis on arbitary limits of contributions and spending and better public accounting of what is contributed, by whom, and for what purposes spent.

In the campaign just ended the presidential candidates were put in a position where they practically were compelled to reveal their personal financial condition. Perhaps this is something that should be made mandatory for all candidates for high office. Maybe the public has a right to know the state of their finances when they become candidates; their sources of income during their terms of office, and what they have when they retire.

These are matters that became important in the last election and they will be important again in future elections. They should receive attention now while our memories of the election experience are still fresh, with the view of securing a better set of rules for the conduct of future elections.

PRISON RIOTS

We don't seem to be making much progress in finding a solution for our prison problem. Prison riots continue thruout the nation at almost regular intervals. They result in investigations. There are long reports on what should be done and then, until the next outbreak of violence, we hear no more about it. We suspect that no satisfactory solution to the prison problem has been found mainly because there is no completely satisfactory solution.

But this problem of prison management and prisoner rehabilitation deserves far more attention and interest than it receives. Too much of the attention these problems do receive is from those who are as soft headed as they are soft hearted. There is need for a sentimental approach, but along with the sentiment there must be recognition of facts.

In dealing with prisoners we are dealing with human beings, many of whom are prisoners only temporarily. Most of them will be released and given an opportunity to make a fresh start. Some of them will succeed in spite of a heavy handicap.

And while some prisoners are hopelessly bad, many are no worse than some of us who are on the outside. The difference has been largely in the breaks. Dealing fairly with these unfortunate people calls for lots of common sense. They need a helping hand that is strong and firm.

At the rate our officials have had us releasing patients from our state institutions lately we soon will be able to close several of them or convert them to other uses. Unfortunately however the facts do not justify so cheerful a prospect. It is true that we have been releasing a larger number of the patients, but we have been admitting a larger number too. And the increase in admissions is accounted for to a large extent by the number of volunteers who come to the institutions for a rest. Many of these are neurotics who ordinarily would be cared for by their family physician. For $10 a month they get complete hospitalization and medical care from the state. They are coming as a result of a lot of crackpot publicity and in some instances at the invitation of institution officials. The bigger turnover makes the record look better.

Before we find out who are the winners in this week's big election we want to extend our congratulations to the losers. The winners are sentenced to a term of years of confinement that most of the time will be very solitary. Their performance will never measure up to public expectations and they are doomed to ultimate failure. The losers, on the other hand, may return to normal living. As time goes on they will appreciate more and more their good fortune by contrast with the increasing misery of those who now rejoice in victory.

Power Steering on the Roadmaster and Super

Like your travel with a JOYOUS THRILL?

WE HAVE NEWS for a lot of folks who want more fun from driving than they get from their present cars.

There's a trim bundle of eager high-powered energy that's just the ticket for you—a spirited automobile that can give you thrill after joyous thrill, for mile after fleeting mile.

Why not come in and try the Buick we have in mind?

The excitement starts with your first look at it, your first sitting in it, your first fingering of its slender wheel.

But wait till Dynaflow Drive* begins working its magic—and its constant and complete smoothness fills you with never-ending wonder.

Wait till you feel the bubbling exuberance of taking your first hill with a high-compression Fireball 8 Engine doing the honors. That's when you get a man-sized sampling of the tremendously able and instantly responsive power you command here.

Wait till you feel the serene satisfaction of skimming over rough roads, cobbles or ridged crossings. That's when you know, better than words can tell, what a million dollars' worth of ride engineering can do in the way of magnificent comfort.

Wait till you jockey into a real tight parking space and note the fun and ease that Power Steering** brings to a once-tough job.

But—why wait?

There's a Buick that can do all this—and more, far more—all ready for you to try it.

And listen: *If you can afford a new car, you can afford a Buick.*

How about coming in this week for a real sampling of this joyous travel?

*Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series. **Optional at extra cost on Roadmaster and Super only.*

Sure is true for '52

MORE OUT-SIZE VEGETABLES

One of the potatoes from Otto Seydel's Badger garden weighed a little over four pounds; eight from one hill chalked up 14 pounds; 25 filled a bushel basket to over flowing. Same man raised a 25 pound cabbage head and strawberries of which 36 made a generous quart.—A Wheaton carrot 10x11½ inches weighed 28 ounces and in the same garden a parsnip disported under carrot foliage.—A Little America cactus finally outgrew its winter quarters—at 700 pounds it could no longer be taken to Fred Kuehl's basement so it was sent to Minneapolis for display.

The average 2 lb. sugar beet contains 14 teaspoonsful of sugar.

Strandquist . .

By Mrs. Oscar A. Johnson, Strandquist Phone [illegible]

Mr. and Mrs. Art Linder and family moved on Thursday to their new home on a farm east of the Pelan church, west of Greenbush. They were assisted with the moving by the Klegstad boys, who used their truck and also by Mr. and Mrs. Henry Schey. Mrs. Oscar Johnson also aided them during the day by caring for their baby who was ill.

Mr. and Mrs. Clifford Dahl left Friday morning for Kellliher, Minn. to see their uncle, Albert Dahl, who is living there with one of his neighbors. They took him along to Coleraine, to see his brother George Dahl who is seriously ill in the hospital there. From there they went to Minneapolis where they will spend a few days visiting relatives.

Mrs. Leroy Anderson underwent surgery at the Deaconess hospital in Grand Forks on Thursday morning. We are all hoping she gets along fine and will soon be home again.

Mr. and Mrs. Carl Nyflot and sons David and Loren of Princeton, Minn. and Selmer and Ingvald Nyflot of Newfolden were Saturday evening visitors at the O. O. Nyflot home.

Supper guests on Wednesday evening at the Anton Foss home were Mr. and Mrs. Frank McQuire of Badger and Mr. and Mrs. Lawrence Kafstad of Roseau.

Mr. and Mrs. Knute Pladson of Strathcona and grandma Wikstrom were luncheon guests at the Oscar Johnson home Friday afternoon. The Pladson's had also called at the Jenson brothers farm.

Ed Schipper of Crookston visited at the Wm. Wikstrom home on Friday evening.

Carl Rud and Nels Nelson of New Maine township have been busy now for over a week painting the interior of the village hall in Strandquist and we must say they are doing a very good job of it. This is not the only achievement which is being accomplished in our town. The much needed town well, which has been in dire discussion for so long will soon be looming out as a reality. Hilmer Davidson of Holt has got his well driller set up on the back lot between Carlson's Cafe and the Anderson Produce and will begin drilling as soon as everything is lined up.

A village skating rink is also in progress, the site is located between the Johnson Oil Co. and Carlson's Cafe and the first preparations for the rink were made on Monday morning when the local blade man pushed off sod and dirt to all four sides to make the necessary basin for the water which will be run in as soon as it is cold enough to freeze hard.

Mr. and Mrs. Harvey Carlson returned from their honeymoon trip on Friday evening spending that night here with Harvey's folks. They then went to Kennedy to visit her folks, Mr. and Mrs. Albert Lindholm. On Monday they motored to Grand Forks to visit with her sister and family.

Mrs. Bill Hanson of Grand Forks and Mrs. Ella Thun visited with the Otto Paulsons on Sunday evening until the train arrived. They then went to Newfolden to visit their parents, Mr. and Mrs. Rasmi Nelson.

Mr. and Mrs. Wallace Boen, left Monday morning for Mitchell Field, New York, after a weeks visit here with his folks. Mrs. Earl Kelly and son Michael who had also visited here during the same time, accompanied them back as far as Glenwood, where Mr. Kelly is employed and where they are now making their home. Wallace Boen had been married on Saturday Oct. 25th to Miss Mary Andrews of Boston, Mass. The wedding took place in New York. Mrs. Boen is a nurse and will be employed in a hospital near her husband's base. Mr. Boen is employed in the Medical Corps at Mitchell Field.

Carl Danielson of Karlstad was a business caller in Strandquist Monday morning. Mr. and Mrs. Danielson have just returned from a trip to Duluth where they visited some of their children.

Mrs. Allie Johnson and children who left Saturday about two weeks ago, are now making their home in Minneapolis where she is employed. Gary stayed here until a week ago Thursday when he accompanied Mrs. Conrad Wigen and Lyland and Mr. Victor Lefrooth to St. Paul, where they visited with Mr. and Mrs. Virgil Erickson, the Marvin Lefrooths and other relatives. They also visited with the Hjalmer Nelsons in Minneapolis returning home on Monday.

Mrs. Wesley Anderson and children of Tioga, N. D. Mr. and Mrs. Henry Schey and Mr. and Mrs. Oscar Johnson visited with the Art Linders at their new home near Pelan on Sunday afternoon.

Mr. and Mrs. Otto Paulson motored to Thief River Falls on Sunday afternoon to see their son Lester who had been ill but he was very much improved and feeling better.

A bridal shower was held for Mr. and Mrs. Wallace Boen on Thursday evening at the Duane Dagen home west of Karlstad. They were the recipients of many lovely gifts. The sponsors were Mmes. Kenneth Boen, Duane Dagen and Earl Kelly.

Mr. and Mrs. Clarence Carlson of Kennedy left Friday evening for the cities where Mr. Carlson will attend a machine demonstration. While there they will be guests at the Wilfred Smith home. Little Sandra is staying with her grandma Borsvold in Strandquist during their absence.

The following were dinner guests at the Willys Stennes home on Sunday after attending confirmation exercises. Mr. and Mrs. Kenneth Wendel and family of Thief River Falls, Mr. and Mrs. Irvin Anderson of Drayton, N. D., Mr. and Mrs. John Paulson and Lyle of Stephen, and Mr. and Mrs. Ed Stennes and family. The dinner was in honor of Ronnie, who was in the class.

Left Ham Sandwich —40¢

Ambled over to Bob's Restaurant Tuesday for lunch and noticed a new sign "Left Ham Sandwich, 40¢ . . . Right Ham Sandwich, 30¢."

"Why the sign, Bob?" I asked. "Don't tell me you believe hogs scratch more with their right leg than with their left—so's the left ham is more tender?"

"No," he says. "I don't take any stock in it. But, some people *have* ordered those 'left' sandwiches. When I explain to them that there's nothing to that fable, that the sign is just a business-getter, and I've only *one* price, they enjoy a regular, old fashioned, plain ham sandwich all the more!"

From where I sit, stories like "right" hams being tougher than "left" ones are with us because some people get ideas into their head and hang onto them for dear life. It's like those who think an adult like myself hasn't the right to a glass of beer with my supper. I say let's keep our opinions free from being "sandwiched-in" by misinformation.

Woo!

Valentine's Day is tame now, compared to what it used to be. Nowadays young people exchange lacy bits of paper or maybe work up to candy and flowers, but in medieval days the idea was to kiss the first person you saw who appealed to you on that day, thus making him or her your special sweetheart for the year.

New Coat For Johnny

AN ACTIVE TEN-YEAR OLD needs warm winter clothing, and this Minnesota-made storm-coat fills the bill for young John Bucklen of Hibbing. His mother, Mrs. Norman Bucklen, wife of an iron mining company employee, and saleslady Mrs. Dorothy Jobin, seem pleased, too. The thousands of ore miners, enjoying a $50 million annual payroll, are big purchasers of "Minnesota Inspired Apparel"—just as they are good customers of *most* Minnesota industries. The iron mining industry and the families of its employees can be even larger customers if fair treatment encourages the maintenance of Minnesota's position in the iron ore field. A fair deal for Minnesota's iron mining industry means a good deal for you.

GROWING WITH YOUR CHILD

Institute of Child Welfare, University of Minnesota

Sleep, My Little One, Sleep

"Time to put the dolls to bed in five minutes. Then we'll have a story and up to bed you go," mother warns Jane as she plays with her doll family in the corner.

Jane doesn't really know what five minutes is, for what is time to a child? It goes by on wings when you're playing in the sandbox and drags by unendingly when you must be quiet in the church pew on Sunday mornings. But mother's warning gives Jane time to adjust herself to the idea of going to bed and finish her play. Listening to the story helps her to quiet down from the day's fun and excitement. Bedtime is at the same hour every day so that even Jane's eyes seem to know the hour is come, they get heavier and heavier.

Sometimes when play is especially engrossing or there is company in the house, Jane would like to stay up. Once in a while on very special occasions she is allowed to, but those times are rare. Jane's routine is so consistent she rarely even questions it.

It's pleasant lying in bed after an active day of play, bathed, powdered, storied and kissed goodnight. The hall light thru the partly open door makes interesting shadow pictures on the wall and ceiling. Down in the kitchen the clatter of dishes as mother washes them makes a kind of music, sometimes she can tell when mother puts down a glass and when she puts silver in the drawer—they each have their own sound. The music daddy is listening to on the living room radio is pleasant too.

"I wonder if my dolls are asleep, yet. I had so much fun today. Ho, hum, I'm so sleepy. There's my star up in the sky. I can see it thru my window every night. So sleepy. Goodnight world. See you tomorrow."

MAVIE . . .

By Beverly Mae Oski, Goodridge Phone [illegible]

Saturday evening a Halloween masquerade party was held in the Mavie schoolhouse. Everyone came dressed up in costumes and spoke nothing so as not to give their identity away. If anyone driving by saw ghosts, devils, monkeys or any other odd looking creatures by the schoolhouse that night, don't be alarmed, it was only us. At about 10:30 p. m. everyone in costumes marched around the room in a circle and those not in costumes tried to identify them. The costumes were all very good or rather horrible and had everyone puzzled. Hank Bendickson furnished music after the unmasking. Lunch was served at the end of the party. An enjoyable time was had by all.

Mr. and Mrs. Thad Szymanski visited at the A. W. Oski home Friday evening.

Kenneth Habedank left Monday morning for the twin cities where he'll work during the winter. Claudia Habedank is going to spend the winter with Mrs. Ken Habedank and children on their farm.

Mr. and Mrs. Melvin Hamre visited with Grandma Hamre and at the Olaf Dahlen home in Thief River Falls on Friday afternoon. Grandma Hamre spent the weekend at the Melvin Hamre home.

Phyllis Habedank, Beverly Oski, and Carole Easthouse, of Goodridge accompanied by Shirley Hanson at the piano were the musical number that won second place in the talent parade at the Goodridge Fall Carnival Friday evening. The high school trio sang, "Till We Meet Again." Torval Dahle of Highlanding won 1st place with an accordion piece.

Mr. and Mrs. A. W. Oski and Cathy, Mrs. Art McLaughlin and girls, Mr. and Mrs. Laverne Adamson and Emil Habedank visited at the Mrs. Alice Habedank home Sunday.

E. H. Pomerenke returned home Monday from Odessa. Ed Gerber of Odessa accompanied him back. E. H. Pomerenke and Ed Gerber spent the weekend in Bemidji.

Mr. and Mrs. John Phillip and John Graff visited at the Frank Kainz home Sunday.

Mr. and Mrs. Henry Bendickson and family visited at the Stans Panek home on Sunday.

WHAT THE V.F.W. MEANS TO THE OVERSEAS VETERAN

As a Veteran . . .

The V.F.W. is always on guard against any effort to destroy your established legal rights as an honorably discharged veteran.

These rights include your entitlement—under certain conditions—to care and treatment in government hospitals, disability compensation or pensions, government insurance, burial allowance, pensions for dependents, preference credits for civil service employment, etc. Founded in 1899, long before other major veteran organizations were formed after World War I, the V.F.W. was demanding fair treatment for the nation's disabled and needy veterans. Thus was born the basic pattern of the "G.I. Bill of Rights."

By becoming a member of the V.F.W. you help keep the organization strong enough to protect—not only the nation's disabled veterans and the widows and orphans—but also those rights which are vital to your own security.

Veterans are Good Citizens! Be a V.F.W. Member and be a Better Citizen! Join the V.F.W. Now!

Deer Season to Open in Minnesota Nov. 15; Regulations Listed

Minnesota's season for the taking of deer by legal firearms and shotgun with single slug opens Saturday, November 15, and conservation department officials suggest that hunters would be wise to review the regulations before taking to the field.

The season for legal firearms or with bow and arrow runs from November 15 through November 23, in the Northern zone only.

The season for shotgun with single slug or with bow and arrow runs from November 15 through November 17, in the Southern Zone only.

Here are some of the regulations regarding the taking of deer to refresh the hunter's memory:

You cannot purchase a license to take deer with firearms after the third day of the season. November 17th is the last day of the season on which you may purchase a firearms license. To be safe, purchase your license now!

You may not carry any rifle or shotgun with single slug in territory open to the taking of deer ten days before or five days after close of the season, unless such rifle or shotgun is unloaded and contained in a case, or disassembled.

You have two days after the close of the season to transport deer home.

There are restrictions on firearms. Deer may be taken only with rifles that are more than 23 caliber. Shells must be over 1¾ inches in length unless 35 caliber or larger. Shells must have softnosed or expanding type bullet. "Army" ammunition is illegal. Buckshot is illegal. Shotguns must contain only single slug.

Don't forget the clothing regulations. The visible part of the jacket and cap must be at least 75 per cent solid crimson or bright red—checkered patterns are out. Better buy 100 per cent red to be safe.

Regarding hunting from roads: No person shall discharge any firearms, upon, over or across any improved public highway at any big game animal or while such person is within the limits of the right-of-way of any improved public highway.

When hunting or trapping in any territory open for the taking of deer with the use of fire arms, such hunters and trappers must observe the clothing regulations—visible part of the jacket and cap must be at least 75 per cent solid crimson or bright red. Remember this, in case you decide to hunt other game or trap in deer hunting territory.

Jobs in State Hit An All-time Peak

843,000 Minnesotans Were Employed in September

Minnesota's employment reached 843,654 in September, an all-time high, Victor Christgau, director of the division of employment and security, said in releasing the agency's monthly analysis of the state's labor market trends.

The employment figure, which covers all non-agricultural employment, is 27,[illegible] more than in August and 12,[illegible] above the previous high of 830,769, reached in December of 1951.

Reasons for the new peak, Christgau explained, were readjustments in the wake of settlement of the recent steel dispute and the presence on educational payrolls of teachers and other school workers.

The report also says that there was a sharp increase in the monthly earnings of production workers in industries manufacturing durable goods. Most notable was a jump of $10.85 in the pay of ordnance and scientific instrument makers due, primarily, to a wage increase. The average increase in weekly earnings was $1.15 above the August level. The average pay check of production workers in September was $69.52.

Good Outlook for Most Certified Farm Seeds in '53

Crop Improvement Assn Announces Publication of Its Annual Directory

Excellent prospects for supplies of most certified farm crop seeds for 1953 planting were reported today by Ward Marshall who is in charge of seed certification for the Minnesota Crop Improvement association.

Marshall made the report in announcing publication of the association's new registered and certified seed directory. The directory lists 650 sources of crop varieties recommended for growing in this state by the University of Minnesota agricultural experiment station. Copies may be obtained by those in the market for seed by writing the Minnesota Crop Improvement association, University Farm, St. Paul.

A highlight of the directory is a listing of 10,000 acres of Redwood flax one of the best varieties listed. The old standby is Bonda, and there is a good supply of seed of this variety. The newest oat variety listed is Branch, a Wisconsin introduction, also in good supply. There are fair to good supplies of Ajax, Andrew, Clinton, James, Mindo and Shelby oats.

Kindred or "L," the predominant barley variety, is adequate in supply. Lee wheat and Blackhawk soybeans, two of the newer varieties, also have sizable listings. Seed of small legumes and grasses is limited as far as Minnesota production is concerned. However, most of this kind of seed is usually imported from other areas for use in this state, and no shortage from outside sources is expected.

The supply of certified seed corn is excellent, Marshall reported. Two new station hybrids are listed in the directory—Minhybrid 409 and AES 610.

Greenbush Twins Wounded in Korea

The Communists in Korea tried hard to separate the Mostry twins of Greenbush, but it didn't work.

The 23-year-old twins, Pvts. Paul and Peter, have been together since their enlistment last February.

Both were wounded in the leg by the same mortar shell. They were serving at the time with the 279th Infantry Regiment. They now are recovering in the 279th General Hospital near Osaka.

Said Paul, the spokesman for the twins:

"We certainly hope we'll be able to leave the hospital together and that no one gets any ideas about separating us now."

MEMORY LANE

SHAVING

Remember how you used to watch father sharpen his big, shiny razor on a leather strop? The sharp blade fairly made you cringe. Nevertheless, boy like, you looked forward to the day when you too would use one. By that time, safety razors had been invented. And now, the buzz of electric shavers tells of even more modern shavers tells of even more modern shaving methods. Remember?

GULLY . .

Mr. and Mrs. Carl Gunvaldson visited at the Vernon Gunvaldson home in Bemidji on Sunday.

Mrs. Rudolph Hanson visited on Sunday at the Mrs. Christine and Cora Anderson home. Mrs. Hanson and son Lloyd plan to leave on Monday for Duluth. Other visitors at Andersons on Sunday were Mrs. Earl Wagner of Berner and Mr. and Mrs. Robert Anderson of Fosston.

Mr. and Mrs. Andrew Fore visited at the Arthur Lund home in Johnson Sunday. Mr. and Mrs. Bennie Rindahl of Duluth visited Monday morning at the Fore home. They came on Saturday and visited that day at the Carl Lund home. They will also visit in Oklee before going to their home in Duluth on Tuesday. Mrs. Gunhild Rindahl returned to the Fore home Monday morning after visiting at the Herbert Mickelson home in McIntosh since last Tuesday.

Mr. and Mrs. Richard Kinueson and family of Sebeka visited at the Elvin Yrjo home from Saturday until Sunday.

For all the excess baggage carted to the Gully school on Friday morning one could think the pupils were all going away for the weekend but the baggage contained costumes for their Halloween parade for which the teachers in the various grades gave prizes. Carstie Clausen was winner in third grade, Marilyn Nyland in fourth grade; Roger Espeseth 6th grade; Elinor Thorson, 5th grade; Ronald Stiele, 7th grade; and Geraldine Pladsen, 8th grade. The lower four grades paraded thru town in their costumes and later all grades had a program in the dining hall and enjoyed a Halloween lunch. The evening in Gully was quiet and little damage was done.

Runners, Too

Vampire bats, when on the ground, are said to be able to run as fast as a rat.

BRING OUT THE FULL BEAUTY of WOOD PANELED ROOMS

Firzite

Here's How to Get a Perfect Finish on Fir Plywood and Other Soft Woods and Beautiful Effects on Hardwoods

Use FIRZITE as a pre-sealer. It tames the wild grain because it tightly seals the wood pores. You virtually eliminate checking and grain raising. FIRZITE makes an excellent undercoat for paint or enamel.

If you want a blond or pickled effect on either soft or hardwoods use white (or tinted) FIRZITE. Buy clear or white FIRZITE in pints, quarts, gallons or 5-gallon cans.

Here's How to Bring Out the Rich Natural Beauty of Fine Decorative Woods

Satinlac

Use SATINLAC to preserve and enhance the charm of all woods. It is easily brushed or sprayed, provides a durable, attractive finish.

And remember, Age cannot darken or yellow the lustrous, sleek finish you get with SATINLAC.

Buy SATINLAC in pints, quarts, gallons or 5-gallon cans.

Let us help you on your wood-finishing problems. Ask for [illegible] on the Firzite and Satinlac

Bolero Jacket

A clever way to add freshness to a bolero jacket for a suit from a precious season is to add a tiny color of black velvet to it. If you have button trimming on the suit, use covered velvet buttons to match the collar.

Smooths Garden Furniture

Garden furniture of the sort with the bark still on it should be coated with spar varnish to make it just as smooth as possible. In this way you can minimize the danger of snagging sheer hose and filmy fabrics.

QUESTIONS answered for VETERANS

Q: I'm planning to convert my NSLI term policy to permanent endowment insurance. If I'm still living at the end of the endowment period, how will I receive my money?

A: You will have a choice. You may either get the insurance proceeds in a lump sum, or you may ask VA to pay them to you in equal monthly installments ranging in number from 36 to 240. If you die before all the installments have been paid to you, the remainder will go to your beneficiary, if you have named one.

Q: I am receiving a VA pension for a total and permanent nonservice-connected disability. I have a house which I inherited, and I want to sell it. Must I include all the proceeds of the sale as income in figuring whether I come under the income ceiling for pension purposes?

A: Since you inherited the house, the entire proceeds from its sale would be considered as income for pension purposes. If you receive a lump sum payment, it will apply for the calendar year in which you got it. If you get paid in installments, whatever you receive during a calendar year must be included as income for that particular year.

Q: I was forced to interrupt my training under the World War II GI Bill to go back into active service. I expect to be discharged soon, and I want to continue with my GI studies. Is there any time limit for resuming?

A: You must pick up your training within a reasonable period following your discharge. The "reasonable period" is determined for each veteran on an individual basis and depends on a number of factors such as the type of training involved, its availability and so on.

Q: I know of a World War II veteran who has become incompetent. Can his GI insurance premiums be paid by another person?

A: The premiums may be paid by any person on his behalf. If the veteran's premium return envelope isn't used, care should be taken to identify the payment properly, including the insured veteran's full name, address, date of birth, service serial number and insurance number.

Visitors at the Oswald Erlandson home Sunday were Mr. and Mrs. Joseph Heaby and girls of Fosston and Mr. and Mrs. Lawrence Erlandson, Bobby, Roay and Bette.

Folks from here attending the funeral services for Mrs. Hilda Tvelten at the Nazareth church on Friday of last week were, Mr. and Mrs. Carl Lund, Mmes. Arthur Lund, Albert Davids, Selmer Anderson, Nordal Solheim, Alfred Bergh, Russel Norberg and Harry Bergh.

The Bethany Luther League met on Sunday evening at the church. The program consisted of prayer by David Norberg, topics were read by Joann Lofland, Joyce Bjerklie and Rosemary Erlandson. Song by Sonja and Judy Thoreson. Reading by Darlene Bergh, song by the Sunday school and two hymns were sung by the audience. On the program committee for next time are Buddy Bjornaras and David Norberg. Lunch was served by the Carl Sweno, Henry Sweno and Bennie Bergerson families.

Practical Gifts Are Advised for Soldiers in Korea

Practical gifts are what American troops in Korea want most for Christmas, according to Army Sergeant 1-C James S. Steen, son of Mr. and Mrs. J S. Steen, Thief River Falls.

Dehydrated foods for snacks, including soup, are high on the preferred list, Steen says, followed by fruit, family photographs, stationery and toilet articles.

Other favorites for Christmas packages include radios, cameras, film, wallets and magazines.

Sgt. Steen is serving with the Korean military advisory group, which is helping train the Republic of Korea Army.

An operations sergeant in his unit, he entered the Army in Dec. 1951.

130,000 Veterans Warned to Avoid Insurance Lapse

Time for Reinstating Term Insurance Will Lapse within 14 Months

A little over $1 billion in lapsed G. I. term insurance will be lost forever under present laws unless some 130,000 veterans in the upper midwest who have permitted their policies to lapse reinstate them before the term periods expire in the next 14 months.

In releasing this statement today, C. Medley, manager of the Fargo Veterans Administration center, said the policies involved are lapsed term national service life insurance issued to two groups of World War II veterans.

The two groups are:

1. World War II veterans who took out term national service life insurance policies during the last two months of 1944 and and all of 1945, and
2. World War II and Post-World War II veterans who took out term policies while they were in service during the last two months of 1947 and all of 1948.

The first group have 8-year term policies and the second group have 5-year term policies. Both groups expire during the last two months of this year or during the next year depending on the anniversary date of each policy. Veterans in either group who do not wish to lose the coverage altogether must reinstate their policies before the terms expire. Holders of lapsed policies must use their own initiative to determine the expiration date of their policies and reinstate them before the deadline.

Reinstatement of lapsed term policies may be accomplished by applying to the Veterans Administration. A physical examination and the payment of two monthly premiums is required after three months of lapse.

Soo Line Income Rises Slightly for Nine Months

Soo Line gross revenues for the month of September, 1952, as reported today by G. A. MacNamara, president, amounted to $4,731,641 as compared to $4,327,799 for the same month in 1951, or an increase of $403,842. For the nine month period in 1952 gross revenues were $32,132,755, while comparable figures in 1951 were $30,189,342—an increase of $1,943,413.

He also reported that operating expenses for Sept., 1952, were $367,956 greater than in September, 1951 and for the nine month period of 1952 they show an increase of $843,432 over the same period in 1951.

The net income at the close of the nine month period in 1952, after allowing for all contingent interest and sinking fund charges accrued up to date, amounts to $1,139,149, an increase of $8,956 over the comparable period in 1951.

Two Marshall Co. Girls Admit Guilt in Theft of Cars

Teen-agers from Gatzke and Middle River to Be Sentenced at Warren

Two Marshall county teenage girls, both juveniles, appeared in juvenile court in Warren October 24 before Judge A. A. Trost on car stealing charges, says the Warren Sheaf. The girls, one from Gatzke and the other from Middle River, were placed under bond and the case was continued for a pre-sentence investigation by an agent for the state Youth Conservation commission.

The girls, who were picked up in Montana for stealing clothes, readily admitted the charges and said they wanted to see how far they could get before being caught.

They stole a car in Thief River Falls, left it in Warren, stole one in Warren, left it in East Grand Forks. Then they walked across the state line to avoid federal charges and stole a car in Grand Forks, leaving it at Devils Lake where they stole another one to continue on 122 miles to Fern, N. D.

From Fern they hitchhiked to Minot where they stayed at the YWCA and then continued to Williston. They caught rides to Little Poplar, Mont. where they worked as waitresses three days and save enough money to get to Malta, Mont. Here they ran out of money and stole some clothing from a store, being caught in the act.

Legislature to Face Financial Problems in 1953

Taxpayers Group Says $22 Million More Must Be Raised for Biennium

Minnesota legislators will be faced with the problem of finding an additional $11,000,000 per year at the legislative session which convenes in January 1953. This will mean an additional $22,000,000 for the next biennium, 1954-1955, according to a compilation just made by the Minnesota Taxpayers Association.

"This need arises because the 1951 Legislature used a surplus of $22,000,000 in the general revenue fund to balance the budget for the present two-year period. This surplus, the report discloses, will have been exhausted by July of the coming year."

Should the 1953 session increase appropriations over the previous biennium, as has been the case for several sessions, it will be necessary not only to raise the $22,000,000 needed to keep the budget balanced, but it will require more money to meet the additional appropriations.

Four alternatives are possible to meet this pending $22,000,000 deficit for the 1954-1955 biennium:

1. Cost of government can be reduced.
2. Surplus funds "earmarked" but not constitutionally dedicated for other purposes, can be used.
3. Borrowing and deficit financing is possible.
4. New and higher taxes may be levied.

The Little Hoover Commission of Minnesota estimated a $4,000,000 annual saving could be made through proposed state reorganization and procedural changes. If adopted, these recommendations could be expected to reduce our deficit by $8,000,000 in the next biennium. But there would still leave $14,000,000 additional needed.

Co. Agent Praises 4-H Supporters

Says Leaders and Parents Give Invaluable Support

Parents of 4-H club members, adult leaders and many others in Pennington county are making an important investment in today's youth and the future through their support of 4-H clubs, County Agent Ray Mitteness says.

In paying tribute to the work of these men and women, he points out that many of them are among the busiest farmers and homemakers in the country; yet they are sufficiently interested in young people to be willing to spend time helping them with their activities.

This year more than 6,000 adults in Minnesota—40 in this country—are volunteering their services to their local 4-H clubs, giving, in time alone, what amounts to a total of 16 days a year to their 4-H club activities. In addition to spending some time in training for their work, they help members plan their program for the year, attend regular club meetings, visit the homes of members to give assistance with demonstrations and accompany members when they go to club events outside the community.

Many of the local leaders are parents of 4-H boys and girls. However, scores of parents who are not local leaders also play a vital part in the success of 4-H clubs through encouragement and advice given to their sons and daughters.

Many local businessmen are giving invaluable support to 4-H work and many of its activities, too, Mitteness says. Together with parents and 4-H leaders, they are making an important contribution to their communities thru their support of a worthwhile program such as that offered by the 4-H Club which trains boys and girls to "learn by doing" thru a wide variety of activities and projects in homemaking and agriculture.

[illegible] HISTORICAL SOCIETY

Would Rebuild Grandstand on Fair Grounds

Board Is Making Study of Means of Financing Project to Cost $30,000

Possibility that a new concrete grandstand with a seating capacity of 2,000 persons may be erected on the county fair grounds next year loomed following a meeting of the Pennington County Agricultural society last Thursday evening in the Civic and Commerce room.

After viewing preliminary sketches submitted by Ivan Jensen, Grand Forks engineer, and discussing the matter with Henry Mott of Minneapolis, representing the Portland Cement Institute, members of the fair board agreed to confer with local citizens as to the possibility of financing the project, estimated to cost in the neighborhood of $30,000.

The directors will discuss the matter further at the board's organization meeting Thursday, November 13, but it was indicated that no definite action will be taken for several weeks.

President Frank Hardisty conducted the annual meeting, in which L. A. Ihle, Bill Ekstrand and Vernon Copp were reelected to the board. Dates of the 1953 fair were left in the hands of the directors, with the recommendation that the last four days of the week be selected if possible.

Secretary J. M. Roche submitted the report covering the operation of the 1952 fair, revealing that premiums totaling $2,235 were paid to 1,118 exhibitors.

The report showed that receipts from operation of the fair included as major items, outside gate, $5,434.38; grandstand, $4,268.34; parking, $558; and carnival and concessions, $3,905.66, for a total of $15,097.54. Major items of receipts from other sources included state aid $1,833.12; county aid $1,435.53; and municipal aid, $1,000.

Operating expenses included premiums, $2,200; advertising, $780.93; entertainment, horse races, etc., $7,259.61; salaries and expenses, $794.66; and other expenses, $2,303.27. In addition, $2,375.31 was spent on repairs, $1,284.14 on improvements and $412.24 on insurance, making total disbursements of $18,269.77.

The year ended with cash on hand of $2,260.68 in addition to a $5,000 certificate of deposit.

Drainage Problems [illegible]ussed by Soil [illegible]servationists

[illegible]ge problems in north[illegible] Minnesota were review[illegible] Tuesday at a meeting [illegible]ervisors from eight soil [illegible]vation districts. Alfred [illegible]n of Ulen, president of the [illegible]nesota Association of Soil Conservation Districts, presided at the conference.

Principal speakers at the meeting included Congressman Harold C. Hagen, District Judge Paul A. Lundgren of Thief River Falls, State Senator W. E. Dahlquist of Thief River Falls and State Senator Don Sinclair of Stephen. Senators Dahlquist and Sinclair spoke at a luncheon meeting in the Rex Cafe.

"In my opinion," Congressman Hagen stated, "the U. S. Soil Conservation Service is carrying out a program of real value. One of the major problems facing this country is saving the soil so we can produce food for future generations."

Hagen emphasized the need of selling the general public on the merits of the soil conservation program. Otherwise, he warned, people will criticize congress for appropriating funds for soil and water conservation, farmers will be attacked for accepting ACP payments, and professional agricultural workers will be criticized.

Judge Lundgren reviewed legal problems facing the numerous drainage districts within the eight-county area. He pointed out that ditch systems set up 30 or 40 years ago were all right in their day but all too often fail to measure up to present-day requirements.

"There should be some changes made which permit repairs and improvements on drainage ditches to be made with one proceedings," he stated. "Legal delays are preventing farmers from taking advantage of this wonderful weather in digging

$694,231 Taxes Paid in County in 10 Months of '52

Total current tax collections in Pennington county for the first ten months of 1952 to November 1 were $694,231.58, a substantial increase over the $628,761.41 collected during the same period in 1951, County Treasurer A. R. Johnsrud reported this week. He added that collections for October this year aggregated $199,957.13, compared to $186,574.33 for October 1951.

100 Enjoy 40 & 8 Wild Game Dinner Sunday Evening

State Officers Assist in Conducting "Wreck" During the Afternoon

Nearly 100 40 & 8 members and their guests enjoyed a wild game dinner in the Legion club rooms Sunday evening that climaxed the annual fall "wreck" sponsored by the Thief River Falls voiture.

Norman Peterson, chef de gare, presided over the program which included a talk by Ev Getten of Wayzata, grande chef de gare. He discussed the nurses' training program sponsored by the 40 & 8 organization to encourage qualified girls to enter the nursing profession.

Other state officers who were present and who assisted the local voiture in initiating 13 candidates, three of them from Roseau, included Harry McFarlin of Crookston, grand chef de train; and Oscar Englund of Alexandria, grande drapeau.

Special recognition was given Alex Cloutier for his many years of service to the 40 & 8 and for his work in developing the memorial service settings.

While the initiation rites were in progress during the afternoon, the members' ladies attended a social gathering at the golf club.

Northern Region Firemen to Meet in City in April '53

Roy Langevin Reelected Secretary at Meeting in Clearbrook Friday

Fire Chief Wm. Herbert of Crookston was elected president of the Northern Region Firemen's association at its annual fall meeting in Clearbrook last Friday, and Chief Roy Langevin of this city was reelected secretary-treasurer.

Chief Merdink of Stephen was named vice president; Chief Pete Johnson of Bemidji and Ralph Taralseth of Warren, finance and legislative committee; and Jack Hoffman, Blackduck; Roy Green, Bemidji; Andy Larson, Hallock; Chief Sullivan, East Grand Forks; and Karl Hill, McIntosh, directors.

Present at the meeting were 75 firemen representing 16 towns. They voted to hold their spring meeting in Thief River Falls next April.

The business session Friday followed dinner served at 6:30 by the ladies of the firemen's auxiliary, following which Mayor Granley, Victor Aalbu and Albert Anderson spoke a word of welcome, to which Langevin responded.

Speaker included C. A. Cherry of Detroit Lakes, deputy state fire marshal; Chief Johnson of Bemidji, Chief Bergland of Clearbrook, Chief Herbert of Crookston and Chief Langevin.

Thief River Falls firemen attending the meeting included, in addition to Chief Langevin, Freeman Lanska, Ole Ness, Kenneth Borsheim and Gust Vad.

Local Men Attend Regional Jaycee Parley in Bemidji

Dr. Orion D. Beich, president, and Gordon Releraon, state director of the Thief River Falls Junior Chamber of Commerce, attended the regional Jaycee meeting held in Bemidji on Sunday, November 9. Cliff Stadum of Moorhead was in charge of the meeting. It was attended by representatives of seven of the Junior Chamber organizations in this area. Several national directors and many state chairmen were present. The Junior Chamber of Commerce program for the coming months was outlined.

T. R. Falls Dairy Club Meets Next Tuesday Evening

The Thief River Falls Dairy club will hold its November meeting next Tuesday evening November 18, at 8 o'clock in the agriculture room in Lincoln high school. Feeding of dairy cattle will be the topic and C. L. Cole, superintendent of the Grand Rapids experiment station, has been invited to lead the discussion. It was announced that local dairymen who have not already affiliated with the club are invited to attend the meeting.

Air Service Is Now Slated for January 1, '53

Officials of Airline Confer Thursday with T. R. Falls Officials

Service by Wisconsin Central Airlines to Thief River Falls, originally scheduled to start this fall, will not get under way before January 1, 1953, it was announced here Thursday by company officials.

In this city to confer with Mayor Harry E. Simons and other local officials were R. J. Ceronsky, director of operations for the airline; T. M. Needham, superintendent of stations; and R. W. Corriveau, director of electronics.

Ceronsky explained that the delay in starting service was due to difficulties in arranging for installation of radio equipment for ground-plane communication. He indicated that the work would get under way by December 1.

Arrangements also were made for the city to make minor alterations in the office quarters in the administration building at the local airport.

Increase Noted in Employment in City in October

While employment in the construction industry in Thief River Falls declined substantially in October, this factor was more than offset by a sharp rise in poultry processing jobs, it was announced by R. S. Eldevik, manager of the local office of the state employment service.

The total number of jobholders in the city increased from 2,740 in September to 2,818 in October.

Eldevik reported that the supply of workers is gradually increasing, with a surplus of construction workers expected shortly.

NEWFOLDEN JUNIORS TO OFFER "PECK'S BAD BOY"

On Friday, November 21, the Newfolden Junior Class will present the comedy, "Peck's Bad Boy," a play based on the stories of George W. Peck. The play is being directed by Mrs. Ray Tunheim.

Santa Claus Will Make Early Visit to City Dec. 6th

Little folks in Thief River Falls and the surrounding community have something to look forward to in the form of an advance visit to this city to be made by Santa Claus on Saturday, December 6. Ward Nichols, president of the Civic and Commerce association, last week-end received a radiogram from jolly old Saint Nick telling of his impending visit, and stating that further details would be forthcoming shortly.

Fire Protection in Rural Areas Topic of Meeting Here Nov. 6

Delegations from the townships of North, Rocksbury and Smiley met with the city council and members of the fire department on Thursday evening in the council chamber. Roy Langevin acted as temporary chairman. The purpose of the meeting was to further discuss fire protection for townships surrounding the city.

Langevin read letters from the Fire Underwriters Inspection Bureau, which indicated that they were opposed to running either of the City's fire trucks out of the city, and that the city could not receive a reduction in insurance rates until this practice had been stopped.

They recommended that the townships buy a fire truck and the local fire department would answer rural fire calls with it. Langevin pointed out that one third of the fire calls in 1952 have been out of the city and that if the City were reduced in classification from 8 to 7 it would mean a reduction of about 9 per cent in insurance premiums, which would be a savings of several thousand dollars a year to policy holders on commercial and industrial buildings.

It was also pointed out by local firemen present that the present trucks are inadequate for rural fire fighting and that with proper equipment they could do a more efficient job in the rural areas.

Albert Koop of Rocksbury Twp. was elected chairman and Alfred Longren of North Twp. secretary of the new group, which was named Township Fire Protective Assn.

The next meeting of the Association will be held Dec. 4th in the fire hall when two representatives from each township will meet with two from the city council and Chief Langevin to discuss future plans for the association.

R. Fitzsimons Noses out Roy Wiseth for Post in Legislature

By the close margin of 89 votes, Richard W. Fitzsimons of Argyle defeated Roy E. Wiseth of Goodridge 3,500 to 3,411 for the office of state representative from Marshall county, it was announced by County Auditor Levi Johnson at Warren following a review by the county canvassing board Friday of the results of the November 4 election.

In another close contest, O. C. Toftner, former Marshall county sheriff, was elected judge of probate court, defeating the incumbent, A. A. Trost by a vote of 3,683 to 3,422.

Harold C. Hagen carried the county by a margin of 3,941 to 3,146 over his opponent, Curtiss T. Olson, DFL, in the race for Ninth district congressman.

Andrew Korgen was elected county commissioner from the fourth district by a margin of 876 to 651 over his opponent, Oscar A. Rokke.

On the state ballot, all Republican candidates from Eisenhower down carried Marshall county by good margins, with the exception of Oscar L. Lund, who was defeated by Paul A. Rasmussen 3,613 to 2,762 for one of the railroad and warehouse commission posts.

Eisenhower carried the county over Stevenson by a vote of 3,518 to 3,132, while Senator Thye led Wm. Carlson 4,054 to 2,782, and Governor Anderson led Freeman 4,067 to 2,919.

Amendment No. 5 received a strong endorsement in Marshall county, by carrying by a vote of 5,022 to 1,143.

Public Invited to Policemen's Ball Friday Evening

Police Chief Ken Judy and members of his department today extended a cordial invitation to local residents to attend the annual Policemen's Ball in the city Auditorium Friday evening, November 14. Bud Webakowski and his orchestra will supply music for the affair. Judy added that citizens are eligible to buy tickets whether or not they will be able to attend the dance, and he explained that the proceeds will be set aside for the purchase of a two-way radio for the police car, which will greatly facilitate the work of the department.

N. W. Bell Phone Co. Asks Small Rate Increase

Says More Money Needed to Meet Pay Hike Given Employes Recently

The Northwestern Bell Telephone company Friday asked the Minnesota railroad and warehouse commission to review its order of last February which established the current rates for telephone service. Ben S. Gilmer, Minnesota vice president and general manager, said that the purpose of the company's request was to obtain an upward adjustment in telephone rates made necessary by higher wage costs called for in the new contract recently negotiated between the company and Communication Workers of America—CIO.

The company last applied for an adjustment in rates in April of 1951. The commission, after extended hearings, authorized increases in service charges which were considerably less than the phone company had declared were needed to permit it to provide the amount and quality of service required to meet public demand. Gilmer said that the rates now being charged were based on 1951 expense levels and did not make provision for the recent wage increase.

The proposed increase would be small, Gilmer said, ranging from about a penny a day or less for residence telephone service to two cents or less for business phones. He indicated the proposal also contemplates a nominal increase in intra state long distance rates affecting person-to-person service only.

The proposed monthly increases for outstate Minnesota patrons include one-party business phones, 60 cents; two-party business phones, 50 cents; and rural business phones, 60 cents.

For residence phones the proposed increases are: one-party, 35 cents; two-party, 25 cents; four-party, 20 cents; and rural, 30 cents.

Oklee Youth Dies as Car Rolls over

Accident Occurs Sunday Evening on Highway 92

Vernon Torkelson, 20, of rural Oklee, was killed and four others were injured in an automobile accident on Highway 92 Sunday night.

The car in which Torkelson was a passenger turned over several times after hitting a soft shoulder. Gerald Stone, 21, also of rural Oklee, the driver, was taken to a Thief River Falls hospital with a back injury.

Delores Eck, about 18, of near Trail, was taken to a Red Lake Falls hospital. Treated and released were Elton Plante, and Rusty Hoass, 21, Oklee.

Education Board Names Delegates

Claffy Gives Report on Educational TV Setup

The Thief River Falls board of education at its November session Monday evening appointed Lloyd N. Bennes and Wm. Thompson to serve as delegates to the annual convention of the Minnesota School Board association in February, 1953.

Supt. W. G. Claffy submitted a report on a meeting in Minneapolis last Friday, at which the proposed chain of educational television stations in Minnesota was discussed. Present at the meeting were 110 men from thruout the state.

Claffy reported that the plan, as proposed by University of Minnesota authorities, calls for one of eight substations to be located in Thief River Falls, others in Northern Minnesota being scheduled for Hibbing and Detroit Lakes as well as Duluth. Estimated cost of operating the statewide network was fixed at $650,000 a year.

Day and Knutson Win Reelection by Wide Margin

The 65th legislative district, comprising Pennington, Red Lake and Clearwater counties, will be again served in the state legislature by W. E. Day of Bagley and Mrs. Coya Knutson of Oklee, who were reelected to the lower house by a decisive margin over Adolph W. Olson Sr. in last week's election.

Unofficial tallies for the three counties follows:

	Day	Knutson	Olson
Red Lake	1,138	1,387	718
Clearwater	2,492	2,718	1,598
Pennington	2,984	3,087	1,695
Total	6,614	7,192	4,011

Mrs. Knutson was high in all three counties. In 1951 she polled a total of 5,622 votes to 5,556 votes for Day and 2,437 votes for Olson.

Tax-forfeited Lands to Be Sold in City Dec. 8th

A sale of tax-forfeited lands in Pennington county will be conducted at the court house in Thief River Falls Monday, December 8, starting at 10 a. m., County Auditor C. W. Rodekuhr announced this week, adding that all sales will be for cash. A list of properties to be offered in the sale appears in a legal notice published elsewhere in this issue of the Times.

Total of 6,101 Votes Cast in Pennington Co.

236 More Than in 1948; Amendment No. 5 Given Strong Support Here

A complete tabulation of the vote for all precincts in Pennington county in the general election November 4 appears on Page 10 of this issue of the Times.

A total of 6,101 ballots was cast in the November 4 election in Pennington county, compared to 5,865 in 1948, it was announced by County Auditor C. W. Rodekuhr following the meeting of the county canvassing board last Friday.

In Thief River Falls 3,472 ballots were cast, or 431 more than the 3,041 four years ago. Of the total, the first ward cast 873; second, 889; third, [illegible]; and fourth, 1,212. The work of counting the votes in the city was not completed until last Wednesday afternoon.

The controversial Amendment No. 5 was given a strong endorsement by Pennington county voters, receiving 4,089 Yes votes and 1,223 No. None of the other amendments received a majority of votes cast in the county. (The tally was as follows: No. 1, Yes, 2,439; No, 1,746. No. 2, Yes, 2,594; No, 1,407. No. 3, Yes, 2,930; No, 1,204. No. 4, Yes, 2,410; No, 1,910.

In the presidential race, Governor Stevenson carried Pennington county by the narrow margin of 2,802 votes to 2,728. Republican candidates for state office, however, led their DFL opponents for all offices with the exception of one railroad and warehouse commissioner post, in which Paul A. Rasmussen led his GOP opponent, Oscar Lund, 3,148 to 2,369.

Eisenhower carried the state of Minnesota by a margin of about 150,000 over Stevenson, piling up nearly 755,000 votes to slightly more than 600,00 for his opponent.

Governor C. Elmer Anderson also led his DFL opponent, Orville Freeman, by about 152,000 votes, while Senator Edward J. Thye had a lead of more than 186,000 over Wm. Carlson, DFL aspirant for the U. S. Senate. All other GOP candidates for state office were elected with the exception of Oscar Lund.

Otto Haack of PTA State Board to Be Main Speaker

The joint meeting of the Knox-Washington-Northrop PTA will be held Monday, November 17, at 8 p. m. at the Lincoln high school, with the Goodridge and St. Hilaire PTA units as guests.

A report from the state convention will be given and a film "Secure the Blessings," showing the place the public school holds in a democracy, will be shown.

The main speaker of the evening will be Otto Haack of the state board of managers of the PTA. Musical numbers from each PTA will also given. Lunch will be served by the sixth grade mothers.

New River Valley Bridge Now Open

Grading Also Completed on No. 1 East of Goodridge

The recently completed bridge across Red Lake River at River Valley was opened to traffic last Thursday, it was announced by County Engineer Joseph Seidel, and the new span is a big improvement over the old one.

At the same time, Leo E. Boyd of Crookston, district maintenance engineer for the state highway department, announced that grading of Highway 1 from the Goodridge corner to the reservation line has been completed.

Boyd stated that detour signs are being removed from that section of the highway.

Seniors Do Well in Their Class Play

"Our Town" Successfully Presented Nov. 4 and 5

Undertaking a difficult assignment, Lincoln high school seniors gave a good account of themselves with their presentation November 4 and 5 of "Our Town," the novel drama they selected for their class play. Miss Patricia Hoffman, drama coach, directed the production.

The plot of the play, which is given virtually without the aid of scenery, is built around the lives of two families in the town of Grover's Corners, New Hampshire, about 50 years ago. The plot is developed with a good deal of symbolism, and with less than usual amount of dialog.

Large and responsive audiences enjoyed the performance by the young actors both Tuesday and Wednesday evenings.

The Pulitzer prize winning play is the work of Thornton Wilder.

Three Days Left to Avoid Penalty on Car Licenses

A. F. Berge, deputy registrar of motor vehicles in Thief River Falls, reminded motorists today that only three days remain in which to secure their 1953 license plates without paying a penalty, which amounts to 50 cents for the first two days after the November 15 deadline. Berge stated that approximately 5,000 sets of plates had been issued up to Tuesday morning.

4-H Club Banquet Set for Nov. 25th

Civic & Commerce Assn. to Sponsor Annual Affair

Pennington county 4-H club members have been invited by the Civic & Commerce Assn. of Thief River Falls to be their guests at an achievement banquet on Tuesday, November 25th, at 6:30 p. m. in the basement of St. Bernards church. All 4-H members who have completed their records for 1952 are invited to attend.

At the banquet several 4-H members and clubs will receive recognition for outstanding work the past year. Also attending as guests of their clubs will be the county's 40 adult leaders. Several leaders who have spent a number of years in service with their clubs will receive special recognition.

A member of the state 4-H staff will represent the state office at University Farm, and will present several awards.

Chommie Speaks at Lincoln School on Armistice Day

Judge H. O. Chommie delivered a brief but effective message to the Lincoln high school student body at an Armistice Day assembly Tuesday morning in the school auditorium.

Roger Dorn, president of the student council, was in charge of the program, and he called on Gordon Nohre, Legion post commander, to present the speaker.

Chommie said it is the obligation of the young people to keep alive the hope for a more permanent peace.

Selections by the high school mixed chorus and the trumpet quartet completed the program.

PCA to Hold 1952 Session Thursday

More than 400 persons are expected to attend the annual meeting of the Thief River Falls Production Credit association Thursday afternoon, November 13, in St. Bernard's church parlors. Robert J. Melba Nygaard, F. Marquette Exchange Vows

Bouquets of assorted 'mums and lighted candelabra graced the altar of Trinity Lutheran Church for the ceremony which, at eight o'clock on the evening of November 5, united in marriage Miss Melba Nygaard, daughter of Mr. and Mrs. Theodore Nygaard, and Fred E. Marquette, son of Mrs. Fred Marquette and the late Mr. Marquette. Both are from rural Thief River Falls. Rev. Paul Johnshoy of Cyrus, Minnesota, brother-in-law of the groom, officiated at the double ring ceremony.

Mrs. Walter Larson presided at the organ for a prelude of nuptial music and also provided the accompaniment for the soloist, Mrs. Arnold Hammer, who sang "I Love You Truly," "I'll Walk Beside You," and, as the couple knelt at the altar, "The Lord's Prayer."

Escorted to the altar and given in marriage by her father, the bride wore a gown of white satin, ballerina length, designed with overskirt of nylon net, and bolero jacket over sleeveless bodice. She wore elbow length gauntlets of lace and carried a shower bouquet of red roses with feathered carnations tied with satin streamers and 'love' knots. Her only jewelry was a single strand of pearls.

Shirley Nelson, cousin of the bride, was maid of honor, wearing a ballerina length gown of pink satin and net, styled similar to that of the bride, with matching headband, and a pearl necklace which was a gift of the bride. She carried a bouquet of white carnations and pink roses tied with green satin streamers.

Spencer Marquette attended his brother as best man and the ushers were Jon Rhude of Karlstad, cousin of the bride, and Frank Marquette, brother of the groom.

For the wedding of her daughter, Mrs. Nygaard chose a gray dress with black accessories and the mother of the groom wore a navy dress. The former had a corsage of white carnations and yellow baby 'mums, and Mrs. Marquette's corsage was made up of pink roses and white carnations.

Approximately 80 wedding guests were entertained by the parents of the bride at a reception in the church parlors. A three-tiered wedding cake, topped with miniature bride and groom, centered the table of the bridal couple. The cake was cut by Mrs. Roy Rhude, and Mrs. Melvin Serum, aunt of the bride, poured. Misses Delores and Lavonna Durrud had charge of the gift table.

Both the bride and groom attended Lincoln High School and the groom is now engaged as an apiarist.

Out of town guests attending the wedding include Mr. and Mrs. Melvin Serum and Marian of Barnesville; Mr. and Mrs. Leonard Johnson and Faith of Fisher; Mr. and Mrs. Oscar Johnson and Gloria of Holt; Mr. and Mrs. Albert Burns and Mr. and Mrs. Lawrence Burns of Springfield, N. Y.; Mrs. Levoy Rhude and girls of Karlstad; Sgt. and Mrs. Casper Johnshoy of Elgin Field, Fla.; Mrs. Ill Deford of Rock Falls, Ill.; Mr. and Mrs. Richard Marquette of Douglas, Nebr.; Mr. and Mrs. John Hoffman of Goodridge; Rev. and Mrs. Paul Johnshoy of Cyrus, Minn.; Miss Virginia Vangronegan of Adams, Nebr.; and Miss Marion Dahl of Borup, Minn.

Warren Lady Feted at Pink and Blue Shower

A pink and blue shower honoring Mrs. Gordon Cleveland of Warren was held Tuesday evening of last week at the home of Mrs. Adlyn Williams. Hostesses were Mrs. Williams, Mrs. Ray O'Hara, and Mrs. Ed Hendrickson. Appropriate games were played during the evening and Mrs. Cleveland was presented with a variety of gifts.

A stork and lighted candles decorated the table from which lunch was served buffet style to the following invited guests: Mrs. Gordon Cleveland, Mrs. Geo. Andreson, Mrs. O. H. Ranum, Mrs. Harold Andreson, and Mrs. Orville Cleveland, all of Warren; Mrs. C. O. Grindeland, Mrs. Ed O'Hara, Mrs. Lars Engen, Mrs. Ed Johnson, Mrs. Don Tooney, Mrs. Albert Johnson, Mrs. Julius Borchert, Mrs. Gil Peterson, Mrs. Carl Ryan, Mrs. Ernest Hallingrud, Mrs. John Hinson, Donna Hallingrud, Mrs. LeRoy Lokken, Mrs. Leland Knight, Mrs. Wm. Dicken, Mrs. Ted Hegtvedt, Mrs. Clair O'Hara, Mrs. Thomas Hall, Mrs. Jake O'Hara, Theresa Grindeland, and Kathryn O'Hara.

Mrs. Kiland is Hostess to Bridge Circle

Mrs. Ray Kiland entertained members of her bridge circle at her home on Monday evening. Her guests were Mmes. O. D Belch, Robert Wurst, A. B. Kriel, Jim Walker, Henry H. Olson, Robert Tarnowski, N. H. Kortuem, Pat Casey, Paul Perrault, Ole Engelstad and Esther Flohgh.

Three tables of bridge were played, with high honors going to Mrs. Wurst and second high to Mrs. Engelstad. Lunch was served by the hostess at the close of the evening.

Murie Haugan Becomes Bride of Geo. Nelson

Sand Valley Lutheran church Trail, Minn., was the scene of a beautiful candlelight wedding which took place Oct. 31 at 8:00 o'clock, when Murriel J. Haugan, daughter of Mr. and Mrs. Halvor Haugan became the bride of A-1/C George S. Nelson, son of Mr. and Mrs. Glenn Nelson of Silverton, Ore. Baskets of carnations and candelabra formed the background for the ceremony.

Rev. Halvor Lie read the double ring ceremony in the presence of a large number of relatives and friends. Miss Lindquist played prenuptial music.

Mrs. Russell Evje, sang "Because" before the ceremony and "O Perfect Love" while the couple knelt at the altar.

The bride was lovely in a gown of white slipper satin styled with a chantilly lace yoke. The fitted bodice had tiny self-covered buttons down the back with long chantilly lace sleeves ending in points at the wrists, and a full skirt extending into a train. Her fingertip veil of "nylon" illusion descended from a beaded tiara, which was borrowed from the bride's sister.

The groom and his sister, A-2/C Eleanor Nelson wore air force uniforms. Eleanor was maid of honor and carried a cresent type spray of yellow roses and carnations. Mrs. Donald Kirk, another sister of the groom, wore a blue floor length gown and also carried a crescent spray of tangerine roses and carnations. Both wore pearl necklaces, a gift of the bride.

Attending the groom as best man was Mr. Clifton Syleen and ushers were Ray Lund and Virgil Strande.

Following the ceremony a reception was held at the church parlors for 175 guests. The bridal table was decorated in yellow and white streamers and white bells. Autumn leaves and bittersweet were used throughout the church.

Centering the bridal table was a four tiered wedding cake topped with wedding bells and love birds. The cake was made by the bride's sister, Mrs. Harry Bergh, who also seated the guests at the bridal table. After the guests were seated, Mrs. Evji sang "My Hero."

Mrs. Leslie Westling, aunt of the groom, poured. Fern Qually, friend of the bride, cut the cake. Waitresses were Visna Rutkowski and Francine Brown. Mrs. Orville Torgerson and Mrs. Reuben Rydeen took care of the gift table.

Betty Nelson, sister of the groom, had charge of the guest book. Shoral Strande, niece of the bride, passed the grooms cake.

The bride graduated from Oklee high school with the class of 1949, later attending summer semester at Mayville Teachers College. She then taught school at McIntosh, S. D. for two terms. She has been employed in San Francisco this last year.

The groom graduated from McIntosh, S. D. high school with the class of 1947, later moving to Silverton, Ore. He entered the service in January, 1951.

After a two week wedding trip they will make their home at Lockport, New York where the groom is stationed.

LIBRARY NOTES

The week of Nov. 16th has been designated as National Book Week. The theme is "Reading for Fun." Many new books in the children's section will be on display for the first time and will not be circulated until the following week. This will give those interested a chance to examine the books.

Adult books will also be exhibited. Some of these will be outstanding reference books. Visit your library and find out what it has to offer.

Short Supply Metals

Uncle Sam is particularly anxious to grubstake prospectors who are on the trail of certain of those minerals for which this country is virtually dependent upon foreign sources. Last year, the U.S. produced only about eight per cent of the manganese needed in the making of steel.

Odd Laws

If you took a lion to the movies in Baltimore last week or walked backwards in Devon, Conn., Sunday, you violated a law that neither you nor the communities involved ever knew existed.

Peppermint

Serve sticks of peppermint or lemon candy with cups of steaming tea. Guests stir, sweeten, and flavor their tea all at once—and no spoons to wash. Peppermint or molasses sticks are wonderful with hot cocoa too.

High Schools

At the outset of the United States Civil war, there were about 100 high schools in the nation.

Carrots Fit In

Raw carrots fit into many kinds of salads, combining especially well with cabbage, celery, and lettuce.

Mrs. Joslyn Honored at Pink and Blue Shower

Mrs. Don Aasland as hostess at a pink and blue shower honoring Mrs. Donald Joslyn at the Aasland home last Wednesday evening. The invited guests were Mmes. Art McLaughlin, Bob Vieiguth, Bill Ryther, Wm. Chadwick, Al Rau, James Kleinvachter, L. G. Hetland, Sam Jarshaw, Bernard Wold, Mavis Offerdahl, and Vernon Wold.

Appropriate games were played and lunch was served by Mrs. Aasland at the close of the evening. The gifts presented to Mrs. Joslyn were arranged beneath a parasol decorated with baby favors.

Smooth Hands

For calluses and rough hands, try adding a spoonful of salad oil to a paste made of soap and water, then apply to the hands and scrub briskly with a nail brush. Do this as often as you can, and your hands will get smoother in short order.

Instrument Flying

Increased demands on the use of army aircraft to fly in all types of weather and the use of planes equipped with blind flying instruments has required army aviators to have a thorough knowledge of instrument flying.

Yawn to Relax

When you are tied up in knots and there are nervous squeaks in your voice, yawn widely and luxuriously five or six times. Your voice will be easier, and you'll feel more relaxed.

Woman's Club Notes

The Current Events Group will meet with Mrs. A. E. Baird November 18, at 2:30.

Going Away Party Given for Mrs. D. Sellberg

Mrs. Don Sellberg, who is leaving Saturday to make her home at Crookston, was honored at a farewell party given by members of the VFW Auxiliary at the VFW Hall on Thursday evening. Hostesses were Mrs. Orris Johnson, Mrs. Steve Austin, and Mrs. Ambrose Wysocki. Mrs. Sellberg was presented with a cash gift by the 21 members present and lunch was served by the hostesses.

Tailored Look

Pure silk shantung will give you that neat, tailored look so desired during spring and summer. Have yourself a suit or tailored dress in it in one of the choice colors for the season, medium or navy blue or gray.

Casserole Dish

Carrots can be baked in a casserole with a small amount of water; or, if small, they can be roasted alongside a cut of meat.

En route to her home in Seattle, she will stop at Fargo to visit her son, Duane Oak, and his wife.

Tighten Windows

If the wind makes your windows shake and rattle, screw a faucet washer to the casing so it presses against the sash. Use a screw of a size to permit the washer to rotate freely when the window is lowered or raised, but one which will provide enough pressure to prevent the sash from vibrating in the wind.

A Lovely Dessert

Cream puffs make a lovely dessert when they're treated in an unusual way. Fill with almond ice cream and serve with butterscotch sauce; or, use peppermint ice cream and chocolate sauce.

Chair Safety

Be conventional when sitting on a chair—to tip and balance a chair on the hind legs not only sets the stage for a tumble but is hard on the floor coverings.

Custom Motors to Show 1953 DeSoto Thursday, Nov. 13

Cars Feature Entirely New Body Design and Two Sizes of Engines

The 1953 DeSoto, a new automobile both inside and out, will go on display at Custom Motors, DeSoto-Plymouth dealership, Thursday, November 13.

Featuring an entirely new body the 1953 DeSoto, highlights long, flowing lines, new longer swept-back fenders and a wider, lower rear deck.

Interiors of the new models feature new upholstery fabrics, distinctive new door panels and richly-grained instrument panel and window mouldings—all in harmony with new exterior colors.

The new DeSoto is offered in two series—the Fire Dome V-8, powered by the 160 horsepower Fire Dome engine and the Powermaster Six.

Both series are available with DeSoto's full power steering, the driving advancement which makes driving safer and easier under all conditions and parking and turning "easy as dialing a telephone."

Income Tax

The federal income tax does not apply to partnerships as it does to individuals and corporations—the individuals in the partnership are taxed.

Washing Woodwork

Most woodwork can be washed with a detergent or soap and water. To make the woodwork shiny, add two tablespoons of furniture polish to a quart of rinse water; then wipe the surface dry with a soft cloth.

Two Jobs at Once

Now they have concocted a paint-plaster wall-finish combination that lets you paint and plaster in one operation. One coat is said to hide small plaster cracks, fine seams, nail holes, uneven surfaces, and other similar defects. Easy to apply with brush or roller, the finish dries hard and may be washed or even scrubbed repeatedly. It comes in a variety of colors and can be textured with a brush, sponge, or paper.

Big Job

In Mandan, N. Dak., a local radio announcer offered, personally, to do the laundry of any listener who could identify the author of the phrase, "So much to do with so little time," gulped when the correct answer (African pioneer, Cecil Rhodes) came from a woman who turned out to be laundress for 300 inmates at the Mandan State Training School.

In Return

In Liberty, Ky., the Casey County News advertised: "To the person who is so destitute as to be forced to take two lengths of garden hose and a sprinkler from the lawn of the First Christian Church—If you will call at the pastor's study, he will give you the five-year guarantee for the hose, your dinner, and any religion that may rub off on you."

Enough Water

Starchy foods such as cereals should always be cooked with enough water, and for a long enough time to allow the starch to expand properly. Cooking also softens the starch and makes them more palatable.

Smokes With Ears

Endowed with the ability to blow smoke through his ears, a man in San Francisco, Calif., got a job illustrating TV commercials. Object: to prove that a certain cigarette isn't just kind to the nose and throat—it's kind to the ears, too.

Babies Better Protected

Babies under six months of age may not be wholly immune, but they are better protected against polio than older children because they have as many antibodies in their blood as their mothers, and because they are seldom exposed to the virus.

Cause of Polio

Though many people still believe that the cause of polio is a mystery, science now has a very good idea of what brings on the malady. It is caused by the attack of viruses which enter the body, cells and injure nerves by consuming vital chemicals. And there is very little mystery today about what kinds of virus are responsible.

Ignorant Drivers

Of the 60,000,000 car drivers in the country, not more than 15 per cent ever had any formal training in driving. To train the new generation of drivers, 8,000 high schools gave driving courses to more than 700,000 students last year.

To Late

Picked up for vagrancy as he leaned against a hotel, a man in Madison, Wis., who explained indignantly, "I'm waiting for a streetcar," got 10 days in jail and the sad news: The last Madison streetcar had stopped running 20 years ago.

Too Liberal

On Block Island, R.I., Volunteer Fire Chief J. C. Dodge reminded subscribers that they had contributed too much money to his department last year, declared that half of their 1951 contributions would be plenty this year.

Quandary Solved

In a quandary about salad. Keep canned asparagus tips chilling in the refrigerator and then serve on lettuce cups, topped with French dressing in which blue cheese or hard-cooked eggs have been crumbled and added.

Invisible Coating

A manufacturer has devised an invisible coating you can spray on the insides of windows to prevent fading of drapes, furniture, and floor coverings. Screening out rays of the sun that cause damage, one application is said to last 4 months despite repeated window washing. You can spray it on lamp bulbs, too, to prevent lamp shade fading.

Quick Dessert

Broil some canned grapefruit segments with your next broiled dinner for a quick dessert. Use ¼ cup of the juice from the grapefruit mixed with a dash of nutmeg, cloves and ¼ cup brown sugar. Dot the grapefruit butter with this as well as the sugar mixture and broil about 6 minutes.

Difficult Job

In Mays Landing, N.J., Dr. Isley Boone, ex-president of the American Sunbathing Association, termed nudism the only way to world peace, because "it would be difficult to tell which man was your enemy if soldiers wore no clothes."

Worthless Prize

In Springfield, Ill., Mel Kampe won the big drawing at a local picnic, commented breathlessly: "Man! I never won anything in my life," wondered what to do with his 12 tons of stone.

Clean Bed

An easy and thorough way to clean bed slats and coil-type bedsprings is to hold an electric fan, set at high speed, at the side of the bed so the stream of air flows across slats and springs under mattress. The accumulated dust and lint is blown to the floor.

BPW Club Meets Tuesday Evening

Winnipeg Club Members Write of Pleasant Visit

The regular meeting of the Thief River Falls Business and Professional Women's club was held Tuesday evening, November 11 in the Terrace Room of the Rex Cafe. A slate of candidates was prepared for the coming election of officers.

Last month the club, in cooperation with the Civic and Commerce association, entertained thirty-one guests of the Winnipeg B.P.W. Club at the local golf club and correspondence which has been received since by both groups shows that the visit was a tremendous success. The purpose was to promote good will between the citizens of the two countries.

Kae Robinson, chairman of activities of the Winnipeg Club, wrote as follows: "The P&W Club of Winnipeg is having a Halloween Party October 30th. I'm going as the "Lost Weekend" will be loaded down with Crookston and Thief River Falls propaganda—including a big maple leaf and a key (to our city) etc. The weekend was "lost" to any one who did not go with us."

A report of the district meeting held at Crookston October 5th was read by Myrtle Lendobeja. Joanne Wedul is district chairman and Lucille Hulbert, local chairman, attended the meeting.

The club voted to give to some needy family a gift of one dollar per member.

The Candidate

Adlai Ewing Stevenson stands 5 ft. 9 in., weighs 180 lbs., slightly inclined to spread at the waist. Dark hair receding to the middle of his skull; a quick smile, a rueful laugh, eyes that are inclined to bulge. Is a serious, thinking, worrying, hardworking, self-criticizing introvert. A frugal man, he has an income of about $50,000 a year (mostly from his one-fourth interest in the Bloomington, Ill. Daily Pantagraph).

New Pen

A pen writes with ink whenever you fill it with water. It contains a tablet of ink concentrate, and each filling with water dissolves only enough of the tablet to provide a proper ink supply. Result: You never run out of ink; wherever you are. The concentrate is said to last about 18 months and can then be replaced.

Too Thick

Why are sauces and gravies thicker after they've stood for a day or so? Some of the liquid in them evaporates. For this reason they should not be overcooked either. Water evaporation in them causes them to be thick and pasty.

Rubber Shipping Drum

Within the past year, a new rubber shipping drum for liquids has appeared on the scene.

THANK YOU

Thank you for the fine vote of confidence given me at the General Election. Please be assured that I shall strive at all times to so conduct the affairs of this office so as to merit your continued good will.

Rites For Mrs. Carlie Johnson Held Saturday

Mrs. Carlie Johnson of this city passed away at a local hospital on November 5, having reached the age of 61 years. Funeral services were conducted by Rev. Walter M. Pedersen at Zion Lutheran Church at two o'clock Saturday, Nov. 8.

Mrs. Johnson was born in Brainerd September 25, 1891, and came to Thief River Falls with her parents in 1907. She married Carlie Johnson on January 1, 1912, and they have resided here since, Mr. Johnson having employment with the Soo Line since September, 1900. Mrs. Johnson was a long time member of BLF&E auxiliary.

She is survived by her husband, sons Gordon and Raymond, and two grandchildren of this city; three sisters, Mrs. Emma Irwin of Quesnell, B. C., Mrs. Charley Forster of San Luis Obispo, Calif., and Mrs. Anne Graff of Sunset Prairie, B. C.; two brothers, John Olson of Donnelly, Minn., and Olaus Olson of Cobble Hill, B. C. Besides her parents, she is preceded in death by three sisters and one brother.

Services For Gustaf Erickson Held Here Nov. 1

Funeral services for Gustaf Erickson a resident of rural Red Lake Falls for 61 years, were held Saturday afternoon, November 1 at the Gulbranson Chapel. Mr. Erickson passed away at the local hospital October 29 at the age of 67 years. Final rites were conducted by Vilas Hvislseers and Dale Stork.

Gustaf Melcher Erickson was born in Bjerken, Sweden, August 5, 1885. He came to the United States with his mother in 1891 and settled in Black River township on a farm which his father had previously purchased. He attended a grade school in district 91 and helped with the work on the farm. On June 5, 1931 he married Miss Minnie Norman at St. Hilaire and they established their residence on the home farm where Mr. Erickson farmed in partnership with his brothers Carl and Emil.

Surviving are his wife Minnie; two sons, John and James; a daughter, Margaret, and brother, Carl Erickson. His parents, four sisters, and two brothers have preceded him in death.

Father of Local Man Dies in Crash

Fred LeGault, 61, of Gladstone, Michigan, was killed Saturday in a train accident at Cavour, Wisconsin. Mr. LeGault died in the cab of his fast freight which was struck by a westbound train as it stood at the depot. Both diesels were demolished, and 31 freight cars were damaged or destroyed. Phil LeGault, son of the engineer, is employed by the Soo Line here as diesel electrician.

Early Coffee

"Coffee before breakfast"—an eighteenth-century custom of drinking a small cup of black coffee immediately on waking, before dressing for breakfast has been revived on railroads recently, with the serving of pre-breakfast demi-tasse.

Used His Head

On Mt. Shasta, Calif., Mountain Climber Dan O'Neill, 34, slipped and fell on the snowy slope, escaped with only minor cuts and bruises after a 40-mph. head-first slide of nearly a mile, because "I kept my head, used my toes as brakes and steered with my forearms."

No Weeds

On populous Barbados, West Indies sugar island land has been so intensively cultivated for so many years that weed seeds are virtually non-existent except as they arrive from lands outside.

Heat Problem Is Solved in Ground Observer Room

A thermostat has been installed on the electric heating unit in the observation post on the roof of the old water treatment plant on East Second st., Ken Gustafson, director of civil defense, announced today, adding that the new arrangement will eliminate complaints about observers being unable to control the heat in the room. He stated that several workers have quit their posts because of the temperature situation, and he expressed the hope that they would resume their duties, now that the difficulty has been remedied.

Reserve Officers Training School Here Inspected

Captain Willard Diefenbach of Duluth and his staff, in charge of the officers' reserve corps school at Duluth, Monday evening made their annual inspection of the area reserve officers' transportation school in Thief River Falls, and conferred with Major Vic Jung, director. Jung stated that the next term of the school here will start January 1, with sessions to be held each Monday evening. He added that enrollments are now being accepted from reserve officers of the army, air force, navy and National Guard.

Houston's Health

Houston's city health department has been working on a budget that amounts to $1.17 a year per citizen. This is better than New Orleans' 82c per citizen, but far below Washington, D.C.'s $3.36, San Francisco's $2.68 and Seattle's $1.99. Recommendation: that Houston up its public health budget to about $2.

The Excuse

In Syracuse, N.Y., after Deputy Sheriff Arthur Willis stopped a car for speeding and found its four women passengers naked from the waist up, the driver explained: "Well, men drive bare-chested, don't they?"

Double Boilers

Double boilers are excellent for cooking foods which scorch easily. That's why eggs, milk, cereals and starchy sauces should be cooked in double boilers. Keep the water in the lower part of the boiler boiling the whole cooking time.

Lions Club Hears Festival Reports

Thank Auto Dealers Assn. for Providing Orchestra

Ernest Johnson, general chairman, and his assistants reported on the success of the recent community Halloween festival at the Lions club luncheon meeting last Wednesday noon in the Rex Cafe.

Others reporting on various phases of the affair were Norman Peterson, Arthur A. Johnson and James Parkins. It was suggested by Parkins that in the future the afternoon party be divided into two groups, owing to the large number of children attending.

A vote of thanks was given the Pennington County Automobile Dealers association, which had provided an orchestra for the Halloween teen-age dance in the Auditorium.

E. B. Shonyo, a member of the Rochester, Minn. Lions club was introduced by Bill LaFave, club president, and he spoke briefly.

Paraffin Use

If the crack on the tray of your child's high chair is constantly catching food particles, try pouring hot paraffin into it. The paraffin will last a long time and save much time.

Community Chest Campaign Lagging in Pennington Co.

The Pennington county Community Chest campaign, after being under way more than three weeks, is still well under half way toward its goal of $11,394. Jim Parkins, chairman of the drive, today appealed to all solicitors to complete their assignments as quickly as possible, pointing out that the funds are urgently needed by the various organizations sharing in the proceeds of the campaign.

Brightens Windows

Window boxes should be painted attractively so they will be bright and eye-pleasing whether the flowers they contain are blooming or not. The color chosen should be one that goes well with the exterior color scheme of the house. Soft yellow, hydrangea blue, and a grayed vermilion are effective colors for window boxes.

Pressing Linens

Keep a few ice cubes handy when you press freshly laundered cottons or linens. You can prevent wrinkles by easing a cube over dried-out spots to re-dampen them during the ironing.

Nor. Chevrolet Co. Receives Award for Safety Work

The Northern Chevrolet Co. of this city late last week received an award from the Industry highway safety committee of the National Automobile Dealers association. The local firm received a 1952 certificate citing its contribution to highway safety thru providing Lincoln high school with a Chevrolet sedan for use in the driver training course. This is the fourth year the Northern Chevrolet Co. has received similar recognition.

Truck and Auto Collide on Horace

When a truck driven by Manley Anderson of Grygla backed out from the curb on Horace av. last Friday afternoon at 3:50, it collided with a car driven by Alex Panas of Middle River, who was traveling south. Police estimated the damage to the Panas car at $50 and to the truck at $25.

Life Expectancy

In the United States, life expectancy has increased to approximately 70 years. The principal causes of death have shifted from the infectious to the degenerative and tumorous diseases. Today, only eight per cent of the population is over 65 years of age, but within the next half century, the number will increase to about 13 per cent.

Sales Cycles

Automobile sales figures from 1893, when the Duryea Brothers' first gasoline-driven vehicle appeared, to 1950, show a definite six-year cycle. Of the 13 highs and lows indicated all but one have come exactly on time or within a year and a half of perfect timing.

Evangelical Free Church Will Hear Mission Leader

REV. DAVID JOHNSON

General Director David H. Johnson, Chicago, of the Evangelical Alliance Mission, will speak Friday night at 8 o'clock in special missionary service at the Evangelical Free church here. Pastor Johnson will speak on the life and labors of the late Frederick Franson, founder of the mission. The 100th year since Franson's birth is being noted this year.

Pastor and Mrs. Paul Lundgren from the Evangelical Covenant Tabernacle, Kewanee, Illinois, candidates as missionaries to India with the Evangelical Alliance Mission, will appear in the Mission Covenant church here next Monday night, Nov. 17 at 8 o'clock.

Bats Said to Function Like Your Automobile

Certain bats function like a car in some respects: They have to "warm up their motors" to operate efficiently. To keep from overheating they employ a mechanism very similar to a car radiator.

So says Dr. Raymond B. Cowles, professor of zoology on the Los Angeles campus of the University of California. This was noted during a study of bats from the mountains of Riverside county, California.

Bats are sensitive to cold, becoming lethargic at temperatures well above freezing, he says. By shivering, idling their motors so to speak, they are able to raise body temperature to a level sufficient for locomotion.

In hot weather bats produce a great excess of heat while flying. Death would result if it weren't for a cooling device.

This device is a radiator-like mechanism in the wings. Blood from other parts of the body is shunted into the vast network of small blood vessels in the wings. This allows a great amount of heat to be conducted from wing membrane to the surrounding air in a short time. Thus the blood is effectively cooled and circulated back through the body.

The observations also indicated a reason why bats avoid daytime activity. In the heat of the sun the cooling system wouldn't function properly.

Fluorescence Is Man's Invisible Chore Boy

Fluorescence, with which everybody is familiar through the modern fluorescent lamp, was discovered just about a hundred years ago by Sir G. G. Stokes. A fluorescent material is one that has the power of absorbing invisible, ultra-violet rays and re-emitting visible light. Stokes observed that some substances glowed when held in the darkness near the violet rays of the visible spectrum. Thus he confirmed the existence of an invisible spectrum of "black light," first suspected by the German physicist Ritter in 1801.

The fact that certain substances give off light under the ultra violet radiations has been used in countless ways. An invisible laundry mark on the clothing of a murdered man glowed visibly when put under black light and led to the capture of the killer. Fluorescent tests are used for detecting forgeries. Ultra-violet light is put to work testing eggs. The fresh ones give off a rose colored fluorescence, while the not-so fresh glow in blue or violet.

A jar of jam subjected to ultra-violet rays, will betray by its glow any turnip pulp, molasses, or glucose that may be contained in it.

Win Prizes for Food Preserving

Their long and outstanding 4-H records in food preservation will pay off in $25 bonds for four Minnesota girls.

Barbara Ann Scheibel, 17, New Ulm; Rosalea Miller, 17, Loman; Marjorie Wise, 20, Nicollet; and Aurlette Ophus, 20 Pelican Rapids will receive savings bonds from Kerr Glass Manufacturing company, Sand Springs, Oklahoma.

Cash awards of $5 will be given to 15 4-H blue ribbon food preservation winners in the state by the Hazel-Atlas Glass company, Wheeling, W. Va. They include Marilyn McCrum Smiley 4-H club, Thief River Falls.

Shoes for Dogs

A dog's life isn't what it used to be. At least that's our impression after reading a story about an enterprising young man in Tulsa, Oklahoma, who is doing a flourishing business making shoes for dogs. Yep, we mean four-legged dogs—hunting dogs that have pulled up lame after running across rough and rocky terrain.

Barbados

Barbados is a land in which the poorer dwellings have no glass in the windows but boast stout shutters to keep out "jumbies" and other evil spirits abroad after sundown. It is a land where pigs are led to market on leashes, and where flying fishes do more than play. They are caught to provide a staple on the island menu.

No Precipitation Here During Week

This locality during the past week enjoyed a mild brand of November weather, the temperature reaching a high mark of 45 on four days, Nov. 6, 7, 10 and 11, with a low of 15 recorded Sunday morning. The only trace of precipitation during the week was a light flurry of snow Sunday.

Hemophiliacs

Hemophiliacs can bleed to death from minor wounds because the hemorrhage may continue for many days. The disease first came to public attention as an inherited disease of the male members of the former Spanish and Russian royal houses, descendants of the Saxe-Coburg line, and as a result many persons think it is limited to such lineages.

Painting Farm Tools

At one time farm tools were painted mostly by hand with Japan colors or flat coats which were followed by clear coats of varnish. This was a slow, costly process. With increased production came the practice of dipping and, later, flow-coating. Some products are now sprayed.

Happiness

"Beauty, charm, even mental qualities attract men much less than a woman's capacity to be happy. This should be understood by every woman. In this lies the mysterious charm of women who, though not beautiful, sometimes no longer young, attract every man."—Boris Sokloff.

KTRF Program to Be Broadcast for Soldiers Abroad

A recorded program prepared recently in the KTRF studio in this city will be featured December 3 in a broadcast on the armed forces radio presentation, "Way Back Home," which will give service men overseas an opportunity to hear voices from their home town radio stations. Don Olson, KTRF manager, stated that the program will be presented overseas on a 60-station network, and he suggested that local residents with friends or relatives overseas should notify them of the date of the program.

High Consumption

Pennsylvania consumes about one-eighth of the mineral fuel and power used in the U.S. including coal, gas, oil and electric power.

PAULINE HANSON MEMBER BEMIDJI COLLEGE CHOIR

Pauline Hanson, daughter of Mr. and Mrs. A. D. Hanson of Thief River Falls, has been accepted as a member in the Bemidji state teachers college a cappella choir. Under the direction of Carl O. Thompson, the choir is the largest single organization at the college and makes two concert tours annually.

Tickets on Sale for Operetta Nov. 24-25

Frank Summerside announced today that tickets are now on sale for the "Golden Trail" operetta scheduled for Monday and Tuesday, November 24 and 25, in the Lincoln high school auditorium. Prices are sixty cents for adults and thirty-five cents for students.

Curtain time is 8 p. m. for both performances. A matinee will be given on Monday afternoon, November 24th, for the benefit of all grade students. An admission fee of ten cents will be charged this group.

This operetta, staged in an early California setting, requires many properties of that period. Mr. Summerside said he would appreciate your calling 695 and leaving your name and address if you could lend any of the following items: Old fashioned poke-bonnets, lace elbow mitts, ladies fans, Western Stetsons and sombreros, Mexican style sombreros, Spanish combs, shawls, and capes, and Western boots. The property crew, Karen King, Floydeen Litstrom, and Ara Peterson will call for any articles offered.

Miss Patricia Hoffman, dramatics instructor, has begun work on the set with the assistance of the following crew: Janet Nelson, Audrey Haugen, Beverly Wegge, Phyllis Anderson, Iris St. Martin, Barbara Bjorkman, Bunny Anderson, David Thompson, Dick Kruse, Marshall Simon, Leland Anderson, Galen Oie, Wayne Gunderson and Chester Dyrud.

Ushers for the performances will be the following members of the band and glee club: Shirley Botten, Barbara Klein, Marilyn Stenberg, Judy Ferber, Jane Bennett, Carol Bjorkman, Janice Larson, Carol Frolland, Katheryn Flom, and Marilyn Waale.

All lighting for the production will be in the hands of Bob Johnson and Dennis Voge.

Three Kinds of Polio

Recent discoveries by scientists at four universities, Utah, Southern California, Kansas and Pittsburgh, have enabled doctors to state with virtual certainty that there are only three types of polio virus, each of which has been isolated and identified by science. Thus medicine has taken a tremendous step toward finally defeating polio by determining exactly the nature of this crippling enemy.

Advise Opening of Beltrami Island to Deer Hunters

Dick Willems, area forest supervisor at Warroad, stated Monday his office had recommended to the state department of conservation that the Beltrami Island forest be opened to deer hunters for the season starting Saturday, unless conditions should take a turn for the worse.

Willems added that men will be stationed at each entrance to the area to warn hunters not to set any campfires, and not do any smoking in the dry grass or timber.

Soil Conserving District Meeting Is Held Tuesday

(Continued from Page 1)

ditches to drain their wet fields."

Judge Lundgren recommended that the soil conservation supervisors sit down together and map plans for streamlining legal procedures in setting up drainage districts. He offered to confer with a committee selected by the supervisors, sitting with this group in an advisory capacity.

Meeting with the supervisors at their luncheon meeting, State Senators Dahlquist and Sinclair discussed financial aspects of drainage problems.

The meeting was one of a series of area conferences being held thruout the state. H. A. Flueck of St. Paul, who directs the U. S. soil conservation program in Minnesota, reviewed the realignment program for soil conservation districts. He stated the districts will be grouped into different areas, emphasizing the change was ordered to provide more technical assistance to farmers.

M. A. Thorfinnson of St. Paul, executive secretary for the State Soil Conservation Committee, discussed conservation field days and aerial tours. He pointed out that a date and site should be set in the near future for the state soil conservation field day. An invitation was extended by Pete Sorenson, Baudette, a supervisor with the Lake of the Woods district, but no action was taken.

Reports on progress achieved to date and problems encountered in the various districts were given by spokesmen of the following districts: Pennington, Lake of the Woods, Marshall-Beltrami, Beltrami, East Polk, Red Lake, Mahnomen, and East Agassiz.

Mr. Flueck headed a delegation of U. S. Soil Conservation Service personnel present at the meeting. Local men in attendance were Don Lawrence, farm planner from Thief River Falls, and Ralph W. Hauswirth, SCS engineer. Area people included A. C. Libby, district conservationist, Moorhead, F. M. Seilley, soil scientist, Moorhead, Willard Roeske, SCS engineer, Grygla; and farm planners Boyd Forrest of Oklee, Don Broberg of Twin Valley, Warner Christeson of McIntosh, Morris E. Blackburn of Kelliher, and Clarence J. Traumer of Mahnomen.

County agents present were Oscar Nelson of Mahnomen, Curtis P. Klint of Ada, Frank Forbes of Warren, Royal Anderson of Baudette, Sherman Mandt of Red Lake Falls and Ray Mitteness of Thief River Falls.

Paul Engelstad of Thief River Falls, chairman of the board of supervisors of the Pennington district, gave a brief address of welcome in which he cited progress attained by the soil conservation movement.

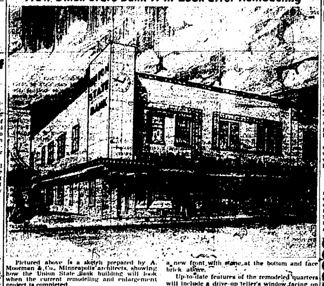
How Union State Bank Will Look after Remodeling



Pictured above is a sketch prepared by A. Moorman & Co., Minneapolis architects, showing how the Union State Bank building will look when the current remodeling and enlargement project is completed.

The pillars in front of the present bank structure will be removed, and the building, including the former J & B drug store quarters, will receive a new front with stone at the bottom and face brick above.

Up-to-date features of the remodeled quarters will include a drive-up teller's window facing on the alley, as well as a night depository.

The general contract is being executed by Prichard Bros. Co.

Mutual Insurance Firms Meet Here

45 Attend Session in City Last Wednesday

Forty-five delegates from thruout this section of the state attended an all-day district meeting of the Minnesota Association of Mutual Insurance companies held last Wednesday in the Civic and Commerce room.

In charge of the session were E. B. Shonyou of Rochester, state president, and W. E. Anderson of Cottonwood, secretary. Topics of discussion were the standard mutual fire insurance policy, fire protection and related subjects.

The Border Mutual Fire Insurance company of Pitt provided the noon dinner, which was served by the Black River ladies aid.

Men of Trinity Church to Serve Supper Nov. 19th

The annual supper sponsored by the Lutheran Brotherhood of Trinity Church has been set for Wednesday evening, November 19th, with serving commencing at 5:30 p. m. The menu will specialize in Norwegian dishes such as lutefisk and lefse, but will also include meat balls, potatoes, gravy, relishes and dessert.

This will be the first dinner served in the remodeled quarters of the church parlors. Additional seating space will make possible simultaneous serving of a much larger number of people, and the new kitchen now nearing completion will be in use for the first time.

Oreal Halland is the general chairman of the event and will augment his committee of men with volunteer helpers from the ladies aid who have accepted responsibility for the cooking. Ben Frolland is in charge of ticket sales, the entire proceeds of which have been designated for the building fund.

MAYNARD TROLAND GETS LIEUTENANT COMMISSION

Maynard A. Troland, son of Mr. and Mrs. Martin Troland, of Thief River Falls, was commissioned an Army second lieutenant Saturday upon graduation from the officer candidate school at Fort Riley, Kan.

He now will attend a specialist school for instruction in his specific branch of the Army. The six month course he has just completed covered only basic military principles.

Lieutenant Troland entered the Army in July 1950 after graduating from Lincoln high school.

R. McKEEVER PROMOTED TO SERGEANT IN KOREA

Ralph T. McKeever, son of Mr. and Mrs. Glen McKeever, Middle River, recently was promoted to sergeant while serving in Korea with the 25th Infantry Division.

His unit has been in Korea longer than any other American division. It entered the fighting in July 1950 shortly after the Communist attack on South Korea.

Sergeant McKeever, who arrived in Korea last April, has been serving as squad leader in the 27th Infantry Regiment's Company G.

DENNIS L. KEZAR USN HELPS IN TWO RESCUES

Within the period of one week, the destroyer USS English recently made two rescues at sea. Helping with the rescues was Dennis L. Kezar, fireman, USN, son of Mr. and Mrs. S. W. Kezar of Route 4, Thief River Falls. The English, now on duty to build up good will for the United States in the Mediterranean and to augment the striking force of the United Nations, has participated in two extensive NATO operations.

House Mice

Most house mice stay within an area having a 12 foot radius, according to a recent study. Male mice, a little more adventurous, average 2 feet farther in range than females. Conclusion of the study: Because of the limited cruising, many baits well distributed throughout all infested portions of a building are needed.

Should Have Known

After ramming her car into a tree, a woman driver in Columbus, Ohio, sued a driving school for $25,000, charging: "They should have known before they took my money that I could never learn to drive a car."

FIRST AID for Everybody

X—Oral Poisoning

(This is another of a series of articles, written especially for Central Press Association and this newspaper on first aid, a subject gripping the nation in the light of threatened atomic aggression. The articles are based on the American Red Cross First Aid course. First aid principles, applicable to atomic as well as other disasters, are outlined. The Red Cross offers a 10-hour course free which teaches fully the technique of first aid.)

By Central Press

ON THIS SUBJECT the Red Cross First Aid textbook advises "call a doctor, give first aid at once," and adds, "it isn't necessary to remember a long list of antidotes—use the simple measures always at hand."

In other words, quick action is vital. If the poison taken by mouth can be removed from the stomach before it is fully absorbed, the victim's life may be saved. If it has been absorbed even a doctor may be unable to save him.

The directions say "dilute and wash out." This means the patient should be given large quantities of water. Add a teaspoonful of baking soda to a glass if you have it, but any sort of water can be used, soapy water or even dishwater. Induce vomiting. Tickling the back of the throat may help. After the stomach is emptied, a tablespoonful of epsom salts in water may be given.

There are exceptions to this rule. In the case of acid or alkali poisoning, do not induce vomiting. For acid poisoning, administer magnesia or baking soda followed by olive oil or egg white. For alkali poisoning, give lemon juice or vinegar followed by milk. For strychnine, keep the victim quiet and comfortable.

• • •

HERE IS recommended first aid for other poisons:

For alcoholic and sedative poisoning, diluting fluid may be given, vomiting induced, and coffee administered—if the patient is conscious. Rub the arms and legs toward the body if the victim has collapsed. A certain amount of external heat may be applied. Give artificial respiration if breathing stops. Never try to administer liquids to an unconscious person. Keep sedative patients awake. In all cases keep the victim warm.

In all kinds of poisoning, control shock and use artificial respiration if breathing has stopped. This is about all a first aider can do if a victim has suffered gas poisoning in an atomic attack.

Food poisoning, mistakenly called "ptomaine poisoning," may be largely prevented by proper preparation of food and cleanliness in handling and serving food and protection against flies and insects.

There are certain mushrooms and berries which may cause trouble and it is hard to tell which are poisonous. The safe thing is to use only those grown for food and regularly obtainable in the markets. In food poisoning it probably is unnecessary to induce vomiting because the bad food has usually left the stomach before diarrhea or other symptoms have appeared. Call a doctor.

The Red Cross warns that symptoms of acute appendicitis are frequently mistaken for food poisoning. A cathartic should never be administered to anyone suspected of having simple food poisoning unless a doctor has excluded the possibility of appendicitis.

If skin comes in contact with poison ivy, poison sumac or poison oak, wash area with thick lather of soap five or six times as soon as possible.

Moving Tips

Before you move: Notify your electric, gas, water, and telephone companies, so they can shut off service at the time you wish. Ask your postman or post office for a change-of-address card. Notify your life-insurance companies, newspaper office, magazine companies, and the stores where you have charge accounts, of your change of address. Ask your physician and dentist to recommend doctors in the community which is your destination.

Mud Lake Supervisor Warns Deer Hunters

Robley Hunt, supervisor of the Mud Lake refuge, stated today, that all hunters planning on hunting deer in the refuge are requested to take special precautions while in the area during the state open season to "make certain of your target." Large numbers of hunters in a relatively small area increase the chance of stray bullet injuries. This hazard may always be present, but special care and careful shooting by all hunters will prevent the other type of accident where the victim has been mistaken for a deer.

Hunt said, "The Mud Lake moose herd is a valuable piece of wild life property and it is hoped that every hunter will take care to avoid the shooting of these rare big game animals. Normally, the moose are not pugnacious at this time of the year and will move away if approached by a human. It is hoped that all hunters will cooperate in helping protect the moose, and that hunters will provide identification and information on any individuals who deliberately or wilfully shoot the moose. Additional wardens will be added to the regular force and police patrol will be maintained in an attempt to prevent a recurrence of the loss of moose experienced in the 1951 season.

"Hunters are also cautioned to avoid walking through the smoldering peat beds or peat burn-outs, where beds of ashes make it appear that the peat fires are out. In many cases the ashes are cold on the surface but the peat is burning below the surface, and severe burns are the result if any hunter or animal attempt to walk thru. A number of deer in the past several years have had hoofs completely burned away as the result of stepping into the burning peat.

"Hunters should carefully observe the boundaries of the closed area. Each hunter will be provided with a map when reporting into the checking station. These maps will show open and closed areas and will also list all special regulations applying to the refuge area."

Pharmacy Cage Team To Practice Thursday Night

George Bale, coach and manager of the Pharmacy Rockets, the city's independent basketball team, announced that an organization meeting and practice session will be held at the Auditorium on Thursday night. All prospective team candidates are asked to appear for the workout, and the players are requested to bring their own equipment.

The Rockets played in the Polar basketball loop last year, and it is reported that the league will be in operation again this season.

Golf Club to Elect Officers Tonight

The Thief River Golf club will hold its annual meeting and election of officers in the club house this evening (Wednesday) at 7:30, with a stag dinner at 6:30 preceding the business session, it was announced by Vic Jung, president. The nominating committee will submit a slate of candidates for the various club offices.

Wrestling Card in City Auditorium Draws Big Crowd

'Hard-boiled' Haggerty Gets Decision in Main Bout after 27 Minutes

An enthusiastic crowd was in attendance at the Auditorium on Thursday night to witness the wrestling program promoted by the Interstate Sports organization. L. D. Nordlum, matchmaker for the Interstate Sports group, stated that he hoped to provide local wrestling fans with a series of professional wrestling programs during the winter season.

In the opening match of Thursday night's card, Tiny Mills, the 274-pound wrestler from Camrose, Canada, defeated Bob Leipler of Buffalo, N. Y. Leipler, who was wrestling as a replacement for Otto Kuss, lost the match to the black-haired Mills, being subdued after a series of body slams after 21:44 minutes of grappling.

In a colorful semi-finals match, blonde Carol Cook, weighing 135 pounds, pinned brunette Ruth Boatcalle of Houston, Texas, in 13:06. Miss Boatcalle substituted for Miss Mars Bennett, and proved to be an able opponent for the sturdy Miss Cook.

In the main event and wind-up match, Don "Hard boiled" Haggerty won an unpopular decision over Pete Managoff, winning the one-fall match after 27:28 minutes of rough-house wrestling.

Bill Kuusisto of Minneapolis refereed the three bouts, and kept the matches under control.

Keeping Score with "Huck" Olson

All-Regional Football Squad

The eighth region's football coaches, following a custom of the past several years, selected an all-regional football squad. As expected, the Bemidji Lumberjacks, unofficial state high school champions, monopolized the all-star honors, having eight members of Coach Red Wilson's eleven on the squad.

Red Lake Falls, which won the 31st district honors, and which closed their season as one of the few teams in the state able to boast an undefeated and untied record, placed four players on the all-regional group.

Of the Prowlers, Mike Hajostek as a backfield man and Bill Maruska in the line, were placed on the all-star squad by the coaches.

The entire Bemidji backfield, Don Phelps, Jim Parker, Larry Shakey, and George Voorhees, were named to the all-regional squad. Jim Barll and Bob Bregier of Red Lake Falls; Bob Caouette of Crookston; and Ron Jeffrey and Hole Stalimo of East Grand Forks, were the other backs that were named to the squad.

In the line, the Jacks' placed Dan Butler, Harold Drescher, Jim Lawrence, and Bob Nasvik. Duane Marleau and Dick Williams of Red Lake Falls; Pat Bridgeford and Darrel Winlaw of East Grand Forks; Bob Cash of Crookston; Bob Klicker of Park Rapids; and John Rakowski of Warren, were the other linemen honored with all-star selection.

That's a pretty potent all-regional squad, but it's doubtful if this squad could take the measure of last year's all-regional. Last year, you'll recall, such backfield men as Crookston's George Ramberg, the Prowlers' Jack Erickson and Al Steenerson, Bemidji's Mike Falls and Jack Aakhus, and East Grand Forks' Lowell Larson, were on the loose.

And this season's all-star backfield couldn't generate the power to cope with the sturdy 1951 runners. In fact, three of those 1951 all-regionals, Erickson, Falls, and Ramberg were all-state choices, and were instrumental in giving the North a win over the South in the high school all-star game this fall.

The Thieves' Lineup

Harry Hendrickson, manager of the Thieves' senior hockey team, is hopeful that the locals will have a full-fledged lineup and a complete roster, when the Northwest Hockey league schedule opens on Dec. 21st.

Certainties for this season's play are Murray Balagus, Jerry Lavergne, "Oscar" Verrier, Jack McGill, and Church Russell. And the prospects are quite bright that Ching Dheere will join the squad and bring the number of "imports" to six. Balagus and Lavergne, both center-ice men, are will-known to the local fans, having been with the Thieves in previous years. McGill, now a resident of Detroit Lakes, is reputed to be a first-rate goalie. Church Russell has been a former New York Rangers and Cleveland Barons, and Tony Dorn can vouch for Russell's capabilities as a hockey player.

Verrier is the youngster who came down here with Jerry Lavergne's all-stars last year, and he'll make himself welcome with his speed and agressiveness. He answers to the name of Oscar, and if you can imagine a Frenchman with a first name like that, you can realize that he should be a "natural" for the Scandinavian fans from Grygla and the Frenchmen from Red Lake Falls.

Ching Dheere, a veteran defenseman with considerable "pro" hockey experience, hasn't definitely joined the Thieves, but Coach Paul Bedard stated Dheere would be down here for several pre-season workouts, and would make a decision at that time.

With those "imports" joining such locals as Bedard, Dorn, Bud Brossoit, Rob Amundson, Lloyd Johnson, Bruce Hall, Darrel Lund, and, if he can get in shape, Mouse Efteland, the Thieves should be a top-flight outfit.

Where Are the Ducks?

The duck biologists claim that the drouth conditions, which caused the drying up of countless sloughs and potholes in Manitoba and northern Minnesota, is the reason that the duck crop is down by an estimated fifty percent.

On Sunday, we looked over Badger and Cameron lakes near Erskine, moved over and explored Union, Sarah, Crystal, and Paulson lakes, and saw very few bluebills. We'll go along with the argument that the drouth has been the factor that reduced the mallard and pintail duck hatch, for those puddlers need shallow water.

But there must be some other reason why there has been such a tremendous decrease in the bluebill flight. Lakes Manitoba and Winnipeg, and other northern Manitoba waters, still contain a huge amount of deep water, and the blue-bills, canvasbacks, redheads, and the other deep-water and diving ducks, should have prospered.

Hunters in the Erskine vicinity cannot recall when there has been such a meager flight of bluebills as they have witnessed this year. And that's the consensus of the hunters around Fosston and McIntosh, too.

Jaycees Vote to Continue House Numbering Work

The Junior Chamber of Commerce at its meeting last Thursday evening in the Rex Cafe voted to continue the house numbering project by putting on at once all numbers for which orders have been received to date, and to complete the work in the remainder of the city next spring.

James Roche, member of the Salvation Army advisory board, addressed the group, explaining the necessity of the Army finding new quarters in the city, its present building having been condemned by the state fire marshal.

Arrangements were made for Dr. O. D. Beich, president, and Gordon Reierson to represent the chapter at a regional meeting in Bemidji November 9.

Minnesota 'U' Tells of Income, Expenses

Expenditures by the University of Minnesota for the fiscal year ending June 30, 1952, totaled $48,714,022.21, while the school's income for the year amounted to $48,717,780.28 including a balance of $3,878.37 left over from the previous year, according to a summary of financial operations released today by William T. Middlebrook, business vice president.

Largest source of University income was the state of Minnesota which provided $21,942,009.67 or approximately 45 per cent of the year's total, the summary disclosed. During the previous fiscal year, the university obtained $17,310,410.86 or 41 per cent of its $41,828,808.71 income for that year, from the State.

The state's contribution to the University's 1951-52 income consisted of: a legislative maintenance appropriation of $14,136,654; a Legislative appropriation of $1,348,456 for special projects administered and carried on by the University for the general benefit of the people of the State; receipts amounting to $306,354.74 from the 23/100 mill tax, the standing direct property tax for the general support of the University;

An additional $94,880.00 from the so-called "swamp land fund," representing the University's share of income from a fund the principal of which was derived from the sale of lands set aside by the state; the state's share of the cost of caring for indigent patients at University Hospitals, $979,196.93; and $5,171,358 drawn from Legislative appropriations for construction of buildings.

Other sources of University income for the fiscal year were reported by Middlebrook as follows: fees and receipts, $9,091,583.37 including $3,584,902.25 in student tuition fees service enterprises and revolving funds, $8,317,014.19; income from the permanent University fund (principal $30,800,469.50 on June 30, 1952), $703,482.26; from trust funds, $6,348,230.86; intercollegiate athletics, $771,721.43; and from the federal government for instruction, agricultural research, agricultural extension work and physical plant expansion, $1,444,980.13.

Largest University expenditure for the year 1951-52 was 19,983,$458.33 paid out for instruction and research. Included in this outlay was the expense of college instruction and research, the Duluth Branch, the agricultural schools and experiment stations, University Hospitals, summer session and agricultural and general extension activities.

Expansion of the University's physical plant resulted in an expenditure of $6,453,228.79 during the fiscal year, according to Middlebrook.

Expenditures for self-supporting service enterprises and revolving funds totaled $7,406,409.27, according to Middlebrook. Included are expenditures for University enterprises and revolving fund operations such as dormitories, dining halls, veterans' housing, printing, laundry, the University Press, department of concerts and lectures, the University theater, the health service, seed distribution fund, towel and locker funds, and private duty nurses' funds.

Trust fund expenditures for care of the sick, teaching and research scholarships, fellowships, prizes and other trust purposes used up $6,163.35 of the University's available funds during the year, while the expenses of maintaining and operating the buildings and of making improvements on the St. Paul and Minneapolis campuses cost $3,040,527.27.

At the close of the fiscal year, the University total endowment fund, including endowments for general purposes amounting to $30,800,469.50, totaled $42,637,088.61.

University-owned land as of June 30, 1952, consisted of 16,044.55 acres valued at $6,105,199.03, while the University's 1,103 buildings had an estimated value of $53,481,964.19. University equipment was valued at $22,121,766.50 and included $249,406.42 in livestock and $7,000,823.75 in books and museum collections.

Powered by the Chrysler 119 horsepower 6-cylinder "Spitfire" engine, Windsor DeLuxe models have a wheelbase of 125½ inches. The 1953 Chryslers are offered in a wide choice of twenty body styles in fifteen solid colors and seven two-tone color combinations.

'U' Department of Agriculture Is Given New Name

Reorganization of the University's Department of Agriculture has been approved by the board of regents, President J. L. Morrill announced Friday.

One of the major changes made was the renaming of the Department of Agriculture as the Institute of Agriculture. This brings the title into conformity with other similar educational units such as the University's Institute of Technology.

The Institute will have the same functions as before the reorganization. It will still include teaching on the college level and in the five schools of agriculture, research and agricultural extension activities.

All of the University's work in the field of agriculture, forestry, home economics and veterinary medicine will be centered in the Institute. Three major units of the newly-designated Institute will be the agricultural experiment station, resident instruction and the agricultural extension service.

State Polio Cases Total over 3,600

Red Lake and Kittson Counties Have No Cases

Twenty-five new polio cases pushed Minnesota's 1952 case total to 3,563, according to reports received by the state health department last week. There have been 173 deaths.

In Minneapolis there have been 582 cases and 22 deaths, while there have been 328 cases and 17 deaths in Hennepin county outside the city limits.

Olmsted county was most severely struck this year with 200 cases and 12 deaths for a case rate of four per 1,000 residents.

Minnesota this year ranks second in the nation in number of polio cases, with Texas reporting 3,900 as the worst hit area.

On the basis of cases per 100,000 population, Nebraska headed the list with 152; Iowa had 121, and Minnesota, 119.

Dr. C. B. Nelson of the state health department said a definite drop in cases can be seen in the state. Only three counties escaped without polio cases this year—Cook, Red Lake and Kittson.

Mental Hospital Site Option Taken in Brainerd Area

The state executive council voted Thursday in St. Paul to take an option on 80 acres of land near Brainerd as a site for a new state mental institution, but tossed the question of purchasing a definite site back to the legislature.

The land lies one mile east of Brainerd. The sum of $100 was authorized to purchase the option, with the transaction to be completed by May 1.

The 1951 legislature appropriated $100,000 for purchase of a site and plans for the new institution. These matters were left to the council.

Atty. Gen. Burnquist, who abstained from the council's action, said the legislature had not determined the size or exact nature of the institution and that therefore he did not think the council should choose a site. He said it should be determined whether the institution will be a mental school or hospital, whether it will be for alleged incurables, or for treatment of mental patients.

City of RLF Buys Tow Mill Property

Red Lake city officials late last week completed negotiations for the purchase by the City of the tow mill property in Red Lake Falls from P. J. Schweitzer, Inc. of New York City, the consideration being $26,000. The mill has not been used in recent years, and the city purchased the property to prevent its dismantling, hoping to sell or lease the plant to some new industry.

Lutheran World Relief Clothing Drive in Progress

Campaign to Aid People in Europe and Korea to Wind up November 29th

The Reverend Henry J. Whiting, Executive director of the Lutheran Welfare Society of Minnesota, has announced that the annual Lutheran World Relief Thanksgiving clothing drive will be held from Sunday, November 9, through Saturday, November 29.

Lutherans throughout the state *have been asked to bring good* used clothing to their churches, where it will be sorted and packed. Churches from outside the Twin Cities area are to ship their clothing to Lutheran World Relief, c/o Larson Transfer Company, 2010 21st Avenue South, Minneapolis.

Bernard A. Confer, administrative secretary of Lutheran World Relief, has stated that the clothing will be distributed among the following people:

1. "750,000 poorly housed Arab refugees from the Holy Land.
2. 5,000,000 uprooted expellees and refugees from East Europe, now in West Germany and Austria, without homes or jobs.
3. 3,000 empty handed fugitives who each week risk life and limb to escape from behind the Iron Curtain.
4. 4,000,000 war-homeless in Korea, deprived of any normal life."

Since 1946, American Lutherans have sent 32,500 tons of relief goods to needy people in 24 different countries. Last Thanksgiving, over 400,000 pounds of clothing was shipped from the State of Minnesota.

THE CHANGE WAS FOR THE BETTER

While it was far from being unanimous, last week's election was a clear cut expression of the voters that left no question as to the desire of our people for a change in administration. And, under the circumstances, there couldn't be much question as to the *reasons* for this desire.

We know that it was not prompted by dissatisfaction with present living conditions. It may be said truthfully that in recent years the average individual has never, if ever, "had it much better."

Nor can the desire for a change be attributed to a widespread demand for changes in basic policy in our government. Actually there were few important differences in the programs offered either by the party platforms or by the candidates.

They were substantially in agreement on the farm program. The differences on labor legislation and the need for controls on big labor organizations were not great. And there isn't any justification for expectations of fundamental changes in our policies on foreign affairs as a result of the election. *Both parties and both candidates went along* in support of the United Nations program and the North Atlantic pact.

One important issue was the conduct of the war in Korea. Eisenhower's statement that he would make a personal effort, even before inauguration, to restore peace in the Pacific undoubtedly was popular. And while there is a reasonable doubt as to how much he will be able to accomplish, most people agree that the effort should be made.

And while there may be a reasonable doubt too as to whether or not prosperity can be maintained at the present high level if our economy is not geared to the urgent needs of war, the "prosperity with peace" pledge also was a factor in the pressure for a change. Most people will go along with the thought that a war prosperity cannot be permanent and that solid progress in better living can come only with peace. Most people realize that there probably will be bumps in the transition that would come with the end of the war but that these adjustments cannot be delayed forever.

But while Korea and the "peace and prosperity" issue were factors in the election the main cause for the demand for a change was due to a breakdown of confidence in the integrity of the present administration. The main reason for the change was the feeling that it was time for a change.

The new Republican administration is going to have an advantage previous Republican administrations have not had in that it will not have the "solid South" against it. The South is still predominantly a one-party region but now, for the first time we will have a Republican president who is personally popular thruout that region. That is a healthy condition that will make for better government.

And the fact that the change was a complete change is going to be helpful to the incoming administration too. President Eisenhower will not have one-sided majorities in Congress but the majorities will be large enough to enable the party to maintain organization control. That is tremendously important in a legislative body for without that control an administration does not have a free hand in directing its own program and policies.

We are fortunate too in that there will be a strong minority group in each house of Congress. Although party lines are not likely to be sharply drawn, a strong minority serves a useful purpose and acts as a brake on legislation that cannot muster general support.

Taking all of the factors into consideration there isn't room for much doubt as to whether the change that was ordered by the voters will be a change for the better. We can look forward with confidence.

In ratio to its total population the state of North Dakota cast more Republican votes in last week's election than any state in the Union. It isn't easy to reconcile North Dakota's present position as the No. 1 Republican state of the nation with the state we worked in during the years that followed the first World War when A. C. Townley was on the march. It appears that all you have to do to make Republicans is to provide ten years of bumper crops at peak prices, harness a river and discover oil. Will the national committee make note.

With more than 3,400 votes cast in the four voting precincts of the city it is understandable why it was late in the afternoon of the following day when the counting was finally completed in Thief River Falls last week. Ours was the last election unit in the state to complete its job. Let us hope that before another national election is held we will have acted to increase the number of precincts and reduced their size. It is a simple operation, they tell us, and should be totally painless.

Political Roundup

By Arthur Naftalin

The election is over, but there's politics in the air more than ever.

Now the talk is about 1954 and Senator Hubert Humphrey's bid for re-election. Minnesota Republicans, proud and happy over President-elect Eisenhower's big victory, are eyeing Humphrey's seat as their next objective.

And the state's Democratic-Farmer-Labor Party, soberly aware of the need to bolster itself for future battles, looks to Humphrey's re-election as an objective which must be won if the Party is to keep its ranks from becoming shattered.

GOP Grooming Three Possible Candidates

When speculation over the 1954 senatorial contest begins in earnest, you can expect the names of at least three leading Republican contenders to get prominent attention.

Governor C. Elmer Anderson is known to be interested, although the powers-that-be are not likely to favor the risk of his shifting the governorship. A more likely prospect is State Treasurer Val Bjornson. Bjornson was in line for the governorship, but this was upset when Anderson unexpectedly succeeded to the top executive post upon Luther Youngdahl's resignation.

But the most likely candidate of all is Congressman Walter Judd. He has been receiving almost unprecedented publicity from the big Minneapolis newspapers, and top GOP planners make little effort to conceal their hopes of running Judd against Humphrey in '54.

Stassen Also Figures In '54 Speculation

The possibility of Harold Stassen's return to Minnesota presents still another interesting prospect. At the moment the talk is that he may be named to Eisenhower's cabinet, probably as Secretary of Defense or Secretary of Labor.

But Stassen may decide that, if he is to revive interest in himself as a candidate for the Presidency, he could do this best by winning a seat in the senate, and 1954 would be a logical time for such an effort.

Big City Press Now Faces Big Challenge

Persons interested in politics will be watching closely how the big city press deals with the new Republican administration. The metropolitan press, as the recent election showed, is overwhelmingly Republican. During the 20 years of the Democratic administration, the press maintained a constant barrage of criticism, exposing wherever it could weaknesses, shortcomings, and inefficiencies of the incumbent administration.

This persistent criticism was, on the whole, a wholesome thing in American political life, because a democratic form of government can thrive only if the actions of those in power are constantly exposed to the most vigilant reporting.

The question now becomes, will the metropolitan press be as vigilant and as persistent in fully reporting and interpreting what happens in Washington? If the press allows itself to become a simple defender of the new administration without making a genuine effort at honest appraisal, we may find our free press disappearing from American life.

Filling Patronage Posts GOP's First Headache

For 20 long years the Republicans have waited for their opportunity to take over the management of the national administration. Now the time has come, and there are long lines of eager hopefuls to fill every available position.

But there are today fewer patronage jobs than there were 20 years ago, because many positions—including most recently the collectors of internal revenue—have been put under civil service. So, the GOP faces a big headache, namely, how to satisfy all those with claims for jobs.

The election results were hardly in before speculation arose as to which deserving GOP'ers would be named to the U. S. district attorney's office, to the collector of customs position, and other minor assistant attorney offices.

One thing to watch in this connection is whether any attempt will be made to remove some positions from civil-service in order to create more positions that can be filled by direct appointment.

DFL Controls Rail Body! Will It Be Abolished?

Election of Paul Rasmussen to the state railroad and warehouse commission gives the Democratic-Farmer-Labor Party control of that body. He and DFL'er Clifford Peterson will be able to outvote GOP'er E. W. (Wally) Lund, who was reelected last week.

Now the talk is that the conservative-controlled legislature may consider the abolition of the board as an elective body. This would be in line with the recommendations of the "Little Hoover" commission, which asked that the board's function be transferred to administrative agencies. But the move is certain to have its opponents, and in some quarters will be regarded as motivated by political interests.

OUR LAND

Prepared by the Minnesota Soil Conservation Service in cooperation with University Farm, St. Paul

Lime Is A Key—Most farmers are well aware of the benefits of liming acid soils in helping get good legume stands and better legume crops. And lime will often increase yields of other crops such as corn on acid soils because it helps unlock the phosphate supply and releases enough for additional crop yields, says Harold E. Jones, extension soils specialist at the University of Minnesota.

Land Judged—In the first contest of its kind in the Luverne area, the veterans' agricultural class and local farmers took part in a land use judging contest recently. The event was held on the Jess Searles farm near Beaver Creek. Contestants scored the soil at four locations on the farm for color, texture, depth, sub-soil permeability, slope and degree of erosion. Paul Hoyme of the Hills Veterans Ag Class took first place with a score of 336 points out of a possible 400.

It's Height That Counts—Remember when planting a new shelterbelt or adding to an old one that the taller the trees, the greater the width of the shelterbelt area, says Marvin Smith, University of Minnesota extension forester. Windbreaks are effective in reducing the wind velocity over a distance 20 times the height of the tree belt. In other words, a belt 40 feet high is effective to a point 800 feet away, whereas a 25-ft. belt loses its effectiveness 500 feet away. Shrubs and lowgrowing trees are certainly necessary for density close to the ground but tall trees such as cottonwood, ash, elm and hackberry merit a place in any shelterbelt for either home or field protection, says Smith.

Champ Conservationist — The cow is the great conservationist, remind University of Minnesota extension dairy specialists. "It is she that makes our acreage of hay and pasture both possible and necessary."

WHAT THE V.F.W. MEANS TO THE OVERSEAS VETERAN

As a Parent . . .

Membership in the V.F.W. helps the V.F.W. foster the kind of patriotism that teaches love of country to the boys and girls of today—the citizens of tomorrow.

When a V.F.W. Post parades its colors, or sponsors the observance of patriotic holidays, or cooperates with civic and school authorities in doing those things that contribute to youth welfare, it is teaching respect and reverence for the patriotic ideals you have risked your life to preserve.

In thousands of communities, V.F.W. youth welfare projects (athletic and recreation programs) command the endorsement of school, church and civic leaders. The V.F.W. says the cure for juvenile delinquency is to be found in healthy outlets for youthful zest and surplus energy.

Every parent knows the truth of this formula—and that's another reason why you will be proud of your V.F.W. membership.

Veterans are Good Citizens! Be a V.F.W. Member and be a Better Citizen! Join the V.F.W. Now!

Put Yourself in a Nash Rambler
The New Kind of Car Specifically Designed for Today's Traffic

When you put yourself behind the wheel of this compact custom car, you'll discover a whole new motoring "feel."

It's a fact! In a smart Nash Rambler you'll feel equally at home in heavy city traffic or on the open highway.

You'll snake through traffic with feather-light handling ease . . . cruise effortlessly on the open road.

You'll slide into tight parking spots that other cars must pass up. And whether you're engaged in stop-and-go city driving or long distance cruising, the miles will slip by with scarcely a flicker of the gas gauge. For this is the all-time mileage record holder in the Mobilgas Economy Run—31.05 miles to the gallon with over-drive. Many owners report more!

You'll be amazed at the room that is yours to enjoy in this compact automobile. Plenty of room for your family to travel in comfort.

How safe to drive, too! For, like all Nash cars, the Rambler provides the extra strength, safety and rigidity of exclusive Nash Airflyte Construction—the newer, better way to build an automobile.

You get value *plus* in the beautiful Rambler—you enjoy a whole host of custom "extras" at no extra cost—even de luxe radio and Weather Eye Conditioned Air System.

Yes—put yourself in a Nash Rambler today. Learn why this popular new kind of car, specifically designed for today's driving and parking conditions, is the car for *you*. See your Nash dealer and make a "Traffic-Test" for yourself!

CITY COUNCIL PROCEEDINGS

Thief River Falls, Minnesota

The City Council of the City of Thief River Falls, Minnesota, met in regular session in the Council Chambers on October 14, 1952. The meeting was called to order at eight o'clock with all members present.

Minutes of the meetings of September 9th and 18th were read and were approved.

Monthly report of City Clerk, Treasurer, Weighmaster, Municipal Judge, manager of Airport for July and August were presented, examined and ordered filed.

Applications for moving and building permits were presented, all bearing the approval of the Building Inspector, as follows: [illegible]

[illegible]

Application was presented by Salvation Army, Andrew Norby builder for a permit to allow construction of an addition to building, not in conformity with ordinance, to be used for living quarters and office. The application was accompanied by waivers of objections on the part of property holders within a radius of 300 feet of proposed construction and a certification by the Building Inspector that waivers qualified more than 75% of properties within such radius. Alderman Bergland moved that public notice be given that the Council would meet in the Council Chambers on October 23rd at eight o'clock to hear all parties who might be interested in the granting or denial of such special permit. Alderman Christensen seconded the motion and all members voted in favor thereof and the same was declared carried.

Alderman Land introduced a resolution appointing Leland Duane Fagg as operator in Water Purification Plant effective as of October 1, 1952 at salary of $208.45 and moved adoption of such resolution. Alderman Hunt seconded the motion which was duly passed by roll call vote.

There was presented a petition signed by owners of property in Block 38 of the Original Townsite, C. H. Bjorkman, F. A. Rinkel, Art Hamilton, Union State Bank and others requesting that the City declare the alley in said Block a one-way alley with traffic being permitted to travel only in a northerly direction. Alderman Hunt moved that the Council proceed with the necessary proceedings to declare such alley a one-way thoroughfare as requested. Alderman Land seconded the motion and the said motion was passed and adopted by unanimous roll call vote.

Alderman Christensen then moved that a proposed Ordinance authorizing the Street Commissioner to restrict or prohibit trucks on streets in the City of Thief River Falls, Minnesota, be given it's third reading. Alderman Fuller seconded the motion which was carried. The roll was called on the question of passage and all members voted in favor thereof. The Ordinance was then by the President, declared passed and adopted.

Alderman Bergland then moved that a proposed Ordinance to provide for establishment of a Department of Sanitation and to provide for the control, collection and disposition of garbage within the City of Thief River Falls, Minnesota, to provide charges therefor and the method of collecting the same and to fix penalties, be given its third reading. Alderman Fuller seconded the motion which was adopted. The roll was then called on question of passage and all members voted in favor thereof. The Ordinance was then by the President, declared passed and adopted.

Alderman Bergland introduced a resolution appropriating to Civic & Commerce Association the sum of [illegible] as aid towards the regular decorations and illuminating of streets in the business section during the Christmas Holidays and moved adoption of such resolution. Alderman [illegible] seconded the motion which was passed by roll call vote.

Alderman Hunt introduced a resolution approving for payment various current bills against the City and moved its adoption. Alderman Land seconded the motion and the resolution was passed by unanimous vote.

The meeting was thereupon by the President, declared adjourned to October 23, 1952 at eight o'clock P. M.

Pursuant to duly published notice therefor, the City Council of the City of Thief River Falls, Minnesota, convened in the Council Chambers at eight o'clock P. M. for the purpose of considering Application of Salvation Army by Andrew Norby, Builder, for a Special Permit to allow construction for non-conforming use of an addition to a building located on [illegible], Block 28 of the Original Townsite, such addition to be used for living quarters and office. Aldermen Christensen, Land, Hunt, Bergland and Gjernes were present. Alderman Fuller was absent.

The application for Special Permit was duly presented and read, the same being accompanied by waivers of objections to such construction by the owners of at least [illegible] of the real property within [illegible] of the proposed non-conforming use and certified to that effect by the Building Inspector of the City. Present in the interest of applicant were Waldo Christensen, [illegible] and representative of the Salvation Army. Alderman Bergland moved approval and granting of such Special Permit, which motion was duly seconded by Alderman Christensen. [illegible]

There was presented and read an Order from the Industrial Commission of the State of Minnesota, to the effect that the Council take steps to provide a Safety Railing installation on the Waterworks Department High Tank and the same was ordered referred to the Water and Electric Committee with the view of procuring bids for the same.

William Halvorson, resident of Main Avenue North in the [illegible] Block appeared before the Council with a request for installation of water service to his property as an emergency matter due to failure of his well water supply. The matter was discussed at length as to the actual existence of emergency and the authority of the Council therein and costs of the said project with the result that no action was taken in the matter.

There was presented by Olaf Homdrom an application for license to operate in taxi service 2 additional motor cars. Alderman Hunt moved approval of the same and issuance of license upon the applicant's filing and securing approval by the City Council of the required bodily injury and property damage insurance coverage of such additional units and the filing of the same with the Clerk.

The meeting was then declared adjourned.

Report on Viking News of the Week

Mrs. Harvey Stokke, Viking

We think we have established a record in Viking, as only four of the eligible voters failed to make their appearance at the polls on Election Day.

The American Legion held their annual carnival on Saturday night and the affair was a huge success. A capacity crowd enjoyed an evening of entertainment. A lunch was served by the auxiliary. Elling Waagedahl won the 25 pound turkey, and also a dressed chicken, donated by the Locker plant. All the merchants donated the various prizes. The Legion and the Auxiliary wishes to thank everyone who attended for their generosity and to congratulated the winners.

Mr. and Mrs. Charles Anderson, Mr. and Mrs. Axel Anderson, of Thief River Falls, Mr. and Mrs. Omer Sorenson, Mr. and Mrs. Frank Anderson, Emil Peterson and Elmer Anderson were entertained at the Gust Peterson home Tuesday evening. The evening was spent by listening to the election returns.

News has been received from Mr. and Mrs. Harvey Stokke and girls that they have arrived at the home of Mr. and Mrs. Fred Zimmerli of Lenwood, Kansas. They stopped at Fargo, N. D. and visited with friends, with Casper Shefvelands at Red Wing and Kermit Greenleys at Dassel on the way. The night of their arrival they spent fighting prairie fires near the Zimmerli home. Harvey is employed as a jep driver at a powder factory at Sunflower, Kan.

Elmer Anderson and Robert Anderson, Mr. and Mrs. Archie Anderson and family, Mr. and Mrs. Earl Anderson and Carol of Thief River Falls, Mr. and Mrs. James Gaven and daughter, Mr. and Mrs. Woodrow Almquist and family and Mr. and Mrs. Fred Eckstein of Red Lake Falls were entertained at the Axel Anderson homes as supper guests, Saturday night. Mr. and Mrs. Melvin Johnson and John of Radium visited at the W. W. Barr home Saturday evening.

Mr. Hjalmer Stokke and Marsha Zimmerli were luncheon guests at the Ben Elseth home at Newfolden Saturday afternoon. The Elseth farm is the old home place of Mr. Stokke. He was born and raised there.

Mr. and Mrs. Egbert Malberg were visiting at the Olaf Simmonson home at Thief River Falls Sunday afternoon.

Mrs. Alton Sackett, Mrs. Orville Peters and Mrs. John Peters attended the Crosley Cooking school held in Warren Wednesday.

Mrs. Eric Holden, Mr. and Mrs. John Peters, Bonnie and Jerome attended the Silver Wedding anniversary celebration in honor of Mr. and Mrs. Edwin Anderson, held at the McCrea Church at Warren on Sunday. They also visited at the Hugo Anderson home there.

Dry Weather Causes Acute Fire Hazard

The late fall season, after two months of practically no rainfall developed into one of the most dangerous fire hazard periods that Minnesota experienced for five year, foresters and fire fighters in governmental and private agencies report.

One death has been at least partly caused by a grass fire, and the number of forest fires and acres burned exceeds the number for the last several years. Areas of dry grass around the cities and villages and in the agricultural areas of the state have been a high fire hazard. A St. Paul fireman, stricken while fighting a fire suffered burns which contributed to his death.

Most state park areas have been closed or use has been restricted because of the hazard. Some fires have been started by hunters, but the upland game seasons have not been restricted because the hunters have apparently used enough care and common sense with fires when in the woods to prevent most fires.

The big game season, scheduled to open November 15 and continue through November 23, will depend upon conditions a few days prior to the opening date. Hunters join with foresters and fire fighters in hope of good rain or snowfall before that date.

Buildings and other property have been destroyed in the grass fires and natural resources of timber, wildlife habitat and scenic values have been damaged by forest fires. In periods of high fire hazard, all citizens should realize the necessity of extra precautions and efforts to prevent such losses and damages, officials state.

Students to Exhibit Their Home Projects

The annual Parents' Day and student home show will be held at the Northwest School of Agriculture, Crookston on Wednesday, November 26. Superintendent T. M. McCall announces that the parents of the students will be guests of the school and student body throughout the day.

Classes will be visited by the parents in the morning and they will also attend the annual meeting of the Northwest School Parents' association. They will be guests of the students and school for the Parents' Day dinner at noon.

The all-student program, to be presented during the afternoon, will be followed by a coffee hour at the student home project show which will be held at the school gymnasium.

Soo Line Head Is Named on Defense Bond Committee

G. Allan MacNamara, president of the Soo Line railroad, has been named industrial adviser to the Hennepin county Defense Bonds committee by Fred King, county chairman, it was announced today.

"I am glad," said MacNamara of his appointment, "to serve the U. S. Defense Bond program, particularly since I have seen first hand the results of what the payroll savings plan for automatic bond-buying has done for the employees of our own company.

"The Soo Line employees," the new chairman added, "have one of the best payroll savings records of any railroad in the country, and have invested more than $10 million in 400,000 individual bonds during the past 10 years. Almost 50 per cent of Soo Line employees buy bonds regularly through the payroll saving plan at the present time."

Pasteurization Short Course to Be Offered by 'U'

Control, use, care and inspection of high-temperature, short-time pasteurization equipment will be taught at a special short course to be presented by the University of Minnesota dairy division December 9-11.

The short course is designed to acquaint workers in industry and governmental services with the principles of a relatively new method of pasteurizing milk. Rapid installation of equipment used in this method in the past few years has created numerous problems for both industry and inspection services.

Fees for the course are $2 for the first two days and $3 for those planning to attend all three days.

Application blanks can be obtained from the Office of Short Courses, University Farm, St. Paul.

GROWING WITH YOUR CHILD

Institute of Child Welfare, University of Minnesota

Act Your Age

"I don't like you! I hate you! you're mean. I'll cut your arms off and your legs off and take 'em up in an airplane and smash 'em to the ground!" So spoke a four-year-old nursery school child whose teacher had not yielded to his wishes.

"And then what will you do?", asked the teacher in an unperturbed manner. "Oh, then we'll go home and have chocolate pudding for supper," replied the youngster. His anger was spent. Forgotten was the thoroughgoing attack on the teacher.

Such behavior on the part of four-year-olds is not unusual. He need not become disturbed at such outbursts provided the child does not become very upset or harbors resentment. As he grows older he will learn to compromise and will accept thwarting with better grace. Already he is showing signs of being able to handle his objections in words instead of hitting, or by lying on the floor and kicking his heels up and down as he did at three. Learning to control one's emotions takes time. So much depends on understanding.

Tall-stories can be indirectly handled, too. If a youngster begins:

"I didn't break it—the top part fell because it jumped away from the bottom part—I wasn't even there," an effective eye-opening tale might follow:

"One day I dropped something, too. I wished so hard that it would be this way—that the pictures on the side of the cup would come alive. Then I wished that when they were dancing they bumped each other and, Bang! They fell to the ground! What do you think of that wish?" Before long the child may be able to "wish" again but this time knowing and accepting that it is make-believe.

If growth is good, we can expect increasing self-control from year to year. Adults can help children through the growing stages if they understand why they talk the way they sometimes do. Understanding will lead to ways and means of guiding the behavior through its growing pains.

Sandwich Filling

Sliced corned beef, thinly shredded green cabbage, and Russian dressing make a flavorsome filling for a rye bread sandwich to pack into a lunchbox.

"Long" Tons

The 222 million "long" tons of coal mined in Great Britain's socialized mines in 1951 equal 248 million net tons as measured in the U.S.—or less than half of this nation's output for 1951.

Man from Mars?

A TRANSPARENT PLASTIC FACE SHIELD and heavy rubber clothing protect Charles Johnson of Minneapolis as he opens a tank of sulphuric acid at a big linseed oil plant. The powerful acid is used in the process of refining the oil. Minnesota leads the nation in linseed oil production—just as it leads the nation in the production of iron ore. Minnesota's iron mining industry provides millions of tons of ore a year for civilian and defense needs—and it is doing everything in its power to *continue* supplying ore to America by seeking to develop new ways of processing low-grade ores and taconites. If successful, Minnesota and all its people will benefit.

SMILEY . . .

By Mrs. Jim McCrum, Rt. 2, city

The carnival held recently in Washington school earned a profit of approximately $83 instead of $100 printed in last weeks news.

The Halperettes met Wednesday afternoon at the home of Mrs. John Ranum in Thief River Falls. This was their November meeting. The interesting feature of the afternoon was an excellent demonstration given by Mrs. Mark Olson who substituted as leader for Mrs. Gust Hollberg and Mrs. Andrew Kisch. They gave the project lesson on preparing chicken for roasting, canning or freezing, in the step by step method. Door prizes were awarded to Mrs. Carl E. Olson and Mrs. Bill Grundhaus both of whom received salt and pepper shakers from the hostess who also served a tasty repast. The december meeting will be held at the home of Mrs. Jim McCrum.

Sunday evening visitors at the Orville Rolandson home were Mrs. Clayton Sundberg and children, Mr. and Mrs. Carlyle Askeland and family of Grygla.

Miss Gladys Vigen was home for the weekend visiting her father and brother, Ed and Bert Vigen. She attends Augsburg college in Minneapolis.

Bruno Beiswenger left Sunday evening for the cities where he will spend a few days attending the Farmers Union convention. Donovan Johnson of Kratka is assisting with the chores during his absence.

Mrs. Adam Lendobeja and Dianne spent Sunday afternoon at the Lloyd Johnson home in Rocksbury. They visited with the Johnsons' daughter, Cheryl who was recently released from the hospital.

Miss Clara Olson returned Sunday evening from a four day trip. She spent two days in Eagle Bend with her aunt, Mrs. Ed Thorpe and her husband, and with several other relatives there. On her return via Bemidji she was an overnight guest at the Ted Markus home.

Melvin L. Johnson of Brooks called at the Orville Rolandson home Friday.

The Smiley Community club will meet next Wednesday evening, Nov. 19 at the Hall. Election of officers for the coming year will be held. The program committee comprises Alvin Burstads, Gust Hommes, Floryan Szymanskis and Carl Luhe. Recreation will be arranged by the S. S. Nelson's, Ted Beiswengers and the Fred Luhes. Lunch will be served by the Robert Kraemers, George Diehls, Otis Millers and Fred Luhes.

Quite a number of Smileyites attended the senior class play in the Lincoln High School Tuesday and Wednesday evenings. Three local girls were among the cast, they were Lois and Lila Hanson and Dianne Lendobeja.

Seven women were present at the home of Mrs. S. S. Nelson Wednesday afternoon for the home demonstration project lesson on preparing chicken for the freezer, roasting and canning. Mrs. Adam Lendobeja gave the excellent lesson and every woman received some good ideas also from this demonstration. Mrs. Nelson served a light lunch at the close of the meeting.

Saturday evening at the Mark Olsons were Mr. and Mrs. Walter Waller and Ilene of Lancaster, Mr. and Mrs. Jim McCrum, Marilyn and Bobby, and Harry Waller of Brindsmade, N. D. The Walter Wallers remained overnight. They had come down for the funeral of Mr. Waller's and Mrs. Olson's aunt, Mrs. Carl Johnson that was held Saturday afternoon in Thief River Falls at the Zion Lutheran church.

Clifford Rolandson returned to his home at Circle, Mont. after spending an indefinite time at the Orville Rolandson home.

Word has been received from the Harold McCrums in Billings, Montana of the recent enlistment of their son Bill, in the U. S. Army Officer Training Unit. The three elder McCrum brothers, Harold, Jim, Frank enlisted in varied branches in World War I. Now, 34 years later their sons enlist in various branches of the armed forces. Frank's son, Ronald, is now in Japan in the Air Force, Jim's son, Bruce is in Norman, Okla. with the Navy and Harold's son, Bill is now in Camp Roberts, Calif. All three young cousins are the same age.

The Smiley 4-H club meets this Friday evening Nov. 11 for the November meeting.

QUESTIONS answered for VETERANS

Q. After World War II, I went to college under the GI Bill where I used my 48 months of entitlement to get my BS degree. After graduation, I went back on active duty. Now I hear there's a new GI Bill for Korean veterans. When I am discharged again, will I be able to use this new GI Bill to go ahead with graduate studies?

A. No. The law states that veterans like yourself, who have trained under earlier veterans' training programs, may be entitled to a total of 48 months of training under the old programs and the new GI Bill combined. Since you've already used that maximum under the World War II GI Bill, you are not entitled to any further GI training under the new law.

Q. I was divorced by my wife, and naturally I want to change the beneficiary on my National Service Life Insurance policy. My former wife, however, won't give me the policy so that I can make the change. What can I do?

A. You don't have to have the policy in your possession to change the beneficiary. Either go to your nearest VA district office and fill out a change of beneficiary form, or write to the VA district office where you pay your premiums and state how you want the insurance paid in the event of your death.

Q. I have been authorized orthopedic braces for leg wounds I received in World War II. If I ever need emergency repairs, must I get VA's approval before I have them made?

A. Not necessarily. You may get emergency repairs costing up to $15 from any commercial brace or repair shop without prior VA approval, provided you have the newly-issued "Prothetic Service Card—Orthopedic Braces."—These cards are issued by VA regional offices.

Q. I understand that down payment requirements have been lowered for GI home loans. But even so, I still don't have enough money to make the down payment on the house I'd like to buy. May I borrow for the down payment?

A. You may borrow on your life insurance policy for this purpose, but that is all. Other than this, you must certify that you have not borrowed to make the required down payment.

Coal Reserves

America's coal reserves are sufficient to last for centuries although consumption will increase steadily in the years ahead.

Coal to Britain

The British government has chartered 100 ships with a view to importing more than a million tons of coal from the U.S.

Mom Counts

Dr. E. Jalavisto, University of Helsinki: "Pick a long-lived mother if you want to live long. Pop's life span doesn't count as much."

Both the steel industry and 100 million tons of bituminous electric utilities use in excess of coal annually.

Yemen

Hodeida on the Red Sea is the principal port of the small Arab kingdom of Yemen. Ocean-going ships unload several miles off Hodeida into small dhows which then sail into chest-deep waters where burly porters carry their cargoes to shore on head and shoulders.

Drying Chenille

Pick a windy day to launder chenille spreads and they'll dry to a soft fluff with no brushing needed. As the spread dries, the wind rubs the tufts together so there's no chance of matting.

Cool Off the Young

When the small fry are just too hot, pat their moist bodies with dusting powder applied with a huge puff. The six-year-olds—and up—are more willing to take a bath if they are permitted to "play" with the puff themselves when they pop out of the tub.

Falling Cakes

If your cakes fall perhaps you are not using the right sized pan. When pans are too small the cake batter will run over the edges and burn. When the pans are too large the cake tends to be thin and overbaked.

Fish Spearing to Be Allowed for 65 Days

Winter spearing regulations for the coming season were announced Wednesday by Chester S. Wilson, commissioner of conservation, following recommendations of Frank D. Blair, director of the division of game and fish, and Hjalmer O. Swenson, supervisor of the bureau of fisheries.

All waters of the state, except Wisconsin, Iowa, and South Dakota boundary waters, and except a few places which may be closed to fishing for special reasons by other regulations, will be open for spearing northern pike or pickerel, catfish, whitefish, and rough fish from dark houses through the ice between sunrise and sunset daily from Saturday, December 13, to February 15, inclusive. This makes a 65 day season, opening 9 days earlier and covering a total of 24 days more than the 41 day season allowed last year.

On the basis of surveys made last winter, the department concluded that a 65 day season for the coming winter would be safe in most waters. However, a careful check on spearing pressure will be maintained during the season on all lakes where dark houses are numerous, and if it appears that there is danger of depletion of northern pike from too heavy spearing in any waters, the department will consider closing them by special order.

Social Security Law Is Clarified

Some self-employed people still do not fully understand their rights and obligations under social security, Walter D. Kistler, manager of the Grand Forks social security office declared today.

Because of misunderstanding, Mr. Kistler said, many returns are being filed by persons in the excluded group of self-employed persons. Certain specified professions such as doctors, lawyers, dentists, architects, and professional engineers are not covered by old-age and survivors insurance.

"On the other hand," Mr. Kistler added, "returns are not being filed by some who are required to do so."

Good Cow Pays More Than Eight Poor Ones

One high-producing cow can give as great a return over feed costs as eight low-producing cows.

County Agent Ray Mittelstaedt passes this tip along to Pennington county farmers this week in reviewing the new annual summary of Minnesota dairy herd improvement associations.

The summary shows that it takes eight cows producing 150 pounds of butterfat a year to return $296 over feed cost. One cow in the 500-pound class will return $307 over feed cost.

Four cows in the 200 pound class—the state average—will return $304 and two cows in the 300 pound class will return $308 above feed cost.

In analyzing these figures, Ramer Leighton, University of Minnesota extension dairyman, pointed out that it requires 27 of the 150-pound class of cows to return $1,000 above feed cost. Seven 300 pound class cows producing 500 pounds of butterfat will do the same job.

Leighton used these figures to illustrate the value of testing cows regularly.

"Testing alone does not increase production," he stated. "A principal difference between the herd owner who tests and one who does not is that the former has his records to guide him in herd management, and the latter merely guesses.

"The man who tests becomes more interested in his herd and as a result finds dairying more profitable. Testing shows what the cows are doing, provides the information necessary for the well-rounded herd management practices of feeding, culling and breeding."

This year a large number of Pennington county dairy farmers have begun testing their herds. The information they receive should help them to improve their herds and thereby build up the quality of dairy cattle in the area. These herds will also be a good source of breeding stock for dairymen buying herd replacements or starting new herds. Melvin Evenson and Clyde Christianson of Thief River Falls will have their herds tested in the Minnesota D. H. I. A. program this year.

Farmers interested in a testing program for their herds thru a dairy herd improvement association are invited to see the county agent.

Adults to Study Agriculture at Plummer School

The vocational agriculture department of Plummer high school is planning to offer adult classes in agriculture this fall and winter. The course work will consist of general agricultural subjects and possibly shop work.

The classes will be taught by Kenneth Monson, vo-ag instructor. It is also planned to have outside speakers on various subjects from time to time. Moving pictures will also be used to some extent.

The course is open to all persons beyond high school age who are interested in agriculture. Due to certain differences in age and problems relating to agriculture, it will very probably necessitate splitting the group. There is no tuition charge for the course. Enrollment is purely voluntary.

Full details will be discussed at an organizational meeting to be held next Tuesday evening, November 18, at 8 p. m. in the agricultural room of the Plummer school. All interested persons are encouraged to attend.

State Road Crews Ready for Winter

State highway department maintenance crews have virtually completed preparations for the expected onslaught of winter with its ice, snow, sleet and other hazards to safe driving. Snow fence has been erected, wherever farming operations permit, to keep as much snow off the roadways as possible, while snow removal equipment has been readied for the inevitable work that lies ahead during a typical Minnesota winter. Road crews have been given their annual reminder to be extra cautious when working at railroad grade crossings, to make certain that no debris or ice is left on them which might result in an accident to a train. A good measure of cooperation from the Weather Man will help make this coming winter's driving safer and pleasanter for all Minnesota motorists and for the Department's road crews.

State Tax Rate Is Set at 6.84 Mills

Rate for 1952 Almost One Mill under 1951 Figure

Minnesota's state property tax rate will be 6.84 mills on 1952 taxes due in 1953—down almost a full mill from last year, and fourth lowest rate in the past 21 years.

State Auditor Stafford King announced the new rate Saturday. It is set to raise the needed $9,627,389 principal and interest for teachers' retirement, executive council, state building, Minnesota metropolitan airports, state veterans service building, Mayo Memorial buildings, military and naval land, veterans compensation and rural credit deficiency.

During the Farmer Labor administrations from 1932 to 1938 the state tax rate ran successively 8.23 mills, 11.06, 11.95, 13.57, 12.45, 10 and 10.

The rate dropped to 4.50 in 1944, lowest point in the 21-year stretch.

"NONE OF YOUR BEESWAX"

Remember when small fry used to say "none of your beeswax"? It was a common slang expression they delighted in using when their playmates were too nosey about their private affairs. Many a child, bursting with curiosity, had his heart broken and felt completely crushed when rebuked by those stinging words. Remember?

Foreign Relations

Note on Italo-American relations: Signs have of late been appearing in men's furnishing stores which read, "Don't be mistaken for an American tourist. Wear Italian-made clothes."

Water Currents

Friction is produced along the banks of a river due to irregularities, and causes the water there to flow more slowly than it does in the middle of the stream. This tends to create currents which will work from the banks toward the center, where the water is moving more rapidly.

American Mahogany

On the American continent, mahogany ranges from southern Mexico, northern Guatemala and British Honduras through Central America to northern Colombia and Venezuela. Some twenty-five years ago, mahogany was rediscovered on the tributaries of the upper Amazon in Brazil and Peru whence now come important supplies. The extent of this region is still very much unknown.

Thank You

We wish to express our sincere appreciation to the voters of the 65th Legislative District for their support in the election. We will continue to serve the interests of the people of the district to the best of our ability.

This community was saddened to learn of the sudden death of Henry Nyland last Wednesday.

Henry Albert Nyland, who had lived and farmed in the Gully Community during his entire life was born April 20, 1905 to Halvor and Anna Nyland in Queen Township. He was baptized by Rev S. H. Arnes and confirmed by Rev. Sather in the Bethlehem church. On July 2, 1925, he was united in marriage to Anna Groven and they lived on a farm near Oklee for a short time before moving to a farm near Gully. At the time of his death he was living on their farm between Gully and Gonvick. He passed away on Wednesday morning while out looking over a location for a trap line. He died on the way to the doctors. As he was in apparently good health his death came as a shock to his family. He is survived by his wife, Anna, four sisters and four brothers, Ted of Shevlin, Lars of Clearbrook, Knute of Gully and Melvin of Scoby, Mont.; Mrs. Inga Swenson, Gonvick, Mrs. Martin Watnemo, Fosston, Mrs. Carl Jacobson, Fosston and Mrs. Art Brenna of Washington. His parents and three sister preceded him in death. Funeral services will be held Tuesday afternoon at the Lund Church at Gully with Rev. Johnson, Fosston officiating.

Lund Luther League next Sunday evening Nov. 16 at 8 o'clock at Lund church.

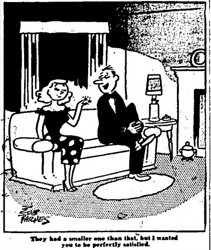
Odd Bones

Fossil hunters dug up near Manchester, Ohio, the remains of giant "sea scorpions," some of them six feet long, locked in volcanic ash in the bed of the ancient salt sea which once covered Ohio. A pair of fossilized dinosaur eggs were discovered in southwest Tanganyika, first such ever found in Africa.

Heavily Populated

Now, with some 210,000 inhabitants, Barbados has 1,250 persons to the square mile, and is second only to Bermuda in the Western Hemisphere for density of population. The growth started with the importation of slaves from Africa to work the early sugar plantations.

LAFF OF THE WEEK



They had a smaller one than that, but I wanted you to be perfectly satisfied.

HICKORY . . .

(Crowded out last week)

Sunday visitors at the Willie Mostrom home were Mr. and Mrs. Orben Good, Yvonne, Patsy and Karin, Helen Wilson, Mr. and Mrs. Ernest Mostrom and Phyllis, Mr. and Mrs. Albert Arveson, Mr. and Mrs. Gilbert Thompson of Trail, Elmer Mostrom, Elmer Engstrom and Henry Bjerklie.

Those who gathered at the Albin Arveson home last Monday afternoon and surprised Mrs. Arveson on her [illegible] birthday were Mrs. Jorgen Oftelie, Mrs. Lewie Bjerklie and Rodney, Mrs. Arnold Haugan, Mrs. Arlan Arveson, Alden [illegible] Arnell, Mrs. Arthur Arveson, Mrs. Clifford Arveson and Dale, Mr. and Mrs. Eddie Arveson, Warren Lewis, Mr. and Mrs. Alfred Hanson and Pamela. Mrs. Arveson received many nice gifts and lunch was served by the guests.

Those who attended the wedding and reception at the Sand Valley Church in Trail Friday evening for Muriel Haugan and George Nelson were Mr. and Mrs. Erick Johnson.

Mrs. Arnold Haugan, Mrs. Harry Hanson, Mrs. Walter Hanson, Mrs. Lewie Bjerklie, Mrs. Jorgen Oftelie, Mrs. Gilmer Oftelie, Shirley Mostrom, Mr. and Mrs. Glenn Tasa, Sharron, Diane and Gerald.

UNSUNG HERO . . . Here is one of chimps used in John Hopkins' lab test of new polio vaccine that later immunized six children against three forms of the disease.

Conservative But Smart

Those who wear a woman's size and style and like to dress conservatively though smartly will like the flattering print dresses being shown in both navy and gray with lavish touches of sparkling white. One and two-piece models are available.

Better Living

There is something about rubber that goes with better living. The better we live—the more rubber we use. Perhaps it has something to do with the properties of rubber—elastic, springy, compressible, soft—that make it play an important part in our ever higher and more comfortable standard of living.

Inflation

Heavy government spending for military supplies tends to push up prices, because it adds to the income of businesses and individuals without increasing the supply of civilian goods. In the scramble for scarce goods, prices are likely to go up.

Goes Over Overshoes

Faced with the problem of finding an inexpensive way to give overshoes a gleaming surface, industrial finish engineers have developed a special elastic, durable finish which is baked on in the same operation that cures the rubber.

Asserting Rainwear

A good trick for keeping rubbers and rainwear from getting separated or mislaid is to give your child brightly painted clothespins with his initials on them so he can clip galoshes in pairs, and rain hat to raincoat.

One Billion Tons

With growing population, increasing production, and expanding needs for electric power expected to double America's energy requirements by 1975, coal consumption may reach a billion tons annually—or about twice as much as is used today.

First Line of Defense

"So long as any number among us remains indifferent to the * * * rights of our fellow-citizens, or becomes emotionally unbalanced to the point of overriding such rights, they are striking not at our first, but at our last line of defense."—Francis Biddle.

Nubby Woolens

Nubby textured woolens are appearing on the fashion scene, especially in the tight hugging toppers. Sleeves are very interesting with their deep armholes, and so are the collars which are gently rounded and curved.

Not Menial Tasks

A common belief that part-time jobs are the menial jobs in the nation's scheme of things and that full-time jobs are the ones which command both respect and large incomes is not altogether true. Forty percent of professional and technical men and women, over 80 percent of the nation's salesmen and saleswomen and 35 percent of all clerical workers do not work in year-round, full-time jobs.

Minnesota Farm Bureau to Meet

Allan Kline, president of the American Farm Bureau Federation, and Louis Rozonni, vice president of the California Farm Bureau, will be two of the headline speakers at the 34th annual convention of the Minnesota Farm Bureau Federation to be held in St. Paul November 17-19. The convention will bring together delegates from 87 County Farm Bureaus, each empowered by county resolutions to state the county organization's stand on questions affecting agriculture, says Secretary J. S. Jones.

Be Coy

"It is quite silly that a girl shouldn't let a man see that she is attracted by him."—E. F. Benson.

Smart Boneheads

If you suffer from headaches you may find some consolation in the fact that you're in distinguished company. An investigation has turned up the information that headaches are far commoner among educated people than among their duller-witted brothers.

Report to the People

By Governor C. Elmer Anderson

VACATION

I am writing this report just before Mrs. Anderson and I leave on a short vacation. When you get a chance to read it in your local newspaper, we will have arrived at our destination in Hawaii and had several days of rest. Man's inventive genius has gone far toward wiping out distances.

We are both looking forward to the trip. The campaign has been a tiring experience to Mrs. Anderson as well as to me. A few days of rest will be mightily welcome before we have to plunge into the problems of the coming Legislative session.

I want to tell you that Report to the People also will take a short vacation. For the first time since I undertook the report some 68 weeks ago, I will not write a report next week or the following week. I think that our vacation will be quiet and uneventful and contain no happenings that need to be rushed back to waiting printing presses in Minnesota. It occurs to us, too, that our readers might appreciate a vacation from reports on public questions after listening to the speeches of the recent campaign.

Grygia Man Is Given $55,414 Ditch Project

Herb Holthusen Will Execute Improvement of Judicial Ditch No. 1

At a meeting last week of county auditors of Pennington, Red Lake and Polk counties, contract for the improvement of Judicial Ditch No. 1 was awarded to Herb Holthusen of Grygia on his low bid of $55,414. Four other bids were received ranging as high as $68,551.

The successful bid was slightly below the estimate of $57,262 made by Joseph Seidel, engineer on the project, in advance of the call for bids.

Judicial Ditch No. 1 extends east and west for a distance of 16 miles on the south Pennington county line in Mayfield, Deer Park and Hickory townships. The project includes Judicial Ditch No. 2 and County Ditch No. 61. The proposed improvement calls for the construction of an outlet and off-take ditches leading from the judicial ditch into Clearwater River.

The purpose of the work, said Seidel, is to intercept water coming in from the reservation. Also affected by the project are Garnes and Equality townships in Red Lake county and Johnson township in Polk county.

When completed, the ditch will come under the supervision of the Red Lake drainage and conservancy district board, Seidel is serving as project engineer.

To finance the work, a levy will be spread over the benefited lands for a ten-year period.

Thief River Falls PCA Group Is Host to 440 at Meeting

E. H. Pomerenke and Alf Longren Reelected to Board of Directors

The huge total of more than 440 persons enjoyed the turkey dinner served in the St. Bernards church dining hall last Thursday noon preceding the annual meeting of the Thief River Falls Production Credit association. In charge of the serving was the St. Bernards Guild.

D. E. Ostby, president of the association, presided over the business session, which was featured by a short address by George Susens of St. Paul, president of the Production Credit Corp. of that city.

In the annual election of directors, E. H. Pomerenke of Goodridge and Alfred Longren of Thief River Falls were retained on the board for three-year terms. Mr. Pomerenke reported for the board and the executive committee, while Robert J. Lund, secretary-manager, reported on the past year's operations.

Mr. Lund reported that, as of September 30, the association had total assets of $687,519, of which $547,760 was in the form of outstanding loans. He stated that members hold capital stock in the aggregate amount of $51,925, while the surplus and accrued earnings amount to $75,084. The association has 570 member stockholders.

Council Holds Quiet Session Last Thursday

Rev. Lindholm Submits Letter Objecting to Treatment at Polls

The matter of setting a rental fee for the use by the state highway patrol and radio station of the remodeled old water treatment plant on East Second st. was discussed by the city council at its adjourned regular November session last Thursday evening, but final action was deferred until a meeting this evening.

The building recently was remodeled at a total cost of $8,211 to make it available for other uses.

Largest of a half-dozen building permits approved was one for $15,000, covering a new dwelling to be erected on Arnold av. N. by Stanley Ranum, and one for $5,000 for an addition to be built to the Thief River Grain Co. plant.

Tuesday, December 9, was set as the date for a hearing on assessment rolls for recently completed sidewalk, curb and gutter construction.

A letter was read from Rev. L. W. Lindholm, in which he reported "outrageous" treatment of him by an unnamed first ward election judge at the polls in the Auditorium November 4. Council members identified the judge in question as Oreal Halland, and it was announced that both Mayor Harry E. Simons and first ward alderman Ed Christensen had expressed their regret over the incident.

Rev. Lindholm wrote that he asked no reprisal, but that he felt the offender should realize the gravity of such conduct at the polls. City Clerk P. G. Pederson was instructed to acknowledge the letter.

Berge Office Was Busy Last Week

The office of A. F. Berge, deputy registrar of motor vehicles in this city, was a busy place late last week as motorists hustled in to procure their 1953 license plates before November 16, when a small penalty took effect. A total of 8,500 sets of plates was issued here before the deadline.

Community Chest Receipts Amount to $5,600 Tuesday

Receipts from the 1952 Pennington county Community Chest campaign, in progress during the past month, yesterday had reached the half-way mark toward its goal of $11,391, with collections of slightly more than $5,600. The total includes scattered returns from the rural areas, while in the city of Thief River Falls four teams have not yet reported.

Huge New Sign at Border Promotes Travel Thru TRF

The largest sign on the Canadian border at Noyes, encouraging Canadian motorists to visit Thief River Falls, was installed last weekend by the Cook Sign Co. after the location of the sign had been approved Friday by a committee including Don Olson, chairman of the Civic and Commerce assn. civic development committee; C. R. Waldera and Paul Brown, manager of the Pennington Hotel. Cost of installing and maintaining the 70-foot-long sign, which is located between the Canadian and U. S. customs offices, will be shared by the C. & C. and the Pennington and Stewart hotels.

C & C Assn. to Meet Monday Night at Elks

Municipal Problems Will Be Discussed by Statewide Authority

To avoid a conflict with the Thanksgiving holiday November 27, the Civic and Commerce association will hold an evening meeting next Monday, November 24, at 6:30 in the Elks club rooms.

President Ward Nichols announced that an open forum on municipal problems confronting the city of Thief River Falls will make up the program. Guest speaker, he added, will be C. C. Ludwig of Minneapolis, executive-secretary of the League of Minnesota Municipalities for many years, and a recognized authority on municipal affairs.

At the luncheon meeting last Thursday noon in the Rex Cafe, Nichols announced the appointment of a nominating committee, which was instructed to submit a list of 14 candidates for seven directors' posts at next Monday's meeting.

Six directors are to be elected for two-year terms in the annual election to be conducted at the first meeting in December, and a seventh will be named to fill out the unexpired term of A. C. Tiedeman, who has left the city.

Serving on the nominating committee are L. A. Ihle, Bill Froiland, M. C. Gulbranson, Sidney Lieberman, Wm. Thompson and Grundy Aakhus.

County Agent Ray Mitteness, who served as manager of the recent purebred livestock consignment sale held in the arena, reported that most consignors were satisfied with the results.

Mitteness also thanked the C. & C. for sponsoring thru its agriculture committee the annual 4-H recognition banquet to be held in the St. Bernards dining hall next Tuesday evening, November 25.

Mrs. Dreng Bjornaraa returned to Minneapolis Sunday after spending a week with her mother, Mrs. Caroline Knudsen.

Operetta to Be Given by Lincoln Chorus 2 Nights, Nov. 24 and 25

The Lincoln high school choir will present this city's first operetta in six years Monday and Tuesday evenings, November 24 and 25 at 8:00 p. m. in the high school auditorium. The operetta is "The Golden Trail" by Brown and Carlman and is under the direction of Frank Summerside, with staging by Miss Patricia Hoffman.

The plot of the three act comedy centers around a stolen consignment of gold and the coveted Alvarado family jewels. Don Carlos Alvarado (David Thompson) with his daughter Barbarita (Daphne Hesse) is obliged to halt at Mike's (Dick Kruse) Golden Trail Hotel. He finds Don Pedro Carranza (Duane Rafteseth) and his rancheros already arrived at Mike's, and learns that an emigrant train will soon be arriving from the East.

Soon after his arrival, Smiling Charlie (Gene Bratsch), a friend of the family and a pony express rider, is chased in by bandits, with his consignment of gold dust. Charlie's danger serves to crystallize Barbarita's feelings to those of deep love, which he reciprocates and a mutual avowal takes place that evening. Later, however, bandits arrive, enter the hotel, bind Charlie and apparently, make off with the gold consignment, taking Carmela (Gail Brown) a Mexican dancer as hostage.

Charlie is freed just as the emigrants arrive, singing their stirring march "The Golden Trail." The next day is a scene of gay celebration over the arrival of the emigrants. Don Carlos is forced to remain at the hotel for fear of a bandit attack, and therefore plans a birthday celebration for his daughter at the hotel. Charlie is left to guard the consignment

Jungs Bakery to Take over Hartz Bakery Products

Hartz to Discontinue Operation of Bakery Started 18 Years Ago

The bakery operated by L. B. Hartz Stores in Thief River Falls the past 18 years will be discontinued this week end, and the stock of merchandise and supplies will be taken over by Jung's Bakery, operating two establishments in this city.

The Jungs announced that they will employ a half dozen members of the Hartz bakery staff, and that in addition to their own products they will continue the well-established line of bakery goods formerly made by the Hartz firm, and also will continue to supply the chain of Hartz stores and truck routes.

L. B. Hartz, proprietor of the store system, stated that the present bakery quarters will be utilized for storage purposes for the time being.

1.24 Inches Rain and Snow Arrives

This area received its first substantial precipitation in two months Monday and Tuesday, a total of 1.24 inches in the form of rain and wet snow having been recorded in Thief River Falls. In Grand Forks 1.5 inches was recorded, and in Crookston 1.6 inches.

Temperatures continued moderate in the area, Station KTRF recording highs of 51 Friday, Sunday and Monday.

TRF Resident Wins $275,000 Injury Award

Oscar Ahlstrom Given Huge Verdict in Suit Against the Soo Line

Oscar Ahlstrom, 26, of Thief River Falls was awarded a verdict in Hennepin county district court in Minneapolis for $275,000 damages in an action against the Soo Line, based on an accident at the Soo Line freight warehouse in this city October 27, 1947.

It is expected the railroad will appeal the verdict, which is for one of the largest amounts ever awarded in a personal injury case in this locality.

In the accident, Ahlstrom, then 21, suffered a broken back when a heavy crated sterilizer consigned to a local hospital fell on him, resulting in total paralysis in the lower part of his body. Ahlstrom, who was employed at the time by the O'Hara Fuel & Transfer Co., alleged that negligence on the part of a Soo Line employe was responsible for the injury.

Ahlstrom is the son of Mr. and Mrs. Edwin H. Ahlstrom of this city.

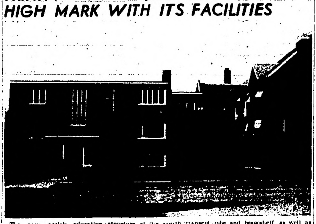
Ahlstrom was represented by H. O. Chommie of this city as attorney who in turn engaged William H. DeParcq of Minneapolis, formerly of Thief River Falls, to do the trial work. The trial, heard by Judge Levi M. Hall, extended over a period of nearly three weeks.

Mr. DeParcq graduated from Lincoln high school in 1922 and the following year was permanently disabled in an automobile accident. The resulting law suit was not settled until five years later when DeParcq, by that time a law school graduate and admitted to the bar, assisted in the trial of his own case. Since then he has specialized in personal injury work.

Policemen's Ball Is Well Attended

A large crowd attended the annual Policemen's Ball in the Auditorium last Friday evening, and had an enjoyable time. Police Chief Ken Judy reported that the affair yielded a substantial profit, and he added that the money will be applied on the purchase of a two-way radio for the police car, provided the cooperation of the council in completing the purchase is forthcoming.

TRINITY PARISH BUILDING SETS HIGH MARK WITH ITS FACILITIES



The new parish education building of Trinity Lutheran church, to be dedicated next Sunday is the culmination of several years of planning by the congregation and its pastor, the Rev. G. S. Thompson. Built to serve the needs of an expanding family of young people, and to meet the changing needs of contemporary church work, the new facility was begun seven months ago. Built as an L-shaped, three-story addition to the church edifice, it makes connection with that structure at the south transept on the basement and sanctuary levels. Construction is being completed at an over-all cost of approximately $140,000.

The new building consists of 42 rooms, 27 of which are classrooms of varying sizes. Some will be large enough to accomodate larger classes of the released-time school and the vacation church school programs. Others are planned for the average Sunday School class of from 8 to 10 pupils. Each classroom has its own wardrobe and bookshelf, as well as individual chalk and tack boards.

Four rooms on the ground floor will serve as offices for the pastor and his assistant, the office secretary and a parish worker. Toilets for girls and boys have been provided on each floor. Stairways and entrances at the front and rear bring every part of the building within direct and easy access. All corridors, stairways and toilets have terazzo floors; and a

New Trinity Parish Education Building to Be Dedicated Sunday

Pastor of Trinity

REV. G. S. THOMPSON

Pastor of Trinity church, who will officiate next Sunday at special services arranged to commemorate the completion of the new Trinity parish education building. He has been exceedingly busy the past year supervising the manifold details in connection with the planning and construction of the much-needed facility.

The new Trinity parish education building, adjoining Trinity Lutheran church on the south, will be dedicated at impressive exercises next Sunday, November 23. The event marks a significant milestone in the history of the growing congregation, and the structure fills an acute need.

The Rev. G. S. Thompson, under whose direction the project was carried to completion, announced that the dedication speaker at services at 10:30 a. m. Sunday will be Dr. J. A. Aasgaard, Minneapolis, president of the Evangelical Lutheran Church of America. The adult choir will sing, and a processional offering will be received.

Dr. Aasgaard also will speak briefly at a Sunday School assembly in the church sanctuary at 9 a. m., following which the pupils and their teachers will form a procession and go to their classes in the new building.

Two former pastors of Trinity church, Rev. S. L. Tallakson and Dr. R. M. Fjelstad, will speak at an informal fellowship service and open house at 3 p. m. Music will be supplied by the junior choir, and escorted tours of the new structure will follow the service.

Dale Larson, assistant to Rev. Thompson, will preside at a youth service and fellowship hour at 8 p. m. Speakers will include Rev. John Kronlokken, former assistant pastor; John Colby, former interne; and Miss Jeanette Thorson, former parish worker. Refreshments will be served by the Senior Luther League.

The new structure, a complete description of which appears elsewhere in this issue of the Times, was completed just seven months after ground was broken April 23.

State Approves Tax Valuations for Pennington

No Changes Are Made; Assessed Valuations in County Total $5,114,233

The state board of equalization has approved without any changes the 1952 real estate and personal property tax valuations for Pennington county as turned in by County Assessor G. Gunstenson, it was announced this week by G. Howard Spaeth, state tax commissioner.

Gunstenson reported county real estate assessed valuations of $3,549,798 and personal property valuations of $1,564,435, making a total of $5,114,233.

Total assessed valuation for the city of Thief River Falls was fixed at $2,784,919, including $1,920,983 real estate and $863,936 personal property.

For the townships and villages, assessed valuations total $2,329,314, including $1,628,815 real estate and $700,499 personal property.

5-Year-Old Child Hit by Car Friday

Roger Wold Sustains Fractured Collarbone

While running across Main av. at Tenth st. last Friday shortly before 6 p. m., Roger Wold, 5, son of Mrs. Agnes Wold, was injured when struck by a car proceeding north, driven by Melvin G. Brekke of Karlstad.

Brekke stopped at the scene, and the boy was rushed in an ambulance to a local hospital, where he is being treated for a fractured right collarbone and a concussion, in addition to which the child suffered from shock.

His condition Monday afternoon was reported as good, the concussion apparently having left no ill effects.

Frank Hardisty Again President of Co. Fair Board

The board of directors of the Pennington County Agricultural society, sponsor of the annual county fair, last Thursday completed its organization for the coming year by reelecting Frank Hardisty, president; C. H. Toomey, vice president; and J. M. Roche, secretary-treasurer. At the meeting Thursday, as well as at another Monday evening, plans for the contruction of a new grandstand on the fair grounds were further discussed, but no definite conclusions were arrived at.

Pennington Co. Gets $220,553 in State School Aids

Thief River Falls and Two Villages Will Get Greater Part of Money

Treasuries of Pennington county school districts shortly will be enriched thru the distribution by County Auditor C. W. Rodekuhr of $220,553.06 in state basic and equalization aids, the former item amounting to $187,880.30.

The greater part of the basic aid money, $129,751.90, goes to the Thief River Falls school district, No. 18, while the Goodridge district, No. 8, will receive $25,845.87, and the St. Hilaire district, No. 102, $15,080.86.

Also being distributed is $3,554.36 in the form of federal aid for vocational education.

For the state as a whole, more than $33,000,000 in basic and equalization aids was distributed Saturday to Minnesota schools.

Included in the total is $20,072,721 for basic aid, $4,736,723 equalization, $5,706,616 transportation, $951,723 special classes for handicapped children, $878,000 vocational education, and $35,871 high school teacher training departments.

Extension Soil Specialist Here Thursday, Dec. 4

Harold Jones, extension soil specialist, will be in Pennington county on Thursday, December 4, to speak at an open meeting in the Civic and Commerce room in Thief River Falls at 1:30 p. m. The topic of his discussion will be "Soil Testing, The Foundation of Fertilizer Use."

This meeting should be of interest to every farmer in Pennington county, said County Agent Ray Mitteness. More and more fertilizer is being used every year, he added. Only through a program of soil testing can a farmer be sure he is applying the right kind of fertilizer.

This meeting is open to the public and everyone is invited to attend.

Couple Exchange Nuptial Vows on Friday Afternoon

In a ceremony at Zion Lutheran parsonage at two o'clock Friday, November 14, marriage vows were exchanged by Adeline Erickson, daughter of Mr. and Mrs. John Erickson of Goodridge, and Clarence Hanson, son of Mr. and Mrs. Knut Hanson of Trail. The single ring service was read by Rev. Walter M. Pedersen.

The bride wore a brown suit with gold accessories and a corsage of yellow roses and white 'mums. The traditional "something old, new, borrowed, and blue" was carried out in the bride's attire. Attending the bride as matron of honor was her twin sister, Mrs. Obert Johnsrud, of Hibbing, and Mary Jane Hanson, twin sister of the groom, was bridesmaid. Mrs. Johnsrud wore a brown and tan suit with a corsage of yellow 'mums and mixed flowers and Miss Hanson wore a blue and black suit with a similar corsage. The gold earrings worn by the attendants were gifts from the bride. Obert Johnsrud of Hibbing, brother-in-law of the bride, was best man, and Orville Kjelgren was groomsman.

A reception at the home of the bride's parents followed the ceremony, with the bridal party and the immediate relatives in attendance. The three-tiered wedding cake topped with bride and groom figurines, which centered the bridal table, was baked by the bride's mother. Lunch was served buffet style.

The newlyweds are making their home on their farm near Goodridge. Out of town guests attending the wedding included Mr. and Mrs. Thos. Aaberg of Wadena; Mr. and Mrs. Melvin Nelson, Dean, and Wanda of Comstock, Minn.; Mrs. Clarence Grimley and family of West Fargo, N. D.

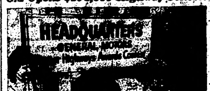
GM Opens $194,000 Highway Contest



FROM DETROIT headquarters, thousands of entry blanks and rule books were being mailed out this week to contestants in the General Motors Better Highways Awards Contest.

The contest is the largest of its kind ever attempted and GM is offering 162 prizes, totaling $194,000 for the best essays on the subject, "How to Plan and Pay for the Safe and Adequate Roads We Need."

Open to every man and woman in the United States, the contest offers a first national award of $25,000; second place nationally, $10,000; third place, $5,000; and three national honorable mentions of $3,000 each. In addition, there will be nine separate regional awards of $2,500 each. Finally, first place winners in each of the 48 states plus the District of Columbia will receive $1,500 each. Two honorable mention awards for each state and the District of Columbia will be $500 each, a total of 98 state honorable mentions.

GM is sponsoring the essay writing contest, which closes on March 1, 1953, in an effort to stimulate "more nation-wide thinking, discussion and understanding of the facts of our current highways requirements."

Entry blanks, rule books and further information about the contest may be obtained at any GM passenger car or truck dealer in the U. S. or by writing to General Motors Better Highways Awards Contest, General Motors Building, Detroit 2, Mich.

Trinity Lutheran Church Remodeled

Numerous Improvements Made in Church Edifice

Parallel with the construction of Trinity's parish education building has been a fairly ambitious program of repair and remodeling of the church itself. Insulation and re-shingling of the roof with asbestos cement shingles was one project which has long been in the making.

In the basement of the church the banquet room was enlarged and an entirely new, more efficient kitchen provided. A new lighting system in the sanctuary, as well as concealed radiation for the side aisles, together with some new chancel furniture, new carpeting, and the installation of a magnificent new chancel window over the altar will give to the sanctuary an atmosphere which is always enhanced by stained glass.

The entire church has been redecorated and a new heating plant, to supply the needs of both buildings, has been installed.

Nearly 300 Turn out for Joint PTA Meeting Monday

Otto Hauck of Wadena, Member of State PTA Board, Is Main Speaker

A joint PTA meeting, including Washington, Northrup and Knox units and guests from St. Hilaire and Goodridge was held at the Lincoln high school Auditorium Monday evening, with Mrs. E. M. Gjesfjeld presiding. Nearly 300 persons attended.

Rev. Emery Larson gave the Invocation, and Mrs. Ray Martin rendered a vocal solo accompanied by Miss Judith Halverson. This was the Knox school musical selection.

Mrs. Wm. H. Soeby of Washington PTA who was the delegate representing the three Thief River Falls PTA units gave a detailed report on her trip to the state convention.

Washington PTA's musical selection was an old fashioned Barber Shop Quartette which included, Dr. Wm. Feigel, Dr. Neil Nickerson, Oscar Hoglin, and Dale Larson. They searched the audience for someone to play the piano and Mrs. Max Jensen was found to accompany them.

The speaker of the evening was Otto Hauck of Wadena, member of the state board of managers of PTA. He spoke of the work of PTA, and how large it has grown to be and the good work it is doing.

Miss Judith Halverson, the new music instructor in the city schools, supplied a piano solo as the Northrup PTA unit's musical selection.

Through the cooperation of Supt. W. G. Claffy, a film "Secure the Blessings" was presented, showing the place the school has in our democracy.

Lunch was served in the high school cafeteria with the 6th grade mothers of Washington and Knox and the 5th grade mothers of Northrup as hostesses.

Latitudinarians

Who were the Latitudinarians? A party in the Church of England in the 17th century which strived to find a theological basis broad enough for men of different views to unite upon and thus put an end to the embittered controversies of the time.

Services For Mrs. Ballingrud Held Here Today

Mrs. Martin Ballingrud, a resident of Thief River Falls for the past 48 years, passed away Sunday at age of 69 years. Funeral services were held at the two o'clock this afternoon at Trinity Lutheran church, Rev. G. S. Thompson officiating.

Nora Bjerke was born in Clay county, Minnesota, May 15, 1883. She married Martin Ballingrud on October 4, 1903. The following year they moved to Pennington county and farmed in town of North until 1941 when they retired and moved to Thief River Falls. The deceased was a member of Trinity congregation and Trinity Ladies Aid.

Surviving are four daughters and six sons: Mrs. Harry Banzhof, Duluth; Mrs. Wm. Rogers, Fargo; Mrs. Thelma Bryant, Seattle; Mrs. Sherman Krooks, Superior, Wisc.; Ernest and Gordon Ballingrud, city; Wallace and Morris, Minneapolis; Lloyd of Everett, Wash.; and Kenneth of Seattle.

Other survivors are twenty-two grandchildren and the following sisters and brothers: Mrs. Carl Heraas of Twin Valley; Mrs. Harold Hull of Hunter, N. D.; Albert Bjerke of Borup, Minn.; Hillmer and Clarence Bjerke of Twin Valley; Edwin Bjerke of Mahnomen; Melvin Bjerke of Warren; and Hardean Bjerke of Minneapolis. Besides her parents, she is preceded in death by her husband and one brother.

Funeral Services Held For Former St. Hilaire Lady

Mrs. Anna Patterson, formerly of St. Hilaire, passed away in Minneapolis November 14 at the age of 91 years. She had made her home there for the past thirty years. Funeral services were held at the Oakley Bjorklund Funeral Home in Minneapolis Sunday and graveside services were held at St. Hilaire at eleven o'clock Monday morning. Rev. J. O. Jacobsen was the officiating pastor and arrangements were under the direction of the McElwee Funeral Home.

Mrs. Patterson was born in Sweden Feb. 6, 1862, and came to St. Hilaire at the age of 5 years. She married Dan Patterson, who has preceded her in death. The surviving children are Mrs. Katherine Gunstad, Mrs. Ethel Brantner, Mrs. Olive Ball, Mrs. Margaret Clinton, Misses Mabel, Inez and Ann Patterson and Donald Patterson.

Airline Offers to Play Santa Claus Role for Children

Pan American World Airways this year, as it has done the past four years, is entering into a conspiracy with parents to keep alive the belief in Santa Claus by delivering air mail letters to children from Santa's headquarters at the North Pole. The following instructions are given:

Write to Pan American World Airways at 245 Rand Tower in Minneapolis for a sheet of Santa Claus stationery.

Write a letter to your youngster and sign it Santa Claus.

Place the letter in an air mail envelope addressed to your child, and put a six-cent stamp on the envelope.

Mail the envelope and letter in another envelope to the Minneapolis office of the airline listed above to arrive there not later than December 16.

1,650,000 lbs. Turkeys Leave City to Date

Approximately, 1,650,000 pounds of turkeys, or the equivalent of 53 carloads, have been shipped out of Thief River Falls during the fall marketing season now drawing to a close.

Reports indicate that the birds have been sold earlier this year than in the past, and that only a small portion of the crop remains to be marketed after the Thanksgiving holiday.

For the first time this year, nearly 1,000,000 pounds of turkeys have been eviscerated in the processing plant, making them ready for the oven, and the product has been well received in eastern markets.

Due to a surplus of turkeys on the market this year, prices are down from a year ago, making it difficult for growers to earn a profit. A portion of the surplus has been removed as a result of purchases by the government of large quantities for use in the school lunch program.

Trinity Education Building Will Be Dedicated Sunday

(Continued from Page 1)

glazed-tile wainscoting lines the walls of all corridors and stairways. Acoustical treatment of the ceilings of all corridors and assembly rooms is intended to minimize the distraction from noises.

A chapel to seat 100 people, for small weddings, baptisms, Bible classes and smaller devotional groups, is constructed so that it may be opened to the church sanctuary as overflow seating space on Sundays. A commodious parlour, with adjoining kitchenette, features a fireplace with a raised hearth, set in a panel of Philippine mahogany.

A large assembly room, with an ample stage is provided on the top floor of the building. This room, which will serve as convocation space for the primary department of the Sunday School, has a raised ceiling to permit clerestory light. From 150 to 200 persons may be seated in this room, when it is used for small dramatic presentations.

On the basement level two large rooms, separated by a folding accordion-type of door, are intended as recreational facilities for young people. One room, which will also offer overflow banquet seating for the church parlours, will be equipped to provide entertainment under a supervised program thruout the week. The other room, designated as "Scout Room," is paneled with knotty cedar and features a large fireplace, with raised hearth, made of Roman brick carried to ceiling height. The tile floor of this room will be decorated with appropriate symbols.

"The facilities of our new building," Pastor Thompson stated, "are by no means to be limited in our intentions to the formal instructional program directed by our board of parish education. We want it to be used by all the youth of our community as a contribution to our sense of obligation to them. We cordially invite the public to come in and visit or inspect our new building. We hope that it will be of great service to the youth of our city."

of gold while the others attend a sports event at the edge of town.

Deadshot Dick (Duane Lawrence) arrives and lays a false charge of thievery against Charlie, who is saved when Trapper Joe (Wayne Gunderson) with his friend, Tad (Jim Erickson) arrives and prevents the hanging. The remaining action of the play is filled with comedy, provided by Gary Smith as Montmorency, the hotel dustman, the revealing of the true bandit chief, and a number of gay songs and dances by the cast.

Modeste, Barbarita's girl friend is played by Durelle Newbury; leads in the emigrant group are Martin Hurd, Galen Ose; his wife, Dorothy Gilbertson; miners: Tom, played by Dennis Bushaw, and Bill played by Larry Larson. The singing role of Sylvia Hurd is taken by Muriel Copp.

Students in charge of makeup are Barbara Froseth, chairman, Pat Berg, Phyllis Anderson, Ilene Pearson, and Marilyl Weigelt. Ilene Pearson is the accompanist for the entire operetta.

Residents of this city and surrounding communities are invited to join the choir in this festive presentation. Tickets may be purchased from any member of the choir and will be on sale both evenings at the door.

Kills Wolf with Bow and Arrow

An Illinois marksman has distinguished himself by being the first person in Minnesota to be paid a bounty for shooting a wolf with a bow and arrow.

State Auditor Stafford King said Wednesday he had paid the state's half of a $35 bounty to Gaylord E. Parsons of Bloomington, Ill., who felled a timber wolf Oct. 23 while hunting deer as an archer in Lake of the Woods county.

King said bounties on wolves are common, but previously all had been paid for wolves shot with bullets or trapped.

Postmaster Asks Early Deposit of Mail for Holidays

R. J. Dryden Suggests Methods of Insuring Safe Delivery of Mail

With the period of the annual Christmas mailing rush just around the corner, Postmaster R. J. Dryden today made the following suggestions for easing the last minute rush:

Write the name and address on letters and parcels plainly and completely, and always include the sender's return address in the upper left-hand corner.

Send greeting cards by first-class mail, in which case they may be sealed and contain written messages. They also will be forwarded if necessary, or returned to the sender if undeliverable.

Unsealed greeting cards without writing inclosed are mailable as third class mail for two cents postage. However, a minimum charge of three cents is made for cards measuring less than four inches long or 2¾ inches wide.

Pack articles carefully in strong containers, and wrap securely with strong paper and cord.

State Asks Bids on 15 Road Jobs for December 5

Assured by the voters of Minnesota that funds will continue to be made available for continuation of its present trunk highway construction program, the Minnesota department of highways today announced its first call for bids since the November 4 election on 15 road improvement projects to cost an estimated $2,230,000. Bids will be received by Commissioner M. J. Hoffmann December 5.

Included in the proposed improvements are seven of the 35 projects which the department recently felt it necessary to postpone pending the outcome of the voting on proposed Amendment 5.

Grading operations on more than 50 miles of trunk highways constitute the lion's share of the forthcoming letting. Other improvements will include 11½ miles of hightype bituminous surfacing, three bridges, a set of traffic control signals, guard rail and riprap.

Lions Informed of H. S. Music Study

Harmon and Summerside Are Speakers Wednesday

The program of music instruction carried on in the Thief River Falls schools was discussed by Frank Summerside and Robert Harmon, instructors, at the Lions club meeting last Wednesday noon in the Rex Cafe. They spoke in connection with the observance of American Education Week.

Introduced by Supt. W. G. Claffy, program chairman, Summerside, a member of the school faculty the past three years, described the routine of training pupils along musical lines. He told of the 80-voice mixed choir, for which 180 students tried out, and he added that the young vocalists are now busily engaged in preparing for the presentation November 24 and 25 of the operetta, "The Golden Trail."

Robert Harmon, instrumental instructor, said he has four bands under his jurisdiction, chief of which is the senior band of 90 pieces, which gives a half-dozen concerts each year in addition to numerous other appearances, including trips to Duluth and Fargo.

Other groups include the freshman, eighth grade and seventh grade bands, making a total of 280 students receiving this type of instruction.

Sales of Defense Bonds in State Rising This Year

Defense bond sales in Minnesota during October continued an upward trend and were the highest of any month since last January.

Total volume of business in all series, E, H, J and K, amounted to $6,818,000 which was $1,365,000 more than in September and $300,000 more than during the same month a year ago.

Series E and H bonds, which are sold only to individuals, accounted for $5,641,000 or 82.7 per cent of total sales.

Cumulative sales for 1952 now stand at $50,213,000, which is approximately 5 per cent less than a year ago although sales of Series E and H bonds are running about 2 per cent ahead of 1951.

In Pennington county, E and H sales were $139,065 for the year to date.

QUESTIONS answered for VETERANS

Q. I am the widow of a World War II veteran. My husband had GI insurance and specified that I was to get monthly payments for the rest of my life. If I die before the full amount of the policy has been paid out, I would like the remaining payments to go to my daughter. How can this be arranged?

A. Even though you are the beneficiary of your husband's policy, you cannot arrange the way the remaining money is to be paid. If there are any remaining payments when you die, they will go to the person your husband named as a contingent beneficiary. If he didn't name one, then the money will go to his estate.

Q. I am a World War I veteran. I heard that at my death the VA will pay my funeral expenses. Is that true?

A. Funeral expenses, up to $150, may be paid by the VA to the person who deffrayed the cost, if he files a claim within two years from the date of the funeral. Your discharge from service must have been under conditions other than dishonorable.

Q: At present, I am training under Public Law 16. VA has reviewed my disability rating, and has reduced it to zero percent, which means I no longer will get disability compensation pay. Will I be allowed to continue my Public Law 16 training, despite this fact?

A: Yes. The fact that your disability is no longer compensable does not require the discontinuance of your Public Law 16 training until you have reached your training objective.

Q: I am in training in college under the World War II GI Bill. My entitlement will run out this semester. Is there any way it can be extended so that I can complete the semester?

A: Yes. If your entitlement runs out after the half-way mark of your semester, you will be permitted to complete that semester.

Christmas Seal Campaign Now Is Under Way Here

Supplies of 1952 Seals Were Mailed Monday to Residents of Community

Four days are special days in the Christmas Seal campaign to raise funds for the year-round fight against tuberculosis, Herman A. Kjos, local Christmas Seal chairman, announced this week.

Monday, Nov. 17 was opening day. This is the day when families here, in the county and state and throughout the nation received letters in the mail with Christmas Seals and a message about TB.

Nov. 23 is Christmas Seal Sunday, set aside for observance in the churches.

Dec. 3 is Christmas Seal Day in the schools. Minnesota children will have an opportunity to buy one or a few Seals for their own use, to receive a "good health handbook" and to learn how their state helps guard their health. In many schools, skits, plays and health programs are planned for the occasion.

Dec. 25, Christmas Day, is official closing date of the annual sale, Chairman Kjos said. "The money will be put to work in 1953, helping to finance tuberculin testing and chest x-ray surveys, to find unknown cases of TB; research, to find better ways of treating the disease; health education, to teach us all how to guard our health, and special health service programs for our schools and communities."

Local UCT Council Initiates Seven Last Wednesday

The local council of the United Commercial Travelers last Wednesday evening initiated a class of seven candidates in ceremonies conducted in the Odd Fellows hall. In addition, four members were reinstated. Anton Hall was in charge of the ceremony, assisted by a group of veteran members. The program also included movies on traffic safety, shown by Arthur A. Johnson. The UCT auxiliary served a bounteous lunch at the close of the evening.

American Dairy Association Map 1953 Advertising

The advertising program of the American Dairy association for 1953 will stress economy and appetite appeal. The executive committee of the association on Friday, November 7, set up advertising activities on a national scale that will represent two million dollars worth of expansion and research projects.

The research financed by the association will center on the development of new products. Included among the research projects are two that will seek to find new, quick tests to determine the butterfat content in products where it may be mixed with other fats and oils.

The executive committee feels that this new two-way campaign will be the most far-reaching yet attempted by the dairy farmers' financed ADA program.

Cobalt Production

In an effort to avoid dependence on imported cobalt, the government is cooperating with private industry to increase domestic production. Most ambitious project is a refinery under construction at Garfield, Utah, which will use ores mined and processed at the Forney workings, 25 miles southwest of Salmon, Idaho.

Lutherans Plan Clothing Drive for World Relief

The Lutheran churches of Thief River Falls and surrounding communities announce to their members and friends that they are participating in the annual Lutheran World Relief Thanksgiving clothing Drive.

All who have serviceable clothing to be given are asked to bring it to the auditorium in Thief River Falls on December 1 and 2. They should not bring clothing there before Monday December 1, or later than December 2. The committee asks the public not to bring G. I. clothing as the authorities overseas have frowned on this type of garments.

PEMBINA-TRAIL . . .

Mr. and Mrs. Jerry Ort of Grassy Butte, N. Dak. spent from Monday until Wednesday visiting at the Frank Hible home. Mrs. Ort is a sister of Mrs. Hible.

Mrs. Soren Knutson of Thief River Falls and Mrs. Winton Knutson called at the Wilfred Nelson home Thursday.

Callers at the Joe Oeness home Tuesday evening were Mr. and Mrs. Gilmen Omundson and children, Mr. and Mrs. Jerry Ort and Mr. and Mrs. Frank Hible.

Misses Evelyn Pederson and Yvonne Waller of Viking spent the week-end in Minneapolis.

A very enjoyable and educational meeting was held in the school Friday afternoon. Several movie films were shown by Mrs. Basil Westacott with explanatory talks and ending with an outline of the work carried on in the speech contests of the W.C.T.U.

Guests at the meeting were Mrs. A. C. Matheson, county superintendent, of school Dist. 61, pupils and teacher, Miss Overum and the parents of School Dist. 7. Lunch was served after the meeting with the parents as hostesses.

Mrs. Elsie Bugge and daughter Marion and husband of Thief River Falls called at the Harry Swenson home.

Mrs. Alfred Waller and Mrs. Arley Stromberg of Minneapolis called at the Winton Knutson home Friday.

Mr. Leonard Sequoris, who has been employed on the Jim Wilson farm, left Monday for his home in Sells, Arizona.

Lloyd Pederson, who has been serving in the armed forces in Korea, has returned home last week.

Misse Steve and Vincent Chalupnick of Graceville, Minn. have been spending a few days at the Hible home while deer hunting.

Mr. and Mrs. Wallace Stinar and son of Warren and Mr. and Mrs. Winton Knutson called at the Joe Oeness home Sunday evening.

Mr. Herbert Siems, long time resident of this area, has moved to his new location just northeast of Thief River Falls.

High-Chair Use

Expecting another member of the family? That high-chair or new-styled low eating platform you bought for your last child will look new with a little attention. Sandpaper down the old, marred finish and dust. Then apply two thin coats of fresh shellac.

Reminder

Although some dry cleaning and stain removal can be accomplished successfully in the home, most of the clothes needing such treatment are sent to a professional cleaner. You can help him by identifying the stains and having them removed promptly. You'll be helping yourself, too, for you'll increase the life and looks of your clothes.

Slip Cover Material

It is better to select closely woven fabrics for slip covers because they give greater protection against dust, hold their shape better, wear longer and tailor more easily than do loosely woven materials.

London Always Bright

London has not been in the path of a total eclipse of the sun for more than 180 years, nor will its people see one in the 20th century.

1953 Plymouth to Make Bow Nov. 20

New Model Incorporates Numerous Improvements

The 1953 Plymouth is the most completely new Plymouth to be presented to the public in the quarter-century since the original model rolled off the assembly line.

Plymouth Motor corporation executives predict motorists will be pleased with the new, streamlined exterior, the luxuriously tailored harmonizing interiors, the increased horsepower and the scores of engineering innovations in the 1953 line which goes on display Thursday, November 20, at Forkenbrock Motor Co., Custom Motors and Bahop Auto Co.

Height of the new Plymouth has been reduced for improved appearance. Yet engineers have designed even more room into the car's interior and luggage compartment. The 1953 model has more headroom, greater legroom and more hip and shoulder space than ever before.

The dependable Plymouth engine has been given greater power. For 1953 the horsepower has been increased to 100 and the compression ratio stepped up to 7.1 to 1.

Lemon Juice Use

Lemons are quite valuable household aids. A few drops of lemon juice will bleach some stains, make sour milk out of sweet, and prevent cut bananas, apples, and avocados from darkening. After peeling onions, you can easily remove the stain on your hands by rubbing them with a piece of lemon.

Deeper Wisdom

What good sense dictates in the material order, a far deeper wisdom prescribes for the spiritual life, which is immeasurably more important. Only by keeping in mind the destiny for which he was created—the salvation of his soul and eternal union with God—may a man hope to regulate his conduct as wisdom and conscience dictate.

Vicious Cycle

In Manchester, England, Kenneth Simpson went to jail for three months for stealing a lead pipe in order to raise money to pay a month-old fine for stealing a lead pipe.

2nd Lieutenant

Local Youth Ties for First in Cow Clipping Contest

Richard Burtness, Marvin Groven, Leland Nelson, Jimmy Krohn represented the Thief River Falls chapter of the Future Farmers of America in the District 1 cow clipping contest held at Roseau November 7. Richard Burtness of Thief River Falls and Paul Landerbough of Bemidji tied for first place with a total of 90 points out of a possible 100. District one is made up of approximately 30 schools in northwestern Minnesota with agriculture courses as part of their high school curriculum.

The winners of the various district contests throughout the state will have the opportunity to participate in the state contest which will be held during Farm and Home Week at University Farm in January. The contest is co-sponsored by the state FFA association and The Farmer magazine.

The contest is being run to stimulate interest in the practice of clipping in this area. With clipping such a necessary step in the production of clean, sediment-free milk, it is vital that young boys be instructed in this practice, said Stanley Nelson, chapter advisor.

This is the first year that the Thief River Falls Chapter of the FFA has participated in a contest of this type.

Know You've Got It

"Fall purchase of fertilizer is one good way to know you've 'got it.'" That's an observation from S. B. Cleland, extension farm management specialist at the University of Minnesota. He continues: "If you have it safely stored away on the farm, it's there ready for spring use. Early winter purchase of grass and legume seeds come under the same heading—get it now to be sure you've got it. Purchases of this kind also fit into the income tax picture. You can buy before or after January 1, depending on which year you want the purchase to fall in.

Draining the "Undrainable"

Where soil is naturally productive, lacking only drainage, a pumping plant and tile system will pay for themselves within a few years, according to C. L. Larson of the agricultural engineering division at the University of Minnesota. He points out that many landowners in Minnesota and neighboring states who want to improve their farms by drainage have found that no satisfactory gravity outlet is available. But now that electric power is available to almost every farmer in the midwest, these "undrainable" areas can be drained conveniently, and economically by use of pumping outlets, says Larson.

Directory Is Out

Minnesota's new registered and certified seed directory is now available. This publication of the Minnesota Crop Improvement association, cooperating with the Minnesota Agricultural Experiment Station and Extension Service, lists names, addresses and acreage of seed of all Minnesota growers of registered and certified seed of varieties of alfalfa, barley, bromegrass, red clover, sweet clover, flax, oats, rye, soybeans, sudan grass and wheat, points out W. M. Myers, chief of the division of agronomy and plant genetics at the University of Minnesota.

SUMMONS

The State of Minnesota to the Above Named Defendants:

You, and each of you are hereby summoned and required to answer the Complaint of the Plaintiff in the above entitled action, which Complaint has been filed in the office of the Clerk of the District Court of Pennington County, Minnesota, at Thief River Falls, Minnesota, and to file your answer thereto with the Clerk of said Court within Twenty (20) days after the service of this Summons upon you exclusive of the day of such service; and if you fail to file your answer within the time aforesaid the Plaintiff will apply to the Court for the relief demanded in the Complaint.

And you are further notified that the object and purpose of said action among other things is to determine the title and adverse claims to the lands hereinafter described, claimed to have been forfeited absolutely to the State of Minnesota for delinquent taxes, and to obtain the issuance to the persons entitled thereto of new certificates of title to any lands which have been registered, and that said action affects the following described lands situated and located in the County of Pennington and State of Minnesota, viz:

The East Half of the Southwest Quarter (E½SW¼), and the Southwest Quarter of the Southeast Quarter (SW¼SE¼), All in Section Ten (10), in Township One Hundred Fifty-three (153), North, of Range Forty-five (45), West of the Fifth Principal Meridian, in Pennington County, Minnesota.

Coiffure Hint

If your hair falls out of curl easily, it probably straightens every time you take a steaming bath. To avoid this, anchor your ringlets just before you get into the tub. Comb your hair; circle each curl in the right direction; pin securely in place. Then slip on a net. After the bath, wait until all dampness has evaporated from your hair before you open the curls. This habit may often prevent a wilted coiffure.

A Prayer

"If our brothers are oppressed, then we are oppressed. If they hunger, we hunger. Grant us common faith, that man shall know bread and peace—that he shall know justice, righteousness, freedom and security, an equal opportunity and an equal chance to do his best, not only in our lands but throughout the world."—Franklin Delano Roosevelt.

Pores in Mahogany

The pores in Mahogany that show as penlines, dashes or dots give depth to the wood and also accentuate the turns and twists in the grain, which are responsible for the principal figure in Mahogany. The irregularities of the grain also create the flash and glimmer of light and shadow that are such a part of the beauty of Mahogany.

Libya

Libya, Egypt's neighbor on the west, formally acquired a constitution making it an independent and united kingdom—the world's newest nation. A two-house parliament will legislate for its three provinces—Tripolitania, Cyrenaica, and Fezzan. Its dual capitals, Tripoli and Bengasi, are historic ports on the Mediterranean coast.

Overweight and Illness

The excess mortality of the overweight people was accounted for by very high death rates from various diseases, particularly the degenerative conditions. It was most marked for the diseases of the heart and blood vessels, and for diabetes, cirrhosis of the liver, gall stones, and appendicitis.

Managing Self

As the child grows older, he wants to help himself, and his clothes should give him the opportunity to do so. The age at which a child can manage his clothes depends upon the individual, on the training he has had, and on the way the clothes are made.

Glycerine Uses

Keep a bottle of glycerine by the kitchen sink. It is excellent to prevent chapped hands. A teaspoon of glycerine added to each quart of soapy water will help keep woolens fluffy and soft. It can also be used to lubricate food beaters and grinders.

Bifocals

Ophthalmic science is fast enabling the human eye to function as a precision tool adapted to special seeing jobs. Bifocal spectacles can now be had with a segment at the top, enabling the worker to see clearly as he works over head or takes things from a high shelf.

Lots of Matches

Trainloads in the 33-foot length can carry a shipment of three and three-quarter million matches. Two of the huge freight carriers hold enough to put a match into the hands of every American, figuring 20 matches to the book.

Here's A Bargain In Quality COAL!

O & M PREMIUM

IT'S A LONGER TIME BETWEEN SHOVELS FULL

Burn O & M PREMIUM—A coal that is free from waste, that leaves little ash and that burns cleanly.

The ashes and clinkers you take from your furnace cost money. You pay for them when you buy coal. Yet they give you no heat; nothing but work and bother. The best furnace in the world won't burn them . . .

When you use O & M PREMIUM coal you get nearly 100% pure heat. O & M PREMIUM contains no waste, only clean, smooth chunks of coal that are filled with live, eager heat. O & M PREMIUM starts easily and burns with a clear, even, intensely hot flame almost free from smoke and soot. A filling of O & M PREMIUM lasts for hours, burning down to a mere handful of ash. It contains by actual analysis, less than 3% ash, which is just one of the reasons why O & M PREMIUM is one of the most economical coals you can burn.

FIRST AID for Everybody

XI—General Directions for First Aid

(This is another of a series of articles, written especially for Central Press Association and this newspaper on first aid, a subject gripping the nation in the light of threatened atomic aggression. The articles are based on the American Red Cross First Aid course. First aid principles, applicable to atomic as well as other disasters, are outlined. The Red Cross offers a 10-hour course free which teaches fully the technique of first aid.)

By Central Press

PREVIOUS ARTICLES on first aid, based on the Red Cross textbook, went into as much detail as possible regarding treatment for various injuries or illnesses. This article is in the nature of a recapitulation to emphasize the purposes of first aid training and the directions for first aid.

In general, first aid principles as outlined in the standard Red Cross course apply even in an atomic tragedy though the approach may necessarily be changed to fit conditions. Civil defense first aid will be discussed in tomorrow's article. But to continue with purposes and general directions.

Purposes: To prevent accidents through ordinary precaution in or outside the home; to do the right thing at the right time in the event of injuries; to prevent added injury and danger by careful handling, and to procure the proper transportation. Remember that first aid is only temporary pending medical assistance.

• • •

DIRECTIONS:

1—Keep the injured person lying down, head level with the body. You may raise his head if the face is flushed and turn the head to one side if he vomits.

2—Look for severe bleeding, stoppage of breathing, poisoning, wounds, burns, fractures and dislocations. Remove enough clothing to determine the extent of the wound. If the victim is conscious, he can help you locate the injuries. If the patient is unconscious, or semi-conscious after an accident, the cause usually is a head injury. A weak pulse and pale face mean poor circulation.

3—Keep the injured person warm—body temperature.

4—Send someone to call a doctor and ambulance.

5—Keep calm. Don't be hurried into moving an injured person unless it is absolutely necessary.

6—Never give liquids to an unconscious person. If he is conscious and there is no evidence of abdominal injury, or that an operation may be necessary, give him all the water he wants, slowly and in sips. Tea and coffee may help to keep him warm.

7—Keep [illegible]

8—Make the patient comfortable and try to keep him cheerful. Quiet his fears. It is important for him to have a good mental attitude in order to promote co-operation and aid recovery.

9—Don't let the victim see his own injuries. In severe cases, do not let him know how badly he is hurt. Be sure that nothing is done to cause him further injury. You may wish to notify the patient's family, telling them where he is and whether he is being taken to a hospital, but it is not the first aider's job to describe the injuries or give the family any medical details.

Red Meat Is Old

The lean meat of good quality lamb should be firm, fine-grained, and a dull pink in color, changing to a dull red as the animal grows older; so, dull red meat is a sign of age.

Prowler Quintet to Start Season Dec. 2

Coach Bob Nick has pared the Prowlers' varsity basketball squad to fifteen players as he sends the locals through strenuous practice sessions in preparation for the opening of the schedule on Dec. 2nd.

The Prowlers, champions of the 31st district last season, will meet Fertile, one of the 30th district's top-flight teams, in the opener here. And following the encounter against Fertile, the Prowlers will play the Red Lake Falls Eagles in a district game on the local court on Dec. 5th.

Coach Nick stated that the make-up of the Prowlers' "first string" remains in doubt, but it appears that the starting five, that will take the floor in the opening tussle, will be selected from Art Johnson, LeRoy Aasland, Duane Rafteseth, Gary Smith, Larry Evenstad, and Bob Christensen.

With such players as Johnson, Rafteseth, Aasland, Evenstad, Chuck Humes, and Ronnie Melhouse, on the squad, the Prowlers will have better-than-average height. Johnson, who jumped at center on last year's team stands six-feet, five-inches; Rafteseth and Evenstad are both six-foot three-inchers, as is Melhouse. Aasland and Humes are six-footers.

With an abundance of height, the Prowlers should be a capable rebounding club this season, but Coach Nick admits that he has a problem in knitting together a unit that will have sufficient speed to cope with such teams as Bemidji, East Grand Forks, Crookston, and several others.

The 1952-53 Prowler basketball schedule:

Dec. 2nd, Fertile A & B, here.
Dec. 5th, Red Lake Falls A & B, here
Dec. 9th, Fosston A & B, there.
Dec. 12th, Grand Forks A & B, there
Dec. 19th, Moorhead A, here.
Jan. 2nd, East Grand Forks A & B, here.
Jan. 3rd, Fargo A, there.
Jan. 9th, Crookston A & B, here.
Jan. 10th, Bemidji A & B, here.
Jan. 16th, East Grand Forks A & B, there.
Jan. 20th, Halstad A, here.
Jan. 23rd, Warren A & B, here.
Jan. 24th, Red Lake Falls, A & B, there.
Jan. 30th, Grand Forks A & B, here.
Feb. 3rd, Roseau A, here.
Feb. 6th, Bemidji A & B, there.
Feb. 13th, Crookston A & B, there.
Feb. 20th, Detroit Lakes A & B, here.

2 Men Are Fined for Deer 'Shining' in Marshall Co.

Two men pleaded guilty to deer "shining" charges before Judge Paul A. Lundgren in district court here last Wednesday after being brought in by Game Warden Jerry Leimandt. The offense occurred in Eastern Marshall county.

One of the pair, Walter Kiesow, living northeast of Goodridge, was fined $150 and given a six-months jail sentence, the jail term, however, being suspended.

The other man, Galen Englund, living east of Grygla in Beltrami county, was fined $125 and his gun was confiscated, in addition to which he was given a suspended six-months jail sentence.

Each of the two was given 90 days in which to pay the fine in monthly installments.

Drying Lamps

It takes the imagination, but banks of infrared heat lamps are now being used to dry water-soaked athletic fields.

Keeping Score with "Huck" Olson

Adding Feathers

The Grand Forks hockey team added some powerful feathers to their Redwings this past week when it was reported Joe Bockstael and Bert Van Belleghem had signed to play with Toddy Thurstun's club.

Joe and Bert are both former Thieves' players, having played with the local club as "imports" for the past two years, and the Thieves may "rue the day" when those two boys signed with the Redwings.

In fairness to the Thieves management, it must be stated that an attempt was made to sign Joe Bockstael to the locals' roster. Last year Joe, the Belgian Bullet, played here on a premium-wage basis, but this year, following the restrictions established by the Northwest Hockey league directors, the local management offered to sign Joe on a twenty-five-dollar-per game arrangement. That wage scale is supposed to be the league's "top." Joe expressed himself as not being interested at coming down her for that pay.

It was the opinion of the local team's directors that the Thieves did not get full value from Joe last year, as he played for thirty-five dollars a game; and Bert Van Belligham, plagued by a virus infection, did not turn in the brand of hockey to warrant his thirty-dollar per game wage.

And it's possible that Bud Brossoit, the locals' hard-working home-talent right-wing will be missing when the Thieves call the roll for the first practice drill. Bud, who finished out last year's hockey season by playing with the Rochester Mustangs, has taken a "leave of absence" from his railroad job here—he's a Soo Line fireman—to join the Mustangs and his old Prowler team-mate, Bob Baker.

They'll Have the Stretch

The Prowler basketball squad that will represent the blue-and-gold this season will have the height and reach that will bring back memories of Glen Hanna's Prowler team of 1942-43.

It's ten years ago since the Prowlers have had such a number of six foot plus boys as Coach Bob Nick has this year. Hanna, taking over the Prowler basketball coaching duties in mid-season in 1942-43, succeeding Willard Kottke, who entered the service, had such six-footers as Jack Melby, Bob Wright, Bob Abbott, Virg Evanstad, and Milt Reierson, on the squad. The Prowlers that year went to the finals of the district tournament, being edged out by the Climax Vikings on Bobby Nelson's last-second field goal, losing by a 31 to 29 score.

That year, too, 1942-43, marked the end of Billy Bye's Prowler career, for the chunky athlete moved to Anoka for his junior and senior years, and after service in Navy, became a standout performer in football for the University of Minnesota.

Yes, this year's Prowler club will have the stretch, but if they'll be able to hold the district trophy beyond the reach of East Grand Forks, Crookston, Warren, and Red Lake Falls is a question.

Not Better than Fair

With the upland-bird weather that prevailed, with visibility that was hampered by fog and smoke, and with the lack of rain, deer-hunting conditions on Saturday, Sunday, and Monday were poor. And the extensive burn-over areas, especially around the ditch 200 territory and the southern stretches of the Mud Lake refuge, disrupted the tactics of a number of hunters.

But in spite of the unfavorable odds, there were a number of fellows that "filled up." And laying claim to the earliest "fill", would be Arnie and Kek Lee. Arnie and his wife drove out to the Highlanding territory and before eleven o'clock on Saturday morning they had a buck and doe hanging in the yard of their residence on East 1st street.

With the deer season continuing until Sunday sunset, the hunters, and there is a record number, are hoping for cold weather and snow flurries. Cold weather and snow will shorten the odds, which are heavily in favor of the deer at present.

Former Local Men Buy Grafton Cafe

Robert Frahm and James Christianson, formerly of Thief River Falls, are the new owners of the Topic Cafe in Grafton, N. D. Frahm is managing the cafe, while Christianson is operating the C. & F. clothing store in Grafton, owned by the two young men.

Nearly 1500 Deer Licenses Issued in Pennington Co.

The size of the army of deer hunters that went out from Pennington county last weekend is attested by the announcement by County Auditor C. W. Rodekuhr that no less than 1,498 big game licenses were sold in the county this fall before the deadline Monday. Of these, 11 were issued to soldiers and sailors home on leave.

Bridgemans Sell New Skim Milk

Bridgeman Creameries announced this week that it is now distributing a new product, vitamin-rich skim milk. Wm. LaFave, manager of the Thief River Falls plant, stated that the product is low in calories because most of the butterfat has been removed, but that it is nutritious, being fortified with vitamins D and A.

County Is Allotted $26,400 Federal Aid Funds for Road Work

Pennington county was today notified by State Highway Commissioner M. J. Hoffmann that it was being allotted $26,400 in the form of new federal aid secondary funds which the county can use for road improvement on a matching basis. The allotment to Marshall county is $71,200, and to Red Lake county $21,600.

Commissioner Hoffman, after providing for the FAS proportion of highway planning survey expenses and other necessary commitments, today announced that the entire $4,000,000 free balance of Minnesota's FAS apportionment for the fiscal year beginning July 1, 1953 would be turned over to the counties. This action, he said, was taken at this time in order to permit the counties to immediately begin programming construction projects under the new FAS allotments.

Distribution of these funds, said Commissioner Hoffmann, carries out the intent of the so-called "package agreement" of the 1949 legislature which also included the addition of more than 700 miles of county roads to the trunk highway system, increasing the state gasoline tax by one cent (of which the counties receive one-third), and the restoration of motor vehicle license fees to their pre-depression levels.

Pennington county will also share in the annual state road aid funds, representing one-third of gas tax revenues, which will be apportioned among the counties by the state board of allotment in April and are expected to be slightly higher than this year, when $13,000,000 was divided among the 87 counties.

State Gas Tax Expected to Yield 40 Million in '52

State gasoline tax collections in Minnesota this year will reach $40,294,000, H. M. Whisman, executive secretary of the Minnesota petroleum industries committee, predicted today.

He estimated that the 1952 Minnesota gasoline tax receipts will be nine percent higher than in 1951, when the state levy produced $36,938,000.

Motorists in Minnesota pay five cents tax to the state and two cents tax to the federal government—or a total of seven cents tax—on each gallon of gasoline they buy.

Mr. Whisman noted that state gasoline tax collections this year are expected to run 81 per-cent ahead of receipts for 1946, the first full year of the post-war era.

He explained that the projected 1952 gasoline tax total is based on official Minnesota collection reports covering the first half of this year.

Launch Crusade for Freedom in Minnesota Nov. 11

Crusade Gives People Chance to Join World Campaign on Communism

Organizations of all kinds are being asked to harness their energies in the interests of the third annual Crusade for Freedom campaign in Minnesota.

The drive nationally was launched Armistice Day with the appearance on radio networks of both President-elect Eisenhower and Governor Adlai Stevenson.

Letters have gone out to mayors of every community in the state asking them to assume the chairmanship of the campaign for their own towns or cities. These already have started to respond in a heartening way, Benjamin Berger, state chairman, has reported.

Berger, widely known Minnesota theatre executive and president of the Minneapolis Laker basketball team, was named to head up the state drive by Henry Ford II, national crusade chairman. Charles E. Wilson, president of General Electric company is national campaign chairman.

Mayors specifically, Berger said, are being asked to contact all service and patriotic organizations, fraternal and church groups and other societies in their community with the request that each form a committee to solicit its membership.

At the same time, plans are afoot for banks to open booths for solicitation by coin boxes as has been the case in the past. These booths would be manned by members of the American Legion auxiliary and other service groups.

The crusade, Berger pointed out, gives the American people their opportunity to enlist in the battle against world communism. With funds raised in the two previous campaigns, 16 radio transmitters now are in operation beaming the truth about freedom and free men to peoples held captive behind the Iron Curtain in both Europe and Asia. More short-wave transmitters are an urgent need, Berger, said. The work of propaganda must be stepped up considerably to meet the savage attacks of the Russians and their satellites.

LAKE BRONSON STATE PARK DRAWS 70,500 VISITORS

L. E. Fiero, director of state parks, reported last week that Lake Bronson state park in Kittson county, was host to a total of 70,500 visitors this past season. Fiero, in his report, also indicated that of the state's 62 parks, Lake Bronson's park was listed as the seventh high in popularity. Fiero said the 62 parks catered to a total of 2,225,000 people in 1952. Of this number Itasca again topped the list with 476,500 visitors.

A NEW APPROACH TO AN OLD PROBLEM

The Trinity Lutheran Church is dedicating its new parish education building Sunday and the occasion is of more than congregational importance in that it represents a new approach in some respects to the problems of youth training. Because of increasing youth delinquency these problems are receiving increased attention. We are coming to a realization that our young people are living under changed conditions. Along with the breakdown of the old barriers on speed and distance have gone some of the basic restraints and we have become aware that new conditions call for new techniques.

In recent years we have heard much of youth conservation. Here in Minnesota and in several other states we have established a new authority at the state level to deal with these problems. Just a little experience with a state level program convinces us that it falls far short of providing a satisfactory answer.

Youth training and youth guidance are local problems. They are the problems of *the home and the school and the church.* No super authority in a jurisdiction that rests on police powers can take the place of parents and teachers.

Often the home fails to measure up to its responsibilities. Only when we have a good teacher do we have a good school and so not always is the school a good influence. And records offer convincing proof that churches do not always reach those who are most in need of the church influence. These are facts and it is only as we recognize facts that we overcome error.

And that is why we like the experiment in youth guidance that the Trinity congregation is undertaking. It is significant that the members of a large congregation are recognizing a shortcoming as well as a responsibility.

Basically the problems of youth are no different today than they were yesterday. The conditions under which our young people live are different, however, and the guidance and the training must be geared to the changed problems that come with changed conditions.

The church youth center cannot relieve the homes and the schools of their responsibility. It is not built for that purpose. Its justification is the hope that with this more adequate facility the church can do a better job in its own field. It is by trial and error that we make progress and the members of Trinity are performing a very worthwhile community service in their experiment with a problem for which there is no certain answer.

REMOVE THE PENALTIES

The Canadian dollar was worth a little more than 2% more than the American dollar in New York last week. That's down from a 4% premium earlier in the fall and Business Week predicts that it will continue to move in the direction of par. That is as it should be. And it would be beneficial to business on both sides of the line if the currency of both nations could be exchanged at par and without a service charge.

Any fee that must be paid for an exchange of currency discourages trade. There would be less interstate trade in our country if we had such a currency problem at each state border. The Canadian dollar should be just as welcome here as the one that comes in from North Dakota.

It isn't as simple as that, we know. International currency exchange does have its special problems. But here along the border, where the benefits of international trade are so apparent, we should make a special effort to remove all penalties and maintain a free exchange.

THANKS FOR THE RAIN

Next week as we pause between the third and fourth helping at the Thanksgiving ritual we are going to say a word of thanks for the rain that finally came to us. We don't like to measure these things in terms of nickles and dimes but during the long period of drouth this fall we have been exposed to fire hazards that, with a little bad luck, could have been tremendously expensive.

And thinking in terms of forest fires, we never have been able to figure out the reasoning of the many good citizens who fight a terrific battle to safeguard the state's trust funds, those that are represented by green pieces of paper, and remain completely indifferent to the needs of that far more important trust that is represented by the green leaves of our forests. Our schools will derive far greater benefits from our forests down through the centuries, if they are properly protected and developed, than they will from the earnings of idle dollars we have piled up in the public warehouses.

It is fortunate for the nation and for the world that President Truman and president-elect Eisenhower are getting together now in preparation for the transfer of authority that will come after the first of the year. Some of the questions of policy to be determined by the incoming administration are critically important both nationally and internationally. The sooner these policies are resolved, and the period of uncertainty reduced, the easier will be the adjustment. We might have saved ourselves many rough knocks if president-elect Roosevelt would have accepted President Hoover's invitation to similar conferences back in 1932 when the period of uncertainty extended from November to March and the country gradually collapsed because there was no effective government.

Most of the public opinion polls picked the winner in this year's presidential election but fell down notably in their percentage estimates. They clearly were "playing it safe" this time. As they often reminded us, there was a big bloc of undecided voters that was capable of swinging the result either way. We prefer this modest approach to the cocksureness of four years ago. As long as so many of us don't know for certain what we ourselves are going to do tomorrow what reason have we to believe that the experts can figure it out.

Week's Record in Gatzke Area

Mrs. Cheslie Ruud, Gatzke, Minn.

Mr. and Mrs. Albert Peterson were honored by friends and relatives on Sunday, the occasion being their 25th wedding anniversary. They were presented corsages, after which Mrs. Peter Aune made the opening remarks, Glendon Abrahamson sang "O Perfect Love," a poem was read by Mrs. Peter Aune on the Petersons' Courtship and marriage, and a song was sung by Joan Tale, Mary Ann Orpen, Carol Engevik and Lois Peterson. The main event was a mock wedding with Ingvald Anderson as the parson, Bud Larson as the groom, Aksel Gormsen, bride, Bill Tate best man, Roy Larson, bridesmaid, Mylan Abrahamson, ring bearer and Clayton Adams as flower girl. A poem was read by Mrs. Mylan Abrahamson and another song by the five girls closed the program.

A silver set was presented to the Peterson's from their children and a purse of money from the friends and relatives. Mr. and Mrs. Peterson gave a thank you speech. The honor guests, their children and grandchildren, Art Peterson, who was their best man and Mrs. Walter Peterson, in the absence of their bridesmaid, were seated at a decorated table centered by a large wedding cake which had been baked by Mrs. Ole Aune. The rest of the guests were served buffet style. Hostesses were Mrs. Martin Abrahamson, Mrs. Bill Tate, Mrs. David Nelson, Mrs. Aksel Gormsen, and Mrs. Peter Aune.

Funeral services were held Monday afternoon for H. A. Lunsetter who passed away Thursday, Nov. 6. Rites were conducted at the family home at 1 p. m. and at the Landstad church at 2 p. m. The Rev. E. G. Bagley officiated. Pallbearers were Arnt Johnson, Alfred Moberg, Harold McMillin, Ervin Engevik, Almer Shager, Eddie Engelstad. Burial was made in the Landstad cemetery.

The regular meeting of the Busy Beavers 4-H club was held Nov. 6th at the Ervin Engevik home. The meeting was called to order by the president, Joan Tale. The 4-H pledge was given and secretary's report was read and approved. New business was that all 4-H members exhibit at least one exhibit at all county doings. Also approved was that they have 100 per cent record completion. Next meeting they will decide on one project which the whole 4-H will participate in. The Christmas party will be in charge of the officers. Each member was asked to encourage one more member to join. The meeting was adjourned. The following program was given: group singing led by Mrs. Ervin Engevik, demonstrations on Christmas decorations by Joan Tale and Carol Engevik, song by five girls, instrumental duet by Joan Tale and Carol Engevik, reading by Phyllis Lunsetter, instrumental solo by Carol Engevik. For added fun there was a humorous selection by a toy band. Recreation consisted of both indoor and outdoor games. Lunch was served by Mrs. Ervin Engevik.

Visitors at the Olaf Aune home Wednesday evening for Olaf's birthday were Mr. and Mrs. Clayton Ostby and family.

Mrs. Arnie Engelstad was hostess at a Stanley party at her home Tuesday afternoon.

The United Lutheran Ladies Aid will hold their annual sale of fancy work, Friday Nov. 21, beginning at eight o'clock. Lunch will be served after the sale.

Thursday evening visitors at the Olaf Aune home for Olaf Jrs. birthday were Mr. and Mrs. Walter Lunsetter and family, Mr. and Mrs. John Olufson and Juell, Mr. and Mrs. Juell Aune and girls, Glen Aune, Mr. and Mrs. Arnie Engelstad and Bobby.

Gerald Aune left on Tuesday for Minneapolis where he will have a check-up at the University hospital.

Drumsticks On The Hoof

EXAMINING HIS THANKSGIVING CROP is turkey-raiser Graydon McCulley of Maple Plain, Minnesota. He knows that with proper care and feeding the big birds will gain extra pounds—meaning more meat on your table on Thanksgiving day. On a vastly larger scale, Minnesota's iron mining industry is seeking to add extra "meat" to the state's ore resources—doing everything it can to assure a continuing supply of ore to the nation. Over 60 plants are now busy processing low-grade ores, thus extending the life of the industry—a policy which benefits the state and all its people. To carry on the job, the ore industry asks only to be treated as fairly as other Minnesota industries.

the FIRST *Factory-built* LP GAS TRACTOR

MINNEAPOLIS-MOLINE pioneered factory built LP gas burning equipment on the famous MM U tractor in 1941.

LP gas brings up the horsepower of the already powerful U about 10%. MM *factory-built* LP gas tractors have high compression (6.8 to 1) and cold manifolds. Without their use, power will be low and fuel consumption high.

LP gas burns clean and prevents carbon deposit and crankcase dilution. Oil will last several times as long due to less contamination. These tractors run cooler. Time between overhauls is greatly prolonged.

After 13 straight victories in the past two seasons The Plummer high school football team and coach were honored at a banquet sponsored by the Plummer Commercial club on Wednesday evening Nov. 5 at the city hall.

The main address was delivered by coach H. Lysacker of the Northwest School of Agriculture with the remaining speakers being coach "Hap" Casmey of the Plummer team, Superintendent H. Bjornson and David Ostby who were capably introduced by toastmaster Emil Malwitz, president of the commercial club. A movie completed the program.

In his speech "Hap" unselfishly gave all credit to the team for their determined efforts and cooperation, after which he introduced the 1952 co-captains, Roger Westerund and Neil Craft and the co-captains elected for the 1953 season, Neil Craft and Jim Kopp. Quarter back Ray Gustafson, end Jim Kopp and fullback Neil Craft were named on the All Conference team.

Following his speech "Hap" was presented with a gift by Emil Larson, secretary of the club.

Coach Lysacker enlarged on five of 17 points brought out in his speech on the "Merits of Sports". The five points being team play, responsibility, courage, sacrifice and loyalty.

Following Lysacker's speech all those present were invited to attend the movie on the 1951 Minnesota football season which concluded the program.

Much credit is due to the Commercial club in sponsoring the successful, well-attended event.

FISCAL FACTS ABOUT OUR STATE UNIVERSITY

Athletic receipts at U of M were $566,000 in 1947, $788,000 in 1951, more than half from football but supporting the entire physical education program. Land, buildings, equipment, livestock, books, and physical plant are worth $76,353,000. Annual operations 1947 cost $11,520,000, in 1951 $18,680,043. Peak enrollment, 1947, was 36,578, in 1951, 30,848. Student fees bring

in about 12½% of total receipts. than any other activity in the Research has expended more past five years.

To win called for a QUICK KICK

Telephone repairman Tom Carlton* suddenly saw the danger—the live wire sparking against the pavement, the fascinated four-year-old. There was no point in shouting, the scene called for action—fast.

Tom dropped his tools, raced to the spot as the boy stooped for the wire. A second too late to snatch him back from electrocution, Tom saved the game with a running kick—a kick that lifted the youngster over the wire and out of danger.

There was an outraged mother to deal with (she hadn't seen the peril of the wire) and a crying small boy, too young to figure it all out.

There was also a little matter of a medal and a cash award for Tom who had "swung his foot in such a manner as to lift the youngster over the wire, thereby averting a tragic accident" the citation said.

"Shucks, it was a kick," says Tom, "and a hard one, too—but a lucky one."

WHAT THE V.F.W. MEANS TO THE OVERSEAS VETERAN

As a Loyal American . . .

Your overseas service has given you a personal investment in America and the American way of life. You want your sacrifices of the past to pay off in the terms of peace for the future.

The Veterans of Foreign Wars is an organization that is pledged to protect your basic freedoms — and the kind of government you want for yourself and your children.

As a V. F. W. member you can help maintain an organization that fosters loyalty to America and patriotic devotion to these ideals.

Your Cross of Malta emblem will mean that you are doing your part as an individual citizen to help the V. F. W. expose the evils of Communism, the threat of socialism — and all other isms that are alien to the American creed and in conflict with the ideals you served in the Armed Forces to defend.

Veterans are Good Citizens! Be a V.F.W. Member and be a Better Citizen! Join the V.F.W. Now!

It May Be Starting a Million Miles!

Happy, happy man! His time has come to own the "car of cars" . . . and there he goes for the first thrilling ride at the wheel.

But what an *additional* thrill he would have if he could look down the long, long road that car will travel before it comes to its final stop!

For then he would know, beyond peradventure, that he has just taken possession of one of the mechanical masterpieces of all time!

Reliable statistics kept by a great tire manufacturer show, for instance, that certain Cadillacs in its testing fleet have actually approached a million miles.

Naturally, when you take possession of a new Cadillac, you are not thinking of owning and driving it for such a spectacular distance.

But consider, if you will, what this phenomenal endurance foretells for your own period of ownership.

It is your finest possible guarantee that the thrill and the satisfaction of your first mile at the wheel will go on and on—until, with reluctance, you pass the car along to another proud and happy owner.

And it means, of course, that the *value* of your Cadillac will endure. Even its second, and third, and fourth owners will find that its relative value is amazing. There is almost *always* a demand for a Cadillac, regardless of its age.

Of course, the *great* thrill of owning a Cadillac comes from the car's wonderful performance and its marvelous prestige.

But it is *so* nice to reflect, as you sit at the wheel, that your pride is practical—and that your satisfaction is coming from a sound investment.

Is it time for you to think about a Cadillac? If so, we would be happy to see you any time.

President Dennes appointed a committee, consisting of Koop, Bratsch, and Williamson, to look over sites for future school building.

It was moved by Bratsch, seconded by Koop, and carried that the School District bills presented by the superintendent be approved for payment and placed on file.

There being no further business to come before the board, it was moved by Koop, seconded by Williamson, and carried that the meeting be adjourned.

A. L. WILLIAMSON, Clerk
Independent School Dist. No. 18
Pennington County, Minnesota.

Braising Pork

When you're braising pork steaks add some allspice to the liquid for braising along with lemon and orange juice. Sliced oranges and raisins may also be added to the meat while cooking.

Apple Desserts

Apple desserts can be made more colorful if you add some red cinnamon hearts to the apple before cooking. Try the candies in apple sauce, too.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM
BUICK
NUMBER ONE item on most anyone's list of automobile "musts" is power—the life and lift of your going.
In this Buick SPECIAL you get a valve-in-head high-compression Fireball 8 Engine that can pour out a wealth of the thrillingest power you ever held rein on—more power per dollar than you'll find elsewhere.
Number Two is ride—the way you go—the comfort and steadiness and luxury of your travel.
Every Buick has big soft coil springs on each wheel to cushion your way—and an unyielding torque-tube that firms and steadies your ride. Yet these are just two of the fifteen Buick ride features that cost, literally, more than a million dollars to engineer.
Then there's style, there's room, there's visibility, there's handling ease—all part of your travel—all helping to make the difference between good going and great going.
But price is very much part of the picture, too—what you pay for what you get.
So when you add in the big horsepower rating you get in a Buick, plus the extra thrill and thrift of its Fireball performance . . .
When you measure the inches of room, count up the many hours of comfort through the years, check off things like durability and solid satisfaction and high trade-in value . . .
And when you put this total against the price of a Buick—you're going to say, "Man! That's great going all the way!"
Come in and see us today or tomorrow, won't you?

Many a man has a mind of his own, but he plays safe and talks things over first with his wife.

From where I sit ... by Joe Marsh

Going . . . Going . . . Almost Gone

Granny Robinson put on quite a show the other night at the annual White Elephant auction held at the Women's Club.

Towards the end of the evening, she had the ladies battling for anything she put up. "What am I bid for this woman's lovely black coat here—good as new? Who'll say ten dollars?" she asked.

Granny held the coat up, and commenced describing the coat's lining, sleeves, buttons—really "selling hard." Then, suddenly, she took a close look and blurted out "Land sakes, no more bidding please—this is my own coat!"

From where I sit, what almost happened to Granny was good for a laugh, but sometimes when people "get carried away" with their own talk it's not so funny. I prefer a glass of temperate beer while listening to my favorite radio program—you may like soda pop—or cider. I suggest we hold on to our personal opinions—and believe in them—but take a good close look at them before we try to "sell" them to our neighbor!

Record Total State Voters Reject All 5 Amendments Nov. 4

An all-time record number of Minnesota voters rejected all five amendments to the state constitution in the Nov. 4 general election.

On the basis of unofficial returns—tabulated by the Minneapolis Tribune from figures supplied by the state's 87 county auditors—the total vote was 1,460,383.

This was 76.9 per cent of Minnesota's voting age population, a gain of nearly 10 per cent over the presidential vote four years ago. The 1948 percentage was 67.3.

Previous high was 1,301,573 in 1940, also a presidential year.

Political forecasters this year had predicted a big voter turnout that "might reach" 1,300,000.

Amendments to the state constitution, in order to be adopted, must be approved by one more than half the voters whose ballots are cast and counted in the election. This year, therefore, 730,192 "yes" votes were necessary to put an amendment over the top.

All amendments but No. 5 went down to defeat, probably because not enough voters were acquainted with them to cast ballots in their favor. A blank amendment ballot had the effect of a "no" vote.

Controversial No. 5 was defeated soundly, however. The statewide result on it was 581,487 for and 704,817 against.

That amendment, over which an urban-rural split had developed, would have taken some nine million dollars annually out of motor-vehicle tax receipts and divided it among counties and municipalities. Because the amendement was beaten, receipts from license plate sales will continue to go to the trunk highway fund.

Most rural counties gave the amendment strong support, but their populations were not large enough to push the "yes" vote total to the 730,192 mark.

Amendment 3, with 717,670 affirmative votes, fell only 12,522 short of approval. Against it were 373,565.

It made a strong showing in most of the counties, apparently falling by the wayside because not enough Minnesotans cast their ballots one way or the other.

Amendment 3, had it been adopted, would have removed from Minnesota's constitution obsolete voting requirements. The constitution says that only men over 21 may vote, even though that restriction was overridden in 1920 by the federal 19th amendment.

Here were the other unofficial results:

Amendment 1, 604,384 yes and 502,304 no; amendment 2, 636,618 yes and 426,605 no; amendment 4, 634,609 yes and 44,987 no.

Thus, although Minnesotans favored the first four amendments, their total vote was too small to mean victory for them.

The first amendment would have allowed the state investment board to invest trust funds in the bonds of governmental units up to a limit of 13 per cent of the assessed valuation of taxable property instead of, as at present, 10 per cent of the full and true valuation.

Amendment 2 would require any constitutional revision to be submitted to the voters for approval.

Amendment 4 would have allowed the legislature to prescribe qualifications for probate judges, who now are not required to be trained in law. It also would have let the legislature broaden the court's jurisdiction.

Turkey Plentiful for Thanksgiving

Supplies Bigger, Prices Lower Than Last Year

Many of the foods that will be featured on Thanksgiving Day menus are starred as plentiful foods this month, Mrs. Eleanor Loomis, extension consumer marketing agent at the University of Minnesota, said today.

Abundant foods include turkey, main dish of the holiday meal; filberts, almonds and walnuts for the nut bowl; grapes, homegrown apples, raisins and dried figs for the fruit bowl.

Turkey on every table is a goal for this Thanksgiving because turkey supplies are bigger than ever and prices are lower than a year ago.

In addition to the foods which suit Thanksgiving feasts especially well, the U. S. Department of Agriculture has some suggestions for everyday November meals.

In protein foods, the prospect is for more pork at lower prices. Though there are fewer pigs than last year, November is a month when many pigs come to market. Supplies of frozen fish in cold storage are heavier than last year, with cod fillets especially plentiful. Canned tuna is on the abundant list also, for salads and casseroles.

The fresh vegetable expected to be in generally heavy supply is carrots. Dry baby limas will be abundant for baked dishes.

Dairy products on the plentiful list include nonfat dry milk solids, cottage cheese and buttermilk.

Plenty of honey is available from this year's big crop for holiday goodies and for daily uses.

Lard, salad oils, vegetable shortening and table fat continue to be good buys.

Tom Melby, Oklee, Expands Business

D. Schirrick Wins 4-H Citizenship Contest in State

Red Lake County Youth Has Made Outstanding Record in 4-H Club Work

Donald Schirrick, 21, Red Lake Falls, has been named state winner in the 4-H citizenship contest, County Agent Sherman Mandt announced last week in the Red Lake Falls Gazette.

A member of the Pembina Trail club, he has been a 4-H'er for nine years and has completed a total of 141 projects.

Schirrick has attended the National 4-H club congress in Chicago both as state champion in farm fire prevention and as sectional winner in community relations. The award went to one boy and one girl in the whole country.

During the past five years Schirrick has helped to organize two 4-H clubs and one rural youth group. Since he began 4-H work nine years ago he has earned over $1,000 in cash prizes at county and state fairs, donating much of the prize money to the Red Cross and community functions. He has won dozens of county championships and numerous state purple and blue ribbons.

Schirrick is not only a busy 4-H member, but a busy farmer as well. He has purchased 160 acres of land with money earned through 4-H profits. He has gradually built up for himself a herd of 36 head of Aberdeen Angus and Holstein cattle, most of them registered. He has a flock of 200 purebred geese and owns 20 head of purebred Hampshire sheep. He maintains a herd of pedigreed wool champion Angora rabbits and ships hundreds of Angoras as breeding stock to almost every state in the Union.

Nine Students at N. W. School Get Scholarships

Nine students at the Northwest School of Agriculture, Crookston have received scholarships from the Sears, Roebuck Foundation of Chicago for outstanding work in student home projects. The cash scholarships of $40 and $50 each apply on school expenses at the Northwest School for the current year.

The names of the scholarship winners announced by Superintendent T. M. McCall are: Clifford Nordine of Roosevelt, George Johnson of Grafton, N. Dak.; Russell Carlson of Roseau, son of Mr. and Mrs. Henry Carlson; Frederick Clasen of Salol, son of Mr. and Mrs. Art Clasen; Loren Nelson, Clearbrook, son of Mr. and Mrs. Clark Nelson; Sylvester Greskowiak of Crookston; Curtis Vanek of Angus, son of Mr. and Mrs. A. G. Vanek; Robert Eaton of Wannaska, son of Mr. and Mrs. Russell Eaton; and Arthur Grove of McIntosh.

Legionnaires To Be Feted At Return Dinner

At the Armistice Day "membership" meeting held November 11 in the Legion clubhouse, the members of the Auxiliary Unit No. 427 decided to treat the Newfolden Legionnaires to a return turkey dinner at the clubhouse on Thursday evening, December 11. All members of Otto Knutson Post No. 427, their wives and sweethearts, and nonmember husbands of the Auxiliary members are invited.

The women were guests of the Post that evening for an interesting and educational meeting. With Commander Edor Anderson presiding, the colors were advanced and the opening ceremony was observed. Chaplain Evonne Olson gave the prayer.

Russell Wheelhouse of Crookston, ninth district membership chairman, stated in his address that the Legion has a fleet of eleven 'ships.' He stressed membership as the flagship or most important one, for without members we can accomplish nothing. By far the best way to secure a strong membership is through personal contact.

John Sands of Warren, county service officer, then gave an Armistice Day message. Free lunch was served by the Auxiliary, with Mrs. Otto Haarstad, Mrs. Emil Dyrud, Miss Alma Haugen, Mrs. Clarence Cook, Mrs. Joe Weber, Jr., and Mrs. Evonne Olson as hostesses.

After lunch Howard Kinney showed several movies on World War II.

At a short business meeting plans for the turkey dinner were discussed, and President Olson appointed Mrs. Carl Olson and Mrs. Cook to serve on the food committee, and Mrs. Olger Green and Mrs. Irv Tvedt to serve on the entertainment committee.

All eligible please circle Dec. 11th on your calendar! Lefse, *Christmas bread and Christmas* cookies will be included in the menu, states Mrs. Carl Olson.

Thanksgiving Day Is Dangerous Holiday, Says Safety Council

Thanksgiving day, one of our oldest and most widely-observed traditional holidays, has also become one of our deadliest, according to a report released today by the Minnesota Safety Council.

Basing its study on a survey conducted by the accident records section of the Minnesota highway department, the Safety Council pointed out that an average of 10 people have been killed in traffic accidents during Thanksgiving in each of the past three years, making this holiday week-end one of the most dangerous of the entire year.

Last year, for instance, 13 lives were lost in 11 fatal accidents. Another 272 motorists and pedestrians suffered injuries in 738 accidents which did not result in death.

By a strange coincidence, two people were killed on Thanksgiving day itself in each of the past three years. An average of three deaths were recorded on the Sundays following Thanksgiving day, when many motorists were on their way back to their homes after having spent the holiday with relatives or friends.

"We have much for which to be thankful," said Arthur V. Rohweder, president of the Minnesota Safety Council, "so we should make every effort to drive and walk carefully in order that we may be alive to enjoy the many blessings which are ours. There can be no more unhappy ending to what should be a happy holiday than to have its joy shattered by a needless accident."

Rohweder issued the customary suggestions that motorists start their trips earlier in order to give themselves sufficient time to reach their destinations without having to take unnecessary chances or to drive at unsafe speeds in the heavy holiday traffic. He also predicted that the heaviest holiday movement in recent years could be anticipated if the unseasonal weather we have been enjoying continues until Thanksgiving day. until Thanksgiving day.

"Thanksgiving day of 1952 can be a true day of giving thanks," he concluded. "If everyone—motorists and pedestrians alike—will only drive and walk sensibly. This can be made a memorable Thanksgiving holiday season if we all do our part to help prevent needless, tragic traffic accidents and deaths."

Marshall Phone Company Expands

The Hallock telephone exchange has been added to the properties owned by the Marshall County Telephone company, Elnathan Gates, president, has announced. The company owns the exchanges in Kennedy, Stephen, Argyle, Warren and Alvarado.

The Hallock exchange has 655 phones not counting the rural lines and exclusive of extension phones in Hallock. Mr. Gates said the present crew of six operators and Elmer Anderson, lineman, would all be retained. Future plans call for installation of dial phones in Hallock.

Rep. Hagen Given Margin of 24,528 Votes November 4

Receives 70,402 Votes in Election Compared to 45,874 for Curtiss Olson

Carrying twelve counties handily, while losing three by close votes, Congressman Harold C. Hagen was re-elected to his sixth term by a margin of 24,528 votes over his opponent Curtiss Olson, according to final official returns which have just been compiled.

Hagen's total vote in the 9th district was 70,402, a new all time district record, while his opponent Curtiss Olson received 45,874. Olson had a majority in three counties, winning Kittson by 2 votes, Lake of the Woods by 20 votes and Red Lake by 96 votes. Representative Hagen had a majority in 12 counties, ranging from 68 votes in Clearwater county to 11,238 votes in Otter Tail county.

General Eisenhower had a total of 64,429 while Governor Stevenson had 47,784 in the District, a plurality for Eisenhower of 16,645. Senator Edward Thye ran strong in the 9th district with 69,150 votes to Carlson's 44,599, and a scattering of votes for other candidates. The plurality for Thye was 24,551. The vote for Governorship was 70,120 for C. Elmer Anderson and 46,545 for Orville Freeman. The plurality for Anderson was 23,575.

FU Asks Supports on Perishables

State Convention Held Last Week in St. Paul

A call for full parity income, implemented by price supports on all farm commodities, was made as the Minnesota Farmers Union held its annual state convention Nov. 10-12 in St. Paul.

A new record for convention attendance was set as farmers flocked to St. Paul to establish a 1953 Farmers Union policy asking for extension of price supports to all field grains and to perishable items.

Convention speakers emphasized that they looked for no immediate change in federal farm laws because of the presidential election, but warned that farmers must be alert against attacks by unfriendly members of Congress upon various phases of the farm program.

Convention delegates retained their traditional stand for full parity income and a firm, high-level price floor under all farm commodities. For the purpose of balancing farm production, the delegates said they would accept a scale of price supports from 90 to 110 per cent of parity. The 110 per cent supports are suggested as incentives for a shift by farmers from crops in over-supply to crops in short supply.

Guest convention speakers included James G. Patton, president of the National Farmers Union; Knox T. Hutchinson, assistant secretary of agriculture; John J. Haggerty, director of the Office of Foreign Agricultural Relations; M. W. Thatcher, manager of the Farmers Union Grain Terminal Association; Congressman Roy W. Wier; and Dr. Lowry Nelson, professor of Rural Sociology, University of Minnesota.

In his annual address, President Edwin H. Christianson labeled the severe shortage of farm credit as one of the main barriers to progress.

Pennington county delegates to the convention included Gust Iverson of Erie local; B. F. Beiswenger of Good Hope local; Frank Bothman, Carl R. Anderson and Harry Johnson of Union local.

Organized Dishwashing

Drainers and drainboards underneath them help to keep the dishes organized after washing; it also cuts down on the water which must be wiped from them.

MEMORY LANE

FASHION PLATE FATHERS

Remember when father wore a derby hat, high stiff collar, and button shoes? In your estimation, he cut quite a figure as he sauntered jauntily down the street, tipping his hat to the ladies. It was then that you decided to have an outfit just like his when you grew up. And no argument about it? That was final. Remember?

Political Roundup
By Arthur Naftalin

One of the biggest legislative battles in Minnesota's history is shaping up for the 1953 session, which will convene in just a little more than six weeks.

The battle will be over whether we should adopt a state sales tax, and can set it down as a certainty that the pressure both pro and con will be terrific.

The plain fact is that the state government will be in deep financial trouble at the end of the current biennium, which is next June 30, and ways and means will have, to be found to raise a minimum of $22,000,000 in new revenue just to keep state governmental operations at their present level, to say nothing about finding additional money for new or expanded services.

General Revenue Fund Balance Is Exhausted

At the beginning of this biennium there was a surplus of $22,000,000 in the general revenue fund. But the 1951 legislative session, rather than levy new taxes or increasing existing taxes, adopt a budget which called for the expenditure of this surplus.

The '51 session found it necessary to increase appropriations by several millions of dollars in order to pay for pay increases for state employees, to meet an expanded mental health program, and to provide for increased costs in all phases of state administration.

There was talk at that time of diverting some of the $50,000,000 surplus in the state income tax school fund, but the legislators decided instead to appropriate the balance in the general revenue fund. Now the day of reckoning is close at hand.

Cut Costs, Divert School Money, Or Levy New Taxes?

As a practical matter, the legislators face one of three alternatives. It is possible—but not very probable—that they can reduce the over-all expenditures in state government and bring the total costs within what is produced by current tax rates.

Or, a second possibility, they can break the dam against the diversion of school income tax money. This is a great temptation, because, even after allowing for increases in basic state aids to the schools, there will still be more than $50,000,000 in the fund.

But, even allowing for some drastic economy measures and for the possible diversion of some income tax money, there will still be the need to raise many millions more in revenue, and this is where the sales tax comes in, because, whatever else might be said about this form of taxation, it is a matter of plain fact that it does raise whopping millions of dollars in every state where it is in operation.

Economy Prospects Dim In Light of Big Costs

In sessions past there has been persistent pressure—especially from state and local taxpayers organizations—to keep total expenditures down. This effort has had the rather full support of the conservative majorities in both houses, but even so the rock-bottom needs have constantly forced total appropriations up.

The tight financial situation will unquestionably force the legislators to take a very careful look at the recommendations of the "Little Hoover" commission. This Efficiency in Government body, in its report, insisted that the adoption of certain of its recommendations would accomplish an initial saving of $4,000,000, a figure which is disputed by many legislators but which nonetheless is sufficiently large to invite a careful examination.

But, viewing the over-all prospect, the likelihood of an economy move of sufficient scope to offer some real solution appears quite dim as the legislators begin organizing for the 1953 session.

School Tax Fight May Produce Battle Royal

When the state income tax was adopted, the legislators ear-marked all funds from this source for public school support. Its receipts have far exceeded expectations, and year by year the fund's surplus has grown, even after successive increases in school aids.

An increasing number of legislators have been urging a policy of diverting some of this surplus to other educational uses, such as University support or for state teachers colleges. No constitutional amendment is required for diversion; it can be done by simple legislative act.

But the opposition to diversion, especially on the part of public school leaders and teachers, is tremendous, and any effort to divert any sizable portion of the fund is certain to produce a battle royal.

Move for a Sales Tax Likely to Gain Strength

Viewing the state's over-all plight, it is a safe bet that the move for a sales tax is likely to gain a good deal of strength. In past sessions, both conservatives and liberals have renounced the sales tax, but this time the lineup will probably be different, with a major movement undertaken aimed at its adoption.

BRIDGEMAN

VITAMIN-RICH SKIM MILK

Watching your diet? To look and feel your best, you should. That's how Bridgeman's new Vitamin-Rich Skim Milk can help you! It's low in calories because most of the butterfat is removed. Yet, it's nutritious! Fortified with two health-promoting vitamins.

Added to Vitamin-Rich Skim Milk is Vitamin D, the famous "Sunshine" vitamin that helps build and maintain strong bones and teeth.

Also added to this milk is Vitamin A, the vitamin that helps you resist infection and contributes to a fine skin, smooth complexion.

Just one quart of Vitamin-Rich Skim Milk supplies the minimum daily adult requirement of both Vitamins D and A for the average person.

And it's better-tasting! Vitamin-Rich Skim Milk is homogenized for smoother, rich flavor. Look for it at your favorite Bridgeman dealer in the Lavender carton, order from your Bridgeman driver, or phone 156. Try Bridgeman Vitamin-Rich Skim Milk today.

Ole Granum's
THE SIGN OF VALUE

GROWING WITH YOUR CHILD

Institute of Child Welfare, University of Minnesota

"Story" Telling

In discussing truthfulness, or the lack of it, perhaps the first thing to consider is whether the child is really lying or just using his vivid imagination to make up a story for his own enjoyment or his parents' pleasure.

When Johnny tells about the big lion in the front yard that grows into six lions in the telling, he is perfectly aware that it is the neighbor's shaggy dog. He hopes his parents can recognize a "story" when they hear one. To punish him for "telling lies" would be a great injustice.

Imagination in a child is an attractive quality and should, if anything, be encouraged. An occasional insertion of the fact that the child is "making believe" or "pretending" or to say that "It's fun to 'make-up' things sometimes," take care of the matter. Children understand these expressions. It helps, moreover, to include mom or dad as partner in the game.

Adults will do well to adopt truth-telling practices. Promises should not be made to the child without consideration as to whether or not they can be fulfilled. Broken promises mean in the eyes of the child that his parents tell lies, and his respect for their judgment may decrease.

Threatening the child with a policeman or a doctor may greatly hinder his acceptance of help from these people whose services he may need. When mother refuses to loan some article to a neighbor, "because I haven't a one left," she has told a lie in the childs' judgment.

If dad alibis to get out of something that he doesn't want to do, it impresses the child as a wonderful way of avoiding things, or of escaping punishment. Overly harsh or undeserved punishment may also start a habit of telling lies. Nothing offends more the child's sense of fair play.

Saturday evening guests at the homes of Mrs. Harry Woolson and Lester Chapman were Mr. and Mrs. Allan Paulson of Glenwood, Minn.

Mr. and Mrs. Raymond Peterson, Jeanne and Gerald spent Wednesday in Grand Forks where they visited at the Austin Brager home. Raymond also visited with Melvin Christopherson who is employed with the Minnkota Power Co.

Mr. and Mrs. Leroy Peterson and family of Angus were Wednesday evening guests at the Paul Peterson home.

Visitors on Monday of this week at the Lester Chapman home were W. E. Chapman and son Earl of Thief River Falls.

Mrs. Ole Lerol, Mrs. Benhard Wold and Mrs. Clarence Peterson attended the joint P.T.A. Monday evening of this week at the Lincoln high school. Mrs. Lerol was among those who served lunch.

Tuesday afternoon Mr. and Mrs. Thor Sorensen of Plummer and Clarence Isaacson visited with Mr. and Mrs. Vernon Sorensen and Mrs. Harry Woolson at the Woolson home.

Don't Let Muddy

When mud gets on your youngsters' or your own shoes, don't let it dry on before brushing it off. Although dry mud comes off more easily than wet, experts advise that mud stains leather, and the longer it stays on, the worse the stain may be.

1952 Levy for City Purposes to Be 18 Mills

1952 Bond Retirements of $102,000 Contribute to Shortage of Funds

A Thief River Falls tax levy for municipal purposes of 18 mills for 1952 was adopted by the city council at an adjourned session last Wednesday evening.

The increased levy, which is 3.25 mills higher than the 14.75 mills in effect for 1951, was ascribed to the mounting cost of government in general, and the need for replenishing the treasury, which was depleted by heavy bond retirements and a variety of public improvement projects carried out this year.

City Clerk P. G. Pederson estimated that, on the basis of city assessed valuations of $2,782,519, the 18 mill levy would raise $50,128. It was pointed out that, while the levy is up from a year ago, it is still substantially below the average for comparable cities in the state.

Among the larger improvement projects carried out this year were oiling of numerous streets, remodeling the old water treatment plant, sidewalk, curb and gutter construction and work at the municipal airport.

Also contributing to a shortage of cash at this time is the fact that during 1952 maturing bonds in the total amount of $102,000 have been retired. The council discussed the matter of refinancing bonds maturing during the next few years to spread the payments over a longer period, but action was deferred until after the first of the year.

Acting favorably on a request submitted by Mayor Harry E. Simons and Police Chief Ken Judy, the council voted to procure on a trial basis a two-way radio to be installed in the police car and at police headquarters, making possible constant communication between the two.

Judy said that the equipment, to cost $707 in addition to a charge of about $40 for installation, would be paid for in part from the proceeds of the recent Policemen's Ball, and he indicated that the outfit would enable his department to get along with one less patrolman.

A letter was read from the Northwestern Hospital board offering to deed back to the city for the original purchase price the site in Porters Addition bought by Mercy Hospital in 1945 from the city for $1,200. The site is no longer needed by the hospital association, which now plans to expand adjoining the present location of Plant B on LaBree av. S. Action on the offer was deferred, pending further study.

Henry Thorson to Head Odd Fellows

Other Officers Named in Election Tuesday

Election of officers was held Tuesday at the regular meeting of Young Pine Lodge of Odd Fellows. Henry Thorson was elected noble grand; Chas. Bowman, vice grand; and John Magnuson, trustee, to succeed himself. N. Henry Johnson, retiring noble grand, will assume the position of past grand.

The newly elected officers will be installed in January, along with the several appointive officers of the lodge.

Plans were completed Tuesday for the visit of Bemidji Lodge No. 119, Saturday evening. There will be a turkey banquet for the members at 6:30 p. m. and special meeting at 8 p. m. The Bemidji degree team will confer the initiatory degree on a class of new members. The evening will be completed with a dance and lunch.

Next Tuesday evening the local lodge will confer the first degree on the class of new members.

HOLZKNECHT VIEWS 1953 OLDSMOBILE IN CHICAGO

In company with Oldsmobile dealers from Minnesota and adjoining state, Alvin Holzknecht left Friday on a special train from Minneapolis for Chicago, where the dealers were given a preview of the 1953 Oldsmobile line of cars. Holzknecht returned to this city Sunday.

Fred Protz, Genial Postman, to Retire; Has Served 41 Years

FRED PROTZ

Fred F. Protz, genial and public-spirited postoffice employee, who has carried the mail in Thief River Falls for 41 years, ever since free mail delivery was started in this city in 1911, will go on the retired list Friday.

Protz served as mail carrier on the east side of the river for 28 years, followed by five years as parcel post carrier and the last eight years as mail carrier in part of the west side.

He estimated this week that he has walked an average of 15 miles a day or 5,000 miles a year, making a total of approximately 200,000 miles during his career, equivalent to eight times around the earth.

Starting at a salary of $50 a month under Postmaster F. H. Kratka in 1911, Protz has served since under seven other postmasters, including John Morgan, Daniel Shaw, T. P. Anderson, Andrew Anderson, Joe Maruska, J. M. Roche and the incumbent, R. J. Dryden.

When he began his career with the postal service, the staff of the Thief River Falls office included a postmaster and assistant, two city carriers, two rural carriers and four clerks.

The other original city carrier was Walter H. Quist, who resigned after six months to accept the post of city clerk. He was succeeded by Harold McCrum, who was transferred later to Billings, Montana, where he is still employed.

In addition to his postoffice duties, Protz has found time to take an active part in community affairs. He has served for nearly 20 years as treasurer of the Pennington county chapter of the American Red Cross, and was exalted ruler of the local Elks lodge in 1935-36, in addition to having been an active member of St. Bernard's church.

He has served the past 15 years as treasurer of the Minnesota Association of Letter Carriers, and is a former president and secretary of the Red River Valley Postal Employees association.

Following his retirement, he plans to leave with Mrs. Protz December 2 by car for Washington, D. C., to visit at the home of their son Thomas until after Inauguration Day January 20, when they will go on to Florida. They plan to return to Thief River Falls in April.

Legion Auxiliary Taking Gifts for Freedom Crusade

Local Banks Cooperate in Drive to Counteract Russian Propaganda

War veterans, clergy, business men, labor leaders and all elements of citizenry are united in promoting the success of the third annual Crusade for Freedom campaign now on, Ben Berger, Minnesota chairman, reported.

Milton Boock, Lake City, Minnesota American Legion commander, and Lawrence Jensen, Minneapolis, state Veterans of Foreign Wars head, both have asked members of their organizations to give the effort every support.

Mayors in many communities are acting as local chairmen and, in turn, are asking heads of civic and service organizations to give the effort every support.

Mayors in many communities are acting as local chairmen and, in turn, are asking heads of civic and service organizations to solicit their memberships in the interests of the drive.

Meanwhile, banks throughout the state, at the request of Guy Bacon, Cottonwood, president of the Minnesota Bankers association, have provided booths in their lobbies at which collections can be made and Freedomgrams signed. These Freedomgrams represent messages of hope and encouragement to people in the captive countries. Crusade for Freedom has promised that they will be delivered.

The booths in the local banks are being manned by members of the American Legion Auxiliary.

The effectiveness of the job Radio Free Europe, which is sponsored by Crusade for Freedom, is doing, Berger said, is being evidenced by the new lows of vituperation Red propagandists have hit in attacks on coverage by the 13 RFE stations in the captive countries.

Lincoln Operetta Displays Talent

Large Audience View "Golden Trail" 2 Nights

The operetta, "The Golden Trail," with its setting in the days of the California gold rush, was successfully presented Monday and Tuesday evenings before large audiences in the Lincoln high school auditorium.

The cast was made up of students in the high school vocal department, and the colorful production was directed by Frank Summerside. Miss Patricia Hoffman had charge of staging, Miss Harriet Overbo of costuming, and Miss Godelyne Troumbly was art supervisor. Ilene Pearson ably filled the demanding role of accompanist.

The voices of the young performers blended well in ensemble numbers, in addition to which there were quartet, trio duet and solo numbers, the soloists including David Thompson, Daphne Hexe, Duane Rafteseth, Gail Brown, Gene Bratsch, Gary Smith and Muriel Copp, all of whom turned in excellent performances.

Santa Claus Will Pay Advance Visit To This City Dec. 6

Will Distribute Treats to Little Friends in City Auditorium at 10:30 a. m.

In a message from the North Pole received today by Ward Nichols, president of the Civic and Commerce association, Santa Claus stated definitely that he will make an advance visit to his young friends in Thief River Falls Saturday morning December 6.

He said he will arrive at the municipal Auditorium at 10:30, and his assisting committee has announced that the doors will open at 10:15, and that admission will be restricted to children age ten or younger. Santa will present treats to his little friends, he promised.

The better to serve holiday shoppers, Thief River Falls stores will remain open evenings the last three Fridays and Saturdays before Christmas, on December 5 and 6, 12 and 13 and 19 and 20. Stores also will be open Monday and Tuesday evenings, December 22 and 23, and will close Christmas Eve at 5 o'clock.

Parents Warned to Keep Children Off Ice in River

Police Chief Ken Judy this week asked parents of small children to warn them of the danger of going out on the thin ice on the river pool, which froze over only last Friday. Judy stated that the ice will be hazardous for another week or ten days, depending on the weather, as there are numerous soft spots in the sheet. He added that police had chased several youngsters off the ice over the week-end.

St. Hilaire Man Shot in hunting Mishap Dies

Melford Peterson, Shot Saturday Near Grygla Succumbs in Hospital

The deer hunting season which ended Sunday brought death to 16 Minnesota hunters, including a Pennington county man, Melford Peterson of St. Hilaire, who died in a local hospital Tuesday morning at 2:50, from the effects of a rifle wound sustained while hunting northwest of Grygla Saturday morning at 9:15.

One member of his 12-man party had just shot a deer, and four men, including Peterson, were walking toward the deer thru the brush when a rifle carried by Gus Mundinger of Gray Eagle, formerly of St. Hilaire, accidentaly discharged, the bullet hitting Peterson in the lower back and into the abdomen. The trigger of the gun had apparently caught on Mundinger's clothing.

While some members of the party telephoned to Thief River Falls for a doctor and ambulance, others made an improvised litter and carried the wounded man to a car and started the trip to this city, meeting the doctor after having traveled about five miles.

In the hospital approximately 25 blood transfusions were given to Peterson in the vain effort to save his life. Doctors praised the wholehearted response of local residents to broadcast appeals for blood donors, more than enough volunteers being secured.

Melford Peterson was born November 14, 1909, at Hazel. After reaching manhood he farmed in that vicinity and his marriage to Miss Dorothy Sevre took place on January 11, 19[illegible]. Several years ago they moved to St. Hilaire where Mr. Peterson was employed in the creamery and also drove a school bus. He was a member of the Norwegian Lutheran congregation at St. Hilaire and the local Eagles aerie.

Surviving are his wife; two sons, Larry and Gary; a daughter, Sharon Leigh; his father, Gabriel Peterson of Minneapolis; two brothers, Joseph of Cedar Falls, Iowa, and Dale of St. Paul; one sister, Mrs. Ray (Gladys) Johaneck of Red Lake Falls. He is preceded in death by his mother.

Funeral services will be conducted by Rev. Walter M. Pedersen at the Norwegian Lutheran Church at St. Hilaire Friday afternoon at two o'clock. The body will lie in state at the McElwee Funeral Home until the time of the service.

Government is not mere advice; it is authority with power to enforce its laws.—Washington

C. and C. Hears Discussion of City Problems

C. C. Ludwig of State Municipalities League Is Guest Speaker Monday

More than 80 members of the Civic and Commerce association and guests attended a dinner meeting of the group Monday evening in the Elks club rooms, and heard an informative discussion of governmental problems by C. C. Ludwig, executive secretary of the League of Minnesota Municipalities, and professor of political science at the University of Minnesota.

Introduced by Stan Mortenson, chairman of the C. & C. governmental affairs committee, Mr. Ludwig stressed the need for modernizing the charter and other "tools" of municipal government, and he advised against trying to get along with an out-dated charter that does not meet today's conditions.

The most important requisite of any good city government, he said, is municipal patriotism on the part of the citizenry. Their responsibility, he added, does not end with the election, but calls for constant alertness and cooperation. He added that citizens should be understanding and tolerant of one another's opinions.

Mr. Ludwig called attention to the growing complexity of government, due to the many added services it is called upon to perform, and as a result, he said, there is a trend to the council-city manager type of city administration. About 1,200 American cities, he stated, now employ managers, and this form of government has recently been adopted in Bemidji, Mankato and New Ulm.

State charters now being [illegible], said Mr. Ludwig, give more discretionary powers to elective officials, and there is a tendency toward longer terms — preferably four years — for councilmen, with overlapping terms.

Following his address, Ludwig undertook to answer questions from the audience, while stating that his lack of familiarity with the situation in Thief River Falls prevented him from being overly specific in his replies concerning local conditions.

Secretary Glenn Carlson announced the names of 14 candidates for seven places on the C & C board, which had been submitted by the nominating committee. No further nominations were made from the floor. Carlson added that the election will be conducted by mail, with the results to be announced at the first meeting in December.

5,000 Gallons of Gas Escapes on Eighth st.

Approximately 5,000 gallons of gasoline was lost Sunday at the Economy gas station on Eighth st. at Davis av. when the attendant failed to notice that an underground tank being replenished from a huge storage tank nearby was full, and neglected to close the valve. Jack Lindenberg, manager of the station, was away from the city at the time.

Fire Chief Roy Langevin, who was called to the scene, reported that a dangerous situation was created by the escaping gasoline, which flowed down Eighth st. to Dewey av.

The danger area immediately was roped off by firemen and police, and the station was ordered closed temporarily. Chief Langevin notified Clarence Cherry, deputy state fire marshal at Detroit Lakes, who visited the scene Monday, and ordered the station to remain closed until changes have been made to prevent a recurrence of the trouble.

Langevin said this was the third time gasoline had escaped at the station in a similar manner.

The gasoline had seeped into the ground by Monday, but not before several local hot-rodders had taken on a free load of gas.

Ground Still Bare Here This Morning

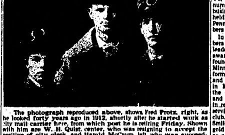
While a snowfall of four inches or more had been predicted for this area today, there was no sign of the white stuff this morning, and the ground was still bare. Blizzard conditions, however, were reported in the Twin Cities area. The mercury reached lows of 13 Sunday, 17 Monday and 18 Tuesday, with a high for the past week of 35 last Friday.

Mrs. A. Campbell to Officiate as Elector Dec. 18

Mrs. Alex Campbell, who in the November 4 election was named one of eleven Minnesota Republican presidential electors, has been notified that the electors will meet Thursday, December 18, in the office of Governor C. Elmer Anderson in St. Paul. At that time they will cast the Minnesota vote in the electoral college for General Eisenhower for president and Richard Nixon for vice president.

4-H Workers Honored by C. and C. Tuesday at Recognition Banquet

City Mail Carriers Forty Years Ago



The photograph reproduced above, shows Fred Protz, right, as he looked forty years ago in 1912, shortly after he started work as city mail carrier here, from which post he is retiring Friday. Shown with him are W. H. Quist, center, who was resigning to accept the position of city clerk, and Harold McCrum, left, who was succeeding Quist. McCrum served about three years before transferring to Billings, Montana, where he still makes his home.

More than 300 Pennington county 4-H boys and girls attended the recognition banquet sponsored by the Civic and Commerce association Tuesday evening in St. Bernard's hall. Also attending were some 60 4-H adult leaders and a large number of Thief River Falls businessmen. The banquet was held to honor the outstanding Pennington county 4-H members and leaders.

In addition to the club members receiving awards, several leaders were presented special awards by T. A. Erickson, the founder of 4-H club work in Minnesota. Mr. Erickson is a former state 4-H club leader and is now with General Mills in Minneapolis. He presented the diamond clover award pin and a certificate to Henry Oen in recognition of his 20 years of service with the Rocksbury 4-H club. Mrs. Adam Lendobeja of Smiley was presented with the gold clover award for 11 years as adult leader with the Smiley club. Other leaders receiving special recognition were Mrs. Bert Kron, Mrs. Ted Bosse, Mrs. Lewis Carpenter, Mrs. Alvin Peterson, Mrs. A. W. Oski, and Mrs. I. J. Russell.

Announcement was made that the Thief River Falls Times plaque, awarded annually to the most outstanding 4-H club in Pennington county, will be presented this year to the Mavie 4-H club, whose members all have made a consistently good record.

The club members receiving awards were the following: From Double N: Eva Mae Armstrong, safety project; Greenleaf: Glendon Abrahamson, junior leadership; LaVonne Lian, dress review, recreation and rural arts; Marshall Severts, forestry. From Kratka club: Pauline Hanson, clothing and dress review; Betty Mae Olson, safety; Gary Johnson, garden; [illegible]

Over 2,000 Persons Inspect New Trinity Education Building

More than 2,000 persons last Sunday inspected the handsome new parish education building erected as an adjunct to Trinity Lutheran church, following impressive dedication services at which the speaker was Dr. J. A. Aasgaard, president of the Evangelical Lutheran Church of America. The church was packed to the limit of its capacity for the occasion.

Dr. Aasgaard contrasted the primitive Sunday school with the type now available here, and said the new edifice is one of the finest parish education buildings to be found anywhere.

He also took occasion to commend the congregation for its financial sacrifices that made possible the new structure, and he praised the Rev. G. S. Thompson, pastor, for his inspiring leadership.

In his discourse, Dr. Aasgaard stressed the importance of educating children in the truths of the Bible, and discussed the role of Martin Luther's small catechism in the history of the Lutheran church.

He also addressed the Sunday school pupils at 9 a. m., urging them to make proper use of the new facilities, following which the children formed in procession and entered the new building for the first time.

Dr. R. M. Fjelstad and Rev. S. L. Tallakson, former pastors of the church, offered greetings at an informal fellowship service during the afternoon, followed by escorted tours of the new structure.

The church was crowded again Sunday evening when it was the scene of a youth service meeting hour, over which Dale Larson, interne, presided. Speakers included Rev. John Kronlokken, former assistant pastor; John Colby, former interne, and Miss Jeanette Thorson, former parish assistant.

The evening closed with a fellowship hour in the new youth room, and refreshments were served by the senior Luther League.

Jaycees Announce Winners of Essay and Script Event

Barbara Bjorkman Wins First Prize and Mary Ellyn Schulke Second

Local winners of the "Voice of Democracy" contest were announced Sunday following their selection by a panel of three judges.

Barbara Bjorkman, Lincoln high school senior took first place honors, while Mary Ellyn Schulke was judged second. The contest is sponsored annually by the Thief River Falls Junior Chamber of Commerce and is open to students of grades 10, 11 and 12. It is a radio script and essay contest based on the theme "I Speak For Democracy."

The local contest was under the direction of Miss Patricia Hoffman, head of the speech department at Lincoln high school. There were more than 50 entries.

The winners of the local contest will be presented with certificates with the top winner also receiving a table model radio furnished by local radio dealers.

Barbara Bjorkman's essay has been tape recorded and will be entered in regional competition at Moorhead. Regional winners will be entered in the state contest with the winner receiving a television set or FM radio and a scholarship.

State winners will vie for four $500 scholarships in national competition.

Jerry Saastad of Thief River Falls was winner in state competition last year.

Local Girl Scout Assn. Plans for Coming Events

The Thief River Girl Scout association met Monday evening in the Civic and Commerce room under the direction of the newly elected officers, including Miss Doris Peterson, president; Mrs. Frank Clinton, secretary; and Mrs. A. J. Borry, treasurer.

The officers submitted reports, as did Mrs. C. E. Snyder, organization chairman; Mrs. Lloyd Bennes, program; and Miss Ruth Beddie, area director.

Plans were made for the coming year's activities, and dates set for the court of awards, Brownie Fly-up, Brownie Bounce and candy and cookie sales. Miss Stella Tostenson displayed a collection of handicraft.

The next meeting of the group was set for January 5.

Local Firemen to Repair Toys Again for the Holidays

Fire Chief Roy Langevin announced today that the fire department this season will continue its custom of the past five years of renovating used toys to be distributed to needy children of the community thru the Salvation Army at Christmas time. Langevin asked that local residents having toys that can be renovated either bring them to the fire hall or phone 718 and they will be picked up. The project has brought pleasure to many local children in past years.

Ray Mitteness Is New President of 'U' M. Alumni Club

Members View Gopher-Iowa Football Movies at Meeting Thursday

Members of the University of Minnesota Alumni club of Thief River Falls last Thursday evening enjoyed the presentation of movies of the Minnesota-Iowa football game at a meeting in the Civic and Commerce room.

Roy J. Oen, club president, who had witnessed the game, supplied an informative running commentary, while Ray Mitteness operated the machine.

In the business session, following a report by C. W. Pope, chairman of the nominating committee, Mitteness and Ted Hellie were named to succeed Roy Oen and Mrs. L. B. Hartz on the board of directors. Holdover directors include Wallace Tunberg, Robert Harmon, C. W. Pope and Dennis Rolle.

At a later meeting of the board of directors, Ray Mitteness was elected president for the ensuing year, with Wallace Tunberg as vice president and Theodore Hellie as secretary-treasurer.

Oen submitted a report on scholarship awards made during the past years from the Greater University Fund in District 12, including six counties on Northwestern Minnesota, for which he is serving as chairman. He said the committee last year received 21 applications from high school graduates, of whom four received scholarships ranging in value from $200 to $350.

Mae Rodahl is Bride of A. Christianson

In a single ring ceremony at the Zion Lutheran parsonage at five-thirty Sunday afternoon, marriage vows were exchanged by Miss Mae Rodahl, daughter of Mrs. Josie Rodahl of this city, and Arnold Christianson, son of Mr. and Mrs. Edwin Christianson of Mentor. Rev. Walter M. Pedersen officiated.

The bride was attired in a wine suit with pleated skirt. She wore a rhinestone necklace with matching earrings, gifts from the groom, and carried a bouquet of pink roses and white carnations. A blue velvet hat completed her ensemble. Attending the bride was her niece, Miss Yvonne Rodahl of Holt, who wore a blue suit with hat to match and a corsage of pink roses and pink carnations. Her rhinestone necklace was a gift from the bride. Lloyd Christianson of Mentor attended his brother as best man.

Twenty guests were in attendance at the wedding dinner served by the bride's mother at her home following the ceremony. Pink roses topped the three-tiered wedding cake which centered the dining table.

Following a wedding trip to the Twin Cities, Mr. and Mrs. Christianson will be at home on their farm near Mentor. Guests who were present for the ceremony and reception were Mr. and Mrs. Julian Rodahl and family, Mr. and Mrs. Lester Rodahl and family, Mrs. Anton Rodahl and Orris, all of Holt; Mr. and Mrs. Edwin Christianson and Lloyd of Mentor; Mrs. Josie Rodahl and Mrs. Anna Jensen of this city.

Mr. and Mrs. O. Svien Feted at Farewell Dinner

A group of friends gathered Wednesday evening at the home of Dr. and Mrs. Wm. Feigal for a dinner and farewell party in honor of Mr. and Mrs. Orvin Svien. Those present were Mr. and Mrs. Victor Jung, Mr. and Mrs. Robert Hedeson, Dr. and Mrs. Neil Nickerson, Dr. and Mrs. Paul Wendt, Dr. and Mrs. George Van Rooy, and Dr. and Mrs. Wm Feigal.

Mr. and Mrs. Svien were presented with a parting gift from the group. Mr. Svien left Saturday for Milwaukee and his wife will join him there for the Christmas holidays.
